24
 25 All absences other than "excused" or "permitted" shall be deemed
 26 "unexcused," and a failing grade may be recorded for the period of the
 27 "unexcused" absence, except when students who are suspended from school
 28 during grade period exams or semester exams, such students shall be
 29 allowed to make up these exams.

- 30
 31 ▪ Upon each unexcused absence, the Principal or designee shall contact
 32 the student's parent or guardian to determine the reason for the absence.
- 33
 34 ▪ If a student has had at least five (5) unexcused absences within a
 35 calendar month or ten (10) unexcused absences within a ninety (90) day
 36 calendar period, the student's primary teacher shall report to the principal
 37 or designee that the student may be exhibiting a pattern of non-
 38 attendance. Unless there is clear evidence that the absences are not a
 39 pattern of non-attendance, the case shall be referred to the Early Truancy
 40 Intervention Team to determine if early patterns of truancy are
 41 developing. If the Early Truancy Intervention Team finds that a pattern of
 42 non-attendance is developing, whether the absences are excused or not,
 43 a meeting with the parent must be scheduled to identify potential
 44 remedies.

3 intervention services and shall report the case to the Superintendent or

12 School Board may provide a hearing officer, who may be an employee of
13 the School Board, in lieu of a School Board hearing, who shall hear the
14 case and make a recommendation for final action to the School Board. If
15 the School Board's final determination is that the strategies of the Early
16 Truancy Intervention Team are appropriate, and the parent, guardian, or
17 other person in charge of the child still refuses to cooperate, the
18 Superintendent may seek criminal prosecution for noncompliance with
19 compulsory school attendance.
 - 20 ■ If a child subject to compulsory attendance will not comply with attempts
21 to enforce school attendance, the parent, guardian or Superintendent or
22 his designee shall refer the case to the case staffing committee pursuant
23 to Florida Statutes, and the Superintendent or his designee may file a

29 **a. 504 Students** Amended 07-01-04
30

31 In the case of a student with excessive absences, a 504 Reevaluation
32 meeting should be held to determine if the absences are caused by the
33 disability of record on the active 504 Plan. If the 504 committee determines
34 that the absences are caused by the disability, the committee must also
35 determine a reasonable course of action, which may include the possible
36 waiver of the attendance guidelines in determining grades, as well as
37 consideration of a change of placement.
38

39 If the 504 committee determines that the absences are not caused by the
40 disability, the student is treated in the same manner as that for a general
41 education student.
42

43 **b. ESE Students**
44

45 All exceptional students will follow regular education attendance procedures.
46

47 In the case of an ESE Student with excessive absences, an IEP team
48 meeting must be conducted to determine whether or not the absences are
49 related to the student's disability. If the IEP team determines that the
50 excessive absences **are** related to the student's disability, the IEP team must
51 determine a reasonable course of action which may include the possible

1 waiver of the attendance guidelines in determining grades as well as a
2 change of placement.

4 If the IEP team determines that the student's excessive absences are not
5 related to the student's disability, the student is treated in the same manner

8 **3. Hospital/ Homebound Program** Amended 07-01-08

9
10 Parent(s)/ guardian(s) may request that the IEP Committee consider eligibility
11 for a hospital/ homebound program for a student with an illness predicted by

13 chronic condition for at least 15 school days which need not be consecutive.

14
15 **4. Student Absences for Religious Reasons**

16
17 Students will be afforded an opportunity to make up missed work without
18 adverse school effects when absent because of a religious holiday. Within
19 five school days prior to an expected absence for religious reasons,
20 parent(s)/ guardian(s) must notify the principal in writing and request that the
21 student be excused from attendance. A written excuse will not be required
22 upon return to school and no adverse or prejudicial effects will result for any
23 student availing herself/ himself of this provision. Students will be permitted
24 to make up missed work according to school procedures.

25
26 Should questions arise regarding this rule, principals will grant the parent(s)/
27 guardian(s) a conference. Parent(s)/ guardian(s) may appeal the principal's
28 decision to the Superintendent should a conflict arise.

37 Principals are authorized to make arrangements for the administration of any
38 tests if appropriate.

39
40 Principals may waive the requirements for early withdrawal when unusual/
41 extenuating circumstances require it.

C. Response to Intervention (Rtl)

Adopted 07-01-09

The district is committed to the implementation of a Response to Intervention (Rtl)/ intervention framework to integrate and align efforts to improve educational outcomes and to meet the academic and behavioral needs of all students. Rtl is a data-driven decision-making process applied to education. The systematic use of student assessment data at the district, school, and classroom levels will guide decisions about the allocation of resources and the intensity of the instruction and interventions needed to improve student learning or behavior. The district's schools will provide high quality instruction and intervention(s) matched to student needs and will use rate of progress and level of performance to inform instructional decisions, including but not limited to, promotion, acceleration, remediation, and retention.

Intervention Assistance Teams will identify students through the review of universal screening data and through teacher referral to determine the appropriate types and levels of interventions. Standard district protocols will establish which initial interventions to use, and diagnostic assessment will determine more intensive interventions. Teachers will consult the district Rtl Curriculum Guides for available supports. Students who receive interventions beyond the core curriculum will have their rate of progress and level of performance included in their records where appropriate.

1 **III. PROMOTION**
2

3 The purpose of the instructional program in the schools of Osceola County is to provide
4 appropriate instructional and selected services to enable students to perform at or above
5 their grade level academically. Promotion, however, is based primarily on student
6 proficiency in reading, writing, mathematics, and science, and is not automatic. Amended
7 07-15-03
8

9 Decisions regarding student promotion, and retention and good cause placement are
10 primarily the responsibility of the individual school's professional staff. The final decision
11 concerning grade placement is the responsibility of the principal.
12

13 Student promotion in the Osceola County schools is based upon an evaluation of each
14 student's achievement in terms of appropriate instructional goals. The determination should
15 reflect the recommendation of the school-based placement committee based upon the
16 following: successful progress in the county adopted curriculum, progress tests, classroom
17 assignments, daily observation, standardized tests, and other objective data. The primary
18 responsibility for determining each student's level of performance and ability to function
19 academically, socially and emotionally at the next grade level is that of the classroom
20 teacher, subject to review and approval of the principal.
21

22 **A. Attendance for Promotion Grades K-5** Amended 07-01-09
23

- 24 1. Students who miss more than fifteen (15) days per semester will not be
25 promoted except as follows:

36 **B. Student Performance Levels for Reading, Writing, Mathematics, and Science**
37 Amended 07-15-03
38

39 Florida Statute 1008.25 requires that the district define specific levels of performance
40 in reading, writing, mathematics, and science for each grade level. These levels of
41 performance will be used to identify students who **must** receive remediation or be
42 retained within an intensive program that is different from the previous year's
43 program and takes into account the student's learning style.
44

45 In compliance with School Board's Objective (Improve accepted measures of
46 success annually) and Florida Statute 1008.25, students will be identified as
47 performing at one of three levels which indicates a student's achievement:

- 48 ▪ above grade level,
- 49 ▪ at grade level, or
- 50 ▪ below grade level.
51

1 Performance levels are determined by various indicators that will include, but are not
 2 limited to, multiple measures using appropriate grade-level assessments as well as
 3 teacher judgment.
 4

5 **1. Required Program of Study – Grades K-5**

6 Grades K-5 promotion should be based on successful progress as indicated

C. STUDENT PERFORMANCE LEVEL CHARTS

Amended 07-01-06, 07-01-07, 07-01-08, 07-01-09

The charts on the following pages define five levels of student performance within each grade level and outline the required factors to be considered in end-of-year decision-making for promotion of students to the next grade level. Promotion or retention decisions will not be based upon solely one factor.

1 **D. Promotion to a Higher Grade Level** Amended 07-01-06, 07-01-08

2
3 The assignment of a student to a higher grade which results in the student's accelerated
4 promotion should be made based on exceptionally high achievement or evidence that the
5 student will benefit more from the instructional program at the advanced grade level. The
6 Superintendent or designee should authorize the assignment.

7
8 The assignment will occur at the end of a grading period agreed upon by both the sending
9 and receiving principal. If an ELL student is involved, the ELL committee shall meet to
10 document the change in the ELL Student Plan.

11
12 After agreement has been reached regarding an exceptional student, an Individual
13 Education Plan meeting must be held prior to placement in the new assignment. The long-
14 range academic, social, and emotional effect of the decision shall be considered.

