District School Board of Osceola County 817 Bill Beck Boulevard Kissimmee, FL 34744

Dear Chairman, School Board Members, and Citizens of Osceola County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) in the United States of America, and audited in accordance with auditing standards generally accepted in the United States of America by a licensed certified public accountant. Pursuant to that requirement, we hereby issue the comprehensive annual financial report (CAFR) of The School District of Osceola County, Florida (District) for the fiscal year ended June 30, 2019.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Office of the Florida Auditor General has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2019, are fairly presented in conformity with GAAP.

The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal

Superintendent of Schools Dr. Debra P. Pace controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditors' reports on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the independent auditors' report.

### **PROFILE OF THE GOVERNMENT**

The District and its governing board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by Section 1010.01, Florida Statutes, as prescribed by the State Board of Education.

The geographic boundaries of the District are those of Osceola County. During fiscal year 2018-19, the District operated 74 schools. Of this number, 46 were traditional K-12 schools including 24 elementary schools, 8 middle schools, 10 high schools, and 4 multilevel schools. In addition, the District sponsored 24 charter schools, 2 alternative schools and 2 adult centers. The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds, based upon the number of full-time equivalent students enrolled at the charter school. In fiscal year 2018-19, the District provided general, special, vocational, and other educational programs to 67,724 unweighted full-time equivalent students. The initial projected enrollment for fiscal year 2019-20 was 69,948 unweighted full-time equivalent students. The average age of the schools within the District is approximately 29 years. The District opened one new school in fiscal year 2019-20.

The Board follows procedures established by Florida Statutes and the State Board of Education rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the fund-function level (e.g. salaries, benefits, and purchased services) within each function activity (e.g. instruction, student support services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

### ECONOMIC CONDITION AND OUTLOOK

Osceola County is part of the Orlando Metropolitan Statistical Area (MSA) along with Orange, Seminole and Lake Counties. According to the Metro Orlando Economic Development Commission (the Commission), Metro Orlando is one of the fastest growing MSA in Florida with a population of 2.49 million people. The Commission promotes Osceola County's government and business leaders as visionaries who are paving the way for the diversification of the county's economy with cutting-edge commercial development and the next generation of advanced manufacturing technology.

According to the United States Census Bureau, the population of Osceola County increased 37.0 percent from 2010 to 2018, as compared to the state of Florida, which increased 13.3 percent. There were an estimated 367,990 people and 96,250 households residing in the County. The racial makeup of the County was 79.4 percent white, 13.9 percent black and 6.7 percent from other races. Hispanics make up 55.3 percent of the total population.

Of Osceola County's population, 24.4 percent are 17 and younger, and 13.2 percent are 65 and older. The average household size is 3. The median age in the County is 36 years. The median income for a household was \$47,343. The per capita income for the County was \$20,165. Of the 25 and older population, 86 percent are high school graduates.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Osceola County's largest employer, employing 8,368 full and part-time employees, including 4,087 classroom teachers.

### **MAJOR INITIATIVES**

### **Class Size Reduction Amendment**

In November 2002, the voters of Florida amended the State Constitution to limit class size. By the beginning of fiscal year 2010-11, the amendment established the maximum number of students in core-curricula courses assigned to a teacher in each of the following three grade groupings: (1) Pre-kindergarten through grade 3, 18 students; (2) grades 4 through 8, 22 students; and (3) grades 9 through 12, 25 students.

The Florida Legislature enacted Senate Bill-30A implementing the reduction of the average number of students in each classroom by at least two students per year, beginning in fiscal year 2003-04 until the maximum number of students per classroom does not exceed the fiscal year 2010-11 maximum. If a district's class size does not meet the constitutional maximum, then the district must reduce the average number of students in each of the three grade groupings by two students until the constitutional maximums are reached. The District complied with this requirement for the 2017-18 fiscal year.

### **Capital Outlay Program**

The District appropriated \$116.0 million for construction projects as part of its capital outlay program during the 2019 fiscal year. A few of the major construction projects in process included the construction of a new high school, middle school, and elementary school, a kitchen remodeling project at one middle school, two elementary schools, and one alternative school, as well as comprehensive renovations at one elementary and two middle schools.

### Accomplishments

One of the ways to judge a school district is to compare the results of its students on national and statewide testing and the accomplishments of its staff. The District believes that its students and staff have performed well based on various tests and accomplishments as noted below.

School districts throughout Florida are held accountable and receive school grades based on the results of the Florida Standards Assessment (FSA). The fiscal year 2018-19 marks the 21st year of this accountability program and the District continued its tradition of achievement. For elementary, middle, K-8, and multi-level public schools, 6 received a grade of 'A', 14 received a grade of 'B', and 16 received a grade of 'C'. For high schools, 2 received a grade of 'A', 3 received a grade of 'B', and 4 received a grade of 'C'. The District received an overall letter grade of 'B'.

### FINANCIAL INFORMATION

**Internal Controls.** Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

**Budgetary Controls.** The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Activities of all governmental fund types are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the fund-function level.

Budgetary information is integrated into the accounting system, and, to facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end, and encumbrances outstanding are honored from the subsequent year's appropriations.

In order to provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the Board adopts a District staffing plan that establishes teacher positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

Long-Term Financial Planning. Over the last few years, revenues from non-recurring sources, such as the American Recovery and Reinvestment Act of 2009 (ARRA), the Education Jobs Fund, and funds from an optional critical needs ad valorem tax levy, have expired. However, during that same period, the District was able to accumulate a suitable fund balance reserve to offset future operating deficits. As a result, the District ended the 2018-19 fiscal year with another increase to its operating fund balance.

### ACKNOWLEDGEMENTS

The preparation of this report on a timely basis was made possible by the dedicated service of the entire staff of the Finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank each member of the Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Dr. Debra P. Pace Superintendent

## AUDITOR GENERAL STATE OF FLORIDA

Claude Denson Pepper Building, Suite G74 111 West Madison Street Tallahassee, Florida 32399-1450

The President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee

### INDEPENDENT AUDITOR'S REPORT

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Osceola County District School Board, as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the school internal funds, which represent 11 percent and 49 percent, respectively, of the assets and liabilities of the aggregate remaining fund information. In addition, we did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the school internal funds and the aggregate discretely presented component units, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Phone: (850) 412-2722 Fax: (850) 488-6975

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for audit opinions.

### Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Osceola County District School Board, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis; the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget & Actual: General Fund and Special Revenue Fund – Other Federal Programs; Schedule of Changes in the Total Other Postemployment Benefits Liability and Related Ratios: Schedule of Proportionate Share of Net Pension Liability – Florida Retirement System; Schedule of Contributions – Florida Retirement System: Schedule of Proportionate Share of Net Pension Liability – Health Insurance Subsidy: Schedule of Contributions – Health Insurance Subsidy: and Notes to Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and

schedules and the introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Also, the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining and individual fund statements and schedules and the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and schedules, and the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, are fairly stated in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH** *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with** *Government Auditing Standards* **in considering the District's internal control over financial reporting and compliance.** 

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida December 11, 2019 Audit Report No. 2020-077

This page left intentionally blank.

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

As management of the Osceola County District School Board, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2019.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the District's basic financial statements found on page 20 - 66 of this report.

### **FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2018-19 fiscal year are as follows:

- Total assets and deferred outflows of resources of the District exceed total liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$672,592,943.
- At June 30, 2019, the District's combined governmental fund balances totaled \$330,040,911, an increase of \$25,109,421, or 8.23 percent, in comparison with the prior fiscal year.
- The unassigned fund balance of the General Fund, representing the net current financial resources available for general appropriation by the Board, totals \$44,243,507 at June 30, 2019, or 8.43 percent of total General Fund expenditures.
- The District's total bonded debt (Bonds Payable and Certificates of Participation, excluding premiums and discounts) decreased by \$20,980,000, or 7.34 percent during the current fiscal year. The key factor in this was the payment of principal.
- The District's net capital assets increased by \$68,833,532, or 8.68 percent from the 2017-18 fiscal year.

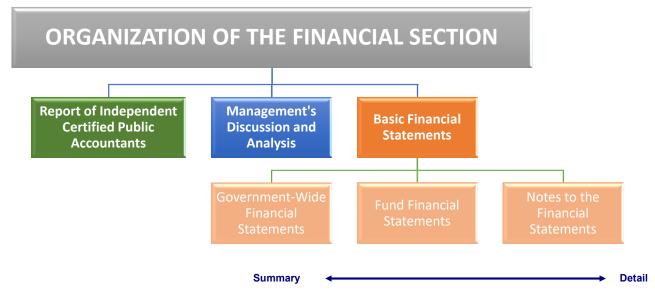

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements.

The District's basic financial statements are comprised of three components:

- Government-wide financial statements.
- Fund financial statements.
- Notes to financial statements.

The illustration below shows how the various parts of the financial section are arranged and relate to one another.

### **Government-Wide Financial Statements**

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets, liabilities, and deferred inflows/outflows of resources using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in two categories:

Governmental activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.

Component units – The District presents twenty-three separate legal entities in this report, including Avant Garde Academy of Osceola, Avant Garde Academy K8 of Osceola, Bellalago Educational Facilities Benefit District, BridgePrep Academy of Osceola, Flora Ridge Educational Facilities Benefit District, Florida Aviation Academy, Florida Cyber Charter Academy at Osceola, The Foundation for Osceola Education, Inc., Four Corners Charter School, Inc., Four Corners Upper School, Lincoln-Marti Charter Schools, Inc., Main Street High School, Mater Brighton Lakes Academy, Mater Palms Academy, Mater Academy St. Cloud, New Dimensions High School, Inc., Osceola Science Charter School, Renaissance Charter School at Boggy Creek, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership Arts Management, St. Cloud Preparatory Academy, Inc., and UCP Osceola Charter School. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 20-21 of this report.

### **Fund Financial Statements**

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of three broad categories as discussed below.

<u>Governmental Funds</u>. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 10 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and

7

changes in fund balances for the major funds. The District's major funds are the: (1) General Fund, (2) Special Revenue – Other Federal Programs Fund, (3) Capital Projects – Nonvoted Capital Improvement Fund and (4) Capital Projects – Other Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its General Fund and Special Revenue – Other Federal Programs Fund. Budgetary comparison schedules have been provided on pages 68-69 of this report to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 22-25 of this report.

**<u>Proprietary Funds.</u>** Proprietary funds may be established to account for activities in which a fee is charged for services. One type of proprietary fund is maintained.

The internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses the internal service funds to account for the Health and Life Insurance Trust Fund and Casualty Insurance Loss Fund. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. Conversely, the internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 26-28 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held in a trustee or fiduciary capacity for the benefit of parties outside the government. The District only has agency funds that are classified as fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses agency funds to account for (1) resources held for student activities and groups and (2) for the activities of Bellalago Charter Academy.

The Statement of Assets and Liabilities – Fiduciary Funds can be found on page 29.

