#3 Reference page 22, Section 3.55 – Installation:

Where installation is required, the Awarded Respondent shall be responsible for placing and installing products in the required locations at no additional charge. All miscellaneous installation materials shall be included in the Total Turnkey price. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment and materials required to install or replace the product in the proper location. Awarded Respondent shall protect the site from damage and shall repair damages or injury caused during the installation by the Awarded Respondent or its employees or agents. If any alternation is required to the Building to achieve installation, the Awarded Respondent shall promptly restore the structure or site to its original condition. Awarded Respondent shall perform installation work so as to cause the least inconvenience and interference with the Customer and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order. Installation could be either new construction or retrofit of existing facilities.