15
16 The principal has the responsibility for making such an assignment, but a student will not be
17 accelerated without parental consent. Amended 06-30-91 and 06-27-
18 00

19
20 The student's cumulative record, report card, and permanent record must indicate,
21 "accelerated grade placement" and the name of the principal who made the placement.
22 Amended 06-15-99

23
24 Parents shall be notified in writing that their child is receiving an accelerated grade
25 placement to the next higher grade. A copy of this notification shall be placed in the
26 cumulative folder. Notices to parent/ guardian of ELL students must be provided in the
27 primary language, whenever feasible. Amended 06-27-00

28
29 **E. Progress Monitoring Plan (PMP) Process** Amended 07-15-03, 07-01-06, 07-01-08

30
31 Florida Statute 1008.25 (4)(b) requires that schools must develop, in consultation with the
32 student's parent(s), a School District of Osceola County Progress Monitoring Plan (PMP) for
33 students who do not meet district and state levels of proficiency in reading, writing,
34 mathematics, and/ or science. Each PMP must outline an intensive remedial program in
35 the area(s) of weakness designed to assist the student in meeting state and/ or district
36 expectations for proficiency.

37
38 **The PMP must clearly identify the:**

- 39 1. specific, diagnosed academic needs to be remediated,
40 2. success-based intervention strategies to be used,
41 3. the intensive variety of remedial instruction to be provided, and
42 4. monitoring and reevaluation activities to be employed. FS 1008.25 (4)(b)

43
44 Each student who does **not** meet the levels of performance as determined by the district
45 **must** be provided with additional diagnostic assessments to determine the nature of the
46 student's difficulty and areas of academic need. FS 1008.25 (4)(a)

- 47
48 ■ Data from the additional assessments are to be used to formulate the student's
49 PMP.

50
51 Schools shall also provide for the frequent monitoring of the student's progress.
52 FS 1008.25(4)(b)

1
2 Any student who exhibits a substantial deficiency in reading, based upon locally
3 determined assessments, statewide assessments conducted in Kindergarten or
4 Grades 1, 2, or 3 must be given intensive reading instruction immediately
5 following the identification of the reading deficiency. FS 1008.25 (5)(a)
6

- 7

- Diagnosis and remediation will occur as soon as possible after a student has been identified as deficient in reading, writing, mathematics, and/ or science per FS 1008.25(4)(a).
 - If the student identification occurs during the fourth marking period, the diagnosis will be made at the beginning of the following school year with remediation immediately following.

16 A student who is not meeting the school district or state requirements for
17 proficiency in reading and math shall be covered by one of the following plans to
18 target instruction and identify ways to improve his or her academic achievement:

1. A federally required student plan, such as an individual education plan, FS 1008.25 (4)(b)1;
 2. A schoolwide system of progress monitoring for all students, FS 1008.25 (4)(b)2; or
 3. An individualized progress monitoring plan. FS 1008.25 (4)(b)3

28 The plan chosen must be designed to assist the student or the school in meeting
29 state and district expectations for proficiency. If the student has been identified
30 as having a deficiency in reading, the K-12 comprehensive reading plan required
31 by FS 1011.62 (8), shall include instructional and support services to be provided
32 to meet the desired levels of performance. District school boards may require
33 low performing students to attend remediation programs held before or after
34 regular school hours or during summer if transportation is provided. FS 1008.25
35 (4)(b)3
36

37 If the documented deficiency is not remediated according to the PMP, the student
38 may be retained. FS 1008.25 (4)(c)
39

40 **Diagnostic assessments may include, but are not limited to:**

- 41
42
43
44
45

Intensive instruction is usually associated with the following:

- diagnostic/ prescription
- targeted to specific skill development
- variety of opportunities for repetitions (repeated exposure)
- smaller chunks of text or content
- guided and independent practice
- skill development and practice integrated into all activities
- frequent monitoring
- criterion-based evaluation of success

Students in Grades K-5 whose performance in reading, writing, mathematics, and/ or science requires remediation **must** have a PMP or comparable individual academic plan.

- Students whose performance is minimally below grade level may need a PMP.
- PMP's are required for Kindergarten and first grade students who are performing below grade level.

An existing PMP is to be **closed** at the conclusion of the school year.

- At that time, the teacher(s) of the student who had a PMP is to make recommendations regarding the student's educational program for the following year.
- The PMP should be placed in the student's permanent record at the close of each year or at the time of student withdrawal.

If a student is to continue remediation during the following year, he or she is to receive a **new PMP**.

- The new PMP is to be developed through the collaboration of the receiving teacher(s) and the parent(s)/ guardian(s) and approved by the principal.
- Recommendations of the sending teacher(s) are to be reviewed as part of the PMP progress.

Students who do not meet minimum performance expectations for the statewide assessment tests in reading, writing, mathematics, and/ or science must continue remedial instruction until expectations are met.

1. **ELL Students – Progress Monitoring Plan Process**

Amended 07-15-03 and 07-01-06

English Language Learner students who are unable to demonstrate mastery in academic subject areas as described in the Student Progression Plan will be referred to a Progress Monitoring Plan/ ELL committee. This committee will develop a PMP for the student in accordance with the following guidelines and procedures: Adopted 06-27-00

- The reason for the academic under-performance of an ELL student must **not** imply that he/ she needs an extra year to learn English or that it is due to the student's lack of English proficiency.

- 1 ▪ Establish lack of academic progress in reading, writing, mathematics, and/ or
- 2 science using a composite of indicators that includes, but is not limited to grade
- 3 level checklists, pre-tests and post-tests, CELLA results, alternate assessment
- 4 results, previous academic records, diagnostic assessment in the home
- 5 language, and any other appropriate indicator of academic progress.
- 6
- 7 ▪ The first PMP/ ELL committee meeting develops a PMP that includes a list of
- 8 intensive remedial instructional strategies designed to assist the ELL student
- 9 (NOTE: ESOL accommodations are not considered remedial strategies).
- 10
- 11 ▪ The second PMP committee meeting, with ESOL representation, is held within
- 12 18 weeks to review the effectiveness of the remedial strategies. If the ELL
- 13 student does not make satisfactory progress, the curriculum may be suspended
- 14 and intense remedial instruction in reading and/ or mathematics is provided
- 15 based on the student’s deficiencies.
- 16
- 17 ▪ If the ELL student still has not made satisfactory progress after implementing the
- 18 PMP for at least 27 weeks, the ELL committee may recommend retention unless
- 19 conditions exist such that retention would be more adverse for the student than
- 20 promotion.
- 21
- 22 ▪ The ELL Committee may exempt ELL students from the retention provision. The
- 23 ELL student may be recommended for promotion based on at least three (3)
- 24 good cause considerations such as educational background, academic ability in
- 25 home/ native language, receipt of two (2) years or less of instruction in an
- 26 approved ESOL program, current academic progress corresponding to the
- 27 language arts through ESOL manual, acculturation to new culture, home support,
- 28 age appropriateness, and mobility.

30 **2. Gifted Students**

31 For a gifted student who is performing below grade level, it is appropriate to develop

32 a PMP. Accommodations and/ or interventions are to be addressed through the

33 Gifted Educational Plan (GEP) process. Amended 07-01-05 and 07-01-06

35 **3. Students with Disabilities –Progress Monitoring Plan Process**

37 **a. 504 Students** Amended 07-01-04, 07-01-06, 07-01-09

38 A PMP must be developed for a 504 student who does not meet the district

39 and state levels of proficiency in reading, writing, mathematics, and/ or

40 science.

42 **b. ESE Students –Progress Monitoring Plan Process**

43 Amended 07-01-05 and 07-01-06

44

45 A student who is not meeting the school district or state requirements for

If the student's federally required plan does not address the student's deficiency in reading or mathematics as required by Florida law, then the school must address these deficits in either a schoolwide progress monitoring system or an individual progress-monitoring plan.

When an ESE student is determined to be performing below grade level in reading, writing, or mathematics, the ESE/ Regular Education Teacher should write a PMP to address the student's educational needs. The PMP should be developed with the involvement of the parent/ guardian.

F. Retention

Amended 07-21-98, 06-15-99, 06-27-00, 06-19-01, 07-15-03, 07-01-04, 07-01-06, 07-01-08, 07-01-09

Students in Grades K-5 who are identified as being considerably or substantially below grade level in reading, writing, mathematics, and/ or science **must** receive remediation or be retained with an intensive program that is different from the previous year's program and takes into account the student's learning style. However, students whose test scores and classroom performance indicate that they are almost at grade level may be promoted with close monitoring or promoted with a PMP.

Students in Kindergarten or Grade 1, Grade 2, or Grade 3 who exhibit a substantial deficiency in reading must be given intensive reading instruction. The student's reading proficiency must be reassessed at the beginning of the next year, and intensive reading instruction must continue until the reading deficiency is remedied. FS 1008.25(5)(a)

The following options are available for students who have not met the levels of performance for student progression:

- remediate before the beginning of the next school year and promote,
- promote and remediate during the following year with more intensive intervention and remediation strategies identified in the revised PMP,
- retain and remediate using an alternative program of instructional delivery.

