Introduction

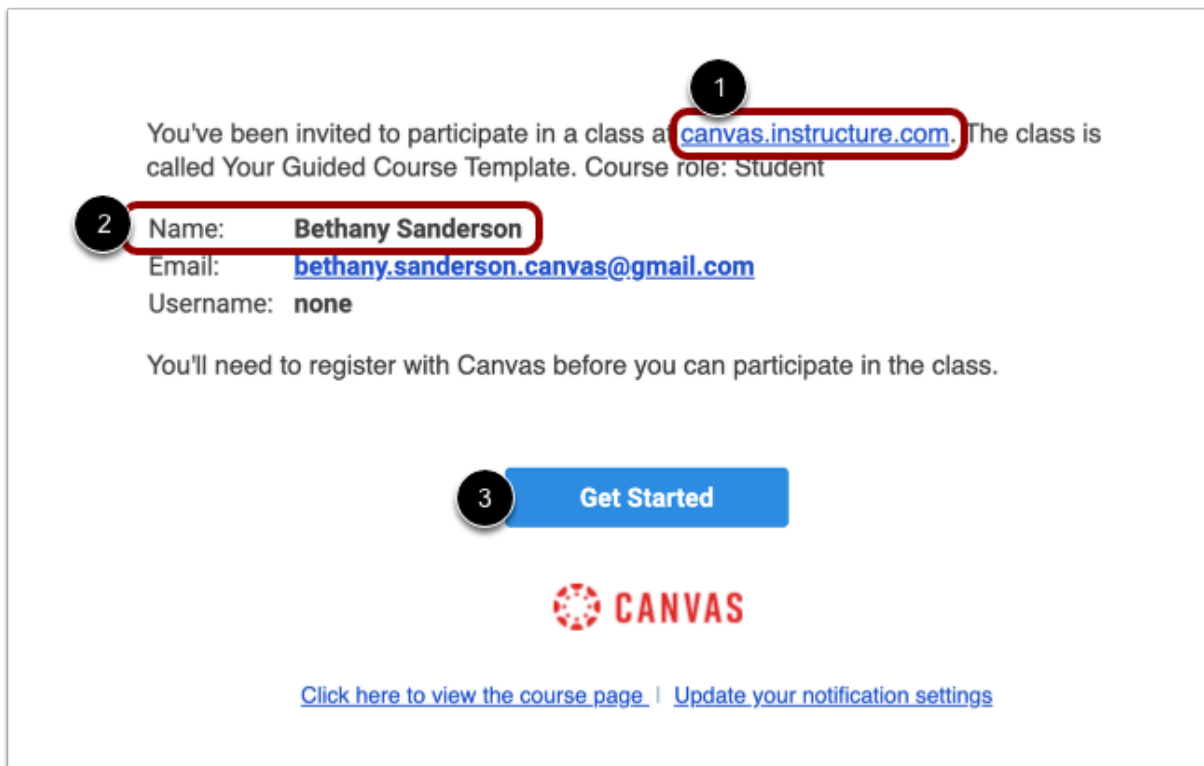

How do I accept an email invitation to join a Canvas course as a student?

If you are using Canvas through your institution, you will most likely already have a Canvas account and need to accept a course invitation before you can [log in](#). Your institution will email your login information.

However, you may also receive a course invitation where you have to create a Canvas account as part of the registration process.

Note: If your institution is using Canvas and you are having trouble with your account, contact your instructor for assistance.

Accept Course Invitation

The screenshot shows an email invitation from Canvas. It contains the following text and elements:

- 1:** A red box highlights the URL canvas.instructure.com.
- 2:** A red box highlights the name **Bethany Sanderson**.
- 3:** A blue button labeled **Get Started**.

Below the button is the Canvas logo and two links: [Click here to view the course page.](#) and [Update your notification settings](#).

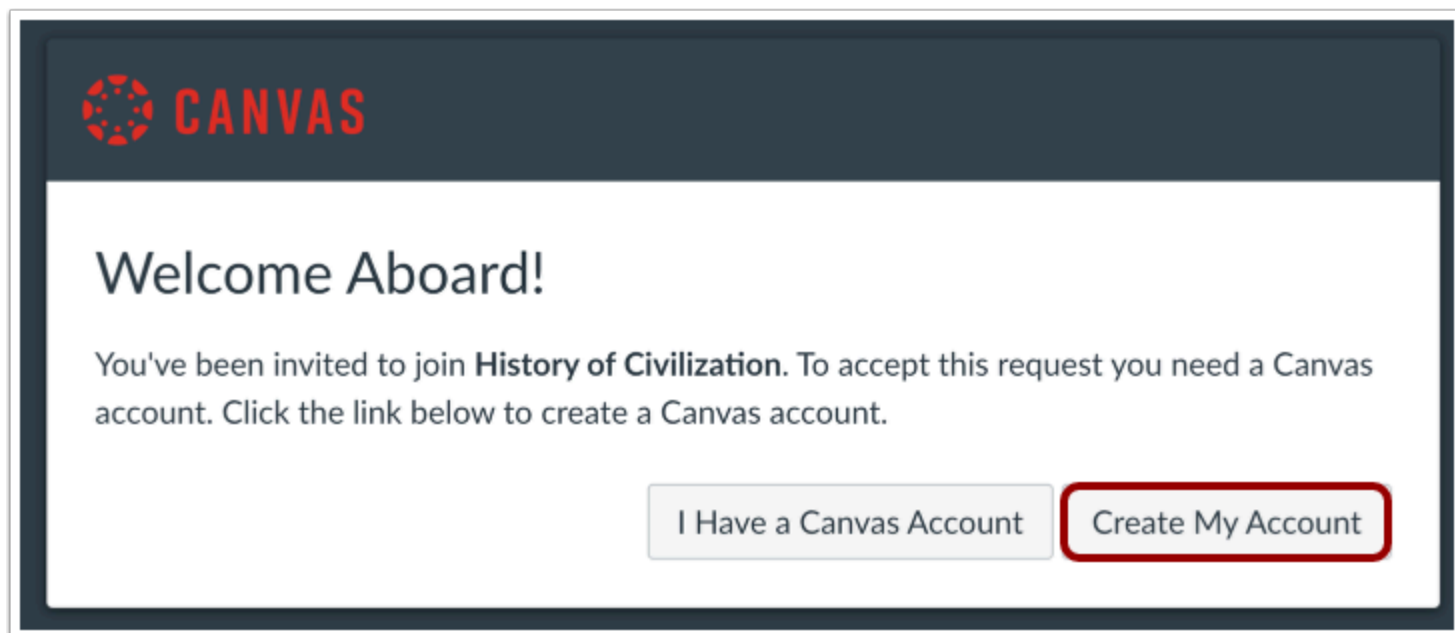

If you've enrolled in or been invited to a Canvas course, you will receive an email that contains your institution's Canvas URL [1] and your email address to use for your login [2]. To accept the course invitation, click the **Get Started** button [3].

Accept Course

Canvas will take you to your course and ask you to accept the enrollment. Click the **Accept** button.

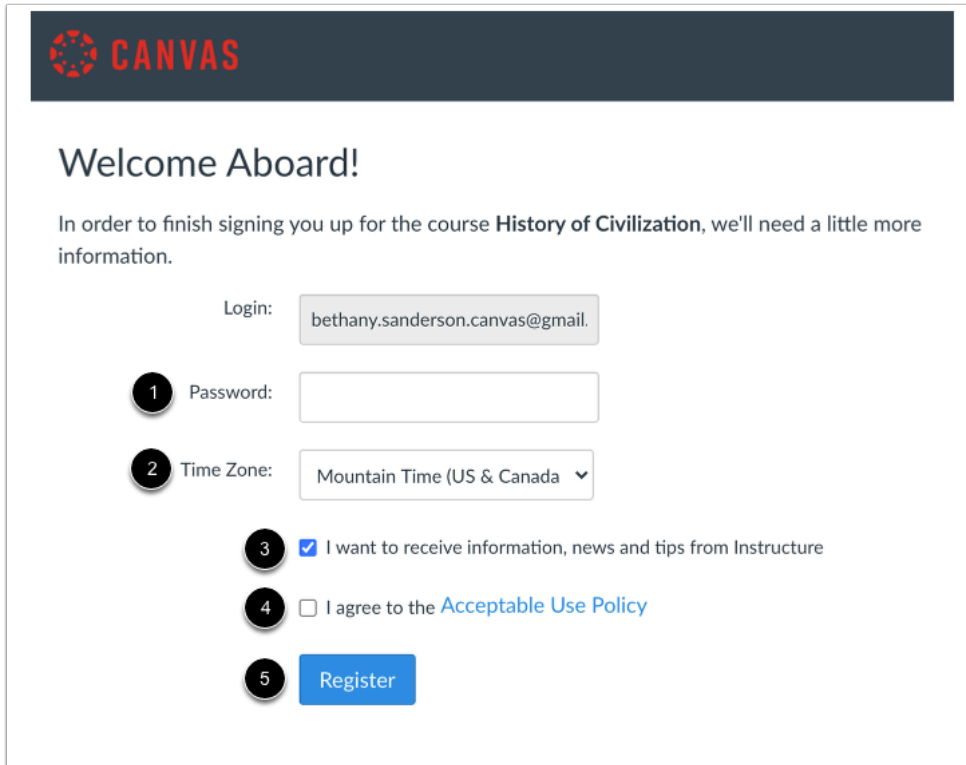

Create Canvas Account

Click the **Create My Account** button.

Note: If you already have a Canvas account, click the **I Have a Canvas Account** button. You'll be directed to the [Canvas login page](#).

Complete Registration

The screenshot shows the Canvas registration interface. At the top left is the Canvas logo. Below it, the heading "Welcome Aboard!" is displayed. A message states: "In order to finish signing you up for the course **History of Civilization**, we'll need a little more information." The form contains the following elements:

- Login:** A text input field containing the email address "bethany.sanderson.canvas@gmail".
- 1 Password:** A text input field for creating a password.
- 2 Time Zone:** A dropdown menu currently set to "Mountain Time (US & Canada)".
- 3** I want to receive information, news and tips from Instructure
- 4** I agree to the [Acceptable Use Policy](#)
- 5** **Register** button

Create a password [1] and enter your time zone [2]. Depending on your account type, you may be asked if you want to receive information, news, and tips from Instructure [3].

Select the Acceptable Use Policy checkbox [4], then click the **Register** button [5].

How do I sign up for a Canvas account with a join code or secret URL as a student?

If you do not already have a Canvas account, you need to create an account before you can [log in to Canvas](#).

If you are using Canvas through your institution, you will most likely already have an account and need to accept a course invitation. Your institution will email your login information. If you do not yet have an account, you can create an account when you accept the course invitation.

If you are not using Canvas through your institution, you can create your own account. Your instructor will provide you with a join code to link you directly to the course. This code will be sent to you separately from the Canvas email that invites you to join the course. *If you need to create an account in Canvas but have not received your join code via email, please contact your instructor or institution for help with logging in.*

Note: Once you create an account, you can request to delete your account at any time. Deleting your Canvas account cannot be undone and will delete all Canvas information including courses, assignments, grades, and participation. Do not request to have your account deleted unless you are certain you absolutely no longer require any access to your prior Canvas activity. To request to have your account deleted, [open the Help menu](#) and submit a ticket to Canvas support through the [Report a Problem](#) link.

Enter URL

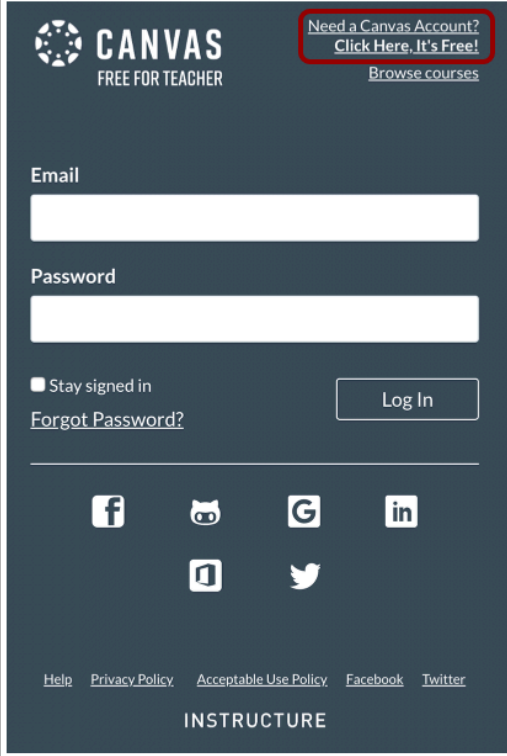

If you don't yet have an account, you can set one up for yourself without an email link.

To create your account, open a browser and type canvas.instructure.com into your browser.

Note: You must have a join code from your instructor or institution to create your account.

How can I use Canvas on my mobile device as a student?

Canvas is built on open web standards and uses minimal instances of Flash, so most features are supported on mobile devices. With the growing use of mobile devices, instructors should build their courses with best practices for mobile in mind.

Mobile Browsers

You can access Canvas from any browser on your Android/iOS device. However, mobile browsers are not supported, and features may not function as expected compared to viewing Canvas in a fully supported desktop browser.

On mobile devices, Canvas is designed to be used within Canvas mobile applications. Canvas pages within a mobile browser are only supported when an action in the app links directly to the browser, such as when a student takes certain types of quizzes. Support is not extended to pages that cannot currently be used in the app, such as Conferences or Collaborations.

Additionally, Canvas offers limited support for native mobile browsers on tablet devices. For details, please reference the [limited-support mobile browser guidelines](#).

Mobile Applications

We are actively improving our native mobile applications to support as many Canvas features as possible. Instructure has two native mobile applications for students free for download on both phones and tablets.

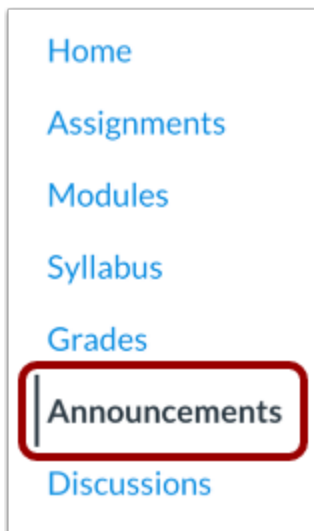

- [Canvas Student](#): This app provides access to Canvas while on the go. Depending on your device, not all Canvas features may be available on the app at this time. View [Canvas Student mobile features](#) by version and device.
- [Polls for Canvas](#): If your instructor uses polls in your courses, this app allows you to participate and share your opinion without any extra devices.

Announcements

How do I view Announcements as a student?

The Announcements Index Page allows you to view and filter announcements in your course. You can also receive new announcements via [Canvas notifications](#), view announcements on the [Recent Activity Dashboard](#), or view announcements in the [To Do list](#).

Open Announcements

In Course Navigation, click the **Announcements** link.

View Announcements

In Announcements, you can view all the announcements in your course.

Announcements are listed in reverse chronological order with the newest appearing first and the older announcements appearing towards the bottom.

Each announcement includes the title of the announcement [1], the picture of the user who posted the announcement [2], an unread indicator near unread announcements [3], the announcement post date [4], and the number of unread/total replies in the announcement [5].

Note: If an announcement shows the letter U in place of a profile picture, the announcement was imported or copied from another course in Canvas. Additionally, copied announcements do not include a posted date and time.

Filter Announcements

To view only unread or all announcements, use the filter drop-down menu [1]. Additionally, to search for an announcement, you can type an announcement title, a user name, or a keyword in the **Search** field [2].

The screenshot shows the Canvas announcement interface. At the top, there is a search bar with the text 'All' and 'Search', a lock icon with a '4' badge, a trash icon with a '4' badge, and a blue '+ Announcement' button. Below this is a section for 'External Feeds' with a '1' badge. The main list contains three announcements:

- Group Project Tasks**: "we need to divide and conquer this assignment! Pleas...". To its right is an options menu with a '1' badge, containing a 'Delete' link (labeled '2') and an 'Allow Comments' link.
- Group Project**: "Please visit our group Collaborations page an contribu...". To its left is a checkbox with a checkmark, labeled '3'.
- Group Meeting**: "Reminder that our group meeting tomorrow at 7pm is ...". To its left is a checkbox with a checkmark, labeled '3'.

To delete an announcement from the index page, locate the announcement. Click the **Options** icon [1] and click the **Delete** link [2].

To delete multiple announcements at a time, click the checkbox next to the announcements you want to delete [3] and click the **Delete** icon [4].

How do I add an external RSS feed to an announcement as a student?

RSS, also known as Rich Site Summary or Really Simple Syndication, is a web feed format that publishes frequently updated information from external websites such as blogs, news headlines, audio, and video. RSS feeds benefit users who want to receive timely updates from favorite websites or to aggregate data from many sites.

You can add an external RSS feed in a group announcement. The RSS feed will display the 15 most recent posts within Announcements. Please note that the feed will only display content created after you added the RSS feed. Moreover, the RSS feed only displays active announcements. Delayed announcements do not display until they are posted.

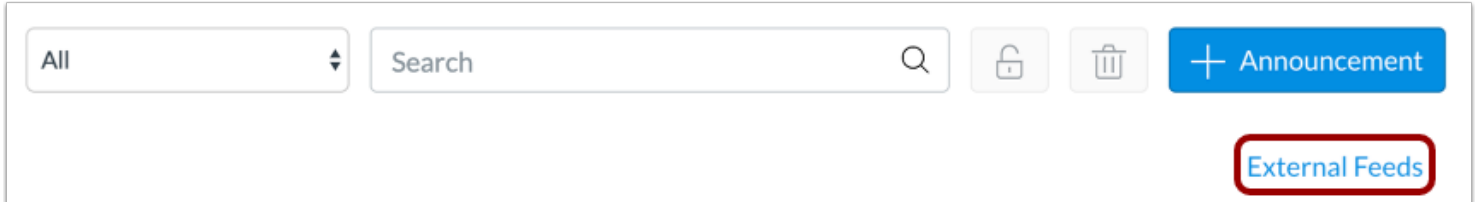

Note: Adding an RSS feed will create an announcement for every new item added to that feed. Users that have chosen to be notified of new announcements in their Canvas notification preferences may see a substantial increase in the amount of notifications they receive.

Open Announcements

In Group Navigation, click the **Announcements** link.

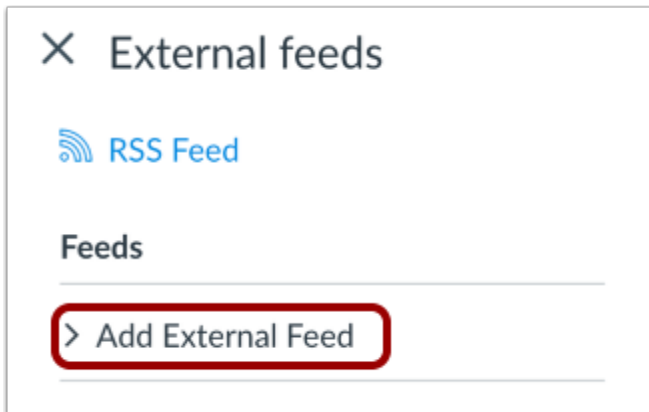

Open External Feeds

How do I subscribe to the Announcements RSS feed as a student?

You can subscribe to the Announcement RSS feed in your course or group and receive announcements via any RSS feed reader. This lesson shows how to subscribe in a course, but the steps are the same as in a group.

Open Announcements

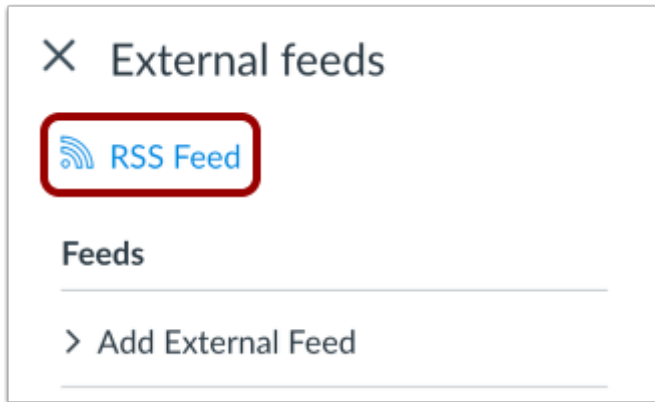

In Course Navigation, click the **Announcements** link.

Open External Feeds

Click the **External Feeds** link.

Open RSS Feed

Click the **RSS Feed** button.

Notes:

- If you use a Firefox browser to access Canvas, you can add a Live Bookmark from this screen.
- If you use a Safari browser to access Canvas, Safari will automatically create a RSS feed for you from this screen.

Copy URL

Copy the URL in your browser's address bar. Then open your preferred RSS feed reader and paste the copied URL in the text box.

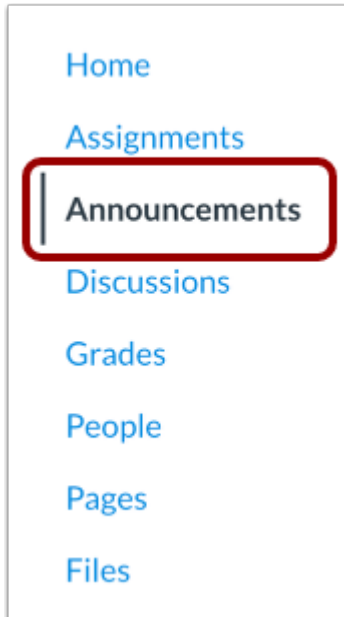

How do I reply to an announcement as a student?

