MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Osceola County District School Board, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2019.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the District's financial statements found on pages 2-17 and 21-58 of this report.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2018-19 fiscal year are as follows:

- Total assets and deferred outflows of the District exceed total liabilities and deferred inflows at the close of the most recent fiscal year by \$667,935,444.
- At June 30, 2019, the District's combined governmental fund balances totaled \$328,408,766, an increase of \$23,477,274, or 7.70 percent, in comparison with the prior fiscal year.
- The unassigned fund balance of the General Fund, representing the net current financial resources available for general appropriation by the Board, totals \$44,243,507 at June 30, 2019, or 8.40 percent of total General Fund expenditures.
- The District's total bonded debt (Bonds Payable and Certificates of Participation, excluding premiums and discounts) decreased by \$20,980,000, or 7.34 percent during the current fiscal year. The key factor in this was the payment of principal.
- The District's net capital assets increased by \$68,833,533 or 8.68 percent from the 2017-18 fiscal year.

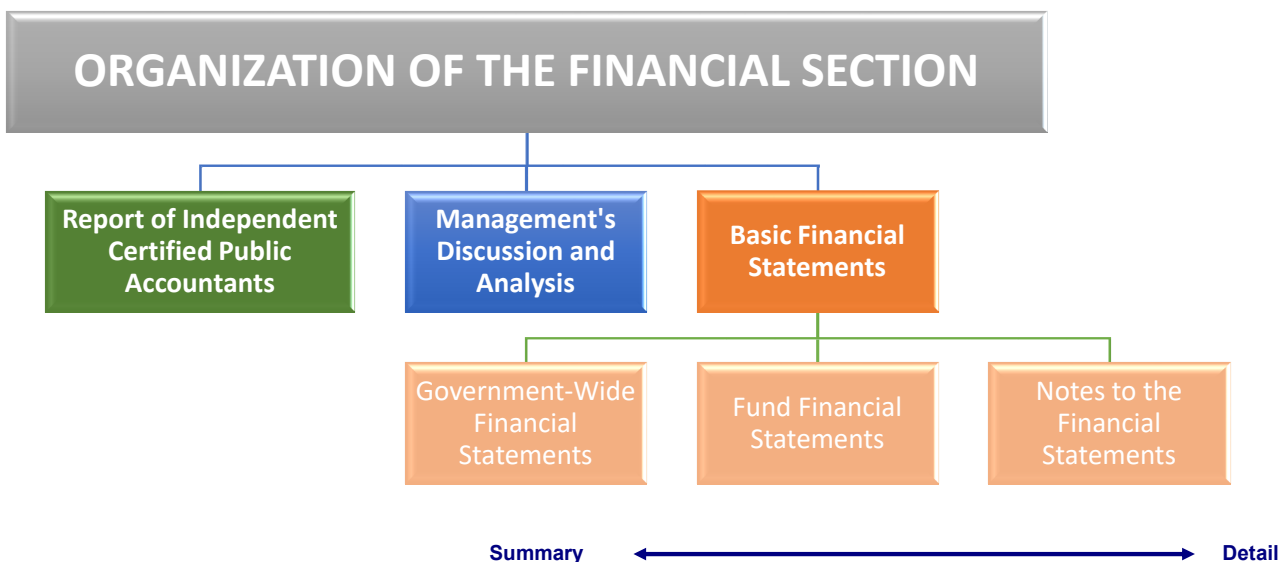

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements.

The District's basic financial statements are comprised of three components:

- Government-wide financial statements.
- Fund financial statements.
- Notes to financial statements.

The illustration below shows how the various parts of the financial section are arranged and relate to one another.

Government-Wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net position, is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in two categories:

- Governmental activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Component units – The District presents twenty-three separate legal entities in this report, including Bellalago Educational Facilities Benefit District, Flora Ridge Educational Facilities Benefit District, Avant Garde Academy, Avant Garde K8 of Osceola, BridgePrep Academy of Osceola, Florida Aviation Academy Kissimmee, Foundation for Osceola Education, Florida Cyber Charter Academy, Four Corners Charter School, Inc., Four Corners Upper School, Lincoln Marti Charter School, Mater Academy St.

Cloud, Mater Brighton Lakes Academy, Mater Palms Academy, Main Street High School, New Dimensions High School, Osceola Science Charter School, Renaissance Charter School at Boggy Creek, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, SLAM! Osceola, St. Cloud Preparatory Academy, and UCP Osceola Charter School. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 2-3 of this report.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of three broad categories as discussed below.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 10 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and

changes in fund balances for the major funds. The District's major funds are the: (1) General Fund, (2) Special Revenue – Other Federal Programs, (3) Capital Projects – Nonvoted Capital Improvement Fund and (4) Capital Projects – Other Capital Projects. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its General Fund and Special Revenue – Other Federal Program Funds. Budgetary comparison schedules have been provided on pages 21-24 of this report to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 4 – 7 of this report.

Proprietary Funds. Proprietary funds may be established to account for activities in which a fee is charged for services. One type of proprietary fund is maintained.

The internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses the internal service funds to account for the Health and Life Insurance Trust Fund and Casualty Insurance Loss Fund. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. Conversely, the internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 8-10 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held in a trustee or fiduciary capacity for the benefit of parties outside the government. The District only has agency funds that are classified as fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses agency funds to account for (1) resources held for student activities and groups and (2) for the activities of Bellalago Charter Academy.

The Statement of Assets and Liabilities – Fiduciary Funds can be found on page 11.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 18-1 through 18-37 of this report.

Other Supplemental Information

The combining statements referred to earlier in connection with non-major governmental funds are presented on pages 25-58 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceed liabilities and deferred inflows by \$667,935,444 at June 30, 2019. The following is a summary of the District's net position as of June 30, 2019, compared to net position as of June 30, 2018:

	Net Position, End of Year	
	Governmental Activities	
	6/30/2019	6/30/2018
Current and Other Non-Capital Assets	\$ 374,399,306	\$ 343,583,120
Capital Assets	861,934,333	793,100,800
Total Assets	1,236,333,639	1,136,683,920
Deferred Outflow of Resources	108,015,388	140,785,808
Total Deferred Outflow of Resources	108,015,388	140,785,808
Current Liabilities	36,379,790	28,629,877
Long-Term Liabilities	607,275,972	622,498,502
Total Liabilities	643,655,762	651,128,379
Deferred Inflow of Resources	32,757,821	56,608,880
Total Deferred Inflow of Resources	32,757,821	56,608,880
Net Position:		
Net Investment in Capital Assets	594,521,122	556,200,795
Restricted	238,946,415	170,937,432
Unrestricted	(165,532,093)	(157,405,758)
Total Net Position	\$ 667,935,444	\$ 569,732,469

By far, the largest portion of the District's net position, \$594,521,122 or 89.01 percent, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to educate the students of Osceola County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$238,946,415 or 35.77 percent, represents resources that are subject to external restrictions on how they may be used. There was an increase of \$68,008,983 in restricted net position reported in connection with the District's governmental activities. This increase is primarily due to the increase in the District's reserve for capital projects primarily resulting from the comprehensive renovation at two middle schools and one elementary school. The remaining net position represents resources that are not subject to external restrictions on how they may be used. The balance of unrestricted net position of (\$165,532,093) or (24.78) percent is primarily the result of the implementation of *Governmental Accounting Standards Board Statement No. 68 – Accounting and Financial Reporting for Pensions* beginning with the 2015 fiscal year. More information on the adoption of this standard and its effect on the financial statements can be found in Note 11 to the financial statements.

The government-wide net position increased by \$97,200,918 during the current fiscal year. The increase represents the excess of revenues over expenses in the current year.

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

Governmental Activities.

Governmental activities increased the District's net position by \$97,200,918, accounting for the total increase in the net position of the District. This increase is primarily due to program revenues held in reserve for future construction projects.

The largest revenue sources are the State of Florida and local sources. Combined, these two revenue sources account for 83.29 percent of total revenues. Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula. The FEFP formula utilizes student enrollment data, and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base. Total state sources increased by \$19.6 million or 5.59 percent primarily due to the increase in FEFP funding. Revenues from local sources consist primarily of ad valorem taxes and impact fees. Property tax revenues increased by \$10.23 million or 6.39 percent, primarily due to the increase in the local property tax base.

Instructional expenses represent 50.80 percent of total governmental expenses in the 2018-19 fiscal year. Instructional expenses increased by \$37,805,757 or 10.74 percent, from the previous fiscal year as a result of the need for additional instructional staff and materials to accommodate the growth in UFTE and to continue to meet the district-wide class size requirements.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, assigned plus unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds report combined ending fund balances of \$328,408,766, an increase of \$23,477,274, in comparison with the 2017-18 fiscal year. Unassigned fund balance of \$44,243,507 represents 13.47 percent of the ending fund balances and is available to meet the District's short-term spending needs. Remaining fund balances are non-spendable, restricted, or assigned, to indicate that they are not available for new spending. Inventory balances of \$3,189,511 are considered non-spendable. Fund balances totaling \$274,121,876 are restricted for state required carryover programs, debt service payments, capital projects, other grants and programs, and food service. Fund balances totaling \$6,853,872 are assigned to cover contract commitments and carryover appropriations.

Major Governmental Funds

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the assigned plus unassigned fund balance of the General Fund was \$51,097,379, while total fund balance reached \$68,951,189. As a measure of the General Fund's liquidity, it may be useful to compare both assigned plus unassigned fund balance and total fund balance to total expenditures. Assigned plus unassigned fund balance represents 9.71 percent of total General Fund expenditures, while total fund balance represents 13.1 percent of that same amount.

During the current fiscal year, the fund balance of the General Fund increased by \$499,597. This increase was the result of controlled expenditures to balance the operating budget and allow the District to begin to rebuild its reserves to meet future needs.

There were no changes to the fund balance for the Special Revenue – Other Federal Programs since revenues are recognized once expenditures are incurred for these programs.

The fund balances for the Capital Projects – Other Fund increased by \$11,337,12.51. This was a planned increase to provide for future construction projects.

The fund balances for the Capital Projects – Nonvoted Capital Improvement Fund increased by \$2,751,274. This was also a planned increase to provide for future construction projects.

The fund balance for non-major funds – reported as Other Governmental Funds – increased by \$8,888,591 to \$47,376,404. This is primarily due to the increased debt service reserve requirement for the outstanding Certifications of Participation, Series 2010.

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements. The District's proprietary fund includes two internal service funds that are used to account for its self-insurance programs. Net position decreased by \$461,845 due to insurance claims and other expenses exceeding premiums.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2018-19 fiscal year, the District amended its General Fund budget, which resulted in a decrease in total budgeted revenues of approximately \$11 million, or 2.09 percent. At the same time, final appropriations were less than the original budgeted amounts by approximately \$15.5 million, or 2.85 percent. Budget revisions occurred primarily from changes in estimated State funding levels along with a significant decrease to the District's unweighted full-time equivalent students as a result of relocations after Hurricane Irma. Planned expenditures were adjusted to meet the District's needs while maintaining an adequate fund balance.

Actual revenues are \$3,568,148 greater than final budget amounts while actual expenditures are \$18,337,341, or 3.37 percent, less than final budget amounts. The positive variance was primarily due to continued cost containment measures implemented by the District.

During the current fiscal year, assigned plus unassigned fund balance in the General Fund increased by \$1,055,677 from the prior year (\$50,041,702 to \$51,097,379). This is a result of controlled expenditures to balance the operating budget and allow the District to begin to rebuild its reserves to meet future needs.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for the governmental activities as of June 30, 2019, amounts to \$861,934,333 (net of accumulated depreciation). This investment in capital assets includes land; land improvements; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; investments in the educational facilities benefit district; and audio visual materials and computer software. The total increase in the District's investment in capital

assets (net of accumulated depreciation) for the current fiscal year was \$48,088,267, or a 6.45 percent increase from the 2016-17 fiscal year.

Major capital asset events during the current fiscal year included the following:

- Construction in Progress for one new high school, one new middle school, and one new elementary school.
- Construction in Progress for kitchen remodeling projects at one middle school, two elementary schools, and one alternative school.
- Construction in Progress for comprehensive renovations at one elementary and two middle schools.

Following is a summary of the District's capital assets as of June 30, 2019, compared to June 30, 2018

Long-Term Debt

At the end of the current fiscal year, the District's long-term debt principal, excluding premiums and discounts, totals \$273,360,566. Of this amount, \$264,711,000 is outstanding bonded debt and \$8,649,566 is other long-term debt. Bonded debt constituted the largest portion of long-term debt at the end of the fiscal year and was comprised of \$2,924,000 of bonds issued on behalf of and by the State Board of Education (SBE) and backed by the full faith and credit of the State of Florida; \$118,817,000 outstanding in District Revenue Bonds; and \$142,970,000 in certificates of participation.

Following is a summary of the District’s long-term debt as of June 30, 2019, compared to June 30, 2018.

Schedule of Outstanding Long-Term Debt

OTHER MATTERS OF SIGNIFICANCE

As of May 2019, the Florida Department of Economic Opportunity reports the unemployment rate for Osceola County, Florida, at 3.1 percent. This is a decrease from the rate of 3.5 percent a year ago and is the same as the State’s average unemployment rate of 3.1 percent. Generally, consumers who lose their jobs restrict spending in response to the loss of income, while others who remain employed may spend less in anticipation of future job losses.

Section 212.055(6), Florida Statutes, authorizes the imposition by school boards of a one-half cent sales surtax on all taxable transactions to fund capital outlay projects and technology implementation, including the payment of bond indebtedness, subject to approval by the electors of the county voting in a referendum. In November 2016, Osceola County voters approved by referendum the imposition of a one-half cent discretionary sales surtax to be effective beginning January 1, 2017 and ending December 31, 2036.

**DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2019**

Net Change in Fund Balances - Governmental Funds	23,477,274.42
Amounts reported for <i>governmental activities</i> in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period.	68,476,824.14
Capital assets donated to the District increase net assets in the government-wide statements, but are not financial resources and, therefore, are not reported in the governmental funds. This is the value of capital assets donated during the current year.	326,133.89
Vouchers payable associated with impact fee credits are accrued in the government-wide statements, but are not recognized in the governmental funds.	1,499,590.99
The cost of capital assets disposed of during the current year is expensed in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the year purchased. Thus, the change in net assets differs from the change in fund balances by the undepreciated cost of the disposed assets.	30,569.79
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds exceeded repayments in the current period.	21,888,559.76
In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences paid in excess of the amount earned in the current period.	(5,795,902.21)
In the statement of activities, the cost of other post-employment benefits is measured by the increase in the net OPEB obligation during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for the OPEB costs. This is the amount of the increase in the OPEB obligation in excess of the amount paid in the current period.	(417,057.00)
In the statement of activities, the cost of pension benefits is measured by the increase in the net pension liability during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for pension costs. This is the amount of the increase in the net pension liability in excess of the amount paid in the current period.	(11,900,162.00)
Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net revenue of internal service funds is reported with governmental activities.	(384,913.83)

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

➤ **Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The District has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Osceola County School District's (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's transportation department is allocated to the student transportation services function, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

➤ **Reporting Entity**

The Osceola County School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) Rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Osceola County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on the application of these criteria, the following component units are included within the District's reporting entity:

- **Blended Component Units.** Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District.

The District's employee group health and life insurance program, described in a subsequent note, is administered through the Osceola County District School Board Group Health and Life Insurance Trust (Trust). Assets necessary to fund the program are transferred to the Trust; however, under the terms of the Trust agreement, the District retains control of the assets. Therefore, the financial activities of the Trust are reported in the District's financial statements. Separate financial statements for the Trust are not published.

The Osceola County School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment. The governing board of the Leasing Corporation is the Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

- Discretely Presented Component Units. The component units columns in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Foundation for Osceola Education, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the Board, to promote education, and to encourage research, learning, and dissemination of information. Additionally, the Foundation entered into three separate charter agreements with the District to operate Bellalago Charter Academy, Canoe Creek Charter Academy, and PM Wells Charter Academy, which are considered divisions of the Foundation and are included in the Foundation's financial statements. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. An annual audit of the organization's financial statements is conducted by an independent certified public accountant and is filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

The Bellalago Educational Facilities Benefit District and the Flora Ridge Educational Facilities Benefit District (Benefit Districts) are separate districts organized pursuant to Chapter 125, Florida Statutes, and Section 1013.355, Florida Statutes, to provide for the timely construction and maintenance of school facilities. The Benefit Districts are an alternate mechanism that allows for the sharing of educational facilities costs that are necessary to accommodate new growth and development. The Benefit Districts have imposed a specific financial burden on the Osceola County School District and are considered fiscally dependent in accordance with the criteria described in Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. A staff member of the Osceola County School District has been appointed to the board of each Benefit District. Audits of the Benefit District's annual financial statements are conducted by an independent certified public accountant and are filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

Avant Garde Academy of Osceola, Avant Garde Academy K8 of Osceola, Bridge Preparatory of Osceola, Brighton Lakes Academy, Florida Virtual Academy at Osceola, Four Corners Charter School, Inc., Four Corners Upper School, Lincoln Marti Charter School, Main Street High School, Mater Academy at Poinciana, Mater Academy at St. Cloud, New Dimensions High School, Osceola Science Charter School, Renaissance Charter School at Boggy Creek, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership and Management Academy, St. Cloud Preparatory Academy, Inc., Trade Logistics Aviation Academy, and UCP Osceola Charter School, are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act; and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Osceola County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District. The financial data reported on the accompanying statements was derived from the charter school's audited financial statements for the fiscal year ended June 30, 2019. The audit reports are filed in the District's administrative offices at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

➤ **Basis of Presentation: Government-wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

➤ **Basis of Presentation: Fund Financial Statements**

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue – Other Federal Programs Fund – to account for funds from the State or Federal Government which are restricted for Federal programs.
- Capital Projects – Nonvoted Capital Improvement Fund – to account for financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs.
- Capital Projects – Other Fund – to account for other miscellaneous funds from various sources which are restricted for capital outlay purposes.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Internal Service Funds – to account for the District's individual self-insurance programs.
- Agency Funds – to account for resources of the school internal funds which are used to administer moneys collected at several schools in connection with school, student athletic, class, and club activities, and to account for the various resources of the Bellalago Charter Academy accounted for by the District.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

➤ **Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Sales taxes and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences are recognized when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

The charter schools, the Foundation, and the Benefit Districts, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

➤ **Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, cash with fiscal agent, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Public Assets for Liquidity Management (Florida PALM), Money Market, and SBA Debt Service Accounts.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits, except for cash dividends and interest held in an investment account, are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

➤ **Investments**

Investments consist of amounts placed in SBA Debt Service accounts for investment of debt service moneys, and amounts placed with the SBA for participation in Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME and Florida PALM are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The SBA and the Florida PALM indicate that the District's investments in the Florida PRIME and Florida PALM are Securities and Exchange Commission Rule 2a7-like external investment pools. These investments are reported at fair value, which is amortized cost. The District's other investments consist of US Treasury Bonds, Municipal Bonds, Federal Agency Securities and Mortgages, Federal Agency Bonds, and corporate notes are reported at fair value.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

Types and amounts of investments held at fiscal year-end are described in Note 3.

➤ **Inventories and Prepaid Items**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories held at the maintenance department, transportation department, central warehouse and for the District's food service program are stated at cost valued on a weighted-average basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The District applies the consumption method to account for its inventories. As such, the expenditure for supplies inventory is recognized when the supplies are actually used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

➤ **Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000 for tangible personal property and \$25,000 for real property. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other Than Buildings	8 - 40 years
Buildings, Fixed Equipment, and Investment in Educational Facilities Benefit District	10 -50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	3 - 5 years

Current year information relative to changes in capital assets is described in Note 5.

➤ **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports separate sections for deferred outflows of resources.

The deferred outflow of resources represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position reports separate sections for deferred inflows of resources. The deferred inflow of resources represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

The District has three items that qualify for reporting in the deferred outflows of resources and deferred inflows of resources sections of the statement of net position. The deferred charges on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Changes in net pension liability are reported as deferred outflows of resources and deferred inflows of resources related to pensions. The deferred outflows of resources and deferred inflows of resources related to pensions are discussed in a subsequent note. Changes in Other Postemployment Benefits (“OPEB”) liability are reported as deferred outflows of resources and deferred inflows of resources related to OPEB. The deferred outflows of resources and deferred inflows of resources related to OPEB are discussed in a subsequent note.

➤ **Pensions**

In the government-wide statement of net position, liabilities are recognized for the District’s proportionate share of each pension plan’s net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District’s retirement plans and related amounts are described in Note 11.

➤ **Long-Term Liabilities**

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in Note 9.

➤ **Net Position Flow Assumption**

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District’s policy to consider restricted net position to have been depleted before unrestricted net position is applied.

➤ **Fund Balance Flow Assumptions**

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District’s policy to consider

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

➤ **Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by resolution authorized the Chief Business and Finance Officer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

In addition, the District has adopted Board Rule 7.10 which establishes "contingency reserves" to help sustain the financial stability of the District during times of emergency spending for items such as disaster recovery and revenue shortfalls that could potentially occur after the current year's budget adoption. School Board Rule 7.10 requires an amount equal to 6 percent of the General Fund revenues and other financing sources to be reserved for contingency purposes. The Superintendent shall obtain approval from the School Board if at any time it is projected that this balance will not be maintained.

➤ **Program Revenues**

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

➤ **State Revenue Sources**

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of 5 months following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the unencumbered balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in Note 14.

➤ **District Property Taxes**

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Osceola County Property Appraiser, and property taxes are collected by the Osceola County Tax Collector.

The Board adopted the 2017 tax levy on September 5, 2017. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Osceola County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in Note 15.

➤ **Educational Impact Fees**

Osceola County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance has been amended from time to time, most recently in March 2018, when Ordinance 2018-21 established the revised rates to be collected. The educational impact fee is collected for all new residential construction within the County. The fees are collected by the County and each municipality within the County, based on an interlocal agreement. The fees can only be used for capital expenditures directly affected by new residential growth. Educational impact fee credits granted in exchange for land are shown in the government-wide financial statements as unearned revenue until the credits are used, at which time the revenues are recognized.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

➤ **Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

➤ **Compensated Absences**

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

➤ **Proprietary Funds Operating and Non-Operating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance premiums. Operating expenses include insurance claims and excess coverage premiums. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

2. ACCOUNTING CHANGES

The District implemented GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, effective with the fiscal year beginning after June 15, 2018. The primary objective of this Statement is to improve the debt service information that is disclosed in the notes to the financial statements, including direct borrowings and direct placements. GASB 88 also clarifies which liabilities governments should include when disclosing information related to debt.

Debt Service disclosures are presented in Notes 6 through Note 9.