8

### **Notes to the Financial Statements**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 30-66 of this report.

### **Other Supplemental Information**

The combining statements referred to earlier in connection with nonmajor governmental funds are presented on pages 80-112 of this report.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceed liabilities and deferred inflows by \$672,592,943 at June 30, 2019. The following is a summary of the District's net position as of June 30, 2019, compared to net position as of June 30, 2018:

	Governmental Activities		
	6/30/2019	6/30/2018	
Current and Other Non-Capital Assets	\$ 376,031,450	\$ 343,583,120	
Capital Assets	861,934,333	793,100,800	
Total Assets	1,237,965,783	1,136,683,920	
Deferred Outflow of Resources	108,015,388	108,594,254	
Total Deferred Outflow of Resources	108,015,388	108,594,254	
Current Liabilities	36,379,789	28,768,846	
Long-Term Liabilities	604,250,618	622,359,534	
Total Liabilities	640,630,407	651,128,380	
Deferred Inflow of Resources	32,757,821	23,415,268	
Total Deferred Inflow of Resources	32,757,821	23,415,268	
Net Position:			
Net Investment in Capital Assets	594,521,122	556,200,796	
Restricted	240,578,560	170,937,433	
Unrestricted	(162,506,739)	(156,403,703)	
Total Net Position	\$ 672,592,943	\$ 570,734,526	

### Net Position, End of Year

By far, the largest portion of the District's net position, \$594,521,122 or 88.39 percent, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to educate the students of Osceola County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position, \$240,578,560 or 35.77 percent, represents resources that are subject to external restrictions on how they may be used. There was an increase of \$69,641,127 in restricted net position reported in connection with the District's governmental activities. This increase is primarily due to the increase in the District's reserve for capital projects primarily resulting from the comprehensive renovation at two middle schools and one elementary school. The remaining net position represents resources that are not subject to external restrictions on how they may be used. The balance of unrestricted net position of (\$162,506,739) is primarily the result of the implementation of *Governmental Accounting Standards Board Statement No. 68 – Accounting and Financial Reporting for Pensions* beginning with the 2014-2015 fiscal year. More information on the adoption of this standard and its effect on the financial statements can be found in Note 11 to the financial statements.

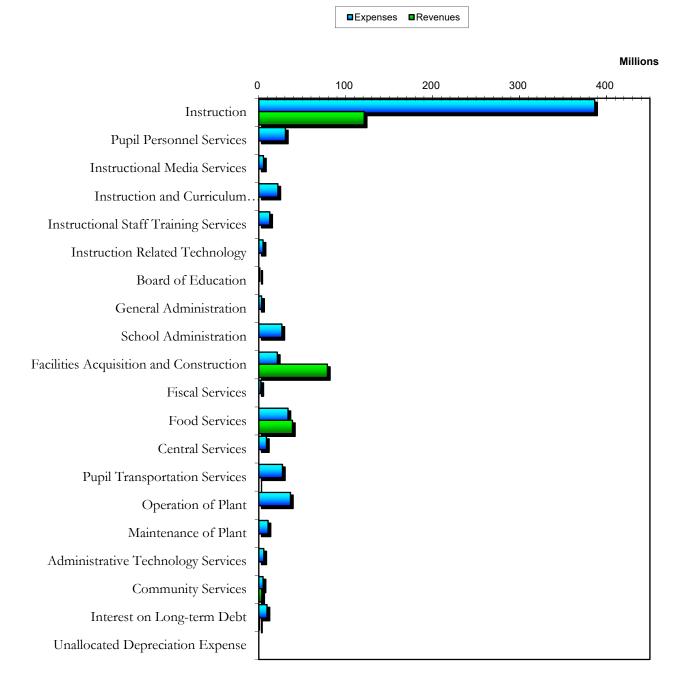

The rest of this page intentionally left blank.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2019, and June 30, 2018, are as follows:

Operating Results for		nmental
		vities
	6/30/2019	6/30/2018
Revenues:		
Program Revenues:		
Charges for Services	\$ 7,743,649	\$ 8,597,114

Administrative Technology Services	5,755,107	5,007,879
Community Services	4,924,520	4,838,607
Interest on Long-Term Debt	9,495,189	9,051,396
Unallocated Depreciation Expense	34,896,561	34,635,528
Total Expenses	688,474,278	631,768,873
Increase in Net Position	101,858,417	65,878,384
Net Position, Beginning	570,734,526	
Adjustment to Beginning Net Position(1)	570,754,520	468,844,456
		36,011,686
Net Position, Ending	\$ 672,592,943	\$ 570,734,526

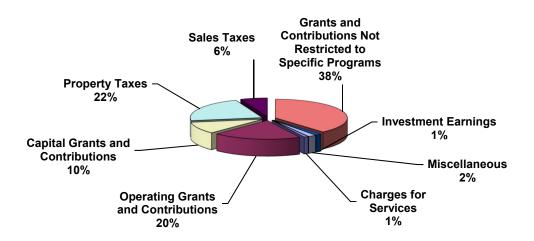

(1) Adjustment to beginning net position is due to the implementation of GASB Statement No.75, which is a change in accounting principle that addresses accounting and financial reporting for the postemployment benefits.

The government-wide net position increased by \$101,858,417 during the current fiscal year. The increase represents the excess of revenues over expenses in the current year.

#### **Expenses and Program Revenues - Governmental Activities**

### **Revenues by Source - Govermental Activities**

### **Governmental Activities**.

Governmental activities increased the District's net position by \$101,858,417, accounting for the total increase in the net position of the District. This increase is primarily due to program revenues held in reserve for future construction projects.

The largest revenue sources are the State of Florida and local sources. Combined, these two revenue sources account for 88.29 percent of total revenues. Revenues from State sources for current operations are primarily received through the Florida Education Finance Program (FEFP) funding formula. The FEFP formula utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base. Total state sources increased by \$19,646,968 or 5.59 percent primarily due to the increase in FEFP funding. Revenues from local sources consist primarily of ad valorem taxes and impact fees. Property tax revenues increased by \$10,227,959 or 6.39 percent, primarily due to the increase in the local property tax base.

Instructional expenses represent 56.14 percent of total governmental expenses in the 2018-19 fiscal year. Instructional expenses increased by \$34,433,599 or 9.78 percent, from the previous fiscal year as a result of the need for additional instructional staff and materials to accommodate the growth in unweighted full-time equivalent students and to continue to meet the district-wide class size requirements.

13

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, assigned plus unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds report combined ending fund balances of \$330,040,911, an increase of \$25,109,421, in comparison with the 2017-18 fiscal year. Unassigned fund balance of \$44,243,507 represents 13.41 percent of the ending fund balances and is available to meet the District's short-term spending needs. Remaining fund balances are non-spendable, restricted, or assigned, to indicate that they are not available for new spending. Inventory balances of \$3,189,511 are considered non-spendable. Fund balances totaling \$275,754,021 are restricted for state required carryover programs, debt service, capital projects, grants and programs, and food service. Fund balances totaling \$6,853,872 are assigned to cover contract commitments and carryover appropriations.

#### **Major Governmental Funds**

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the assigned plus unassigned fund balance of the General Fund was \$51,097,379, while total fund balance reached \$68,951,189. As a measure of the General Fund's liquidity, it may be useful to compare both assigned plus unassigned fund balance and total fund balance to total expenditures. Assigned plus unassigned fund balance fund balance to total expenditures. Assigned plus unassigned fund balance represents 9.74 percent of total General Fund expenditures, while total fund balance represents 13.14 percent of that same amount.

During the current fiscal year, the fund balance of the General Fund increased by \$499,597. This increase was the result of controlled expenditures to balance the operating budget and allow the District to begin to rebuild its reserves to meet future needs.

There were no changes to the fund balance for the Special Revenue – Other Federal Programs Fund since revenues are recognized once expenditures are incurred for these programs.

The fund balances for the Capital Projects – Nonvoted Capital Improvement Fund increased by \$4,383,420. This was also a planned increase to provide for future construction projects.

The fund balances for the Capital Projects – Other Fund increased by \$11,337,812. This was a planned increase to provide for future construction projects.

14

The fund balance for non-major funds – reported as Other Governmental Funds – increased by \$8,888,592 to \$47,376,404. This is primarily due to the increased debt service reserve requirement for the outstanding Certifications of Participation, Series 2010.

#### **Proprietary Funds**

The District's proprietary funds provide the same type of information found in the government-wide financial statements. The District's proprietary fund includes two internal service funds that are used to account for its self-insurance programs. Net position decreased by \$461,844 due to insurance claims and other expenses exceeding premiums.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2018-19 fiscal year, the District amended its General Fund budget, which resulted in a decrease in total budgeted revenues of approximately \$11,041,858, or 2.09 percent. At the same time, final appropriations were less than the original budgeted amounts by approximately \$15,509,747, or 2.77 percent. Budget revisions occurred primarily from changes in estimated State funding levels along with a significant decrease to the District's unweighted full-time equivalent students as a result of relocations after Hurricane Irma. Planned expenditures were adjusted to meet the District's needs while maintaining an adequate fund balance.

Actual revenues are \$3,568,147 greater than final budget amounts while actual expenditures are \$19,969,486, or 3.67 percent, less than final budget amounts. The positive variance was primarily due to continued cost containment measures implemented by the District.

During the current fiscal year, assigned plus unassigned fund balance in the General Fund increased by \$1,055,676 from the prior year (\$50,041,703 to \$51,097,379). This is a result of controlled expenditures to balance the operating budget and allow the District to begin to rebuild its reserves to meet future needs.

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

### **Capital Assets**

The District's investment in capital assets for the governmental activities as of June 30, 2019, amounts to \$861,934,333 (net of accumulated depreciation). This investment in capital assets includes land; land improvements; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; investments in the educational facilities benefit district; and audio visual materials and computer software. The total increase in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$63,833,532, or an 8.68 percent increase from the 2017-18 fiscal year.

Major capital asset events during the current fiscal year included the following:

- Construction in Progress for one new high school, one new middle school, and one new elementary school.
- Construction in Progress for kitchen remodeling projects at one middle school, two elementary schools, and one alternative school.
- Construction in Progress for comprehensive renovations at one elementary and two middle schools.

Following is a summary of the District's capital assets as of June 30, 2019, compared to June 30, 2018

(net of accumulated depreciation)				
		Governmental Activities		
	June 30, 2019		June 30, 2018	
Land and Land Improvements	\$	51,192,846	\$	50,821,495
Construction in Progress		100,782,799		95,563,434
Improvements Other Than Buildings		9,979,968		10,335,569
Buildings and Fixed Equipment		656,062,673		599,153,616
Furniture, Fixtures, and Equipment		16,616,869		14,945,564
Motor Vehicles		16,347,763		10,996,378
Investment In EFBD		10,781,206		11,048,404
Audio Visual Materials and				
Computer Software		170,209		236,341
Total	\$	861,934,333	\$	793,100,801

## Schedule of Capital Assets

Additional information on the District's capital assets can be found in Note 5 to the financial statements.