If you have a question or comment about an announcement, you can reply directly to that announcement.

You can reply in both course and group announcements. This lesson shows how to reply in a course, but the steps are the same.

Note: If the reply field is not available, the announcement has been closed for comments and you cannot post a reply.

Assignments

How do I view Assignments as a student?

You can view all your course assignments on the [Assignments page](#).

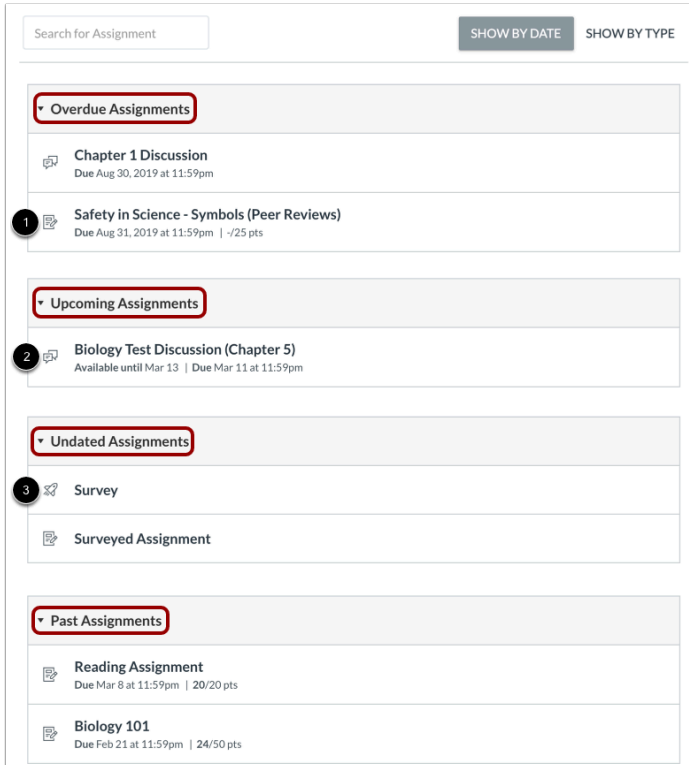

Note: Your instructor may choose to hide the [Assignments link](#) in Course Navigation. If the [Assignments link](#) is not available, you can still access Assignments through your user or course dashboard, the [Syllabus](#), [Gradebook](#), [Calendar](#), or [Modules](#).

Open Assignments

In Course Navigation, click the **Assignments** link.

View Assignments

The screenshot shows the Canvas Assignments interface. At the top, there is a search bar labeled "Search for Assignment" and two buttons: "SHOW BY DATE" and "SHOW BY TYPE". Below this, the assignments are grouped into four categories, each with a red box around the category header:

- Overdue Assignments:**
 - Chapter 1 Discussion (Due Aug 30, 2019 at 11:59pm)
 - Safety in Science - Symbols (Peer Reviews) (Due Aug 31, 2019 at 11:59pm | -/25 pts)
- Upcoming Assignments:**
 - Biology Test Discussion (Chapter 5) (Available until Mar 13 | Due Mar 11 at 11:59pm)
- Undated Assignments:**
 - Survey
 - Surveyed Assignment
- Past Assignments:**
 - Reading Assignment (Due Mar 8 at 11:59pm | 20/20 pts)
 - Biology 101 (Due Feb 21 at 11:59pm | 24/50 pts)

In Assignments, you can view all the assignments in your course.

By default, assignments are grouped by overdue assignments, upcoming assignments, undated assignments, and past assignments.

- **Overdue Assignments:** assignments and discussions that are past the due date, are still available, have not been submitted, and have not been graded.
- **Upcoming Assignments:** assignments, discussions, and quizzes that have an upcoming due date.
- **Undated Assignments:** assignments, discussions, and quizzes that do not have a due date.
- **Past Assignments:** assignments and discussions that are past the due date and either are not available, have been submitted, or have received a grade; quizzes that are past the due date.

Each assignment also includes an icon with the assignment type: assignment [1], discussion [2], or quiz [3].

Note: The Assignments page supports keyboard shortcuts. To view a window with a list of keyboard navigation shortcuts, press the Shift+Question Mark keys simultaneously on your keyboard.

View Assignment Summary

Each assignment displays the assignment name [1], any availability dates for the assignment [2], due date (if any) [3], and the number of points the assignment is worth [4].

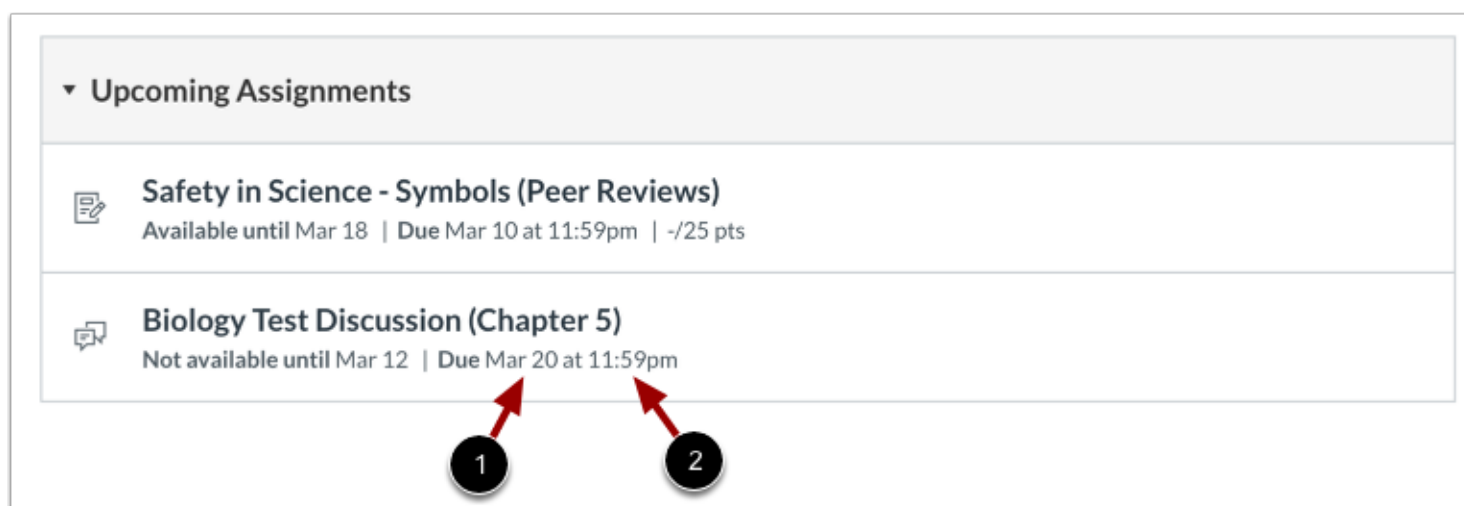

View Availability Dates

The first dates you may see are called availability dates. Sometimes your instructor only wants you to submit an assignment during a specified date range, so the available dates are the range of time that the assignment is accessible to you.

1. If the assignment does not have a date listed, the assignment is open; you can submit the assignment at any time during your course.
2. If the assignment says **Available until** [date], you can submit the assignment until the specified date.
3. If the assignment says **Not Available Until** [date], the assignment is locked until the specified date.
4. If the assignment says **Closed**, the assignment cannot accept submissions.

Note: If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the assignment is the full day before the listed date. For instance, if an assignment is Available until December 15, you can access the assignment until December 14 at 11:59 pm.

View Due Dates

The screenshot shows a section titled "Upcoming Assignments" with two entries:

- Safety in Science - Symbols (Peer Reviews)**
Available until Mar 18 | Due Mar 10 at 11:59pm | -/25 pts
- Biology Test Discussion (Chapter 5)**
Not available until Mar 12 | Due Mar 20 at 11:59pm

Two red arrows point to the due dates in the second entry: "1" points to "Due Mar 20" and "2" points to "at 11:59pm".

The second set of dates are the Due dates [1] for each respective assignment. Any assignments submitted after the due date are marked as late; some instructors may deduct points for late submissions. Again, not all assignments may include a Due date.

You can still submit late assignments before the **Available until** date.

*Please be aware that the Due date may be **before or on** the Available date.*

Due dates also include a time [2]. If your instructor does not set a specific time, the assignment due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.

When an assignment is open to you to submit at any time, you can view the due date, points, and the type(s) of submission(s) you can use for the assignment [1]. Not all assignments may have a due date.

You can also view additional details:

- **Instructions [2]:** any instructions that your instructor has about the assignment. Please note that you cannot download assignment instructions unless your instructor has included a link to download them. You can also print the screen or copy and paste the directions into a word processing program, or you can also view the assignment in the Canvas mobile app.
- **Rubric [3]:** any grading criteria that your instructor has provided for the assignment. An assignment may or may not include a rubric. Before submitting your assignment, you may want to [review the assignment rubric](#).

For example, an assignment may have a due date but may not list any other dates. If you were to miss the due date, you could still submit the assignment for late credit before the last day of the course. If the assignment does not have a due date, you can submit the assignment at any time before the last day of the course.

How do I submit an online assignment?

You can submit online assignments in Canvas using several submission types. Instructors can choose what kind of online submissions they want you to use. You may also have the option to resubmit assignments if your instructor allows.

Any attachments added as part of a graded assignment submission are also copied to your [user files](#) but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. Files are stored in the Submissions folder.

Before submitting an assignment, you may want to review all assignment information, such as the [assignment rubric](#), if any.

This lesson shows how to turn in a standard online assignment. Learn how to submit a [peer review assignment](#).

Third-Party File Application Submissions

You can submit assignments from Google Drive, Dropbox, or another third-party service via your desktop computer in one of two ways:

1. Download the file to your computer and [submit as a File Upload](#)
2. Share the file, copy the file URL, and submit as a Website URL

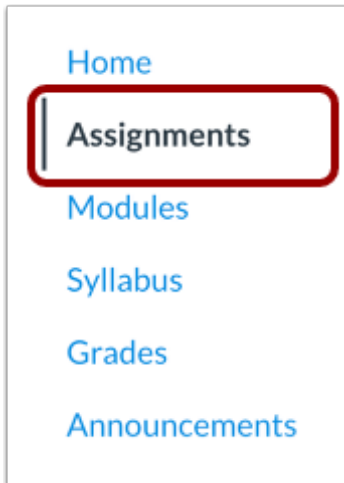

Mobile Submissions

You can also submit assignments using your Android or iOS device.

Notes:

- Not all file types may be available for your assignment, depending on the assignment submission type set by your instructor.
- Not all of your assignments may be submitted online. If you cannot see the Submit Assignment link, your instructor may want you to submit your assignment in a different way or the availability date has passed. View the description of the assignment for instructions, or contact your instructor for assistance.
- Canvas does not support file uploads larger than 5 GB.
- If enabled in your account, Canvas plays a celebration animation when you submit an assignment on time. However, if you prefer, you can [disable this feature option](#) in your user settings.