An appropriate placement, which differs from the present placement, must be considered for a student who has been retained two or more years. FS 1008.25(2)(c)

The principal, upon written authority from the Superintendent or designee, may promote a student who has been previously retained if the principal determines that standards have been met and the student will be able to benefit from instruction at the higher grade. If the placement involves a new school, the assignment will occur at the time agreed upon by both the sending and receiving principal. Amended 06-15-99

28 **Mid-year promotion before November 1 of the school year:**

- 29 1. Current Student Progression Plan Guidelines for Promotion will be followed:
30
31 Student promotion in the Osceola County schools is based upon an
32 evaluation of each student's achievement in terms of appropriate instructional
33 goals. The determination should reflect teacher judgment based upon the
34 following: successful progress in the county adopted curriculum, progress
35 tests, classroom assignments, daily observation, standardized tests, and
36 other objective data. The primary responsibility for determining each
37 student's level of performance and ability to function academically, socially
38 and emotionally at the next grade level is that of the classroom teacher,
39 subject to review and approval of the principal.
40
- 41 2. Successful completion of the Grade 3 portfolio to demonstrate mastery of the
42 Grade 3 Reading Sunshine State Standards/ Next Generation Sunshine
43 State Standards for Promotion to Grade 4 as outlined by the State Board of
44 Education in compliance with FS 1008.25 (6)(b)4.
45
- 46 3. The teacher/ s, principal and parent/ guardian should meet and be in
47 agreement as to the mid-year promotion.
48
49
50

1
2 Decisions regarding student promotion, and retention and good cause
3 placement are primarily the responsibility of the individual school's
4 professional staff. The final decision concerning grade placement is the
5 responsibility of the principal.

7 The Superintendent or designee should be notified in writing and authorize
8 the assignment.
9

- 10 4. If an ELL student is involved, the ELL committee shall meet to document the
11 change in the ELL Student Plan.

13 After agreement has been reached regarding an exceptional student, an
14 Individual Education Plan meeting must be held prior to placement in the new
15 assignment. The long-range academic, social, and emotional effect of the
16 decision shall be considered.
17

- 18 5. The student's cumulative record and report card must indicate, "mid-year
19 grade placement."
20

21 The parent notification letter of the mid-year promotion should be placed in
22 the student's cumulative folder.
23

33 curriculum areas as evidenced by the grade of "C" or above on the district
34 progress report and/ or report card in the core curriculum subjects of
35 mathematics, writing, science and social studies.

43 addition, there must be evidence that the student scored at or above
44 grade level in reading comprehension consistent with the month of
45 promotion to fourth grade. To accomplish this it would be necessary to
46 administer the Grade 4 Group Reading Assessment and Diagnostic
47 Evaluation (GRADE) test to provide the on-grade level evidence. (For
48 example, if the test is given in December, the child must score a 4.5
49 grade equivalent in reading comprehension.)

9. All students may be assigned a trained volunteer or mentor and/ or assign someone to tutor each student on deficit areas.
10. Students should be provided on-grade level work for the subject areas that are not at risk. An option is a Grade 3 – Grade 4 transition class.
11. A student may be promoted mid-year, following the district's mid-year promotion policy.

13. Before school, after school, Saturday School, and extended year programs with research-based materials and certified teachers to tutor and remediate students must be provided.
14. Retained third grade students should be provided a high-performing teacher as determined by student performance data and above-satisfactory performance appraisals. A first year teacher may not instruct Grade 3 retained students.

Tier 3 Students – Students Retained Twice in Grade 3

Intensive Acceleration Class

1. The Intensive Acceleration Class must be provided to any Grade 3 student scoring Level 1 on FCAT reading who was retained in third grade the prior year because of scoring Level 1 on FCAT reading. This means the Grade 3 student is in Grade 3 for the third time. This transitional instructional setting must specifically be designed to produce learning gains sufficient to meet Grade 4 performance standards while continuing to remediate the areas of deficiency.
2. There must be a reduced class size. The class size must be smaller than the other Grade 3 classrooms.
3. The student must be provided with an uninterrupted daily reading instruction for the majority of the student contact time and incorporate opportunities to master the Grade 4 Sunshine State Standards/ Next Generation Sunshine State Standards in other core subject areas. The state requires a 180 minute reading block with at least 90 minutes of uninterrupted time. Computer time to reinforce and remediate should occur in addition to the 180 minute reading block.
4. The student must be provided a different CORE curriculum from the year before. The CORE reading program must be one that is research based and has proven success teaching the five components of reading and accelerating reading achievement by two years in one school year. 9. The student should be provided grade level work for the subject areas that are not at risk.
10. A Grade 3 – Grade 4 transition class is an option.
11. The teacher must be a high-performing teacher as determined by student performance data and above satisfactory on performance appraisals.
12. The paraprofessional working in this classroom should be trained on materials and strategies used in the classroom.
13. The student must be given weekly progress monitoring measures to ensure progress. The weekly monitoring can be accomplished through the Reading Mastery weekly tests, timed readings, informal classroom assessments, or observations.
14. The student must be given FAIR. The student must be registered with the state Progress Monitoring and Reporting Network (PMRN).
15. The student should be given a diagnostic assessment that meets psychometric standards. The FAIR Targeted Diagnostic Measures assessment is the diagnostic test to be used.
16. The progress of the student must be reported to the Department of Education at the end of the first semester.

2 **I. Extended School Year** Amended 07-01-09
3

4 **1. ELL Students**

5 All English Language Learner (ELL) students in Grades K-5 are eligible for an
6 extended school year for either academic or language maintenance needs, provided
7 the services are rendered at the school. The following requirements must be met:

- 8 ▪ The need for an extended school year must be documented in the student's ELL
9 Student Plan.
- 10 ▪ The specific academic or language maintenance needs of the student must be
11 listed in the student's individual ELL Student Plan.

12
13 **2. Students with Disabilities**

14
15 **a. 504 Students**

16 Section 504 students may participate in an extended school year if it is available and
17 if they meet the same eligibility requirements as established for all regularly attending
18 students. The current Section 504 Plan would remain in effect for the extended
19 school year. Adopted 07-01-09
20

21 **b. ESE Students**

22 The determination of Extended School Year (ESY) services is a decision of the
23 Individual Educational Planning team. Services are recommended when the data
24 collected over the course of the school year, including before and after scheduled
25 breaks in instruction, indicate a significant regression in life skills. These are skills
26 that cannot be recouped within a reasonable amount of time without ESY services.
27 ESY services may include direct or indirect special education services, related
28 services, or some combination of these. Adopted 06-27-00, Amended 07-01-06
29

30 **3. Home Education Students**

31
32 Home education students may participate in an extended school year if it is
33 available and if they meet the same eligibility requirements as established for all
34 regularly attending students.
35

36 Students who expect to earn credit in a home education program during the summer
37 must register with the Superintendent by the end of the first grading period (second
38 week).
39

40 **4. Summer Reading Camp** (Adopted 07-01-04)
41

42 Beginning April 2003, school districts were directed by the Department of Education
43 to provide a "research-based intensive summer reading activities for all students who
44 have failed to meet third grade promotion standards. Such reading camps should be
45 available to all third grade students who score Level 1 on the reading portion of the
46 Florida Comprehensive Assessment Test (FCAT) and focus on intensive intervention
47 in reading."
48

49 Priority should be given to students who are deficient in reading by the end of Grade
50 3. The next priority is to serve students in other grade levels who fail to meet
51 performance levels required for promotion as outlined in the Student Progression
52 Plan.

1 **IV. REPORTING STUDENT PROGRESS**

2
3 **A. Parent(s)/ Guardian(s) – Written Notification Requirements**

4 Amended 07-15-03, 07-01-04, and 07-01-06

5

6 FS 1008.25 (8)(a) specifies that the district school board must annually report
7 to the parent of each student the progress of the student towards achieving
8 state and district expectations for proficiency in reading, writing, science and
9 mathematics, including the student's results on each statewide assessment
10 test. The evaluation of each student's progress must be based upon the
11 student's classroom work, observations, tests, district and state assessments,
12 and other relevant information. Progress reporting must be provided to the
13 parent in writing in the format adopted by the district school board. Progress
14 reports for ELL students shall be provided in the parent's native language
15 when feasible. No one test with a single administration should determine
16 promotion or retention. The preponderance of evidence from evaluations
17 should be used to determine if a student is ready for the work of the next
18 grade.