In January 2018, the GASB issued Statement No. 84, *Fiduciary Activities*, effective for fiscal years beginning after December 15, 2018. The objective of GASB 84 is to improve guidelines regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Management is currently evaluating the impact of the adoption of GASB 84 on the District's financial statements.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests-an amendment of GASB Statement No. 14 and No. 61*, effective for fiscal years beginning after December 15, 2018. 6. EDUCATIONAL FACILITIES BENEFIT DISTRICT AGREEMENT PAYABLE

Pursuant to Section 1013.355, Florida Statutes, the District entered into an interlocal agreement with Osceola County, Florida, dated September 15, 2003, authorizing the creation of the Bellalago Educational Facilities Benefit District (Benefit District). The purpose of the Benefit District is to finance the construction of school facilities using a combination of sources, including impact fees, non-ad valorem assessments from homeowners, charter capital, and payments from the District. The District also entered into a charter contract on April 6, 2004, with the Foundation for Osceola Education, Inc. (Foundation), creating Bellalago Charter Academy. The Foundation entered into an interlocal agreement with the Benefit District under which it agreed to pay to the Benefit District any charter capital received in exchange for use of the school facilities. On December 16, 2003, the District entered into an interlocal funding agreement with the Benefit District and Avatar Properties, Inc., to formalize the obligations of the parties. Under the terms of this agreement, the District is obligated to pay the portion of debt service on bonds issued by the Benefit District not otherwise funded by impact fees, non-ad valorem assessments, and charter capital. Phase I of the construction was funded through bonds issued by the Benefit District at a rate of 6.05 percent. Phase II of the construction was funded by issuing a second series of bonds by the Benefit District at a rate of 5.83 percent.

On May 28, 2014, the District issued \$23,150,000 in refunding Capital Improvement Refunding Bonds, Series 2014A, with an average interest rate of 3.48 percent, to refund and redeem \$23,535,000 of the District's outstanding Capital Improvement Revenue Bonds Series 2004A and 2004B. The 2014A Series were issued to reduce the total debt service payments from the 2004A and 2004B certificates, resulting in savings to the District of \$6,181,793 over the next 20 years.

Estimated amounts payable for the Benefit District agreement are as follows:

Fiscal Year Ending June 30	Total	Principal	Interest
2020	\$ 930,540	\$ 395,361	\$ 535,179

Total	<u>\$ 12,602,343</u>	<u>\$ 8,649,566</u>	<u>\$ 3,952,777</u>

➤ **State School Bonds**

These bonds are issued by the SBE on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

➤ **District Revenue Bonds**

The School Board issued Sales Tax Revenue Bonds, Series 2007A and 2007B on April 12, 2007, totaling \$47,580,000 and \$32,255,000, respectively. These bonds are authorized by Chapter 1001, Florida Statutes and Chapter 212, Part I, Florida Statutes. A resolution providing for the issuance of the bonds was adopted by the Board on March 20, 2007. Proceeds of the discretionary local government infrastructure sales tax surtax received by the District pursuant to an interlocal agreement between Osceola County, the cities of Kissimmee and St. Cloud, and the District are pledged for the payment of bonds. Proceeds of the 2007A bonds were used to finance the acquisition, construction, reconstruction, renovation, and equipping of certain capital improvements and educational facilities within the District. Proceeds of the 2007B bonds were used to advance-refund a portion of the District's outstanding Sales Tax Revenue Bonds, Series 2001.

NOTES TO FINANCIAL STATEMENTS
June 30, 2019

On July 17, 2015, the District issued Sales Tax Revenue Bonds, Series 2015. Proceeds of the 2015 bonds were used to advance-refund a portion of the Series, 2007A bonds. On September 21, 2016, the District reissued the Sales Tax Revenue Bonds, Series 2015 to modify the terms of bond and reduce the interest rate payable on the outstanding principal balance of the bonds. On June 16, 2017, the District issued Sales Tax Revenue Bonds, Series 2017, to refund a portion of the Series, 2007B.

Both, the Sales Tax Revenue Bonds, Series 2015 and Series 2017 contain provisions by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of 6 percent, in excess of the rate of interest on the bonds, until the default.

In November 2016, Osceola County voters approved by referendum the imposition of a one-half cent discretionary sales surtax to be effective beginning January 1, 2017, and ending December 31, 2036. A resolution providing for the issuance of the Capital Outlay Sales Tax Revenue Bonds, Series 2017, was adopted by the Board on May 2, 2017, and pledging the one-half cent discretionary sales surtax for the principal and interest payments of the bonds. On May 11, 2017, the District issued bonds in the amount of \$86,250,000. The proceeds of the bonds will be used for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses, land acquisition, land improvement, design and engineering costs, retrofitting and providing for technology implementation, including hardware and software, for the various sites within the District.

The Capital Outlay Sales Tax Revenue Bonds, Series 2017 contain provisions by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of Prime plus 8 percent, to the lesser of 18% or the maximum allowed rate by law.

The District has pledged a combined total of \$141,473,372 of discretionary and capital outlay surtax sales revenues (sales tax revenues) in connection with the Series 2007A, 2007B, 2015 and 2017 Sales Tax Revenue and 2017 Capital Outlay Sales Tax Bond issues described above. During the 2018-19 fiscal year, the District recognized sales tax revenues totaling \$47,849,163 and expended \$13,588,427 (28 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt, or June 1, 2033. Assuming a nominal growth rate in the collection of sales tax revenues, which are levied through June 30, 2033, approximately 15 percent of this revenue stream has been pledged in connection with debt service on the revenue bonds.

