This addendum is being issued to document information provided at the Pre-Bid Walk-Thru.

The question was asked; "What is the District currently paying for the Lawn Care Service at Thacker Avenue Elementary." The District is currently paying \$895.00 per month.

A portion of the Thacker Avenue Elementary campus will be under construction for approximately the first Eight (8) months of this contract. The construction is scheduled to begin around June 2009 and should be complete by January or February 2010. On the south side of the campus from where the portables are currently located to the furthest south fence line will be fenced off and under construction, the lawn contractor will not be responsible for this area. On the north side of the campus, running from north to south there will be two (2) rows of seven (7) portables a total of fourteen (14) portables, the lawn contractor will be responsible to maintain this area. The remainder of the play field where the new portables will be placed will be mowed by the County and the lawn contractor will need to mow one pass around the perimeter of the field and maintain the fence lines. The District would like the bid price submitted to reflect these changes. After construction is complete the Purchasing Department will renegotiate the pricing with the awarded contractor.