Select Submission Type

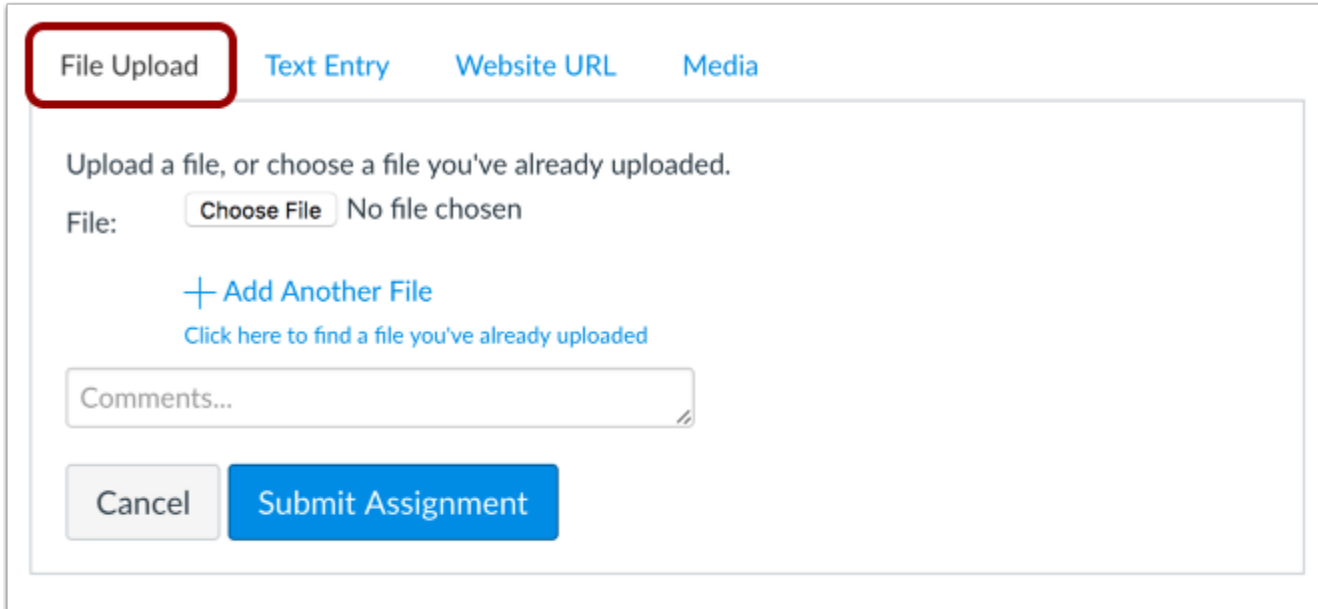

The screenshot shows a modal window for selecting a submission type. At the top, there are four tabs: "File Upload" (selected), "Text Entry", "Website URL", and "Media". Below the tabs, the text reads "Upload a file, or choose a file you've already uploaded." Underneath, there is a "File:" label followed by a "Choose File" button and the text "No file chosen". Below that is a "+ Add Another File" link and a link that says "Click here to find a file you've already uploaded". There is a text input field labeled "Comments...". At the bottom, there are two buttons: "Cancel" and "Submit Assignment".

Your instructor will decide what kinds of submissions are appropriate for each Assignment. There are four submission types: upload a file, submit a text entry, enter a website URL, or submit media.

Note: Not all file types may be available for your Assignment, depending on the assignment submission type set by your instructor.

A 'Re-submit Assignment' button is highlighted with a red border and a '2' callout. The right sidebar, highlighted with a red border and a '1' callout, shows the submission status 'Submitted!' with a checkmark, the time 'Mar 10 at 12:11pm', and links for 'Submission Details' and 'Download Assignment.pdf'. It also shows 'Assigned Peer Reviews' as 'None Assigned' and a note that not all comments are visible due to grading.

After you have submitted your work, you will see information in the Sidebar about your submission [1]. For file uploads, the sidebar provides a link to your submission to download if necessary.

If you choose, you may resubmit another version of your assignment using the **Re-submit Assignment** button [2]. You will only be able to view the details of your most recent submission in the Sidebar, but your instructor will be able to see all of your submissions.

Once the instructor has graded your submission, the Grades link in Course Navigation [displays a grading indicator](#).

You can also see details about your assignment and links to additional feedback in your [Grades](#) page.

Notes:

- Your assignment will still appear in Assignments and the Syllabus; the listing is not removed with assignment submissions.
- When you resubmit an assignment, you can only access and view your most recent submission. However, instructors can view all of your submissions.

How do I submit a text entry assignment?

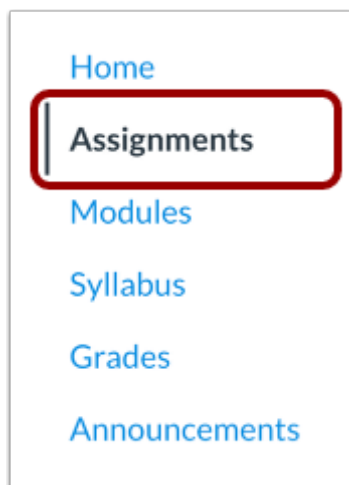

You can submit an assignment in Canvas using text entry. Text entry assignments are created in the Rich Content Editor. You may also have the option to resubmit assignments if your instructor allows.

Before submitting an assignment, you may want to review all assignment information, such as the [assignment rubric](#), if any.

How do I upload a file as an assignment submission in Canvas?

If your instructor allows file uploads as a submission type, you can upload a file from your computer as an assignment submission.

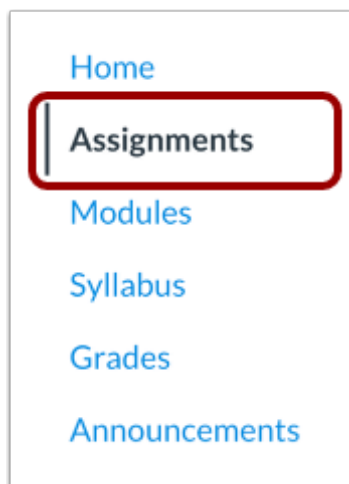

Any attachments added as part of a graded assignment submission are also copied to your [user files](#) but are not counted against your user quota. However, once the file has been uploaded as a submission, you cannot delete the file. Files are stored in the Submissions folder.

If your institution has enabled Google Docs as a submission type, you can also [upload a file from Google Drive](#).

Notes:

- Canvas does not support file uploads larger than 5 GB.
- If enabled in your account, Canvas plays a celebration animation when you submit an assignment on time. However, if you prefer, you can [disable this feature option](#) in your user settings.

How do I upload a file from Google Drive as an assignment submission in Canvas?

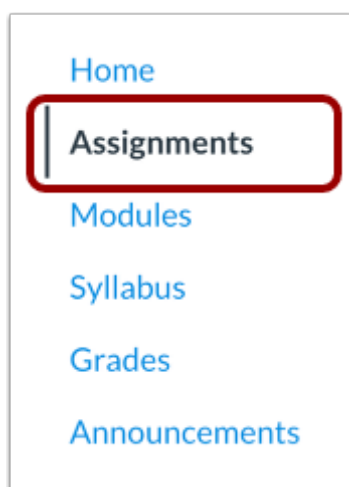

If your institution has enabled Google Docs or Google Drive as a submission type, you can upload a file from Google Drive for an assignment. Unlike other assignment submissions, files from Google Drive are not uploaded into your Canvas user files.

Canvas accepts Google Doc, Google Sheet, and Google Slide files. You can also upload any uploaded Word (.doc/.docx), Excel (.xls/.xlsx), PowerPoint (.ppt/.pptx), and PDF files not converted to Google Docs formatting.

Notes:

- If the Google Docs or Google Drive tab is not available in your submission, your institution has not enabled this feature.
- If your course displays a link to your Google Drive in the Course Navigation Menu, your course has enabled Google Drive directly. Otherwise, you must enable [Google Drive a web service](#) in your user profile to upload Google Drive files.
- In Google Drive assignments, you can only submit one file for your submission.
- When Google Drive files (docs, sheets, and slides) are uploaded as a submission, the files convert to their Microsoft counterpart file types and appear in the submission as respective Word, Excel, or PowerPoint files. This conversion essentially preserves the submission in its current state; any changes made to the file in Google Drive will not be updated in the submission.
- If enabled in your account, Canvas plays a celebration animation when you submit an assignment on time. However, if you prefer, you can [disable this feature option](#) in your user settings.

How do I submit a cloud assignment with Google Drive?

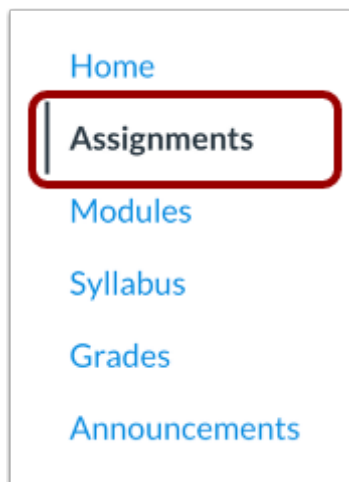

If your instructor creates a cloud assignment with a Google Drive file, you can edit the document directly and submit your changes as your assignment submission.

When you open the assignment, Google Drive will create a copy of the file as your submission. You can make changes per the assignment instructions, and submit the assignment directly from the assignment page. The copied document is also added to your Google Drive folder for the course.

Cloud assignments are treated the same way as any other type of assignment submission. When you submit your assignment, your instructor will view the assignment exactly as it is when you click the Submit button. Even though cloud assignments can still be modified in the assignment page, any changes you make to the assignment after the submission cannot be viewed by your instructor unless you submit the assignment again as a resubmission.

How do I upload a file from Microsoft Office 365 as an assignment submission?

If your course has enabled Microsoft Office 365, you can upload a file from your Microsoft OneDrive for an assignment.

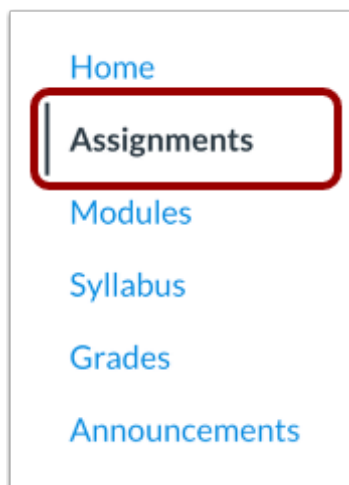

Like other file upload submissions, files uploaded from Office 365 are uploaded into your Canvas user files submissions folder.

Canvas accepts Microsoft Word, Microsoft PowerPoint, Microsoft Excel, and PDF types.

Notes:

- If the Office 365 tab is not available in your submission, your institution has not enabled this feature.
- Canvas will require you to authorize access to your OneDrive account.
- In Office 365 assignments, you can only submit one file for your submission.
- When Office 365 files are uploaded as a submission, later changes made to the file in OneDrive will not be updated in the submission.

How do I use DocViewer in Canvas assignments as a student?

Canvas DocViewer is a tool that allows annotations on online assignment submissions in Canvas. You can use DocViewer to [view annotated feedback](#) in the assignment details section of the sidebar from your instructor or from other students in peer review assignments.

DocViewer has a 10-hour session limit that begins when you open a submission. If you start to make an annotation but do not submit it before the session expires, the annotation will not be saved. Submitted annotations are saved and are not affected by the session limit. Canvas will display a session expiration warning at 9 hours 50 minutes, followed by a 5-minute and 1-minute warning until the 10-hour limit has been reached. You can restart a DocViewer session at any time by refreshing the submission page.

If your browser includes a built-in PDF viewer, select the option to view the PDF in the system viewer.

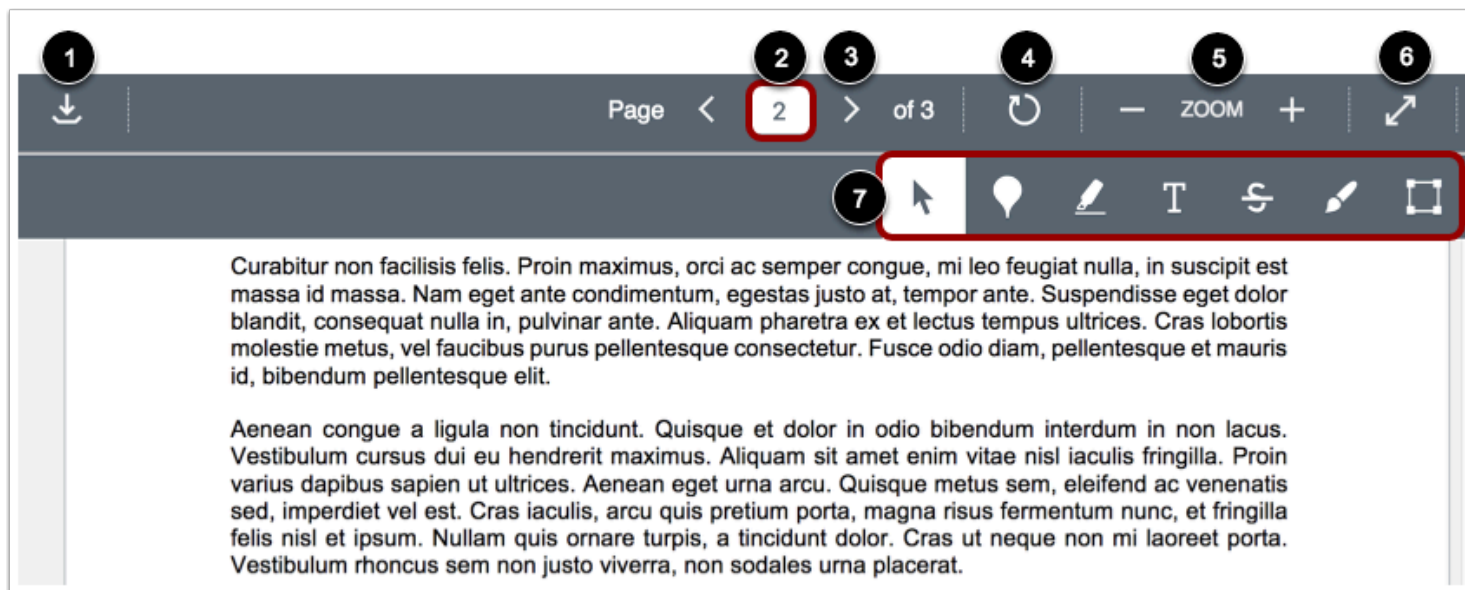

Compatible DocViewer Files

If a submission includes a file that can be rendered in DocViewer, but the submission preview is not yet complete, Canvas will generate a message stating the document is still processing.

Notes:

- If you cannot annotate a document in DocViewer, your institution may have restricted this feature.
- Files over 100 MB and password-protected files will not be converted by DocViewer.
- DocViewer annotations can be viewed in the Canvas Student app.
- Your instructor can delete any comment or annotation at any time.
- If your instructor anonymously grades an assignment, annotations in DocViewer will not be available until the assignment is unmuted.

View DocViewer Toolbar

The DocViewer Toolbar helps you manage the assignment submission.

To download a PDF of the annotated submission, click the **Download** button [1].

If there are multiple pages, the **Page number** field [2] will let you advance through the submission to find the page you want to annotate. To go to another page, enter the page number in the Page field. You can also use the arrow icons [3] to advance through the submission.

To rotate the current page 90 degrees clockwise, click the Rotate button [4]. Pages with annotations cannot be rotated.

To zoom in and out on the submission, use the **Zoom** buttons [5].

To view the submission in full screen, click the **Full Screen** button [6].

To annotate the submission, use the annotation tools [7].

Note: If you cannot use the annotation tools in DocViewer, your institution may have restricted this feature.

Add Point Annotation

To leave a point annotation, select the **Point** annotation type [1].

Select the color for the point annotation in the color panel [2].

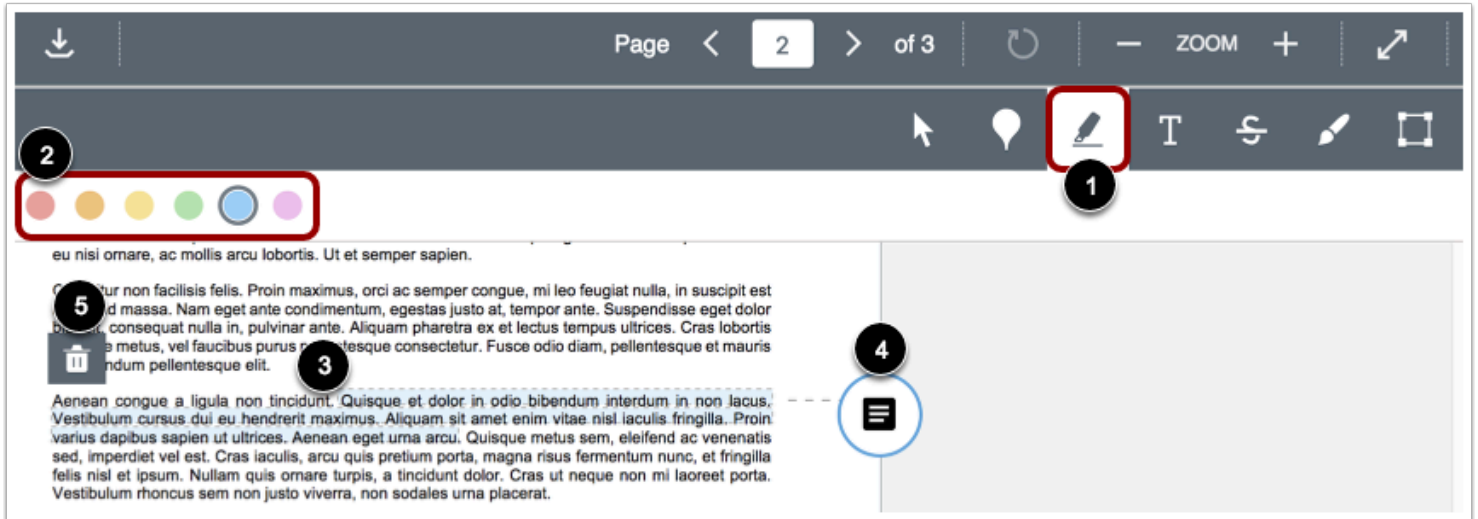

Click the desired area of the submission [3]. The point annotation icon will appear indicating the location of the annotation. To add a comment to the point annotation, type the comment in the Comment field [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

You can reply to DocViewer comments by clicking the **Reply** button [5].

To move the annotation, hover over the point annotation icon in the document. Click and drag the annotation to the new area.

To delete a point annotation, click the annotation and then click the **Delete** icon [6]. DocViewer will confirm you want to delete the annotation. Deleting an annotation will also delete any associated comments.

Add Highlight Annotation

To highlight text within the document, select the Highlight annotation type [1].

Select the color for the highlight annotation in the color panel [2].

Click and drag to highlight text within the submission [3].

To add a comment to the highlight annotation, click the **Comment** button [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

To delete a highlight annotation, click the highlighted area and then click the **Delete** icon [5]. DocViewer will confirm you want to delete the highlight. Deleting an annotation will also delete any associated comments.

Add Text Annotation

To add text directly in the submission, select the **Free text** annotation type [1].

Select the color for the text annotation in the color panel [2].

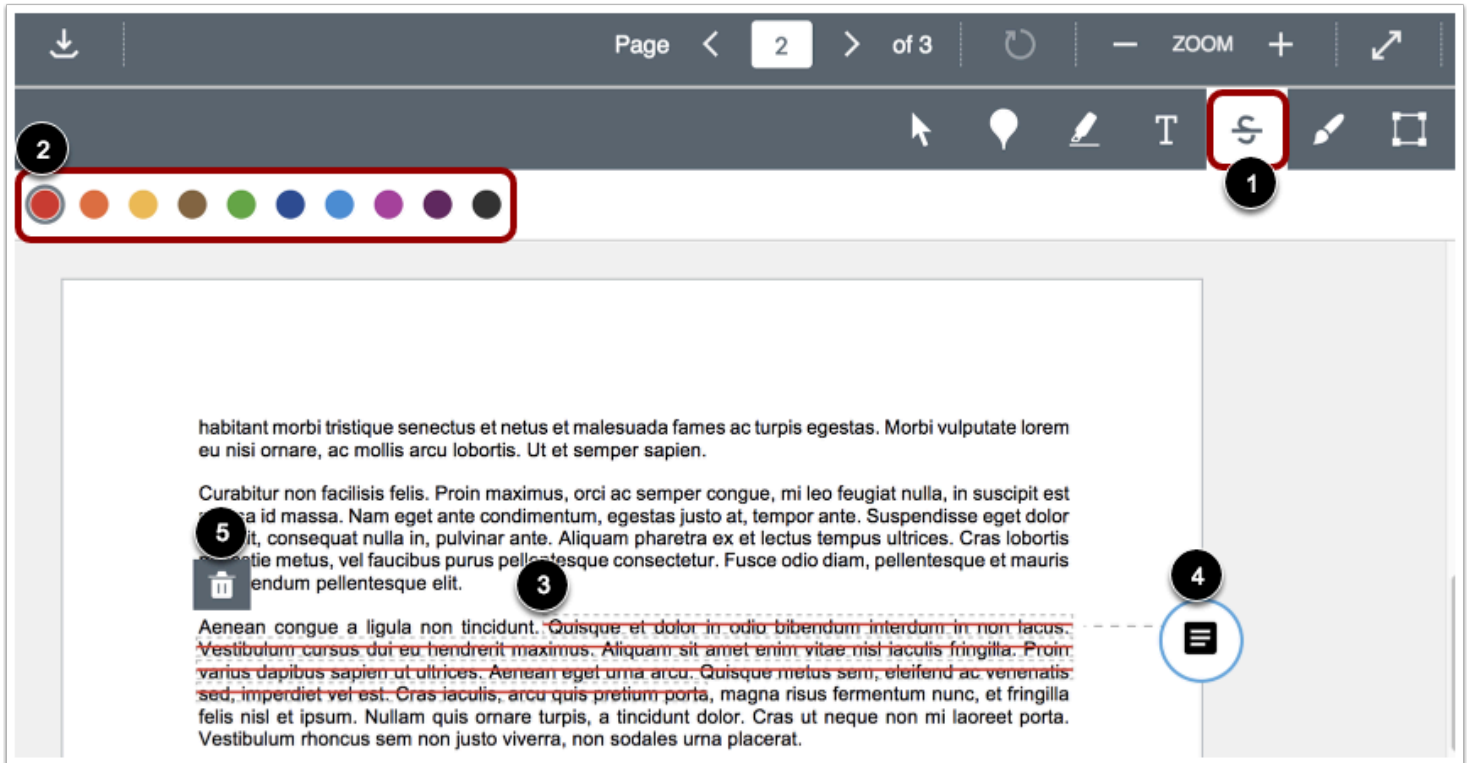

Select a white or transparent background for the text annotation [3] as well as the font size for the annotation [4].

Click in the desired area of the submission, then type your entry [5]. To start a new line in your comment, click the Shift+Enter key.

To move the annotation, hover over the text box in the document. Click and drag the annotation to the new area.

To delete the text annotation, click the text box and then click the **Delete** icon [6]. DocViewer will confirm you want to delete the text box.

Add Strikeout Text Annotation

To indicate that text should be deleted, select the **Strikeout** annotation type [1].

Select the color for the strikeout line in the color panel [2].

Click and drag to strike out within the submission. A line will appear indicating the text has been struck out [3].

To add a comment to the strikeout annotation, click the **Comment** button [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

To delete a strikeout annotation, click the strikeout area and then click the **Delete** icon [5]. DocViewer will confirm you want to delete the strikeout line. Deleting an annotation will also delete any associated comments.

Add Draw Annotation

To make freehand drawings and annotations, select the **Free Draw** annotation type [1].

Select the color for the drawn annotation in the color panel [2].

Select your annotation line width from the line width panel [3].

Click and drag to start a drawing. Free-form lines will appear indicating the drawing area [4]. You can add multiple strokes to a drawn annotation.

To add a comment to your drawn annotation, click the **Comment** button [5]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

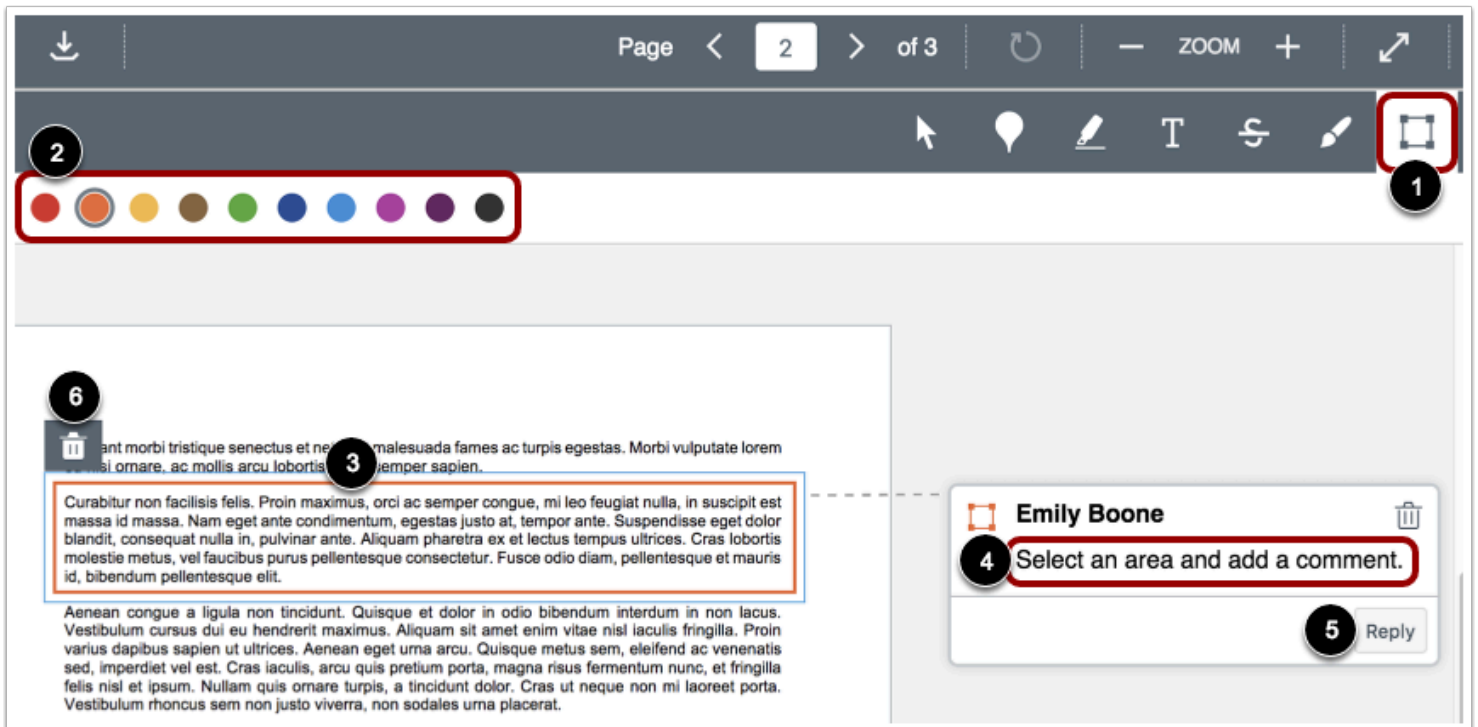

To accept the drawn annotation, click the **Check** icon [6].

To move a drawing, hover over the outline of the drawing, then drag and drop the drawing to the new area of the document.

To delete a drawing at any time, click the drawing and then click the **Delete** icon [7]. DocViewer will confirm you want to delete the drawing. Deleting an annotation will also delete any associated comments.

Note: Draw annotations can only have one line width per annotation. Individual annotations must be saved before creating a new line with a different width.

Add Area Annotation

To leave an area annotation, select the **Area** annotation type [1].

Select the color for the area annotation in the color panel [2].

Click and drag the rectangle around an area of the submission [3]. A box will appear indicating the area for the annotation.

To add a comment to the area annotation, type the comment in the Comment field [4]. To start a new line in your comment, click the Shift+Enter/Return key. To submit your comment, click the Enter/Return key.

You can reply to DocViewer comments by clicking the **Reply** button [5].

To move the annotation, hover over the border. Click and drag the annotation to the new area of the document.

To delete an area annotation, click the annotation and then click the **Delete** icon [6]. DocViewer will confirm you want to delete the comment. Deleting an annotation will also delete any associated comments.

View Comments

The screenshot shows a document on the left with several paragraphs of placeholder text. Annotations are placed on the text, with blue callout boxes containing comments. On the right, a list of comments is displayed. Callout 1 points to a blue comment icon next to 'Doug Roberts'. Callout 2 points to an ellipsis link at the end of a comment. Callout 3 points to a comment with '3 Replies' below it. Callout 4 points to a '4 More Comments' indicator at the top. Callout 5 points to a trash can icon next to a comment by 'Emily Boone'.

Individual comments include an icon that displays the type and color of the annotation [1]. The annotation icon displays next to the commenter's name and only displays in the primary comment for an annotation. Replies to a comment do not include the icon.

Instructors may leave additional comments or reply to your comments. When an annotated comment includes more than five content lines, the content box displays an ellipses link [2]. To expand a comment, click the ellipses link. If a comment includes multiple replies, all replies will be expanded.

Comments with replies are stacked [3]. When you click on a comment, all replies are expanded in the group. The number of stacked replies is indicated below the first comment.

Comments remain on the page where the annotation was made. If there are too many comments to display on a single page, the comment section becomes scrollable and some comments are hidden. An indicator shows how many comments have been hidden [4].

You can delete your comments by clicking the delete icon [5].

View Anonymous Instructor Comments

The screenshot shows a document titled "Research Paper" with three paragraphs of placeholder text. On the right side, there are three comment boxes, each starting with a blue location pin icon and the word "Grader".

Bullets & Lists

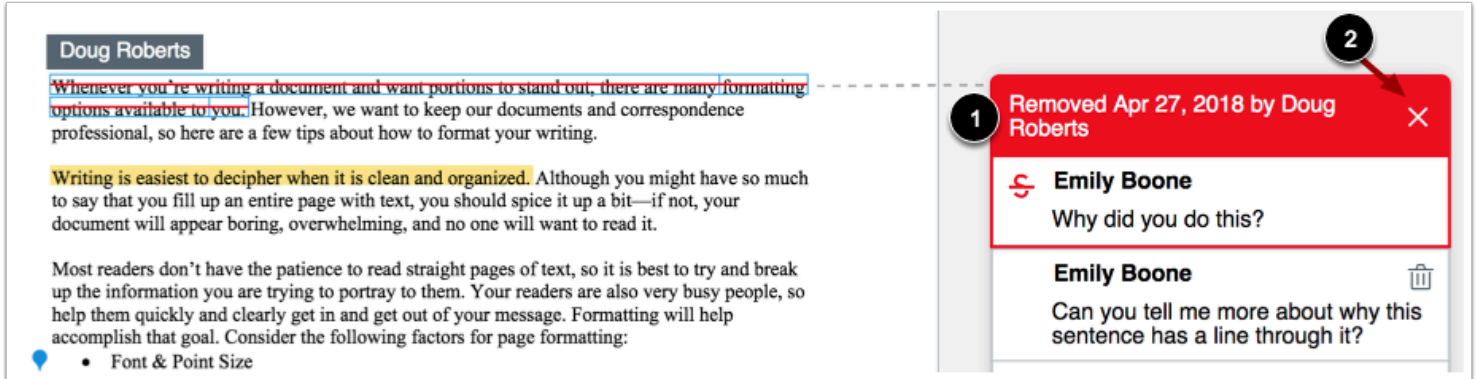

Bullets can be a good resource to make information stand out. Most commonly, bullets are used for a dense paragraph that contains a lot of information. Bullets can also be used for a list of information that needs to be viewed quickly, as in the list at the top of the page.