### Long-Term Debt

At the end of the current fiscal year, the District's long-term debt principal, excluding premiums and discounts, totals \$273,360,566. Of this amount, \$264,711,000 is outstanding bonded debt and \$8,649,566 is other long-term debt. Bonded debt constituted the largest portion of long-term debt at the end of the fiscal year and was comprised of \$2,924,000 of bonds issued on behalf of and by the State Board of Education (SBE) and backed by the full faith and credit of the State of Florida; \$118,817,000 outstanding in District Revenue Bonds; and \$142,970,000 in certificates of participation.

#### Following is a summary of the District's long-term debt as of June 30, 2019, compared to June 30, 2018.

	Governmental Activities							
		June 30, 2019		June 30, 2018				
State School (SBE) Bonds	\$	2,924,000	\$	3,539,000				
District Revenue Bonds		118,817,000		129,277,000				
Certificates of Participation		142,970,000		152,875,000				
Other Long-Term Debt		8,649,566		9,001,150				
Total Outstanding Long-Term Debt	\$	273,360,566	\$	294,692,150				

#### Schedule of Outstanding Long-Term Debt (excluding premiums and discounts)

The District's total debt decreased by \$21,331,584 or 7.24 percent, during the current fiscal year.

Additional information on the District's long-term debt can be found in Notes 6 through 9 to the financial statements.

#### **OTHER MATTERS OF SIGNIFICANCE**

As of May 2019, the Florida Department of Economic Opportunity reports the unemployment rate for Osceola County, Florida, at 3.1 percent. This is a decrease from the rate of 3.5 percent a year ago and is the same as the State's average unemployment rate of 3.1 percent. Generally, consumers who lose their jobs restrict spending in response to the loss of income, while others who remain employed may spend less in anticipation of future job losses.

Section 212.055(6), Florida Statutes, authorizes the imposition by school boards of a one-half cent sales surtax on all taxable transactions to fund capital outlay projects and technology implementation, including the payment of bond indebtedness, subject to approval by the electors of the county voting in a referendum. In November 2016, Osceola County voters approved by referendum the imposition of a one-half cent discretionary sales surtax to be effective beginning January 1, 2017 and ending December 31, 2036.

#### **REQUESTS FOR INFORMATION**

This report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate compliance and accountability for its resources. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, Osceola County School District, 817 Bill Beck Boulevard, Kissimmee, Florida 34744.

#### DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30, 2019

#### DISTRICT SCHOOL BOARD OF OSCEOLA COUNTY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30, 2019

Net Change in Fund Balances - Total Governmental Funds	\$	25,109,421
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as a depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period. Capital Outlays net of amounts not capitalized Depreciation Expense	104,604,669 (36,888,874)	
· · · · · · · · · · · · · · · · · · ·	(50,000,074)	67,715,795
Capital assets donated to the District increase net position in the government-wide statements, but are not financial resources and, therefore, are not reported in the governmental funds. This is the value of capital assets donated during the current year.		894,471
Vouchers payable associated with impact fee credits are accrued in the government-wide statements, but are not recognized in the governmental funds.		1,499,591
The cost of capital assets disposed of during the current year is expensed in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the		
year purchased. Thus, the change in net position differs from the change in fund balances by the undepreciated cost of the disposed assets.		135,885
Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		21,888,560
In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences earned in excess of the amount paid in the current period.		(2,770,548)
In the statement of activities, the cost of other postemployment benefits is measured by the increase in the net OPEB liability during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for the OPEB costs. This is the amount of the increase in the OPEP liability in press of the amount solid in the government pariod.		(417.057)
<ul><li>the OPEB liability in excess of the amount paid in the current period.</li><li>In the statement of activities, the cost of pension benefits is measured by the increase in the net pension liability during the year, while in the governmental funds, expenditures are recognized based on the</li></ul>		(417,057)
amounts actually paid for pension costs. This is the amount of the increase in the net pension liability in excess of the amount paid in the current period.		(11,842,189)
Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net revenue (expense) of internal service		
funds is reported with governmental activities.		(355,512)
Change in Net Position of Governmental Activities	Ş	101,858,417

Accrued Liabilities	9,668
Due to Other Agencies	4,472,303
Internal Accounts Payable	4,463,642
Total Liabilities	\$ 9,041,855

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The District has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Osceola County School District's (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's transportation department is allocated to the student transportation services function, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

#### Reporting Entity

The Osceola County School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) Rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Osceola County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on the application of these criteria, the following component units are included within the District's reporting entity:

• <u>Blended Component Units</u>. Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District.

The District's employee group health and life insurance program, described in a subsequent note, is administered through the Osceola County District School Board Group Health and Life Insurance Trust (Trust). Assets necessary to fund the program are transferred to the Trust; however, under the terms of the Trust agreement, the District retains control of the assets. Therefore, the financial activities of the Trust are reported in the District's financial statements. Separate financial statements for the Trust are not published.

The Osceola County School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment. The governing board of the Leasing Corporation is the Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

• <u>Discretely Presented Component Units</u>. The component units columns in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Foundation for Osceola Education, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the Board, to promote education, and to encourage research, learning, and dissemination of information. Additionally, the Foundation entered into three separate charter agreements with the District to operate Bellalago Charter Academy, Canoe Creek Charter Academy, and PM Wells Charter Academy, which are considered divisions of the Foundation and are included in the Foundation's financial statements. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. An annual audit of the organization's financial statements is conducted by an independent certified public accountant and is filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

The Bellalago Educational Facilities Benefit District and the Flora Ridge Educational Facilities Benefit District (Benefit Districts) are separate districts organized pursuant to Chapter 125, Florida Statutes, and Section 1013.355, Florida Statutes, to provide for the timely construction and maintenance of school facilities. The Benefit Districts are an alternate mechanism that allows for the sharing of educational facilities costs that are necessary to accommodate new growth and development. The Benefit Districts have imposed a specific financial burden on the Osceola County School District and are considered fiscally dependent in accordance with the criteria described in Governmental Accounting Standards Board Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. A staff member of the Osceola County School District has been appointed to the board of each Benefit District. Audits of the Benefit Districts' annual financial statements are conducted by an independent certified public accountant and are filed in the District's administrative office at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

Avant Garde Academy of Osceola, Avant Garde Academy K8 of Osceola, BridgePrep Academy of Osceola, Florida Cyber Charter Academy at Osceola, Four Corners Charter School, Inc., Four Corners Upper School, Lincoln-Marti Charter School, Inc., Main Street High School, Mater Academy St. Cloud, Mater Brighton Lakes Academy, Mater Palms Academy, New Dimensions High School, Inc., Osceola Science Charter School, Renaissance Charter School at Boggy Creek, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership Arts Management, St. Cloud Preparatory Academy, Inc., Florida Aviation Academy, and UCP Osceola Charter School, are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act; and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Osceola County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District. The financial data reported on the accompanying statements was derived from the charter schools' audited financial statements for the fiscal year ended June 30, 2019. The audit reports are filed in the District's administrative offices at 817 Bill Beck Boulevard, Kissimmee, Florida, 34744.

#### Basis of Presentation: Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

#### Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- <u>General Fund</u> to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- <u>Special Revenue Other Federal Programs Fund</u> to account for funds from the State or Federal Government which are restricted for Federal programs.
- <u>Capital Projects Nonvoted Capital Improvement Fund</u> to account for financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs.
- <u>Capital Projects Other Fund</u> to account for other miscellaneous funds from various sources which are restricted for capital outlay purposes.

Additionally, the District reports the following proprietary and fiduciary fund types:

- <u>Internal Service Funds</u> to account for the District's individual self-insurance programs.
- <u>Agency Funds</u> to account for resources of the school internal funds which are used to administer money collected at several schools in connection with school, student athletic, class, and club activities, and to account for the various resources of the Bellalago Charter Academy accounted for by the District.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount activities are eliminated so that only the net amount sate reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

#### Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they

are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility period for this revenue source (within 60 days of year-end). Sales taxes and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences are recognized when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

The charter schools, the Foundation, and the Benefit Districts, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

#### Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, cash with fiscal agent, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Public Assets for Liquidity Management (Florida PALM), and Money Market.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits, except for cash dividends and interest held in an investment account, are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

#### Investments

Investments consist of amounts placed in SBA Debt Service accounts for investment of debt service money, amounts placed with the SBA for participation in Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME and Florida PALM are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The SBA and the Florida PALM indicate that the District's investments in the Florida PRIME and Florida PALM are Securities and Exchange Commission Rule 2a7-like external investment pools. These investments are reported at fair value, which is amortized cost. The District's other investments consist of US Treasury Notes and Bonds, Municipal Bonds, Federal Agency Securities and Mortgages, Federal Agency Bonds, and corporate notes are reported at fair value.

Types and amounts of investments held at fiscal year-end are described in Note 3.

#### Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories held at the maintenance department, transportation department, central warehouse and for the District's food service program are stated at cost valued on a weighted-average basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The District applies the consumption method to account for its inventories. As such, the expenditure for supplies inventory is recognized when the supplies are actually used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000 for tangible personal property and \$25,000 for real property. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Description	Estimated Lives
Improvements Other Than Buildings	8 - 40 years
Buildings, Fixed Equipment, and Investment in Educational Facilities Benefit District	10 -50 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	3 - 5 years

Current year information relative to changes in capital assets is described in Note 5.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports separate sections for deferred outflows of resources.

The deferred outflow of resources represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position reports separate sections for deferred inflows of resources. The deferred inflow of resources represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

The District has three items that qualify for reporting in the deferred outflows of resources and deferred inflows of resources sections of the statement of net position. The deferred charges on refunding reported in the government-

wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Changes in net pension liability are reported as deferred outflows of resources and deferred inflows of resources related to pensions. The deferred outflows of resources and deferred inflows of resources related to pensions are discussed in a subsequent note. Changes in Other Postemployment Benefits ("OPEB") liability are reported as deferred outflows of resources related to OPEB. The deferred outflows of resources and deferred inflows of resources and deferred inflows of resources and deferred inflows of resources related to OPEB. The deferred outflows of resources and deferred inflows of resources and deferred inflows of resources and deferred inflows of resources related to OPEB. The deferred outflows of resources and deferred inflows of resources and deferred inflows of resources related to OPEB.

#### Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in Note 11.

#### Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in Note 9.

#### Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance.

Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by resolution authorized the Chief Business and Finance Officer to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

In addition, the District has adopted Board Rule 7.10 which establishes "contingency reserves" to help sustain the financial stability of the District during times of emergency spending for items such as disaster recovery and revenue shortfalls that could potentially occur after the current year's budget adoption. School Board Rule 7.10 requires an amount equal to 6 percent of the General Fund revenues and other financing sources to be reserved for contingency purposes. The Superintendent shall obtain approval from the School Board if at any time it is projected that this balance will not be maintained.

#### Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

#### State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a specified time period following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the unencumbered balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in Note 14.

#### District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Osceola County Property Appraiser, and property taxes are collected by the Osceola County Tax Collector.

