RFQ # SDOC-06-001-FPC

Addendum # 1

This addendum is issued to address questions received and provide all Short Listed Firms with additional information.

Q. Are there site plans in the office that we can come by and review to become more familiar with site-related issues?

A. Short Listed Firms may contact the A/E of Record for copies of all current site information on new High School EEE. The site for new Elementary School I has not been selected yet. Please contact Rita Watson or David Torbet with Schenkel Shultz, at phone (407) 872-3322. Klima/Weeks is the Civil Engineer of Record.

The District is currently negotiating with developers and we are currently looking at three (3) different sites for new Elementary School I. Please contact Linda Beumel at (407) 518-2964 for preliminary site information on these 3 sites. It will not be much other than site location and approximate site size.

Q. Has an Architect been chosen for these two (2) schools?

A. District proto-type designs are being used for both schools. Schenkel Shultz is the Architect of Record for both Proto-types currently being planned.

Q. Can we make a PowerPoint presentation?

A. Yes, the conference portable is equipped with a viewing wall for PowerPoint presentations. You will need to bring your Laptop and LCD Projector. We will provide the power.

- A. Committee Members are as follows:
- Tom Greer, Board Member
 - Eric Houston, Asst. Superintendent for Maintenance & Facilities (Committee Chair)

As a reminder, please adhere to the strict requirement of no contact with selection committee members during the selection process, which concludes at the time the recommendation is taken to the Board for approval.