When another user adds an annotation within a document, you can view the author of the annotation by clicking the annotation [1].

You can also leave a comment on any annotation created by other users [2].

View Deleted Items

The screenshot shows a document editor interface. On the left, a comment by Doug Roberts is highlighted with a red box and a blue dashed line. The comment text is: "Whenever you're writing a document and want portions to stand out, there are many formatting options available to you. However, we want to keep our documents and correspondence professional, so here are a few tips about how to format your writing." Below this, there is a yellow highlighted section: "Writing is easiest to decipher when it is clean and organized. Although you might have so much to say that you fill up an entire page with text, you should spice it up a bit—if not, your document will appear boring, overwhelming, and no one will want to read it." Further down, there is a blue lightbulb icon and a list item: "• Font & Point Size".

On the right, a sidebar shows a notification for the deleted item. The notification is a red box with a white 'X' in the top right corner. It contains the text: "Removed Apr 27, 2018 by Doug Roberts". Below this, there is a red box with a white 'S' icon and the text: "Emily Boone Why did you do this?". Below that, there is a white box with a trash icon and the text: "Emily Boone Can you tell me more about why this sentence has a line through it?".

Your instructor can delete any comment or annotation at any time. If a comment or annotation is deleted, the deleted item displays in the sidebar [1]. You can view the name of the user who made the deletion and the date of the deletion. Items can only be deleted by instructors or admins.

If multiple comments or annotations are deleted, including comment replies with the same comment thread, each comment or annotation will include its own heading information about the deletion.

To permanently remove the deleted item, click the **Remove** icon [2].

Note: Permanently deleted items cannot be recovered.

How do I view annotation feedback comments from my instructor directly in my assignment submission?

Your instructor may choose to include comments directly in an assignment submission using inline comments, or annotations. If an assignment's submission details page includes a **View Feedback** button, you can view these annotated comments through a preview tool called Canvas DocViewer. You can also use [Canvas DocViewer](#) to reply to any comments or make your own annotations.

Some browsers may not initially render comments correctly when viewing feedback. If your browser includes a built-in PDF viewer, select the option to view the PDF in the system viewer. You can also download PDF files with comments to view on your computer. The settings required to view or print the annotations in the PDF vary based on the software installed on your computer.

Note: If the assignment attachment displays a **Preview** button instead of the **View Feedback** button, your file is not DocViewer compatible and will not include any annotated comments.

Download File

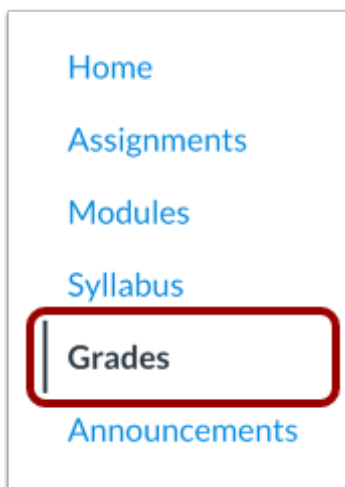

The screenshot shows a document viewer interface. At the top, there is a navigation bar with a 'Page 1 of 2' indicator and a 'ZOOM' control. Below this is a toolbar with various editing tools. A red arrow points to a download icon (a downward-pointing arrow) in the top left corner of the viewer. The main content area displays a document titled 'Emily Boone Research Paper'. The document text includes several paragraphs of placeholder text with blue annotations (dots and lines) highlighting specific parts. To the right of the document is a comment thread with three comments from 'Doug Roberts'. The first comment asks 'Can you expand on this?' and has 3 replies. The second comment says 'Some good ideas here. For the most part, you stay on topic. I think improving the transition into this paragraph would really strengthen the point you're trying to make.' and has a truncated reply. The third comment says 'Don't lose the main point of your paper' and has 1 reply.

How do I view my Roll Call Attendance report as a student?

If your Assignments page includes a Roll Call Attendance assignment, your instructor is taking attendance in your course. As part of the assignment, you can view your attendance record in your course. Like any other Canvas assignment, you can also view or leave comments in the submission details page.

If the Roll Call Attendance assignment is available to you, this lesson shows you how to view your attendance report through the Grades page. However, if your instructor allows you to view the Assignments link in Course Navigation, you can also access the submission details through the [Assignments page](#) by opening the Attendance assignment.

Note: If the Roll Call Attendance assignment does not appear in the Grades page, your instructor has chosen to not use Attendance for grading.

How do I download assignment submissions from all my courses?

As a student, you can download all your assignment submissions in Canvas. Submissions are for both current and concluded courses and only includes any files that were submitted to fulfill an assignment; they do not include any submissions modified by instructors, such as annotated submissions.

The download also includes submissions for group assignments, even if the submission was made by another student in your group.

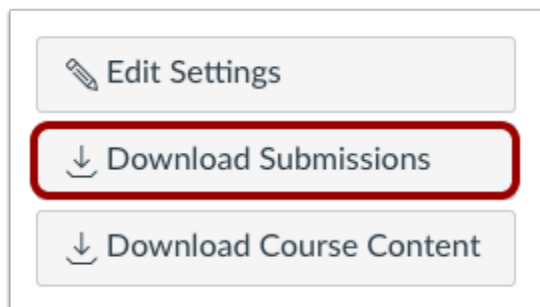

When the export has finished generating, submissions are downloaded as a ZIP file.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

Download Submissions

In the sidebar, click the **Download Submissions** button.

Create Export

Download Submissions

Creating a Submission Export will allow you to download a zip file of all your assignment submissions in all of your present and past courses. This could be a big file, so it may take a while. You can navigate away from the page and come back later.

Content export files cannot be downloaded after 30 days.

Create Export

Click the **Create Export** button.

Calendar

How do I use the Calendar as a student?

The Calendar is a great way to view everything you have to do for all your courses in one place. You can view calendar events by day, week, month, or agenda list. The calendar also includes access to the Scheduler, which is an optional scheduling tool in Canvas.

Note: If you change your language or locale preferences, the Calendar week start date may also change. Certain languages or locales change the Calendar week start date to Monday.

Open Calendar

In Global Navigation, click the **Calendar** link.

View Calendar

The screenshot shows the Canvas calendar interface. At the top, there is a navigation bar with 'Today', navigation arrows, 'July 2018', and view options: 'Week', 'Month' (selected), and 'Agenda'. A plus sign button is also present. The main calendar area displays a grid for July 2018 with days of the week (SUN to SAT) and dates. Events are shown as colored boxes with icons and text, such as '12:59a July-5t', 'Position-Pape', '1:59p History', 'American-Rev', 'Articles-of-Ce', 'Road-to-Revo', and '10a Office Ho'. A sidebar on the right shows a quick-view calendar for July 2018 and a list of 'CALENDARS' including 'Emily Boone', 'Bio 101', 'History 101', 'Introduction to the Solar System', '8th Grade Math -', 'BIO 102', 'Advanced Biology', 'Chat 101', 'Classic Literature', 'History 101 (SIS)', and 'History 210'. There is also an 'UNDATED' section and a 'Calendar Feed' link at the bottom.

The Calendar spans all courses and displays information for each of your enrolled courses and groups. In the navigation bar, you can choose to view the calendar in Week, Month, or Agenda view [1]. The view you choose dictates the style of the calendar window [2]. By default, the calendar appears in **Month** view.

The sidebar [3] shows a quick-view calendar, your list of courses and groups, and undated items for your courses and groups.

Add Calendar Items

This image is a close-up of the navigation bar from the screenshot above. It shows three buttons: 'Week', 'Month' (which is highlighted in a darker grey), and 'Agenda'. To the right of these buttons is a red-bordered square button containing a white plus sign (+).

Each calendar view shows any assignments or events that have been added to the calendar. You can [add events](#) and [to-do items](#) to your personal calendar at any time in the navigation bar by clicking the **Add** button.

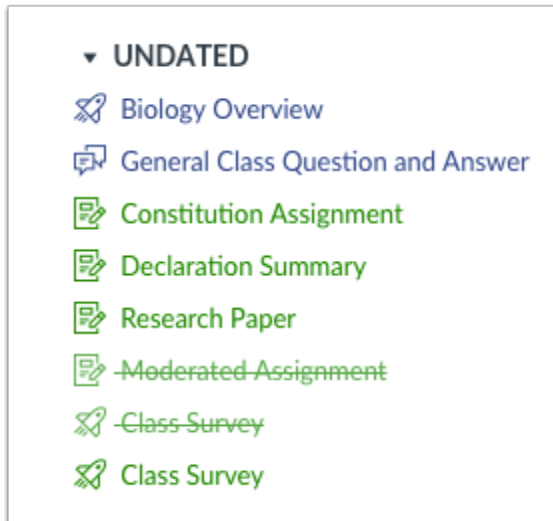

View Calendar List

Each personal, course, and group calendar is identified by a separate color that populates the calendar view. Associated calendar items for each course or group display when selected in the calendar view [1].

By default, the first 10 course and group calendars will be selected and appear in the calendar view. To hide a calendar, click the box next to the name of the calendar [2]. Calendars that are not active within the calendar view display as faded text [3].

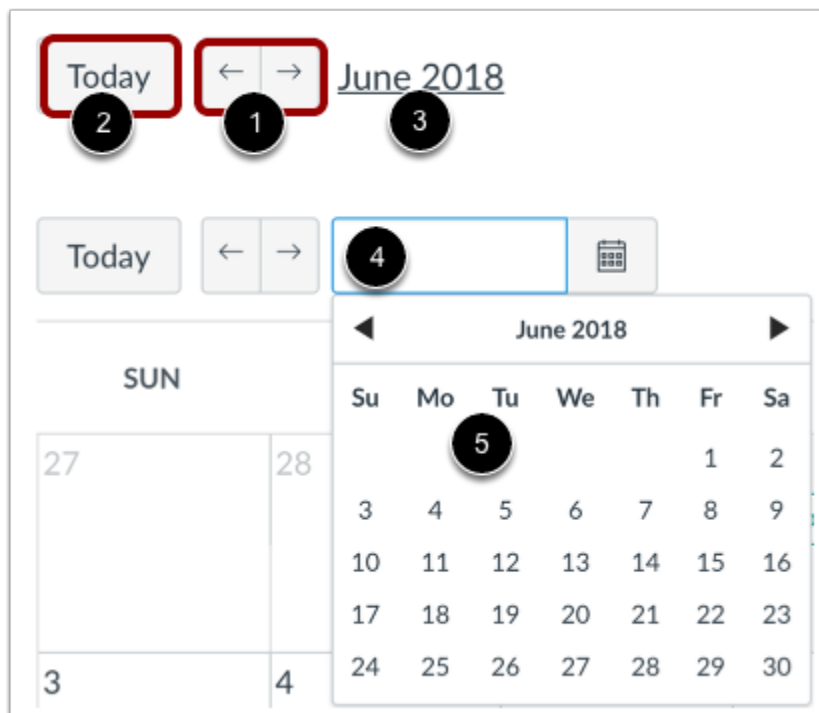

Note: Canvas will assign an arbitrary color for each calendar unless a custom color is chosen. Each calendar contains 15 default colors, but you can insert a Hex code to create any color of your choice. Colors set in Dashboard course cards also update in the calendar.