19 FS 1008.25 (5)(c) specifies that beginning with the 2002-2003 school year,
20 the parent of any student in K-3 who exhibits a substantial deficiency in
21 reading must be notified in writing immediately of the following:

- 22 ▪ That his or her child has been identified as having a substantial
- 23 deficiency in reading and state the exact nature of the difficulty
- 24 ▪ A description of the current services that are provided to the child
- 25 ▪ A description of the proposed supplemental instructional services
- 26 and supports that will be provided to the child that are designed to
- 27 remediate the identified area of reading deficiency.
- 28 ▪ That if the child's reading deficiency is not remediated by the end
- 29 of Grade 3, the child must be retained unless he or she is exempt
- 30 from mandatory retention for good cause.
- 31 ▪ Strategies for parents to use in helping their child succeed in
- 32 reading proficiency.
- 33 ▪ That the FCAT is not the sole determiner of promotion.
- 34 ▪ That additional evaluations, portfolio reviews, and assessments
- 35 are available, and
- 36 ▪ The district's specific criteria and policies for mid-year promotion.

37 **B. Report Cards** Amended 07-15-03, 07-01-08

38 FS 1003.33 (1) requires that district report cards for all elementary school
39 students must clearly grade or mark:

- 40 ▪ the student's academic performance in each class or course in
- 41 Grades K-5 (based upon examinations as well as written
- 42 papers, class participation and other academic performance
- 43 criteria);
- 44 ▪ the student's conduct and behavior; and
- 45 ▪ the student's attendance, including absences and tardiness.

1
2 **C. General Rules of Marking**
3

4 **Report Card Grades** Amended 07-01-04, 07-01-09
5

- 6 1. Teachers will determine report card grades that provide the student and the
7 student's parents(s)/ guardians(s) with an objective evaluation of the
8 student's scholastic achievement, and effort.
9 ▪ Marks are based on the quality of student performance relative to
10 expected levels of achievement of the Sunshine State Standards/
11 Next Generation Sunshine State Standards that the teacher observes
12 and evaluates.
13 ▪ The student's academic grades are to reflect academic achievement.
14 The quality of the work will be assessed by multiple measures that
15 include, but are not limited to:
16 ▪ teacher observations (oral presentations or reports, speeches,
17 recitations, impromptu speaking, student participation and
18 demonstrations);
19 ▪ classroom assignments (reports, term or research papers,
20 models, projects, exhibits, posters, computer programs and
21 homework);
22 ▪ examinations (essay, multiple-choice and completion tests,
23 oral tests and skill tests requiring demonstrations);
24 ▪ weekly core curriculum benchmark assessments;
25 ▪ alternative methods (portfolios and performance assessment).
26
- 27 2. The teacher will record a sufficient number of grades/ marks, as defined in
28 subsection IV.C.1. in this section, to justify the marking-period grade/ mark.
29 A marking-period grade is not based solely on a single project. Passing
30 grades on report cards indicate that the student is working within a range
31 acceptable for the grade or subject, unless the subject is clearly identified as
32 remedial.
33
- 34 3. To receive a report card a student shall have been enrolled in school at least
35 one-half (1/ 2) of the forty-five day grading period as established by the
36 official school calendar. If an elementary student is enrolled for less than
37 one-half (1/ 2) of the forty-five day grading period, a report card shall be
38 issued, but a grade is not required. The report card needs to reflect the date
39 of entry and attendance record. If a student withdraws, he shall be issued a
40 grade on the withdrawal form as of the date of withdrawal. Amended 07-02-
41 96, 06-27-00, and 07-01-06
42
- 43 4. Students are to receive grades in all subjects in which they have received
44 instruction that grading period.
45
- 46 5. Change of Grades
47
48 Once a grade has been entered into a report card or electronically entered
49 into a system for the preparation of report cards, then any and all grade

REQUEST BY TEACHER FOR GRADE CHANGE:

- If the teacher who has made, entered or reported the grade feels it necessary to change the grade, he or she must submit a request in writing to the principal for a grade change.
- Whether the basis for the change is a mistake at the time of entry, or reconsideration of the assessment materials and evaluative sources, the teacher shall demonstrate in the writing the rationale, basis, and support for the grade as intended to be entered on the change.
- The principal shall consider the request made by the teacher, and meet with the teacher as the principal deems necessary, and determine whether to make the change as requested.
- The principal shall determine the request in writing and provide a written explanation as to the basis for the determination to the requesting teacher.
- Following the direction of the principal, the grade may be changed or left unchanged. Only if directed by the written notification of the principal, may the teacher entered grade be changed.
- Should a change in grade be directed after the student and parent(s)/ or parent(s) have been first notified of the grade, then the grade change shall be made on an official notification form to the parents, which shall contain the reasons and methodology for the change.

CHANGE OF GRADE WITHOUT TEACHER REQUEST:

- If a Principal considers changing a report card grade made, entered, or reported by a teacher, he or she must report in writing to the teacher that he or she is considering a student report card grade change.
- The teacher will be afforded an opportunity in writing to present the rationale, basis, and explanation for the grade as was entered.
- The principal shall consider the teacher’s written support in making the grade.
- If the principal should determine to leave the grade as was entered unchanged, the principal need take no further action. If the principal determines to make a grade change over the teacher’s objection, the principal shall set forth in writing the reason for the grade change, and provider therein a basis for the change of grade.
- Following the written notification of the teacher of the decision and basis for grade change, at the direction of the principal, the grade may be changed.

Language Arts and Reading Classes
Adopted 02-05-08, Amended 07-01-09

Elementary students enrolled in a dual language program shall receive two grades for both Language Arts and Reading classes. The Language Arts class taught in English shall be the one recorded on the student's report card, and the Reading class taught in English shall be the one recorded on the student's report card. In addition, the Language Arts class and the Reading class taught in the target language (e.g., Spanish) shall be treated together as a single special area and recorded on the student's report card as a single special area grade (e.g., Spanish Language Arts/ Reading). Other core subjects shall be taught in either English or the target language and shall be recorded on the student's report card as a single grade by the appropriate teacher.

E. Guidelines for Grading and Reporting Academic Progress of ELL Students

Amended 06-27-00

The course grade and academic progress of ELL students will be based on the results of teacher observation, alternative assessments, and modified tests used to assess the understandable instruction provided through the use of ESOL teaching strategies, appropriate instructional materials, and curriculum accommodations.

If there is a continued pattern of failure in classroom performance and assessments, the ELL committee shall meet to review the reasons for the student's lack of progress. The reason(s) documented for the academic under-performance of an ELL student **cannot imply** that he/ she needs an extra year to learn English or that it is due to the student's lack of English proficiency.

The following documentation needs to be in the student permanent records:

- Documentation of the ESOL strategies used by the ESOL language arts and basic content area teacher(s) to provide understandable instruction, including the alternative assessment instruments and test accommodations used to evaluate the student's academic progress.
- The records of parental contacts or attempts made to inform the parent/guardian of the student's under-performance. When applicable, copies of the deficiency reports signed by the student and parent/guardian. Notices to parent/guardian of ELL students must be provided in the home/ native language, whenever feasible.
- The instructional support requested by the teacher(s) to provide additional assistance for the student from the ESOL Assistant, Title III Specialist (if available), or ESOL Educational Specialist available at the school.

Each student in Grades 1-5 must participate in the Florida Assessments for Instruction in Reading (FAIR) which will be administered three times each school year. Each student in Grades 3 and 4 will take district formative assessments in reading and mathematics. Each student in Grade 5 will take district formative assessments in reading, mathematics, and science.

Beginning with the 2002-2003 school year, all school districts are required to administer the school readiness uniform screening implemented by the Department of Education to each Kindergarten student in the district school system upon the student's entry into Kindergarten. FS 1008.21

Home education students who wish to participate in the Florida Comprehensive Assessment Test (FCAT) may do so under the following conditions:

- Home education students may take the FCAT only at the school for which they are zoned.
- Home education students must abide by all the rules of the Student Code of Conduct while on any Osceola County school campus. Failure to do so will result in the removal of the student from the campus and loss of testing privileges.
- Home education parents must notify the appropriate school(s) of their intention to participate in testing at least two weeks in advance of the scheduled assessment.

22 Students with 504 plans may receive accommodations on both district
23 and state assessments. The student's Section 504 Plan should
24 address the accommodations that are regularly provided for
25 classroom activities and assessment and should guide decisions on
26 accommodations for specific test situations. However, allowable
27 accommodations for statewide tests are limited to those listed in the
28 State Board Rule and the state test administration manuals.
29

30 Accommodations may include: flexible setting, flexible scheduling,

One semester of Health or Personal Development is required for students in Grades 7 or 8, unless a middle school principal elects to cover district Health performance standards in a science course, and the following criteria are met:

- The science teacher assigned is certified in both science and health, **and**
- A letter of explanation is sent to the Superintendent prior to the beginning of the school year. This letter must be signed by the principal and the teacher and must ensure that all student performance standards for both the Comprehensive Science and the Health courses will be met.