The Board adopted the 2018 tax levy on September 11, 2018. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Osceola County Tax Collector at fiscal yearend but not yet remitted to the District.

Millages and taxes levied for the current year are presented in Note 15.

#### Educational Impact Fees

Osceola County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance has been amended from time to time, most recently in March 2018, when Ordinance 2018-21 established the revised rates to be collected. The educational impact fee is collected for all new residential construction within the County. The fees are collected by the County and each municipality within the County, based on an interlocal agreement. The fees can only be used for capital expenditures directly affected by new residential growth. Educational impact fee credits granted in exchange for land are shown in the government-wide financial statements as unearned revenue until the credits are used, at which time the revenues are recognized.

#### Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

#### Compensated Absences

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

#### Proprietary Funds Operating and Non-Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance premiums. Operating expenses include insurance claims and excess coverage premiums. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### 2. ACCOUNTING CHANGES

The District implemented GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, effective with the fiscal year beginning after June 15, 2018. The primary objective of this Statement is to improve the debt service information that is disclosed in the notes to the financial statements, including direct borrowings and direct placements. GASB 88 also clarifies which liabilities governments should include when disclosing information related to debt.

Debt Service disclosures are presented in Notes 6 through Note 9.

In January 2018, the GASB issued Statement No. 84, *Fiduciary Activities*, effective for fiscal years beginning after December 15, 2018. The objective of GASB 84 is to improve guidelines regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Management is currently evaluating the impact of the adoption of GASB 84 on the District's financial statements.

In June 2017, the GASB issued Statement No. 87, *Leases*, effective for fiscal years beginning after December 15, 2019. The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. Management is currently evaluating the impact of the adoption of GASB 87 on the District's financial statements.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period,* effective for fiscal years beginning after December 15, 2019. The objective of GASB 89 are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period, and to simplify accounting for interest cost incurred before the end of a construction period. Management is currently evaluating the impact of the adoption of GASB 89 on the District's financial statements.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests-an amendment of GASB Statement No. 14 and No. 61*, effective for fiscal years beginning after December 15, 2018. The primary objectives of GASB 90 are to

improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. Management is currently evaluating the impact of the adoption of GASB 90 on the District's financial statements.

#### 3. INVESTMENTS

As of June 30, 2019, the District has the following investments and maturities:

Investment	Maturities	Fair Value				
Cash Equivalents						
State Board of Administration (SBA):						
Florida PRIME	28 Day Average	\$ 90,552,610				
Florida Public Assets for Liquidity Management	52 Day Average	61,788,502				
Money Market:						
Goldman Sachs Financial Square Govt. Fund	54 Day Average	5,345,270	_			
Total Cash Equivalents			\$ 157,686,382			
Investments						
SBA Debt Service Accounts	6 Months	70,171				
US Treasury Bonds	2/2027	18,903,609				
US Treasury Notes	2/2020 - 7/2022	72,952,903				
Municipal Bonds	7/2019 - 4/2021	3,172,717				
Federal Agency Mortgage-Backed Securities	10/2026 - 3/2029	1,066,404				
Federal Agency Collateralized Mortgages	9/2019 - 4/2041	3,096,551				
Federal Agency Notes	7/2019 - 1/2022	15,078,580				
Corporate Notes	7/2019 - 4/2023	26,749,203	_			
Total Investments			141,090,138			
Total Cash Equivalents and Investments			\$ 298,776,520			

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

- The District's investment policy limits investments to a maximum of 5½ years and the investment of current operating funds to no longer than 2 years.
- Florida PRIME had a weighted average days to maturity (WAM) of 28 days, Florida PALM had a WAM of 52 days and Money Market funds had a WAM of 54 days at June 30, 2019. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.
- The District has \$4,031,477 in nine obligations that include embedded options consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate. The market value, call date and maturity dates for these obligations are as follows:

	Ma	rket Value	Call Date	Maturity
Bank of New York	\$	800,022	8/11/2019	9/11/2019
Exxon Mobil		499,157	2/6/2020	3/6/2020
Bank of America		649,214	10/1/2020	10/1/2021
Visa Inc		260,408	11/14/2020	12/14/2020
Branch Banking & Trust		259,541	1/1/2021	2/1/2021
Exxon Mobil		534,402	1/6/2022	3/6/2022
3M Company Bonds		320,186	2/1/2022	3/1/2022
American Express		708,548	4/20/2022	5/20/2022
Total	\$	4,031,478		

For Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of  $\geq$ each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days." With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. As of June 30, 2019, no such disclosure was made and there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

- The District's investment policy allows for investments in certificates of deposit, time deposits, securities of the United States Government, other forms of authorized investments described in the Florida Statutes, and money market funds based on the highest rating by any one Nationally Recognized Statistical Ratings Organization (NRSRO).
- The District's investments in SBA Debt Service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by SBA for managing interest rate risk and credit risk for this account.
- As of June 30, 2019, the District's investments in Florida PRIME, the Florida PALM, and Money Market accounts are rated "AAAm" by Standard & Poor's.
- As of June 30, 2019, U.S. Treasury and Federal Agency securities were rated AA+ by Standard & Poor's. The District's investments in municipal bond were rated AA to AA-, and corporate note securities were rated AAA to BBB+ by Standard & Poor's.

Custodial credit risk is the risk of loss attributed to the failure of the depository bank or other counterparty.

Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in a book-entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, must be immediately placed for safekeeping in a secured vault. The District's investments are held by a safekeeping agent, in the name of the District.

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer.

The District's investment policy limits the amounts the District may invest in any one issuer, based on the type of instrument as follows:

Investment Type	Percent
United States Government Securities	100%
United States Government Agencies	75%
Corporates	25%
Municipals	25%
Agency Mortgage-Backed Securities	25%
Non-Negotiable Collaterized Bank Deposits/Savings Accounts	50%
Commercial Paper	25%
Bankers' Acceptances	10%
Repurchase Agreements	40%
Money Market Funds	50%

- Most of the District's investments are issued or explicitly guaranteed by the United States Government or are in external investment pools, which do not require disclosure for concentration of credit risk. Remaining investments are in compliance with investment policy limits.
- As of June 30, 2019, approximately 65 percent of the District's investments were in US Treasury Bonds and Notes, followed by Corporate Notes at 19 percent.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 of the fair value hierarchy are inputs valued using quoted prices in active markets for identical assets; Level 2 inputs are valued using other significant observable inputs; Level 3 inputs are valued using significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2019:

Investment		al Year Ending 6/30/2019	Activ Ide	oted Prices in The Markets for Intical Assets (Level 1)	0	nificant Other ervable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
SBA Debt Service Accounts	\$	70,171	\$	70,171	\$	-	\$	-
US Treasury Bonds		18,903,609		-		18,903,609		-
US Treasury Notes		72,952,903		-		72,952,903		-
Municipal Bonds		3,172,717		-		3,172,717		-
Federal Agency Mortgage-Backed Securities		1,066,404		-		1,066,404		-
Federal Agency Collateralized Mortgage Obligations		3,096,551		-		3,096,551		-
Federal Agency Notes		15,078,580		-		15,078,580		-
Corporate Notes		26,749,203		-		26,749,203		-
Total	\$	141,090,138	\$	70,171	\$	141,019,967	\$	-

SBA Debt Service Accounts classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. US Treasury Bonds, US Treasury Notes, Municipal Bonds, Federal Agency Notes, Securities and Mortgage Obligations, and Corporate Notes classified in Level 2 of the fair value hierarchy are valued

using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

#### 4. RECEIVABLES

The majority of receivables are due from other agencies. These receivables and the remaining accounts receivable are considered to be fully collectible. As such, no allowance for uncollectible accounts receivable is accrued.

#### 5. CHANGES IN CAPITAL ASSETS

Changes in capital assets are presented in the table below:

	Balance 6/30/2018	Additions	Deletions	Balance 6/30/2019
GOVERNMENTAL ACTIVITIES				
Capital Assets Not Being Depreciated:				
Land	\$ 49,216,389	\$ 269,125	\$ -	\$ 49,485,514
Land Improvements, Nondepreciable	1,605,106	102,226	-	1,707,332
Construction in Progress	95,563,434	91,322,922	86,103,557	100,782,799
Total Capital Assets Not Being Depreciated	146,384,929	91,694,273	86,103,557	151,975,645

Governmental Activities Capital Assets, Net	\$ 793,100,801	\$ 155,072,974	\$ 86,239,442	\$ 861,934,333

Depreciation expense was charged to functions as follows:

Function	 Amount
GOVERNMENTAL ACTIVITIES	
Student Transportation Services	\$ 1,992,313
Unallocated	 34,896,561
Total Depreciation Expense - Governmental Activities	\$ 36,888,874

#### 6. EDUCATIONAL FACILITIES BENEFIT DISTRICT AGREEMENT PAYABLE

Pursuant to Section 1013.355, Florida Statutes, the District entered into an interlocal agreement with Osceola County, Florida, dated September 15, 2003, authorizing the creation of the Bellalago Educational Facilities Benefit District (Benefit District). The purpose of the Benefit District is to finance the construction of school facilities using a combination of sources, including impact fees, non-ad valorem assessments from homeowners, charter capital, and payments from the District. The District also entered into a charter contract on April 6, 2004, with the Foundation for Osceola Education, Inc. (Foundation), creating Bellalago Charter Academy. The Foundation entered into an interlocal agreement with the Benefit District under which it agreed to pay to the Benefit District entered into an interlocal funding agreement with the Benefit District and Avatar Properties, Inc., to formalize the obligations of the parties. Under the terms of this agreement, the District is obligated to pay the portion of debt service on bonds issued by the Benefit District not otherwise funded by impact fees, non-ad valorem assessments, and charter capital. Phase I of the construction was funded through bonds issued by the Benefit District at a rate of 5.83 percent.

On May 28, 2014, the District issued \$23,150,000 in refunding Capital Improvement Refunding Bonds, Series 2014A, with an average interest rate of 3.48 percent, to refund and redeem \$23,535,000 of the District's outstanding Capital Improvement Revenue Bonds Series 2004A and 2004B. The 2014A Series were issued to reduce the total debt service payments from the 2004A and 2004B certificates, resulting in savings to the District of \$6,181,793 over the next 20 years.

Fiscal Year Ending June 30	Total		Principal		Interest
2020	\$	930,540	\$	395,361	\$ 535,179
2021		928,873		433,211	495,662
2022		926,669		470,453	456,216
2023		924,878		508,015	416,863
2024		923,835		546,248	377,587
2025-2029		4,511,180		3,205,951	1,305,229
2030-2034		3,456,368		3,090,327	 366,041
Total	\$	12,602,343	\$	8,649,566	\$ 3,952,777

Estimated amounts payable for the Benefit District agreement are as follows:

E' 1 V

The amounts required from the District in the future are dependent on the amount of charter capital received, which is dependent on enrollment at the school and the level of funding appropriated annually by the Legislature.

