January 20, 2010

### SDOC #10-P-053 CB

Provision & Installation of Intercom Systems for the School District of Osceola County, FL

Addendum #2

**(To be attached and become a part of the RFP)**

The original solicitation documents shall remain in full force and effect, except as modified herein, and shall take precedence over any contrary provisions in the prior documents. The Bid opening date and time, Thursday, January 28, 2010 at 2:00 p.m., and location will remain the same as stated in original solicitation document.

This addendum is being issued to address questions received and to make revisions to the above referenced solicitation document.

#### A. Question:

Will the School District of Osceola County consider reviewing the requirements for having a Building Industry Consulting Service International (BICSI) and Registered Communication Distribution Designer (RCDD) certified person on staff to allow more flexibility and to encourage proposals from other contractors not just the current incumbent contractor that appears to meet the new requirements?

#### Answer:

The requirements stated the Request For Proposal (RFP) on **Page 5 of 74, Paragraph 2.0 SCOPE OF SERVICES, Item c** are not new. Although, they may not have been an expressed requirement in an informal quote, the requirement has been a part of the Technology Standard, which has been an expressed part of solicitation requirements formal or informal. The Board will not relax the Technology Standard.

Please refer to the following link to view the document, "DESIGN STANDARDS for CONSULTANTS"

<http://www.osceola.k12.fl.us/depts/Facilities/documents/SDOCDesignGuidelines10-06-09revision.pdf>

#### B. Revision:

The Pricing Sheet, Attachment "J" has been revised and is included as part of this addendum. Please use the Pricing Sheet included or your proposal may be considered non-responsive.