4. Physical Education

The opportunity to enroll in physical education courses will be regularly scheduled each year by each school.

Beginning with the 2009-2010 school year, the equivalent of one class period per day of physical activity for one semester of each school year is required for students enrolled in Grades 6 through 8. This requirement shall be waived for any student who meets one of the following criteria:

- The student is enrolled or required to enroll in a remedial course.
- The student's parent indicates in writing to the school that:
 - the parent requests that the student enroll in another course from among those offered as options by the School Board, or

During the 2013-2014 school year, each student's performance on the statewide, standardized end-of-course assessment in civics education must constitute 30% of the student's final course grade.

Beginning with the 2014-2015 school year, a student must earn a passing score on the statewide, standardized end-of-course assessment in civics education in order to pass the course and receive course credit.

9 rescheduled shall augment the student’s nine weeks average by
10 ten (10) percentage points.
- 11 • The student’s transcript shall include grades for all middle school

5 The district is committed to the implementation of a Response to Intervention (Rtl)/
6 intervention framework to integrate and align efforts to improve educational outcomes and to
7 meet the academic and behavioral needs of all students. Rtl is a data-driven decision-
8 making process applied to education. The systematic use of student assessment data at
9 the district, school, and classroom levels will guide decisions about the allocation of
10 resources and the intensity of the instruction and interventions needed to improve student
11 learning or behavior. The district's schools will provide high quality instruction and
12 intervention(s) matched to student needs and will use rate of progress and level of
13 performance to inform instructional decisions, including but not limited to, promotion,
14 acceleration, remediation, and retention.
15

16 Intervention Assistance Teams will identify students through the review of universal
17 screening data and through teacher referral to determine the appropriate types and levels of
18 interventions. Standard district protocols will establish which initial interventions to use, and
19 diagnostic assessment will determine more intensive interventions. Teachers will consult
20 the district Rtl Curriculum Guides for available supports. Students who receive interventions
21 beyond the core curriculum will have their rate of progress and level of performance
22 included in their records where appropriate.

1 **III. PROMOTION**

2
3 The purpose of the instructional program in the schools of Osceola County is to provide
4 appropriate instructional and selected services to enable students to perform at or above
5 their grade level academically. Promotion, however, is based primarily on student
6 proficiency in reading, writing, mathematics, and science, and is not automatic. Amended
7 07-15-03

8
9 Decisions regarding student promotion, and retention are primarily the responsibility of the
10 individual school's professional staff. The final decision concerning grade placement is the
11 responsibility of the principal.

12
13 Student promotion in the Osceola County schools is based upon an evaluation of each
14 student's achievement in terms of appropriate instructional goals. The determination should
15 reflect teacher judgment based upon the following: successful progress in the county
16 adopted curriculum, progress tests, classroom assignments, daily observation, standardized
17 tests, and other objective data. The primary responsibility for determining each student's
18 level of performance and ability to function academically, socially and emotionally at the next
19 grade level is that of the classroom teacher, subject to review and approval of the principal.

B. General Promotion Requirements – Grades 6-8

Amended 06-27-00, 07-01-02, 08-20-02, 07-15-03, and 07-01-06

In order to be promoted to the next grade level, students in Grades 6-8 must meet the following criteria:

- Pass each of the core subjects of mathematics, language arts, science, and social studies. The district-adopted grading scale (see IV.D.) will determine a passing grade for each course.
- Pass at least one elective course each semester.
 - Schools may require students to pass reading as a fifth core subject in lieu of the elective course requirement.

Final grades are awarded on a yearly basis in middle school.

- When two nine weeks are used to determine a final grade (e.g., a semester course), each nine weeks shall count 50% of the final grade. The total will be divided by two (2).
- If a semester exam is given, each nine weeks grade and final exam grade shall count 20% of the final grade, and the total shall be divided by five (5).

If the resulting average is not a whole number, the number is rounded to the nearest whole number as follows:

- If the decimal is equal to or greater than 0.5, then the number is rounded up to the nearest whole number.
- If the decimal is less than 0.5, then the number is rounded down to the nearest whole number.

In Grades 6-8, the grade percentage values of the grading period and exam grade are averaged to determine the final grade. No grade percentage below 60% will be considered passing for that subject. In determining final grades, a zero shall be assigned for no work or dishonest work. Grades in high school dual enrollment classes taught in Grades 7 and 8 must be determined following the high school academic policy. Amended 06-30-92, 06-27-00, 07-01-05, and 07-01-06

Students not meeting the above criteria for promotion may earn promotion by successfully completing a summer remediation or testing program as provided at their school. Students who are not successful with the provided opportunity are to be retained. Amended 07-02-96 and 06-15-99

1
2 **C. Student Performance Levels for Reading, Writing, Mathematics, and Science**
3 Amended 07-15-03
4

5 FS 1008.25 requires that the district define specific levels of performance in reading,
6 writing, mathematics, and science for each grade level. These levels of performance
7 will be used to identify students who **must** receive remediation or be retained within
8 an intensive program that is different from the previous year's program and takes into
9 account the student's learning style.

10
11 In compliance with School Board's Objective (Improve accepted measures of
12 success annually) and FS 1008.25, students will be identified as performing at one of
13 three levels which indicates a student's achievement:

- 14
- 15 ▪ above grade level,
- 16 ▪ at grade level, or
- 17 ▪ below grade level.
- 18

19 Performance levels are determined by various indicators that will include, but are not
20 limited to, multiple measures using appropriate grade-level assessments as well as

1 **E. Promotion to a Higher Grade Level**

2
3 The assignment of a student to a higher grade which results in the student's accelerated
4 promotion should be made based on exceptionally high achievement or evidence that the
5 student will benefit more from the instructional program at the advanced grade level. The
6 Superintendent should authorize the assignment.

7
8 The assignment will occur at the end of a grading period agreed upon by both the sending
9 and receiving principal. If an ELL student is involved, the ELL committee shall meet to
10 document the change in the ELL Student Plan. Amended 07-01-06, 07-01-08

11
12 After agreement has been reached regarding an exceptional student, an Individual
13 Education Plan meeting must be held prior to placement in the new assignment. The long-
14 range academic, social, and emotional effect of the decision shall be considered.

15
16 The principal has the responsibility for making such an assignment, but a student will not be
17 accelerated without parental consent. Amended 6/ 30/ 91 and 06-27-00

18
19 The student's cumulative record, report card, and permanent record must indicate,
20 "accelerated grade placement" and the name of the principal who made the placement.

21 Amended 06-15-99

22
23 Parents shall be notified in writing that their child is receiving an accelerated grade
24 placement to the next higher grade. A copy of this notification shall be placed in the
25 cumulative folder. Notices to parent/ guardian of ELL students must be provided in the
26 primary language, whenever feasible. Amended 06-27-00

27
28 **F. Progress Monitoring Plan (PMP) Process**

29 Amended 07-15-03, 07-01-04, 07-01-06, and 07-01-08

30
31 As required by FS 1008.25 (4)(b), schools must develop, in consultation with the student's
32 parent(s), a School District of Osceola County Progress Monitoring Plan(PMP) for students
33 who do not meet district and state levels of proficiency in reading, writing, mathematics, and/
34 or science. Each Progress Monitoring Plan must outline an intensive remedial program in
35 the area(s) of weakness designed to assist the student in meeting state and/ or district
36 expectations for proficiency.

