Dear Parent/Guardian,

We would like to inform you that your student **may** be eligible to participate the **Family Empowerment Scholarship** Program for Students with Unique Abilities (FES UA). This program was created to provide additional educational options for families of students with disabilities.

By participating in the FES UA Program, your student may have the option to attend a different public school in an adjacent district, or receive a scholarship in the form of an education savings account (ESA). FES UA funds can be used for items such as private school tuition and fees, online learning programs, private tutoring, therapies, community college costs, and other approved customized learning services and materials.

Eligibility to participate in the ESA option of FES UA is established in section 1002.394, Florida Statutes, which also sets caps on the number of students who can enter the program each year. Parents interested in the option may submit an application to one of the state’s two scholarship funding organizations (SFOs) that administer this program. Please take note of any deadlines for submission and completion of applications provided by the SFOs.

To learn more about your student’s public school options, contact your district’s school choice office. For more information on the FES UA program. Please, contact one of the SFOs bellow:
