

# Social Media Language

Sample posts for Facebook and Twitter can be found below. Posts can be shared along with the [How to Verify Enrollment Process Infographic](#) via your school's social media channels to provide additional information to students on enrollment verification requirements.

The first reminder message can be shared mid-month, with the second reminder message going out at the end of the month. Sending regular reminders each month through the end of the school year or term will be useful to students as they become accustomed to the new process.