37
38 **The Progress Monitoring Plan must clearly identify the:**

- 39 1. specific, diagnosed academic needs to be remediated,
40 2. success-based intervention strategies to be used, and
41 3. the intensive variety of remedial instruction to be provided, and
42 4. monitoring and reevaluation activities to be employed. FS 1008.25 (4)(b)

43
44 Each student who does **not** meet the levels of performance as determined by the district
45 **must** be provided with additional diagnostic assessments to determine the nature of the
46 student's difficulty and areas of academic need. FS 1008.25 (4)(a)

- 47
48 ■ Data from the additional assessments are to be used to formulate the student's PMP.
49
50 ■ Schools shall also provide for the frequent monitoring of the student's progress. FS
51 1008.25(4)(b)

- 1 ▪ Diagnosis and remediation will occur as soon as possible after a student has been
2 identified as deficient in reading, writing, mathematics, and/ or science, FS
3 1008.25(4)(a).
4
5 ▪ If the student identification occurs during the fourth marking period, the diagnosis will be
6 made at the beginning of the following school year with remediation immediately
7 following.
8

9 A student who is not meeting the school district or state requirements for proficiency in
10 reading and math shall be covered by one of the following plans to target instruction and
11 identify ways to improve his or her academic achievement:

- 12
13 1. A federally required student plan, such as an individual education plan, FS 1008.25
14 (4)(b)1;
15
16 2. A schoolwide system of progress monitoring for all students, FS 1008.25 (4)(b)2; or
17
18 3. An individualized progress monitoring plan. FS 1008.25 (4)(b)3
19

20 The plan chosen must be designed to assist the student or the school in meeting state
21 and district expectations for proficiency. If the student has been identified as having a
22 deficiency in reading, the K-12 comprehensive reading plan required by FS 1011.62 (8),
23 shall include instructional and support services to be provided to meet the desired levels
24 of performance. District school boards may require low performing students to attend
25 remediation programs held before or after regular school hours or during summer if
26 transportation is provided. FS 1008.25 (4)(b)3
27

28 If the documented deficiency is not remediated according to the PMP, the student may be
29 retained. FS 1008.25 (4)(c)
30

31 **Diagnostic assessments may include, but are not limited to:**

- 32 ▪ teacher assessment
33 ▪ text/ placement tests
34 ▪ reading running records
35 ▪ diagnostic software
36 ▪ STAR Reading
37 ▪ STAR Math.
38

39 **Intensive instruction is usually associated with the following:**

- 40 ▪ diagnostic/ prescription
41 ▪ targeted to specific skill development
42 ▪ variety of opportunities for repetitions (repeated exposure)
43 ▪ smaller chunks of text or content
44 ▪ guided and independent practice
45 ▪ skill development and practice integrated into all activities
46 ▪ frequent monitoring
47 ▪ criterion-based evaluation of success
48

49 Students in Grades 6-8 whose performance in reading, writing, mathematics, and/ or
50 science requires remediation **must** have a PMP or comparable individual academic plan.

- 51 ▪ Students whose performance is minimally below grade level may need a PMP.
52 ▪ PMP's are required for Grades 6-8 students who are performing below grade level.

1
2 An existing PMP is to be **closed** at the conclusion of the school year.

- 3 ▪ At that time, the teacher(s) of the student who had a PMP is to make
- 4 recommendations regarding the student's educational program for the following year.
- 5 ▪ The PMP should be placed in the student's permanent record at the close of each
- 6 year or at the time of student withdrawal.

7
8 If a student is to continue remediation during the following year, he or she is to receive a

9 **new PMP.**

- 10 ▪ The new PMP is to be developed through the collaboration of the receiving
- 11 teacher(s) and the parent(s)/ guardian(s) and approved by the principal.
- 12 ▪ Recommendations of the sending teacher(s) are to be reviewed as part of the PMP
- 13 progress.

14
15 Students who do not meet minimum performance expectations for the statewide

16 assessment tests in reading, writing, mathematics, and/ or science must continue remedial

17 instruction until expectations are met.

18
19 **1. ELL Students – Progress Monitoring Plan Process**

20 Amended 07-15-03 and 07-01-06

21
22 English Language Learner students who are unable to demonstrate mastery in

23 academic subject areas as described in the Student Progression Plan will be referred

24 to a Progress Monitoring Plan/ ELL committee. This committee will develop an PMP

25 for the student in accordance with the following guidelines and procedures:

26 Adopted 06-27-00

- 27
28 ▪ The reason for the academic under-performance of an ELL student must **not**
- 29 imply that he/ she needs an extra year to learn English or that it is due to the
- 30 student's lack of English proficiency.
- 31
32 ▪ Establish lack of academic progress in reading, writing, mathematics, and/ or
- 33 science using a composite of indicators that includes, but is not limited to: grade
- 34 level checklists, pre-tests and post-tests, CELLA results, alternate assessment
- 35 results, previous academic records, diagnostic assessment in the home
- 36 language, and any other appropriate indicator of academic progress.
- 37
38 ▪ The first PMP/ ELL committee meeting develops an PMP that includes a list of
- 39 intensive remedial instructional strategies designed to assist the ELL student
- 40 (NOTE: ESOL accommodations are not considered remedial strategies).
- 41
42 ▪ The second PMP committee meeting, with ESOL representation, is held within
- 43 18 weeks to review the effectiveness of the remedial strategies. If the ELL
- 44 student does not make satisfactory progress, the curriculum may be suspended
- 45 and intense remedial instruction in reading and/ or mathematics is provided
- 46 based on the student's deficiencies.
- 47
48 ▪ If the ELL student still has not made satisfactory progress after implementing the
- 49 PMP for at least 27 weeks, the ELL committee may recommend retention unless
- 50 conditions exist such that retention would be more adverse for the student than
- 51 promotion.

- The ELL Committee may exempt ELL students from the retention provision. The ELL student may be recommended for promotion based on at least three (3) good cause considerations such as educational background, academic ability in home/ native language, receipt of two (2) years or less of instruction in an approved ESOL program, current academic progress corresponding to the language arts through ESOL manual, acculturation to new culture, home support, age appropriateness, and mobility.

2. Gifted Students

For a gifted student who is performing below grade level, it is appropriate to develop a PMP. Accommodations and/ or interventions are to be addressed through the Gifted Educational Plan (GEP) process. Amended 07-01-05 and 07-01-06

3. Students with Disabilities –Progress Monitoring Plan Process

a. 504 Students Amended 07-01-04, 07-01-06, 07-01-09

A PMP is to be developed for a 504 student who does not meet district and state levels of proficiency in reading, writing, mathematics, and/ or science.

b. ESE Students – Progress Monitoring Plan Process Amended 07-01-06

A student who is not meeting the school district or state requirements for proficiency in reading and math shall be covered by one of the following plans to target instruction and identify ways to improve his or her academic achievement:

1. A federally required student plan, such as an individual education plan, FS 1008.25 (4)(b)1;
2. A schoolwide system of progress monitoring for all students, FS 1008.25 (4)(b)2; or
3. An individualized progress monitoring plan. FS 1008.25 (4)(b)3

If the student's federally required plan does not address the student's deficiency in reading or mathematics as required by Florida law, then the school must address these deficits in either a schoolwide progress monitoring system or an individual progress-monitoring plan.

When an ESE student is determined to be performing below grade level in reading, writing, or mathematics, ESE/ Regular Education Teacher should write a PMP to address the student's educational needs. The PMP should be developed with the involvement of the parent/ guardian.

I. Remediation Amended 07-15-03, 07-01-06, 07-01-09

Remediation must be based on the results of diagnostic assessment(s) and it must be systematically embedded in the total educational program for the student. The daily instruction for the student will be modified based on both the diagnosis and the contents of the PMP or other educational plan(s) (e.g., IEP, ELL Student Plan). Remediation must include an instructional program that is not identical to that provided during the previous school year.

The PMP must include one or more of the following instructional intervention strategies:

- assignment alternatives-adaptations
- ESE referral
- before/ after school instruction
- extended school year
- other (see FS 1008.25).

Parents of students who have been retained or identified as needing remediation may contract with state certified teachers or enroll students in an approved remedial program to teach individual students in lieu of attendance in a remedial school program. However, if the parent chooses this option, he or she must notify the child's school principal in writing within fifteen (15) days after the PMP conference. Such students will be required to pass a school-approved exam.

- 8 ▪ The need for an extended school year must be documented in the student's ELL
9 Student Plan.
- 10 ▪ The specific academic or language maintenance needs of the student must be
11 listed in the student's ELL Student Plan.

12 **2. Students with Disabilities**

13 **a. 504 Students**

14 Section 504 students may participate in an extended school year if it is
15 available and if the students meet the same eligibility requirements as

17 would remain in effect for the extended school year. Adopted 07-01-09
18
19

20 **b. ESE Students**

21 The determination of Extended School Year (ESY) services is a decision of
22 the Individual Educational Planning team. Services are recommended when
23 the data collected over the course of the school year, including before and
24 after scheduled breaks in instruction, indicate a significant regression in life
25 skills. These are skills that cannot be recouped within a reasonable amount
26 of time without ESY services. ESY services may include direct or indirect
27 special education services, related services, or some combination of these.
28 Adopted 06-27-00, Amended 07-01-06

1 **IV. REPORTING STUDENT PROGRESS**

2
3 **A. Parent(s)/ Guardian(s) – Written Notification Requirements**

4 Amended 07-15-03, 07-01-04

5

6 FS 1008.25 (7)(a) specifies that the district school board must annually report
7 to the parent of each student the progress of the student towards achieving
8 state and district expectations for proficiency in reading, writing, science and
9 mathematics, including the student's results on each statewide assessment
10 test. The evaluation of each student's progress must be based upon the
11 student's classroom work, observations, tests, district and state assessments,
12 and other relevant information. Progress reporting must be provided to the
13 parent in writing in the format adopted by the district school board. Progress
14 reports for ELL students shall be provided in the parent's native language
15 when feasible. No one test with a single administration should determine
16 promotion or retention. The preponderance of evidence from evaluations
17 should be used to determine if a student is ready for the work of the next
18 grade.