#### 7. CERTIFICATES OF PARTICIPATION

Certificates of Participation at June 30, 2019, are as follows:

Series	Amount Outstanding		Interest Rate (percent)	Lease Term Maturity	Original Amount		
2009 COPS Refunding	\$	7,615,000	4.0 - 4.375	2024	\$	35,165,000	
2010 COPS, Series A (QSCB)		40,500,000	$6.658^{(1)}$	2027		40,500,000	
2013 COPS Refunding		30,190,000	3.375 - 5.0	2028		41,880,000	
2014 COPS Refunding		3,605,000	2.24	2028		12,005,000	
2015 COPS Refunding		5,750,000	2.67	2025		8,310,000	
2017 COPS Refunding		55,310,000	2.1	2027		58,170,000	
Total		142,970,000					
Plus: Unamortized Premiums		2,906,051					
Total Certificates of Participation	\$	145,876,051					

**Note (1):** The Series 2010A Lease is designated as a "Qualified School Construction Bond" (QSCB) as defined in Section 54F of the Internal Revenue Code, and pursuant to Section 6431 of the Code, the School Board has elected to receive federal subsidy payments on each interest payment date for the Series 2010A Certificates in an amount equal to the lesser of the amount of interest payable with respect to the Series 2010A Certificates on such date or the amount of interest which would have been payable with respect to the Series 2010A Certificates if the interest were determined at the applicable tax credit rate for the Series 2010A Certificates pursuant to Section 54A(b)(3) of the Code.

The District entered into a master financing arrangement on April 1, 1992, which arrangement was characterized as a lease-purchase agreement, with the Osceola School Board Leasing Corporation, Inc., whereby the District secured financing of various educational facilities. The financings were accomplished through the issuance of Certificates of Participation to be repaid from the proceeds of rents paid by the District.

As a condition of the financing arrangement, the District has given ground leases on District properties to the Osceola School Board Leasing Corporation, Inc., with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the various Ground Lease Agreements for the benefit of the securers of the Certificates for a period of time specified by the arrangement as follows:

Certificates	Lease Term
Series 2009, Refunding	Earlier of date paid in full or June 30, 2024
Series 2010	Earlier of date paid in full or April 30, 2027
Series 2013, Refunding	Earlier of date paid in full or June 30, 2028
Series 2014, Refunding	Earlier of date paid in full or June 30, 2028
Series 2015, Refunding	Earlier of date paid in full or August 30, 2024
Series 2017, Refunding	Earlier of date paid in full or June 30, 2027

The District properties included in the ground leases under this arrangement include the following:

Certificates	Description of Properties
Series 2009, Refunding	Poinciana High School (correct defects/deficiencies to original construction), Horizon Middle School, Osceola High School Classroom Addition and Labs, and Kissimmee Elementary
Series 2010	Osceola High School Renovations, Thacker Avenue Elementary School Renovations, and Highlands Elementary School Renovations
Series 2013, Refunding	Liberty High School and Chestnut Elementary School
Series 2014, Refunding	Poinciana High School (correct defects/deficiencies to original construction), Kissimmee Elementary School, Liberty High School, and Chestnut Elementary School
Series 2015, Refunding	Four Corners Charter School
Series 2017, Refunding	Celebration High School, Poinciana High School Auditorium, and the Osceola County School for the Arts

The lease payments are payable by the District, semiannually, on June 1 and December 1 for Series 2009, 2013, 2014 and 2017; February 1 and August 1 for Series 2015; and a bullet maturity due on April 1, 2027 for Series 2010. The following is a schedule by years of future minimum lease payments under the lease agreements together with the present value of minimum lease payments as of June 30:

					C	OPs from Di			
		CC	ϽΡs		_	and Direct	Place	ements	
Fiscal Year Ending June 30		Principal	l Interest		Principal		Interest		 Total
2020	\$	3,890,000	\$	4,404,828	\$	6,435,000	\$	1,383,839	\$ 16,113,667
2021		4,075,000		4,224,328		6,575,000		1,243,269	16,117,597
2022		4,235,000		4,059,503		6,725,000		1,099,616	16,119,119
2023		4,405,000		3,886,303		6,870,000		952,671	16,113,974
2024		4,615,000		3,677,940		7,020,000		802,538	16,115,478
2025-2028		57,085,000		10,444,195		31,040,000		1,476,887	 100,046,082

Plus: Unamortized Premiums		2,906,051							
Total Certificates of Participation	\$	81,211,051			\$	64,665,000			

#### Qualified School Construction Bonds

The District issued Certificates of Participation (COPs) dated April 29, 2010, under the Qualified School Construction Bond (QSCB) Program pursuant to Section 54F of the United States Internal Revenue Code of 1986 as amended (the Code). The QSCB Program provides for an issuer interest rate subsidy on certain bonds or COPs. The School District of Osceola County received an approved allocation of funds from the Florida Department of Education sufficient for the designation of the Series 2010A COP as a QSCB under the Code. Pursuant to Section 6431 of the Code, the District has elected to receive Federal subsidy payments (the Issuer Subsidy) from the United States Treasury on each interest payment date for the Series 2010A Certificates in an amount equal to the lesser of the amount of interest payable with respect to the Series 2010A Certificates if the interest were determined at the applicable tax credit rate pursuant to Section 54aA(b)(3) of the Code. The tax credit rate which would have been applicable to the Series 2010A Certificates is 5.8 percent.

The Series 2010A Certificates were issued in the amount of \$40,500,000. Interest payments are to be made to the holders of the Certificates on April 1<sup>st</sup> and October 1<sup>st</sup> of each year at the stated coupon rate of 6.658 percent with the Issuer Subsidy received by the District on the same date. The principal amount of the Certificates is to be repaid in one lump sum on April 1, 2027. Currently, the District deposits \$2,311,849 into a Sinking Fund annually on April 1<sup>st</sup>. The accumulated amount in this fund plus interest at a projected 3 percent is to be used to repay the principal amount of these certificates upon maturity.

#### 8. BONDS PAYABLE

Bonds payable at June 30, 2019, are as follows:

Bond Type	(	Amount Outstanding	Interest Rates (Percent)	Annual Maturity To	 Original Amount
State School Bonds:					
Series 2010A, Refunding	\$	365,000	5.0	2022	\$ 1,205,000
Series 2011A, Refunding		580,000	3.0 - 5.0	2023	1,135,000
Series 2014A, Refunding		1,123,000	3.0 - 5.0	2025	1,796,000
Series 2014B, Refunding		25,000	2.0	2020	1,811,000
Series 2017A, Refunding		831,000	5.0	2026	986,000
District Revenue Bonds:					
Sales Tax Revenue Series 2015		23,182,000	2.29	2025	30,087,000
Sales Tax Revenue Series 2017		14,105,000	1.72	2024	19,420,000
Capital Outlay Sales Tax Rev. Series 2017		81,530,000	2.76	2033	86,250,000
Total Bonds		121,741,000			
Plus: Unamortized Bond Premium		375,112			
Total Bonds Payable	\$	122,116,112			

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

#### State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

#### District Revenue Bonds

The School Board issued Sales Tax Revenue Bonds, Series 2007A and 2007B on April 12, 2007, totaling \$47,580,000 and \$32,255,000, respectively. These bonds are authorized by Chapter 1001, Florida Statutes and Chapter 212, Part I, Florida Statutes. A resolution providing for the issuance of the bonds was adopted by the Board on March 20, 2007. Proceeds of the discretionary local government infrastructure sales tax surtax received by the District pursuant to an interlocal agreement between Osceola County, the cities of Kissimmee and St. Cloud, and the District are pledged for the payment of bonds. Proceeds of the 2007A bonds were used to finance the acquisition, construction, reconstruction, renovation, and equipping of certain capital improvements and educational facilities within the District. Proceeds of the 2007B bonds were used to advance-refund a portion of the District's outstanding Sales Tax Revenue Bonds, Series 2001.

On July 17, 2015, the District issued Sales Tax Revenue Bonds, Series 2015. Proceeds of the 2015 bonds were used to advance-refund a portion of the Series, 2007A bonds. On September 21, 2016, the District reissued the Sales Tax Revenue Bonds, Series 2015 to modify the terms of bond and reduce the interest rate payable on the outstanding principal balance of the bonds. On June 16, 2017, the District issued Sales Tax Revenue Bonds, Series 2017, to refund a portion of the Series, 2007B.

The Sales Tax Revenue Bonds, Series 2015 contains a provision by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of 6 percent, in excess of the rate of interest on the bonds, until the default.

In November 2016, Osceola County voters approved by referendum the imposition of a one-half cent discretionary sales surtax to be effective beginning January 1, 2017, and ending December 31, 2036. A resolution providing for the issuance of the Capital Outlay Sales Tax Revenue Bonds, Series 2017, was adopted by the Board on May 2, 2017, and pledging the one-half cent discretionary sales surtax for the principal and interest payments of the bonds. On May 11, 2017, the District issued bonds in the amount of \$86,250,000. The proceeds of the bonds will be used for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses, land acquisition, land improvement, design and engineering costs, retrofitting and providing for technology implementation, including hardware and software, for the various sites within the District.

The Capital Outlay Sales Tax Revenue Bonds, Series 2017 contain provisions by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of Prime plus 8 percent, to the lesser of 18 percent or the maximum allowed rate by law.

The District has pledged a combined total of \$138,103,122 of discretionary and capital outlay surtax sales revenues (sales tax revenues) in connection with the 2015 and 2017 Sales Tax Revenue and 2017 Capital Outlay Sales Tax Bond issues described above. During the 2018-19 fiscal year, the District recognized sales tax revenues totaling \$47,849,163 and expended \$13,588,427 (28 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt, or June 1, 2033. Assuming a nominal growth rate in the collection of sales tax revenues, which are levied through June 30, 2033, approximately 16 percent of this revenue stream has been pledged in connection with debt service on the revenue bonds.

#### 9. CHANGES IN LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities:

Description		Balance 7-1-2018		Additions		Deductions		Balance 6-30-2019		Due in One Year	
GOVERNMENTAL ACTIVITIES											
Bonds Payable	\$	4,020,265	\$	-	\$	721,153	\$	3,299,112	\$	643,279	
Bonds from Direct Borrowings and											
Direct Placements		129,277,000		-		10,460,000		118,817,000		10,706,000	
Certificates of Participation Payable		87,368,988		-		6,157,937		81,211,051		4,227,937	
COP from Direct Borrowings and											
Direct Placements		68,750,000		-		4,085,000		64,665,000		6,435,000	
Educational Facilities Benefit District											
Agreement Payable		9,001,150		-		351,584		8,649,566		395,361	
Impact Fee Credit Vouchers		3,172,259		-		1,499,591		1,672,668		-	
Net Pension Liability		258,939,059		136,483,947		134,904,223		260,518,783		2,189,810	
Other Postemployment Benefits Payable		20,235,836		1,940,635		1,124,559		21,051,912		1,424,189	
Compensated Absences Payable		41,594,978		7,634,769		4,864,221		44,365,526		2,677,014	
Total Governmental Activities	\$	622,359,535	\$	146,059,351	\$	164,168,268	\$	604,250,618	\$	28,698,590	

The District's outstanding COPs from direct borrowings and direct placements totaled \$64,665,000, and \$118,817,000 for bonds. Information related to securities pledged as collateral and events of default provisions related to COPs and bonds are discussed in Note 7 and Note 8, respectively.

The District issues educational impact fee credits in exchange for land in connection with the construction of school facilities within the Bellalago Educational Facilities Benefit Districts (BEFBD) and Flora Ridge Educational Facilities Benefit District (FREFBD). Impact fee credits issued to the BEFBD are related to the K-8 portion of the educational impact fees authorized, while the FREFBD impact fee credits are related to the K-5 portion of the educational impact fees authorized. As of June 30, 2019, the balance of unused impact fee credits included \$236,172 for BEFBD; \$1,423,021 for FREFBD; and \$13,475 for KOA-Fountains at San Remo.

For the governmental activities, compensated absences, pension, and other postemployment benefits are generally liquidated with resources of the General Fund.

Total Fund Balances	\$ 68,951,189	\$		\$	43,273,872	\$	170,439,446	\$	47,376,404	\$	330,040,911

The following is a schedule of fund balances by category at June 30, 2019:

In addition to committed and assigned fund balance categories discussed in the Fund Balance Policies note disclosures, fund balance may be classified as follows:

# Nonspendable Fund Balance

Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash. The District has inventory of \$3,189,511 classified as nonspendable.

# <u>Restricted Fund Balance</u>

Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance. The District has a total of \$275,754,021 in restricted fund balance as of June 30, 2019.

# Unassigned Fund Balance

The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. As discussed in the Fund Balance Policies note

disclosure, the District has set aside "contingency reserves" as per School Board Rule 7.10. The contingency funds of \$32,200,000 are included as part of the unassigned general fund balance of \$44,243,507.

#### 11. RETIREMENT PLANS

#### ▶ FLORIDA RETIREMENT SYSTEM (FRS) – DEFINED BENENFIT PENSION PLANS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code, wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$34,759,897 for the fiscal year ended June 30, 2019.

#### FRS Pension Plan

<u>Plan Description.</u> The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- FRS, Regular Class Members of the FRS who do not qualify for membership in the other classes.
- FRS, Elected County Officers Class Members who hold specified elective offices in local government.
- FRS, Senior Management Service Class Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

<u>Benefits Provided.</u> Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

<u>Contributions.</u> The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2018-19 fiscal year were as follows:

	Percent o	f Gross Salary
Class or Plan	Employee	Employer (A)
FRS, Regular	3.00	8.26
FRS, Elected County Officers	3.00	48.70
FRS, Senior Management	3.00	24.06
DROP - Applicable to Members from		
All of the Above Classes or Plans	0.00	14.03
Florida Retirement System, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Program.

(B) Contribution rates are dependent upon retirement class or plan in which reemployed.

The District's contributions to the Plan totaled \$18,056,535 for the fiscal year ended June 30, 2019.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.</u> At June 30, 2019, the District reported a liability of \$171,410,402 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The District's proportionate share of the net pension liability was based on the District's 2017-18 fiscal year contributions relative to the total 2017-18 fiscal year contributions of all participating members. At June 30, 2018, the District's proportionate share was 0.570426911 percent, which was an increase of 0.000058511 from its proportionate share measured as of June 30, 2017.

For the fiscal year ended June 30, 2019, the District recognized pension expense of \$28,350,654 related to the Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and				
actual experience	\$	14,555,359	\$	528,291
Change of assumptions		56,140,964		-
Net difference between projected and actual				
earnings on FRS pension plan investments		-		13,274,845
Changes in proportion and differences between				
District FRS contributions and proportionate				
share of contributions		3,396		3,841,885
District FRS contributions subsequent to				
the measurement date		18,056,535		-
Total	\$	88,756,254	\$	17,645,021

The deferred outflows of resources related to pensions, totaling \$18,056,535, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	 Amount
2020	\$ 20,919,853
2021	13,955,248
2022	1,036,583
2023	9,517,585
2024	6,638,047
Thereafter	 987,382
Total	\$ 53,054,698

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	7.00 percent, net of pension plan investment expense,
	induding inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

			Compound	
	Target	Annual	Annual	
	Allocation	Arithmetic	(Geometric)	Standard
Asset Class	(A)	Return	Return	Deviation
Cash	1%	2.9%	2.9%	1.8%
Fixed Income	18%	4.4%	4.3%	4.0%
Global Equity	54%	7.6%	6.3%	17.0%
Real Estate	11%	6.6%	6.0%	11.3%
Private Equity	10%	10.7%	7.8%	26.5%
Strategic Investments	6%	6.0%	5.7%	8.6%
Total	100%			
Assumed inflation - Mean			2.6%	1.9%

Note: (A) As outlined in the Plan's investment policy.

<u>Discount Rate.</u> The discount rate used to measure the total pension liability was 7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2018 valuation was updated from 7.1 percent to 7 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.</u> The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6 percent) or 1 percentage point higher (8 percent) than the current rate:

	1%		Current	1%
	Decrease	Γ	Discount Rate	Increase
	 6%		7%	 8%
District's proportionate share of				
the net pension liability	\$ 312,831,171	\$	171,410,402	\$ 53,952,091

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the Pension Plan.</u> At June 30, 2019, the District reported a payable of \$829,844 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2019.

## HIS Pension Plan

<u>Plan Description</u>. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

<u>Benefits Provided</u>. For the fiscal year ended June 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

<u>Contributions.</u> The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2019, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$4,861,173 for the fiscal year ended June 30, 2019.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.</u> At June 30, 2019, the District reported a net pension liability of \$89,108,381 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The District's proportionate share of the net pension liability was based on the District's 2017-18 fiscal year contributions relative to the total 2017-18 fiscal year contributions of all participating members. At June 30, 2018, the District's proportionate share was 0.845269481 percent, which was a decrease of 0.003726575 from its proportionate share measured as of June 30, 2017.

For the fiscal year ended June 30, 2019, the District recognized pension expense of \$6,409,243. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	 Deferred Outflows of Resources		erred Inflows Resources
Differences between expected and			
actual experience	\$ 1,369,658	\$	151,996
Change of assumptions	9,949,532		9,458,911
Net difference between projected and actual			
earnings on HIS pension plan investments	54,003		-
Changes in proportion and differences between			
District HIS contributions and proportionate			
share of HIS contributions	291,298		1,814,503
District contributions subsequent to the			
measurement date	 4,861,173		-
Total	\$ 16,525,664	\$	11,425,410

The deferred outflows of resources, totaling \$4,861,173, was related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Year Ending June 30 Amour	
2020	\$	884,497
2021		880,420
2022		458,739
2023		(115,449)
2024		(1,281,442)
Thereafter		(587,684)
Total	\$	239,081

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.87 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB. While an experience study had not been completed for the plan, the FRS Actuarial Assumptions Conference reviewed the actuarial assumptions for the plan.

<u>Discount Rate.</u> The discount rate used to measure the total pension liability was 3.87 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The municipal bond rate used in the 2018 valuation was updated from 3.58 percent to 3.87 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.</u> The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.87 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.87 percent) or 1 percentage point higher (4.87 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	2.87`%	3.87%	4.87%
District's proportionate share of			
the net pension liability	\$ 101,489,224	\$ 89,108,381	\$ 78,788,230

<u>Pension Plan Fiduciary Net Position.</u> Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the Pension Plan.</u> At June 30, 2019, the District reported a payable of \$13,893 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2019.

<u>Pension Plan Aggregates.</u> The aggregate amount of net pension liability, related deferred outflows of resources and deferred inflows of resources, and pension expense for the District's defined pension plans are summarized below:

	Pension Plan	HIS Plan	Total
Net pension liability	\$ 171,410,402	\$ 89,108,381	\$ 260,518,783
Deferred outflows of resources	88,756,254	16,525,664	105,281,918
Deferred inflows of resources	17,645,021	11,425,410	29,070,431
Pension expense	28,350,654	6,409,243	34,759,897

## ► FRS – DEFINED CONTRIBUTION PENSION PLAN

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the Investment Plan member's accounts during the 2018-19 fiscal year were as follows:

	Percent of
	Gross
Class	Compensation
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2019, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$3,862,628 for the fiscal year ended June 30, 2019.

<u>Payables to the Pension Plan.</u> At June 30, 2019, the District reported a payable of \$116,825 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2019.

### 12. OTHER POSTEMPLOYMENT BENEFITS PAYABLE

#### Plan Description

The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, may continue to participate in the District's health and hospitalization plan for medical and prescriptions and life insurance coverage. Such provisions may be amended at any time by further action from the Florida Legislature. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan, on average, than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or another entity.

#### Benefit Terms and Employees Covered

Plan contribution requirements and benefit terms of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. As of the valuation date, June 30, 2017, there were 6,147 active plan members and 186 inactive plan members or beneficiaries receiving benefits. There are no inactive plan members entitled to benefits not yet receiving benefits, and 276 active participants that receive postemployment life insurance benefits.

### > <u>Total OPEB Liability</u>

The District's total OPEB liability of \$21,051,912 was measured as of June 30, 2018 and was determined by an actuarial valuation as of June 30, 2017, and update procedures were used to determine the total OPEB liability as of June 30, 2018.

#### Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2017, actuarial valuation was determined using the following actuarial assumption and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2017
Measurement Date	June 30, 2018
Actuarial Cost Method	Entry Age Normal cost method
Inflation	2.50%
Discount Rate	3.62%
Salary Increases	FRS 7/1/2016 Actuarial Valuation 3.7% - 7.8%, including inflation
Retirement Age	Rates used in the 7/1/2016 FRS Actuarial Valuation based on a statewide experience study from 2008 to 2013
Mortality	RP-2000, Scale BB used on the 7/1/2016 FRS actuarial Valuation, based on the results of a statewide experience study from 2008 to 2013
Healthcare Cost Trend Rates	Getzen Model with trend starting at 7% for 2018, 6.75% for 2019 and gradually decreasing to an ultimate trend rate of 4.24% plus .46% increase for excise tax
Aging Factors	2013 SOA Study "Health Care Costs-From Birth to Death"
Administrative Expenses	Included in the per capita costs developed for the reporting year

The District selected the economic, demographic, and health care claim cost assumption used in the June 30, 2017 valuation. The current actuary provided guidance with respect to the economic assumptions demographic assumptions, the health care participation rate assumption, and the spouse coverage election rate assumption. The demographic assumptions were based on those employed in the July 1, 2016, Defined Benefit Pension Plan

Actuarial Valuation of the FRS, which were developed by the FRS from an Actuarial Experience Study. These include assumed rates of future termination, mortality, disability and retirement. In addition, salary increase assumptions for development of the pattern of the normal cost increases were the same as those used by the FRS.

### Changes to the Total OPEB Liability

Below are the details regarding the total OPEB liability for the period from June 30, 2018, to June 30, 2019.