Non-spendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash. The District has inventory of \$3,189,511 classified as non-spendable.

➤ **Unassigned Fund Balance**

The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. As discussed in the Fund Balance Policies note

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS

disclosure, the District has set aside “contingency reserves” as per School Board Rule 7.10. The contingency funds of \$32,200,000 are included as part of the unassigned general fund balance of \$44,243,507.

11. RETIREMENT PLANS

➤ **FLORIDA RETIREMENT SYSTEM (FRS) – DEFINED BENEFIT PENSION PLANS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services web site (www.dms.myflorida.com).

The District’s FRS and HIS pension expense totaled \$34,759,897 for the fiscal year ended June 30, 2019.

➤ **FRS Pension Plan**

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- FRS, Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- FRS, Elected County Officers Class – Members who hold specified elective offices in local government.
- FRS, Senior Management Service Class – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>Percent Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2018-19 fiscal year were as follows:

<u>Class or Plan</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (A)</u>
FRS, Regular	3.00	8.26
FRS, Elected County Officers	3.00	48.70
FRS, Senior Management	3.00	24.06
DROP - Applicable to Members from		
All of the Above Classes or Plans	0.00	14.03
Florida Retirement System, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Program.

(B) Contribution rates are dependent upon retirement class or plan in which reemployed.

Actuarial Assumptions. The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (A)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	2.9%	2.9%	1.8%
Fixed Income	18%	4.4%	4.3%	4.0%
Global Equity	54%	7.6%	6.3%	17.0%
Real Estate	11%	6.6%	6.0%	11.3%
Private Equity	10%	10.7%	7.8%	26.5%
Strategic Investments	6%	6.0%	5.7%	8.6%
Total	100%			
Assumed inflation - Mean		2.6%		1.9%

Note: (A) As outlined in the Plan's investment policy.

Discount Rate. The discount rate used to measure the total pension liability was 7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6 percent) or 1 percentage point higher (8 percent) than the current rate:

	1% Decrease 6%	Current Discount Rate 7%	1% Increase 8%
District's proportionate share of the net pension liability	\$ 312,831,171	\$ 171,410,402	\$ 53,952,091

District contributions subsequent to the measurement date	4,861,173	
Total	<u>\$ 16,525,663</u>	<u>\$ 11,425,407</u>

The deferred outflows of resources, totaling \$4,861,173, was related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2020	\$ 884,497
2021	880,420
2022	458,739
2023	(115,449)
2024	(1,281,442)
Thereafter	(587,682)
Total	<u>\$ 239,083</u>

Actuarial Assumptions. The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.87 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB. While an experience study had not been completed for the plan, the FRS Actuarial Assumptions Conference reviewed the actuarial assumptions for the plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.87 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

➤ **FRS – DEFINED CONTRIBUTION PENSION PLAN**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the Investment Plan member's accounts during the 2018-19 fiscal year were as follows:

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

Class	Percent of Gross Compensation
FRS, Regular	8.26
FRS, Elected County Officers	48.70
FRS, Senior Management Service	24.06

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2018, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$3,862,628 for the fiscal year ended June 30, 2019.

Payables to the Pension Plan. At June 30, 2019, the District reported a payable of \$116,825 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2019.

12. OTHER POSTEMPLOYMENT BENEFITS PAYABLE

➤ **Plan Description**

The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, may continue to participate in the District's health and hospitalization plan for medical and prescriptions and life insurance coverage. Such provisions may be amended at any time by further action from the Florida Legislature. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan, on average, than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or another entity.

➤ **Benefit Terms and Employees Covered**

Plan contribution requirements and benefit terms of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advanced funded or established a funding methodology for the annual OPEB costs or the net OPEB obligation. As of the valuation date, June 30, 2017, there were 6,147 active plan members and 186 inactive plan members or beneficiaries receiving benefits. There are no inactive plan members entitled to benefits not yet receiving benefits, and 276 active participants that receive postemployment life insurance benefits. The District provided contributions of \$1,424,189 toward annual OPEB costs, comprised of benefit payments made on behalf of the retirees for claims expense, retention costs, and net of retiree contributions totaling \$1,378,394. Required contributions are based on projected pay-as-you-go financing.

➤ **Total OPEB Liability**

The District's total OPEB liability of \$21,069,813 was measured as of June 30, 2018 and was determined by an actuarial valuation as of June 30, 2017.