19 **B. Report Cards** Amended 07-15-03, 07-01-08

20 FS 1003.33 (1) requires that district report cards for all secondary school

12 **C. General Rules of Marking**

13 **Report Card Grades** Amended 07-01-04, 07-01-09

- 14 1. Teachers will determine report card grades that provide the student and the
15 student's parents(s)/ guardians(s) with an objective evaluation of the
16 student's scholastic achievement, and effort.
 - 17 ▪ Marks are based on the quality of student performance relative to
18 expected levels of achievement of the Sunshine State Standards/
19 Next Generation Sunshine State Standards that the teacher observes
20 and evaluates.
 - 21 ▪ The student's academic grades are to reflect academic achievement.
22 The quality of the work will be assessed by multiple measures that
23 include, but not limited to:
 - 24 ▪ teacher observations (oral presentations or reports, speeches,
25 recitations, impromptu speaking, student participation and
26 demonstrations);
 - 27 ▪ classroom assignments (reports, term or research papers,
28 models, projects, exhibits, posters, computer programs and
29 homework);
 - 30 ▪ examinations (essay, multiple-choice and completion tests,
31 oral tests and skill tests requiring demonstrations);

 - 33 ▪ alternative methods (portfolios and performance assessment).
- 34 2. The teacher will record a sufficient number of grades/ marks, as defined in
35 subsection IV.C.1. in this section, to justify the marking-period grade/ mark.
36 A marking-period grade is not based solely on a single project. Passing
37 grades on report cards indicate that the student is working within a range
38 acceptable for the grade or subject, unless the subject is clearly identified as
39 remedial.
- 40 3. To receive a report card a student shall have been enrolled in school at least
41 one-half (1/ 2) of the forty-five day grading period as established by the
42 official school calendar. If a middle school student is enrolled for less than
43 one-half (1/ 2) of the forty-five day grading period, a report card shall be
44 issued, but a grade is not required. The report card needs to reflect the date
45 of entry and attendance record. If a student withdraws, he shall be issued a
46 grade on the withdrawal form as of the date of withdrawal. Amended 07-02-
47 96, 06-27-00, and 07-01-06

5. Change of Grades

Once a grade has been entered into a report card or electronically entered into a system for the preparation of report cards, then any and all grade changes should be made as follows:

REQUEST BY TEACHER FOR GRADE CHANGE:

- If the teacher who has made, entered or reported the grade feels it necessary to change the grade, he or she must submit a request in writing to the principal for a grade change.
- Whether the basis for the change is a mistake at the time of entry, or reconsideration of the assessment materials and evaluative sources, the teacher shall demonstrate in the writing the rationale, basis and support for the grade as intended to be entered on the change.
- The principal shall consider the request made by the teacher, and meet with the teacher as the principal deems necessary, and determine whether to make the change as requested.
- The principal shall determine the request in writing and provide a written explanation as to the basis for the determination to the requesting teacher.
- Following the direction of the principal, the grade may be changed or left unchanged. Only if directed by the written notification of the principal, may the teacher entered grade be changed.
- Should a change in grade be directed after the student and parent(s)/ or parent(s) have been first notified of the grade, then the grade change shall be made on an official notification form to the parents, which shall contain the reasons and methodology for the change.

CHANGE OF GRADE WITHOUT TEACHER REQUEST:

- If a Principal considers changing a report card grade made, entered, or reported by a teacher, he or she must report in writing to the teacher that he or she is considering a student report card grade change.
- The teacher will be afforded an opportunity in writing to present the rationale, basis, and explanation for the grade as was entered.
- The principal shall consider the teacher’s written support in making the grade.

- If the principal should determine to leave the grade as was entered unchanged, the principal need take no further action. If the principal determines to make a grade change over the teacher's objection, the principal shall set forth in writing the reason for the grade change, and provider therein a basis for the change of grade.
- Following the written notification of the teacher of the decision and basis for grade change, at the direction of the principal, the grade may be changed.
- Should a change in grade be directed by the principal; after the student and parents(s)/ or parent(s) have been first notified of the grade, then the grade change shall be made on an official notification form to the parents, which shall contain the reasons and methodology for the change.

Grade change documentation, including grade change forms, notices, and other relevant documents, shall be retained in the student's cumulative record. Adopted 02-05-08

B	80-89	above average progress
C	70-79	average progress
D	60-69	below average progress
F	0-59	not passing
I	0	incomplete

If the resulting average is not a whole number, the number is rounded to the nearest whole number as follows:

- If the decimal is equal to or greater than 0.5, then the number is rounded up to the nearest whole number.
- If the decimal is less than 0.5, then the number is rounded down to the nearest whole number.

20 assess the understandable instruction provided through the use of ESOL teaching
21 strategies, appropriate instructional materials, and curriculum accommodations.
22

23 If there is a continued pattern of failure in classroom performance and assessments,
24 the ELL committee shall meet to review the reasons for the student's lack of
25 progress. The reason(s) documented for the academic under-performance of an
26 ELL student **cannot imply** that he/ she needs an extra year to learn English or that it
27 is due to the student's lack of English proficiency.
28

29 The following documentation needs to be in the student permanent records:

 - If a student has had at least five (5) unexcused absences within a calendar month or ten (10) unexcused absences within a ninety (90) day calendar period, the student's primary teacher shall report to the principal or designee that the student may be exhibiting a pattern of non-attendance. Unless there is clear evidence that the absences are not a pattern of non-attendance, the case shall be referred to a Early Truancy Intervention Team or attendance committee to determine if early patterns of truancy are developing. If the Early Truancy Intervention Team or attendance committee finds that a pattern of non-attendance is developing, whether the absences are excused or not, a meeting with the parent must be scheduled to identify potential remedies.
 - If the initial meeting with the parent does not resolve the problem, the Early Truancy Intervention Team or attendance committee shall implement specific interventions that best address the problem.

The Early Truancy Intervention Team or attendance committee shall be diligent in facilitating intervention services and shall report the case to the Superintendent or his designee only after all reasonable efforts to resolve the problem have been exhausted.

The School Board may provide a hearing officer, who may be an employee of the School Board, in lieu of a School Board hearing, who shall hear the case and make a recommendation for final action to the School Board. If the School Board's final determination is that the strategies of the Early Truancy Intervention Team or attendance committee are appropriate, and the parent, guardian, or other person in charge of the child still refuses to cooperate, the Superintendent may seek criminal prosecution for noncompliance with compulsory school attendance.
- If a child subject to compulsory attendance will not comply with attempts to enforce school attendance, the parent, guardian or Superintendent or his designee shall refer the case to the case staffing committee pursuant to Florida Statutes, and the Superintendent or his designee may file a truancy petition pursuant to procedures outlined in Florida Statutes. 2. Students with Disabilities

a. 504 Students Amended 07-01-04

In the case of a student with excessive absences, a 504 Reevaluation meeting should be held to determine if the absences are caused by the disability of record on the active 504 Plan. If the 504 committee determines that the absences are caused by the disability, the committee must also determine a reasonable course of action, which may include the possible waiver of the attendance guidelines in determining grades, as well as consideration of a change of placement.

If the 504 committee determines that the absences are not caused by the disability, the student is treated in the same manner as that for a general education student.

b. ESE Students

All exceptional students will follow regular education attendance procedures.

In the case of an ESE Student with excessive absences, an IEP team meeting must be conducted to determine whether or not the absences are related to the student's disability. If the IEP team determines that the excessive absences **are** related to the student's disability, the IEP team must determine a reasonable course of action which may include the possible waiver of the attendance guidelines in determining grades as well as a change of placement.

1 If the IEP team determines that the student's excessive absences **are not**
 2 related to the student's disability, the student is treated in the same manner
 3 as that for a general education student.

4
 5 **3. Hospital/ Homebound Program** Amended 07-01-08

6
 7 Parent(s)/ guardian(s) may request that the IEP committee consider eligibility
 8 for a hospital/ homebound program for a student with an illness predicted by
 9 certified medical personnel to exceed 15 consecutive school days or due to a
 10 chronic condition for at least 15 school days which need not run
 11 consecutively.