	Total OPEB Liability			
Balance Recognized at 6/30/2018	\$	20,235,836		
Changes for the Fiscal Year:				
Service Cost		1,195,877		
Interest on the Total OPEB Liability		744,758		
Changes in Assumptions and Other Inputs		(83,594)		
Benefit Payments		(1,023,065)		
Adjustment - error correction		(17,900)		
Net Changes		816,076		
Balance as of 6/30/2019	\$	21,051,912		

Changes of assumptions and other inputs reflect a change in the discount rate from 3.56 percent as of the beginning of the measurement period, to 3.62 as of June 30, 2018. In addition, the healthcare trend rates were revised as of June 30, 2018, based on Getzen Model latest trend survey, with adjustments based on the provisions of the benefits sponsored by the District.

### Discount Rate

The District has no plan assets held in trust to finance the OPEB plan liability. Therefore, the discount rate in the calculation of the total OPEB liability is equal to the tax-exempt municipal bond rate based on a 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of the OPEB plan valuation, the municipal bond rate was 3.62 percent (based on the daily rate closest to, but no later than the measurement date of the "Fidelity's 20-Year Municipal GO AA Index"). The discount rate was 3.56 percent as of the beginning of the measurement period.

#### Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.62 percent) or 1 percentage point higher (4.62 percent) than the current discount rate:

	Decrease 2.62%		D	iscount Rate 3.62%	Increase 4.62%		
Total OPEB Liability	\$	22,433,746	\$	21,051,912	\$	19,692,625	

## > Sensitivity to the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percent point lower and 1 percent point higher that the current healthcare cost trend rates:

	Health Care Cost							
	1	% Decrease		Frend Rate	1	% Increase		
Total OPEB Liability	\$	18,721,340	\$	21,051,912	\$	23,831,155		

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of \$1,859,146. At June 30, 2019 the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Dutflows	Deferred Inflows		
Changes of assumptions of other inputs Benefits paid subsequent to the measurement date	\$ - 1,424,189	\$	797,586 -	
Total	\$ 1,424,189	\$	797,586	

The deferred outflows of resources related to OPEB, totaling \$1,424,189, resulting from District benefits paid subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30	 Amount			
2020	\$ (81,490)			
2021	(81,490)			
2022	(81,490)			
2023	(81,490)			
2024	(81,490)			
Thereafter	 (390,136)			
Total	\$ (797,586)			

#### 13. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The following is a summary of interfund receivables and payables reported in the fund financial statements:

		Inter	rfund			
Funds	R	eceivables	Payables			
Major:						
General	\$	4,927,920	\$	-		
Special Revenue:						
Other Federal Programs		-		3,619,429		
Nonmajor Governmental		-		1,308,491		
Total	\$	4,927,920	\$	4,927,920		

The interfund amounts represent temporary loans to cover expenditures incurred prior to reimbursement from outside sources. These amounts are expected to be repaid within one year. The following is a summary of interfund transfers reported in the fund financial statements:

		rfund				
Funds	Transfer		T	ransfers Out		
Major:						
General	\$	16,003,603	\$	10,500,000		
Capital Projects:						
Nonvoted Capital Improvement		-		25,647,605		
Other		-		20,062,957		
Nonmajor Governmental		29,706,959		-		
		45,710,562		56,210,562		
Internal Service Funds		10,500,000		-		
Total	\$	56,210,562	\$	56,210,562		

The major transfers out of the Capital Projects funds were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The transfer out of General Fund into Internal Service Funds was for additional funding for the Health Insurance Trust Fund. The remaining transfers between funds were operational in nature.

### 14. SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2018-19 fiscal year:

Source	 Amount		
Florida Education Finance Program	\$ 273,368,538		
Categorical Educational Program - Class Size Reduction	72,849,850		
Charter School Capital Outlay	6,474,530		
Workforce Development Program	6,263,959		
Voluntary Prekindergarten Program	2,262,031		
CO&DS (Capital Outlay & Debt Service) Distributed	1,883,722		
School Recognition	1,352,819		
CO&DS Withheld for SBE Bonds	761,748		
Public Education Capital Outlay	703,422		
School Lunch Supplement	270,070		
District Discretionary Lottery	231,708		
School Breakfast Supplement	217,807		
State License Tax	174,289		
Performance Based Incentives	135,356		
Miscellaneous State Revenue	 4,248,605		
Total	\$ 371,198,454		

Accounting policies relating to certain State revenue sources are described in Note 1.

#### **15. PROPERTY TAXES**

The following is a summary of millages and taxes levied on the 2018 tax roll for the 2018-19 fiscal year; taxes levied are stated at 96 percent of the actual tax roll levy to allow for early payment discounts and uncollectable amounts:

	Millages	Taxes Levied		
GENERAL FUND				
Nonvoted School Tax:				
Required Local Effort (RLE)	4.161	\$ 109,526,186		
RLE Prior Period Adjustment	0.002	52,645		
Basic Discretionary Local Effort	0.748	19,688,918		
CAPITAL PROJECTS - LOCAL CAPITAL IMPROVEMENT FUND				
Nonvoted Tax:	1.500	39,483,124		
Local Capital Improvements	6.411	\$ 168,750,873		

### 16. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

#### Encumbrances

Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2019:

	Major				
		Capital			
	Special	Projects -			
	Revenue -	Nonvoted	Capital	Nonmajor	Total
	Other Federal	Capital	Projects -	Governmental	Governmental
General	Programs	Improvement	Other	Funds	Funds
\$ 4,231,5	62 \$ 801,707	\$ 1,590,401	\$ 51,953,719	\$ 7,650,853	\$ 66,228,242

Encumbrances for the Special Revenue – Other Federal Programs fund totaling \$801,707 represent commitments that will be expensed in the subsequent period.

The rest of this page intentionally left blank.

# Construction Contracts

The following is a summary of major construction contract commitments remaining at fiscal year-end:

Description		Contract Amount	Total Completed		Balance Committed	
Celebration Island Village		Amount		ompieteu		ommitted
Contractor-pre construction services	\$	79,316	\$	34,180	\$	45,136

### **17. RISK MANAGEMENT PROGRAMS**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Effective May 1, 2010, for property insurance and effective July 1, 2010 for all other casualty and workers' compensation coverage, the School Board implemented a stand-alone program of self-insurance and excess insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

The Board established the Osceola County School Board Group Health and Life Insurance Trust to provide for a health, hospitalization, and life insurance program. These programs are accounted for in the District's internal service funds. The program is on a self-insured basis up to specified limits. The District did not elect to purchase the aggregate stop-loss coverage due to the rising premium cost and the high attachment point. The District elected to continue coverage for a specific stop-loss for any one claim of \$850,000. The Board has contracted with a professional administrator to administer the self-insurance program, including the processing, investigating, and payment of claims. A liability in the amount of \$5,272,000 was actuarially determined to cover estimated incurred, but not reported, insurance claims payable for the group health program at June 30, 2019.

Effective July 1, 2003, the District's general liability and auto liability programs were established on a self-insured basis. These programs are administered by the Trust and are accounted for in the District's internal service funds. A liability of \$474,978 was established based on reserves for outstanding claims at June 30, 2019, as reported by the program administrator.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance programs:

Fiscal Year	Fi	ginning-of- scal-Year Liability	Claims and Changes in Estimates		Changes in Paymen		Balance at Fiscal Year-End		
2017-18 2018-19	\$	4,324,901 4,321,753	\$	58,168,381 62,377,862	\$	(58,171,529) (60,952,637)	\$	4,321,753 5,746,978	

### **18. BOND RATINGS**

As of June 30, 2019, the District's Certificates of Participation, Series 2009, is insured by Assured Guaranty Corporation, with bond ratings of Aa3 by Moody's and AA by Standard & Poor's. The Districts Certificates of Participation, Series 2010, Series 2013, Series 2014, Series 2015 and Series 2017 are uninsured.

### **19. LITIGATION**

The District is involved in several threatened and pending legal actions. In the opinion of the District's legal counsel and management, it is not probable that a material loss will occur from these actions.

### 1. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.
- The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund-function level. The Board made several supplemental budgetary appropriations throughout the year. Supplemental budgetary appropriations are presented in budget and actual comparison statements by original budget and final budget amounts and discussed in the Management's Discussion and Analysis (MD&A).

# 2. SCHEDULE OF CHANGES IN THE TOTAL OTHER POSTEMPLOYMENT BENEFITS PLAN LIABILITY AND RELATED RATIOS

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

The discount rate was changed from 3.56 percent as of the beginning of the measurement period to 3.62 percent as of June 30, 2018 to reflect changes in Fidelity's 20-Year Municipal GO AA Index.

# 3. SCHEDULE OF NET PESION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – FLORIDA RETIREMENT PENSION PLAN

Changes in Assumption: The long-term expected rate of return was decreased from 7.1 percent to 7 percent, and the active member mortality assumption was updated.

# 4. SCHEDULE OF NET PESION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – HEALTH INSURANCE SUBSIDY PENSION PLAN

Changes in Assumption: The municipal bond rate used to determine total pension liability was increased from 3.58 percent to 3.87 percent.

# COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

This page left intentionally blank.

# NONMAJOR GOVERNMENTAL FUNDS

#### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

**Food Service Funds**—To account for the activities of the District's food services function. These activities are primarily funded through local charges and Federal awards.

#### Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

**State Board of Education (SBE) and Capital Outlay Bond Issue (COBI) Fund**—To account for the payment of principal, interest and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

**Other Debt Service**—To account for the payment of principal, interest and related costs for Certificates of Participation.

**ARRA Economic Stimulus Debt Service Fund**—To account for the payment of principal, interest and related costs for the Qualified School Construction Bonds.

#### Capital Projects Fund

Capital project funds are used to account for the financial resources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects.

**Public Education Capital Outlay (PECO) Fund** — To account for capital project activity funded through the State's Public Education Capital Outlay program.

**Capital Outlay and Debt Service (CO&DS) Fund** — To account for capital project activity funded by the District's portion of the state Capital Outlay and Debt Service program.

## INDIVIDUAL BUDGETARY COMPARISON SCHEDULES

These include budgetary comparison schedules for all governmental funds.

For nonmajor special revenue funds, all debt service funds, and all capital projects funds, budgetary comparison statements were not presented as part of the basic financial statements. Budgetary comparison schedules are presented as other supplementary schedules for each of these funds to demonstrate the District's compliance with its budget in each fund.

### FIDUCIARY FUNDS - AGENCY FUNDS

Agency Funds are Fiduciary Funds and are used to account for resources held by the District in a trustee capacity or as an agent for individuals or private organizations. These resources include student and club activities funds that are held in trust for student, athletic, class, club activities, etc.

# NONMAJOR DISCRETELY PRESENTED COMPONENT UNITS

The component units columns in the basic financial statements include the financial data of the District's nonmajor discretely presented component units.