The District selected the economic, demographic, and health care claim cost assumption used in the June 30, 2017 valuation. The current actuary provided guidance with respect to the economic assumptions demographic assumptions, the health care participation rate assumption, and the spouse coverage election rate assumption. The demographic assumptions were based on those employed in the July 1, 2016, Defined Benefit Pension Plan Actuarial Valuation of the FRS, which were developed by the FRS from an Actuarial Experience Study. These include assumed rates of future termination, mortality, disability and retirement. In addition, salary increase assumptions for development of the pattern of the normal cost increases were the same as those used by the FRS.

For the purpose of the OPEB plan valuation, the municipal bond rate was 3.62% (based on the daily rate closest to, but no later than the measurement date of the “Fidelity’s 20-Year Municipal GO AA Index”). NOTES TO FINANCIAL STATEMENTS

17. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Effective May 1, 2010, for property insurance and effective July 1, 2010 for all other casualty and workers' compensation coverage, the School Board implemented a stand-alone program of self-insurance and excess insurance.

The Board established the Osceola County School Board Group Health and Life Insurance Trust to provide for a health, hospitalization, and life insurance program. These programs are accounted for in the District's internal service funds. The program is on a self-insured basis up to specified limits. The District did not elect to purchase the aggregate stop-loss coverage due to the rising premium cost and the high attachment point. The District elected to continue coverage for a specific stop-loss for any one claim of \$850,000. The Board has contracted with a professional administrator to administer the self-insurance program, including the processing, investigating, and

payment of claims. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years. A liability in the amount of \$5,272,000 was actuarially determined to cover estimated incurred, but not reported, insurance claims payable for the group health program at June 30, 2019.

Effective July 1, 2003, the District's general liability and auto liability programs were established on a self-insured basis. These programs are administered by the Trust and are accounted for in the District's internal service funds. A liability of \$474,978 was established based on reserves for outstanding claims at June 30, 2019, as reported by the program administrator.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance programs:

Fiscal Year	Beginning-of-Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2017-18	\$ 4,324,901	\$ 58,168,381	\$ (58,171,529)	\$ 4,321,753
2018-19	4,321,753	63,909,418	(62,484,193)	5,746,978

18. BOND RATINGS

As of June 30, 2019, the District's Certificates of Participation, Series 2009, is insured by Assured Guaranty Corporation, with bond ratings of Aa3 to A3 by Moody's and AA- to AA by Standard & Poor's. The District's Certificates of Participation, Series 2010, Series 2013, Series 2014, Series 2015 and Series 2017 are uninsured.

19. LITIGATION

The District is involved in several threatened and pending legal actions. In the opinion of the District's legal counsel and management, it is not probable that a material loss will occur from these actions.

DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
For the Fiscal Year Ended June 30, 2019

1. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.
- The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund-function level. The Board made several supplemental budgetary appropriations throughout the year. Supplemental budgetary appropriations are presented in budget and actual comparison statements by original budget and final budget amounts and discussed in the Management's Discussion and Analysis (MD&A).

2. SCHEDULE OF CHANGES IN THE TOTAL OTHER POSTEMPLOYMENT BENEFITS PLAN LIABILITY AND RELATED RATIOS

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

The discount rate was changed from 3.56 percent as of the beginning of the measurement period to 3.62 percent as of June 30, 2018 to reflect changes in Fidelity's 20-Year Municipal GO AA Index.

3. SCHEDULE OF PROPORTIONATE SHARE OF NET PENSION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – FRS PENSION PLAN

The Florida Retirement System Actuarial Assumptions Conference performs an annual review of the actuarial assumptions for the FRS Pension Plan. The most recent study for the FRS Pension Plan was completed in 2014 for the period of July 1, 2008 through June 30, 2013. There were no changes in the Pension Plan benefit terms. The following were changes in actuarial assumptions in 2018:

- The inflation rate assumption remained at 2.6 percent.
- Payroll growth, including inflation remained at 3.25 percent.
- The long-term expected rate of return decreased from 7.1 percent to 7 percent.

4. SCHEDULE OF PROPORTIONATE SHARE OF NET PENSION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – HIS PENSION PLAN

The Florida Retirement System Actuarial Assumptions Conference performs an annual review of the actuarial assumptions for the FRS Pension Plan. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent study for the FRS Pension Plan was completed in 2014 for the period of July 1, 2008 through June 30, 2013. There were no changes in the HIS Program benefit terms. The following were changes in actuarial assumptions in 2017:

- The inflation rate assumption remained at 2.6 percent.
- Payroll growth, including inflation remained at 3.25 percent.
- The municipal bond rate increased from 3.58 percent to 3.87 percent.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.87% was used to determine the total pension liability for the program.

A summary of key changes in plan provisions are described in the Florida Department of Management Services, GASB 68 Reporting Information, which can be found at: <http://www.dms.myflorida.com/workforceoperations/retirement/publications/annualreports>