12
 13 **4. Student Absences for Religious Reasons**

14
 15 Students will be afforded an opportunity to make up missed work without
 16 adverse school effects when absent because of a religious holiday. Within
 17 five school days prior to an expected absence for religious reasons,
 18 parent(s)/ guardian(s) must notify the principal in writing and request that the
 19 student be excused from attendance. A written excuse will not be required
 20 upon return to school and no adverse or prejudicial effects will result for any
 21 student availing herself/ himself of this provision. Students will be permitted
 22 to make up missed work according to school procedures.

23
 24 If questions arise regarding this rule, principals will grant the parent(s)/ guardian(s) a
 25 conference. Parent(s)/ guardian(s) may appeal the principal's decision to the
 26 Superintendent should a conflict arise.

27
 28 **D. Student Withdrawals**

29
 30 A child who attains the age of sixteen (16) years during the school year shall not be
 31 required to attend school beyond his sixteenth (16) birthday if the student has a
 32 signed form declaring his intent to withdraw from school prior to completion of the
 33 educational program. The principal or his/ her designee shall contact the parents or
 34 legal guardians of the student to discuss the educational impact of such decision and
 35 to suggest other appropriate alternative educational placements or programs. The
 36 student may only be withdrawn if the parents or legal guardians also sign the intent
 37 to withdraw form.

38
 39 **1. Student Withdrawals During the Last Two Weeks of the School Year**

40

Amended 007-01-05 and 07-01-06

C. Response to Intervention (Rtl)

Adopted 07-01-09

The district is committed to the implementation of a Response to Intervention (Rtl)/ intervention framework to integrate and align efforts to improve educational outcomes and to meet the academic and behavioral needs of all students. Rtl is a data-driven decision-making process applied to education. The systematic use of student assessment data at the district, school, and classroom levels will guide decisions about the allocation of resources and the intensity of the instruction and interventions needed to improve student learning or behavior. The district’s schools will provide high quality instruction and intervention(s) matched to student needs and will use rate of progress and level of performance to inform instructional decisions, including but not limited to, promotion, acceleration, remediation, and retention.

Intervention Assistance Teams will identify students through the review of universal screening data and through teacher referral to determine the appropriate types and levels of interventions. Standard district protocols will establish which initial interventions to use, and diagnostic assessment will determine more intensive interventions. Teachers will consult the district Rtl Curriculum Guides for available supports. Students who receive interventions beyond the core curriculum will have their rate of progress and level of performance included in their records where appropriate.

2 **D. Advanced Placement Scholars (APS) Program**

3 Adopted 07-01-09

4
5 The Advanced Placement Scholars (APS) program is designed to give students
6 multiple Advanced Placement (AP) course offerings by teachers who are specially
7 trained through the College Board. Each program offers a wide variety of AP
8 courses relating to personal interests and individual academic strengths. Students
9 who successfully complete the program will receive an AP Scholars Program
10 diploma seal, transcript notations, and special recognition at graduation.

11
12 Unlike a traditional AP program, as ninth-grade students enter the program, they will
13 be enrolled in pre-AP courses to prepare them before they enter formal AP courses.
14 This procedure will provide additional preparation and support for students as they
15 pursue AP curricula. The students will enroll in AP Human Geography, a formal
16 ninth grade AP course. The AP preparation will continue in tenth grade, as students
17 enroll in AP World History and specially designed English, math, science, and
18 elective courses that prepare them for a larger slate of AP courses in both the
19 eleventh and twelfth grades. With the assistance of parents, the site coordinator,
20 and the faculty, student education will be individualized. Students will not have
21 a prescribed curriculum universally, but rather an individualized learning plan which
22 capitalizes on students' unique interests, abilities, and future goals.

2 **E. Career and Technical Education Programs**
3

4 The School District of Osceola County offers a variety of career and technical
5 education programs at the high school level that help students prepare for high skill-
6 high wage occupations and for postsecondary educational opportunities. It is
7 essential that students, parents, teachers, guidance counselors, and administrators
8 be aware that most individual career and technical education courses do not stand
9 alone but are part of a planned sequence of courses leading to occupational
10 proficiency and program completion at the high school or postsecondary level. Many
11 of the career and technical education programs also prepare students to acquire
12 industry certification in the career field. Not all career and technical education
13 programs are offered at all high schools. Some are offered as a Career and
14 Technical Academy. Students are encouraged to complete an electronic Personal
15 Education Plan (ePEP) before entering a career and technical education program or
16 a career academy.

34 **1. Tech Prep**

35 The Orange, Osceola, and Valencia Tech Prep Consortium has developed
36 many programs of study that provide a planned sequence of courses linked
37 to postsecondary educational goals. The Tech Prep initiative offers students
38 the opportunity to focus on career and technical education courses that will
39 help train them for high skill-high wage occupations. At the same time, they
40 can be earning Valencia Community College credit or Orange and Osceola
41 County Tech Center's credit while they are attending high school.

42
43 **2. Cooperative Education and On-the-Job Training (OJT)**

44 Amended 06-30-92

45 The cooperative education method of instruction permits career and technical
46 education students to earn high school credit. Cooperative education
47 involves paid, supervised, concurrent employment that is directly related to
48 the student's in-school training. The cooperative education method is
49 available for junior and senior students. At-risk high school students in any
50 grade may be enrolled in Work Experience. The coordinator must approve all
51 cooperative education job sites. Students shall not be employed by members
52 of the immediate family.

1
2 Cooperative education is **not** a program but a method of instruction used in
3 several career and technical education programs. Students who complete a
4 career and technical education program using the cooperative method are
5 coded on the final class reports as completers of that program.

- The reason for the academic under-performance of an ELL student must **not** imply that he/ she needs an extra year to learn English or that it is due to the student's lack of English proficiency.
 - Establish lack of academic progress in reading, writing, mathematics, and science using a composite of indicators that includes, but is not limited to: grade level checklists, pre-tests and post-tests, CELLA results, alternate assessment results, previous academic records, diagnostic assessment in the home language, and any other appropriate indicator of academic progress.
 - The first PMP/ ELL committee meeting develops an Progress Monitoring Plan that includes a list of intensive remedial instructional strategies designed to assist the ELL student (NOTE: ESOL accommodations are not considered remedial strategies).
 - The second PMP committee meeting, with ESOL representation, is held within 18 weeks to review the effectiveness of the remedial strategies. If the ELL student does not make satisfactory progress, the curriculum may be suspended and intense remedial instruction in reading and/ or mathematics is provided based on the student's deficiencies.
 - If the ELL student still has not made satisfactory progress after implementing the Progress Monitoring Plan for at least 27 weeks, the ELL committee may recommend retention unless conditions exist such that retention would be more adverse for the student than promotion.

3 **C. Florida Comprehensive Assessment Test (FCAT) Requirement**

4 Amended 02-05-08, 07-01-09

5
6 Students entering the ninth grade in 1999-2000 must earn a passing score on both
7 FCAT Reading and FCAT Math. Beginning the 2003-2004 school year, the passing
8 score for the Grade 10 FCAT Reading shall be a developmental scale score equal to
9 or greater than 1926. Beginning the 2003-2004 school year, the passing score for
10 the Grade 10 FCAT Math shall be a developmental scale score equal to or greater
11 than 1889.

12
13 In addition, students entering the ninth grade in 2007-2008 and beyond are required
14 to earn a passing score on the Grade 10 FCAT Writing test. The passing score for
15 the Grade 10 FCAT Writing test shall be a rubric score equal to or greater than 3.0
16 on a 6.0 scale.

17
18 In order to use a concordant score to satisfy the assessment requirement for a
19 standard high school diploma, a student must take each subject area of the Grade
20 10 FCAT a total of three times without earning a passing score [Florida Statute
21 1008.22(9)(b)].

22
23 The requirements shall not apply to a new student who enters the Florida public
24 school system in Grade 12, who may either achieve a passing score on the FCAT or
25 use an approved subject area concordant score to fulfill the graduation requirement.
26 Therefore, a new student entering the Florida public school system in Grade 12 is
27 not required to take the Grade 10 FCAT if he or she is able to document the
28 approved concordant scores.

29
30 Students who are eligible to use a concordant score, as described above, and have
31 attained the current ACT or SAT scores concordant with the FCAT passing scores
32 shown in the applicable table below, shall satisfy the assessment requirement for a
33 standard high school diploma [Florida Statutes 1003.43(5)(a), 1003.429(6)(a)].

34
35 Once a student has met the assessment graduation requirement for a standard high
36 school diploma with a concordant score (and taken and failed the Grade 10 FCAT a
37 total of three times, if applicable), Florida's school code does not require the student
38 to continue retaking the Grade 10 FCAT for the purpose of high school graduation.