**The Foundation for Osceola Education, Inc.** (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the Board, to promote education, and to encourage research, learning, and dissemination of information. Additionally, the Foundation entered into three separate charter agreements with the District to operate Bellalago Charter Academy, Canoe Creek Charter Academy, and PM Wells Charter Academy, which are considered divisions of the Foundation and are included in the Foundation's financial statements. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

**The Bellalago Educational Facilities Benefit District and the Flora Ridge Educational Facilities Benefit District** (Benefit Districts) are separate districts organized pursuant to Chapter 125, Florida Statutes, and Section 1013.355, Florida Statutes, to provide for the timely construction and maintenance of school facilities. The Benefit Districts are an alternate mechanism that allows for the sharing of educational facilities costs that are necessary to accommodate new growth and development. The Benefit Districts have imposed a specific financial burden on the Osceola County School District and are considered fiscally dependent in accordance with the criteria described in Governmental Accounting Standards Board *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600

Avant Garde Academy of Osceola, Avant Garde Academy K8 of Osceola, Bellalago Educational Facilities Benefit District, BridgePrep Academy of Osceola, Flora Ridge Educational Facilities Benefit District, Florida Aviation Academy, Florida Cyber Charter Academy at Osceola, The Foundation for Osceola Education, Inc., Four Corners Charter School, Inc., Four Corners Upper School, Lincoln-Marti Charter Schools, Inc., Main Street High School, Mater Brighton Lakes Academy, Mater Palms Academy, Mater Academy St. Cloud, New Dimensions High School, Inc., Osceola Science Charter School, Renaissance Charter School at Boggy Creek, Renaissance Charter School at Poinciana, Renaissance Charter School at Tapestry, Sports Leadership Arts Management, St. Cloud Preparatory Academy, Inc., and UCP Osceola Charter School, are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act; and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Osceola County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District.

# STATISTICAL SECTION

This page left intentionally blank.

### Introduction to the Statistical Section

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

### **Financial Trends**

- Schedule 1 Net Position by Component-Primary Government
- Schedule 2 Changes in Net Position-Primary Government
- Schedule 3 General Revenues and Total Changes in Net Position
- Schedule 4 Fund Balances, Governmental Funds
- Schedule 5 Governmental Funds Revenues
- Schedule 6 Governmental Funds Expenditures and Debt Service Ratio
- Schedule 7 Other Financing Sources and Uses and Net Change in Fund Balances-Governmental Funds

### **Revenue Capacity**

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

Schedule 8	Assessed Value and Estimated Actual Value of Taxable Property
Schedule 9	Direct and Overlapping Property Tax Rates
Schedule 10	Principal Osceola County Property Tax Payers
Schedule 11	Property Tax Levies and Collections

### Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Schedule 12 Outstanding Debt by Type

- Schedule 13 Direct and Overlapping Governmental Activities Debt
- Schedule 14 Legal Debt Margin Information
- Schedule 15 Pledged-Revenue Coverage

### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

- Schedule 16 Demographic and Economic Statistics
- Schedule 17 Osceola County Principal Employers

### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

- Schedule 18 Full-time-Equivalent District Employees by Type
- Schedule 19 Operating Statistics
- Schedule 20 Teacher Salaries
- Schedule 21 School Building Information & Unweighted Full Time Equivalent Enrollment Data

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

### Schedule 13 District School Board of Osceola County Direct and Overlapping Governmental Activities Debt As of June 30, 2019 Unaudited

Governmental Unit	 Debt Outstanding	Estimated Percentage Applicable	 Estimated Share of Direct and Overlapping Debt
Osceola County			
Limited General Obligation Bonds	\$ 23,278,000	100.00%	\$ 23,278,000
Revenue Bonds	455,414,000	100.00%	455,414,000
Special Assessment Bonds	1,595,000	100.00%	 1,595,000
Subtotal, overlapping debt			 480,287,000
District direct debt			 276,641,730
Total direct and overlapping debt			\$ 756,928,730

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Osceola County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

#### Notes:

This schedule was previously presented as a requirement of Rule 6A-1.037(2) State Board of Education,

Florida Administration Code, which established a legal debt limit of 10 percent of the assessed valuation of the District. Rule 6A-1.037 was repealed in March 2006; however, management believes this information may still be of value to users.

The accompanying notes are an integral part of this schedule. Notes:

(1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Osceola County District School Board under programs of the Federal Government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

(2) <u>Summary of Significant Account Policies</u>. Expenditures are reported on the modified accrual basis of accounting. Such expenditures are recognized as the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Hurricane Education Recovery. The District incurred \$5,164,122 in expenditures for the Hurricane Education Recovery grant in the 2017-18 fiscal year.

(4) Indirect Cost Rate. The District has not elected to use the 10 percent de minimus cost rate allowed under the Uniform Guidance.

(5) Noncash Assistance: National School Lunch Program - Includes \$2,590,440 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Osceola County District School Board as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 11, 2019, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the school internal funds and the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

# Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a

timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida December 11, 2019 Audit Report No. 2020-077

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

# **Report on Compliance for Each Major Federal Program**

We have audited the Osceola County District School Board's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2019. The District's major Federal programs are identified in **SECTION I – SUMMARY OF AUDITOR'S RESULTS** of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

# Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

# Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

# **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2019.

### **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as Federal Awards Finding No. 2019-001. Our opinion on each major Federal program is not modified with respect to this matter.

The District's response to the noncompliance finding identified in our audit is described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** Federal Awards Finding No. 2019-001. The District is also responsible for preparing a corrective action pan to address this finding. The District's response and the **CORRECTIVE ACTION PLAN** were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

### **Report on Internal Control Over Compliance**

District management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiency, or a combination of deficiency, or a combination of deficiency with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as Federal Awards Finding No. 2019-001, that we consider to be a significant deficiency.

The District's response to the internal control over compliance finding identified in our audit is described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** Federal Awards Finding No. 2019-001. The District is also responsible for preparing a corrective action plan to address this finding. The District's response and the **CORRECTIVE ACTION PLAN** were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida December 11, 2019 Audit Report No. 2020-077

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS

# SECTION I – SUMMARY OF AUDITOR'S RESULTS

# **Financial Statements**

Type of auditor's report issued on whether the financial statements audited were prepared in accordance with GAAP:	Unmodified
Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Noncompliance material to financial statements noted?	No
Federal Awards	
Internal control over major Federal programs:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	Yes
Type of auditor's report issued on compliance for major Federal programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	Yes
Identification of major Federal programs:	
CFDA Numbers: 10.553, 10.555, and 10.559 84.938 (A, B, and C)	Name of Federal Program or Cluster: Child Nutrition Cluster Hurricane Education Recovery
Dollar threshold used to distinguish between type A and type B programs:	\$2,654,792
Auditee qualified as low risk auditee?	Yes

# SECTION II – FINANCIAL STATEMENT FINDINGS

No matters are reported.

# SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

# **U.S. DEPARTMENT OF EDUCATION**

Finding Number CFDA Number Program Title Compliance Requirement Pass-Through Entity	2019-001 84.938C Hurricane Education Recovery – Temporary Emergency Impact Aid for Displaced Students (Emergency Impact Aid) Special Tests and Provisions – Documentation of Enrollment Status Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S938C180014 – Funding period: 8/15/2018 – 12/31/2018
Statistically Valid Sample Finding Type Questioned Costs Prior Year Finding	No Noncompliance and Significant Deficiency \$10,977 Not Applicable
Finding	The District misreported data for 1,694 displaced students to the FDOE, resulting in questioned costs totaling \$10,977 for the Emergency Impact Aid program.
Criteria	According to United States Department of Education frequently asked questions and related responses for the Emergency Impact Aid program, school districts are required to report to the FDOE the number of displaced students enrolled in District schools by category (e.g., students with disabilities, English learners without disabilities, and other displaced students) and funding is based on each student's respective category.
Condition	In the 2018-19 fiscal year, the District received Emergency Impact Aid program funds totaling \$5,164,122 for 6,451 students who were displaced as a result of Hurricanes Harvey, Irma, and Maria. As part of our audit, we examined District data, which listed the displaced students alphabetically, supporting the student counts reported to the FDOE. We found, and District personnel confirmed, that the District duplicated counts for 21 students, causing the District to be overfunded \$18,059 in Program funds.
	In addition, we compared the third quarter full-time equivalent student count survey report to the 2,030 displaced student classifications reported for the third quarter to the FDOE and found 555 students who were categorically misclassified. Subsequent to our comparison, the District determined, and we confirmed that, for the 2018-19 fiscal year, the total number of students categorically misclassified was 1,673, causing the District to be underfunded \$7,082 in program funds.
Cause	District personnel indicated that displaced student data was misreported because the calculation used to quantify the number of displaced students by category contained a formula error. Also, the District had not established documented, independent verifications of the accuracy of the student counts prior to reporting the counts to the FDOE.
Effect	District reporting errors caused \$10,977 in Emergency Impact Aid program questioned costs. Absent effective procedures to ensure displaced student counts are accurately reported, including documented, independent verifications of student count information, there is an increased risk of inaccurate program funding.
Recommendation	The District should enhance procedures to ensure that displaced student data is accurately reported to the FDOE. Such enhancements should include documented, independent verifications to ensure the accuracy of formulas and related calculations used to quantify the number of displaced students reported by category to the FDOE. In addition, the District should provide documentation

to the FDOE supporting the allowability of the questioned costs totaling \$10,977 or restore this amount to the Emergency Impact Aid program.

**District Response** The District will enhance its procedures to ensure accurate reporting of student data to FDOE. The Business and Fiscal Services Department will work with the Information Services Department to verify student counts reported for Federal funding. To reduce the risk of inaccurate program funding, calculations and formulas utilized to identify student funding classifications or categories (e.g., students with disabilities, English language learners without disabilities, and other displaced students) will be reviewed and verified by the Director of Budget prior to data submission.

The District recognizes that duplicate student counts and categorical misclassifications resulted in a net overpayment of \$10,977 in Emergency Impact Aid program funds, and will contact the FDOE for guidance regarding any additional corrective action.

# **PRIOR AUDIT FOLLOW-UP**

There were no prior financial statement or Federal award findings requiring follow-up.

December 4, 2019

Osceola County District School Board Management's Corrective Action Plan For the Fiscal Year Ended June 30, 2019

Finding Number:	2019-001
Planned Corrective Action:	The District will enhance its procedures to ensure accurate reporting of student data to FDOE. The Business and Fiscal Services Department will work with the Information Services Department to verify student counts reported for Federal funding. To reduce the risk of inaccurate program funding, calculations and formulas utilized to identify student funding classifications or categories (e.g., students with disabilities, English language learners without disabilities, and other displaced students) will be reviewed and verified by the Director of Budget prior to data submission.
	The District recognizes that duplicate student counts and categorical misclassifications resulted in a net overpayment of \$10,977 in Emergency Impact Aid program funds, and will contact the FDOE for guidance regarding any additional corrective action.
Anticipated Completion Date:	March 31, 2020
Responsible Contact Person:	Sarah Graber, Chief Business and Finance Officer
