Procedures

Registration: Registration forms must be completed and a \$20 registration non-refundable fee must be paid per child, for each fiscal school year. Parents must also pay a deposit fee and the weekly fee for the 1st week of service.

All fees must be paid in advance before a child can participate in the Extended Learning Program. The deposit fee is to continue to secure a space for the child/children during an unexpected absence or the one week vacation period permitted per child.

The deposit can be refunded if the child is withdrawn from the program. All registration forms can be downloaded from the school district web site. Medical information, the Emergency Contact Form and special needs information are required. Upon written notification to the center, a child is permitted to be absent for a one week period for vacation. Any child absent from the program more than one week will be dropped from the program. If the parent desires to place the child/children back into the program, and if space is available, the parent will have to go through the registration process. If space is not available the child/children will be placed on a wait list for the school site desired.