View Undated Events List

Expanding the **Undated items** link will show you a list of events and assignments that are not dated. The assignments and events will be differentiated by icons and by the personal, course, or group calendar color.

View Calendar by Month

In the Month view, click the arrow buttons [1] to move from month to month. To view events for the current date, click the **Today** button [2].

To view a specific date, click the month link [3] and enter a date in the date field [4] or select a date from the calendar [5].

Assignments are shown with an icon next to the assignment title. The icon reflects the assignment type: Discussion [1], Assignment [2], Quiz [3], or Events [4]. Non-graded items with a to-do date may display in the calendar for a course.

Each item on the calendar is color-coded to match the courses or calendars in the sidebar.

To view full details for an assignment or event, hover over the item [5].

Calendar assignments can also be crossed out [6], which is a simple way to keep track of assignments. Assignments are crossed out once the assignment has been submitted. However, assignments that have been awarded a grade but do not contain an actual submission will not be crossed out.

View Calendar by Week

The screenshot shows the Canvas calendar interface in Week view for the week of June 3-9, 2018. At the top, there are navigation buttons for 'Today', navigation arrows, the date range 'Jun 3 - 9, 2018', and view options for 'Week', 'Month', and 'Agenda'. The 'Week' view is selected. Below the navigation is a header row for the days of the week: 3 (SUN), 4 (MON), 5 (TUE), 6 (WED), 7 (THU), 8 (FRI), and 9 (SAT). This header row is highlighted with a red border. The main calendar grid shows time slots from 'all-day' to '6pm'. Events are displayed as vertical bars with their titles and times. For example, on Tuesday (6), there is a 'Project Sign-up' event from 10:30 to 11:59. On Wednesday (7), there is a 'Museum Field Trip' from 10:00 to 2:00, 'Class Readings' from 2:00 to 4:00, and 'History Reading' from 1:59 to 2:00. On Monday (4), there is an 'Articles of Conf' event from 4:29 to 5:00. On Friday (8), there is a 'Chapter Twelve' event from 4:59 to 5:00.

To view the calendar by week, click the **Week** button. The Week view shows all calendar items by date and time. Note that some assignments may be due at 11:59 pm, which appear at the bottom of the calendar view.

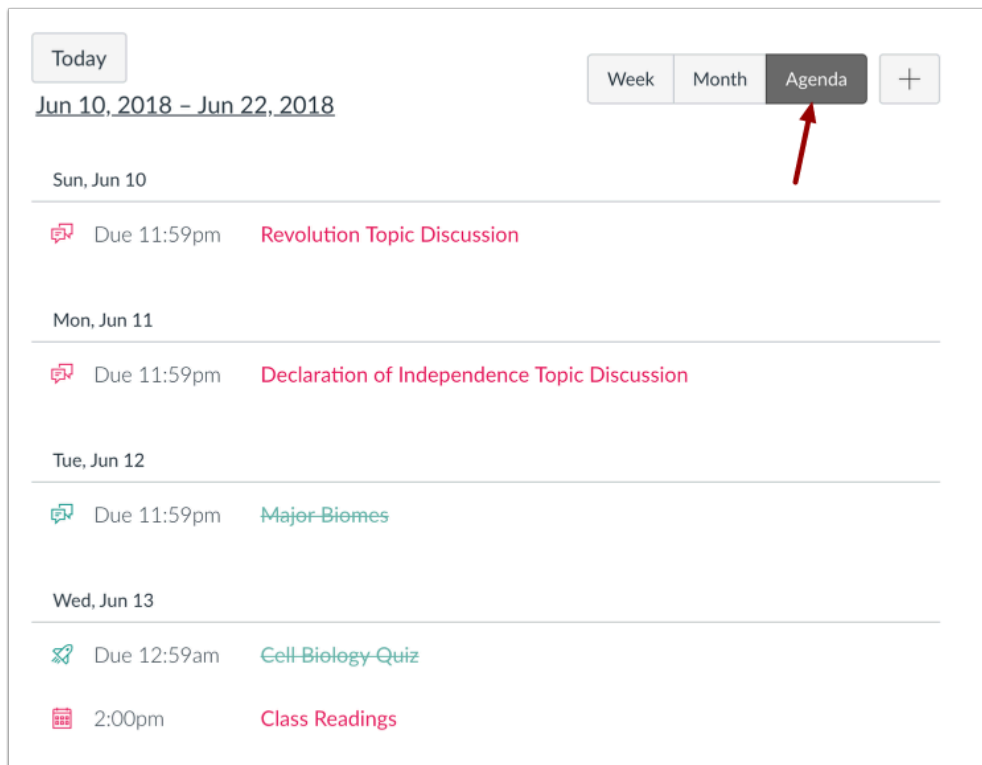

View All-Day Events

The screenshot shows the Canvas calendar interface in Week view for the week of June 9-15, 2018. The days of the week are listed at the top: 9 (SUN), 10 (MON), 11 (TUE), 12 (WED), 13 (THU), 14 (FRI), and 15 (SAT). Below the days is a row labeled 'all-day' which is highlighted with a red border. This row contains three all-day events: 'Project Sign-up' on Monday (10), 'Group Project' on Wednesday (12), and 'Field Trip' on Friday (14).

All-day events appear at the top of the calendar week. These events do not include a specific event time.

Like in the Month view, if you want to extend an all-day event across multiple days, hover over the edge of the event until you see a black arrow. Drag your event across all required dates. In Week view, you can only drag your event to the end of the week that you are viewing.

In order to filter your Calendar by courses or groups, click the color box next to the Calendar [1]. The calendar can show up to 10 courses and/or groups at a time. In this example, not all of the calendars are being shown.

Note: Canvas will assign an arbitrary color for each calendar unless a custom color is chosen. Each calendar contains 15 default colors, but you can create any color of your choice by selecting the **More** icon [2] and inserting a Hex code [3].

How do I view the Calendar iCal feed to subscribe to an external calendar as a student?

The Calendar iCal feed is located in the sidebar of your Calendar. You can import the iCal feed into any calendar app that accepts the iCal format, such as [Google Calendar](#), Apple Calendar, [Outlook](#), and Yahoo Calendar. You can also download the calendar feed as an ICS file. The calendar feed will contain events and assignments from all of your Canvas calendars.

Notes:

- Future events up to 366 days in the future, and past events within 30 days, are included when exporting a Canvas calendar to another calendar program. The calendar feed includes up to 1,000 items.
- To Do items are not included in the Calendar iCal feed.

The screenshot displays the Canvas calendar interface for July 2018. At the top left, there is a 'Today' button and navigation arrows (left and right) next to the month name 'July 2018', with a circled '2' above the arrows. In the top right, there are view options: 'Week', 'Month' (selected), and 'Agenda', along with an 'Add' icon (+) circled with a '3'. The main calendar grid shows dates from 1 to 31. A red box highlights the date '11' on Wednesday, with a circled '1' above it. Several events are visible as colored boxes: '12:59a July-51' and 'Position-Pape' on Friday the 6th; '1:59p History' on Friday the 13th; 'American-Rev' on Friday the 20th; 'Articles-of-Ce' and 'Road-to-Reve' on Tuesday the 31st; and '10a Office Ho' on Friday the 3rd. On the right side, there is a secondary calendar view for July 2018 and a list of calendars under the heading 'CALENDARS'. The list includes: Emily Boone, Bio 101, History 101, Introduction to the Solar System, 8th Grade Math -, BIO 102, Advanced Biology, Chat 101, Classic Literature, History 101 (SIS), and Historv 210. Below this list is an 'UNDATED' section and a 'Calendar Feed' link.

Click any date on the calendar to add an event [1]. Or, click the arrows next to the month name to navigate to a different month [2] and select a date.

If you don't want to manually locate the date, you can click the **Add** icon [3].

Add Event Details

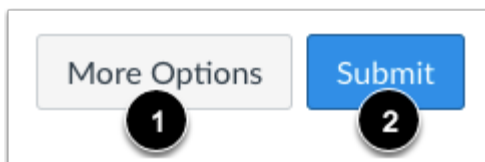

Enter a title for the event [1].

Depending on how you added your event, the date may be populated for you. If not, enter a date in the date field [2].

The calendar times may also be populated for you in the From fields [3]. Edit or enter the start and end time for your event. To create an all-day event, leave the From fields blank so there is no start and end time for your event.

If a location is required, enter a location for the event [4].

How do I add and duplicate an event in the Calendar as a student?

When creating a new event, if you want to create the same event multiple times for yourself or for a group, you can create a duplicate event. Duplicating events creates multiple copies of the event every day, week, or month. For example, you may create a duplicate group event for a weekly study group. This may help keep you organized and prepared for your course.

Once created in a calendar, duplicate events are not linked together and are independent events. Therefore, if you need to modify an event, each event has to be modified individually. Additionally, duplicate events can only be created when creating a new event; editing an existing event does not display the duplicate option.

Tips for duplicate events:

- Weekly events are duplicated on the day of the week of the first event. For instance, if an event is created on a Monday and repeats weekly, the next instance of the event will appear on the following Monday, regardless of the actual date.†
- †Monthly events are duplicated on the day of the month of the first event. For instance, if an event is created on July 6 and repeats monthly, the next instance of the event will appear on August 6.†

Unreserve Appointment

The screenshot shows a window titled "History 101 Office Hours" with a close button (X) in the top right corner. The appointment is scheduled for "Jul 14, 2pm - 2:30pm". The calendar is "History 101" and the location is "History Building, Office 101". The details state: "This is an opportunity for you to ask any questions you have about the course." The comments section contains the text "I would like to discuss the final project." Below the comments is a red-bordered button labeled "Un-reserve" with a circled "2" above it. At the bottom of the window, a calendar view shows several appointments. The appointment "2p History 101 Off" is highlighted with a red border and a circled "1" next to it. Other visible appointments include "3p Declaration of I...", "9:29p Research-Paj", "4:59p Group-Assigt", and "7:29p Patriotism or".

To completely cancel your appointment, click the appointment time [1] and click the **Un-reserve** link [2].

Delete Reservation

The dialog box is titled "Confirm Reservation Removal" with a close button (x) in the top right corner. Below the title bar, the text asks, "Are you sure you want to delete your reservation to this event?". Underneath, it says "Reason for deletion:" followed by a text input field. A black circle with the number "1" is positioned at the top left of the input field. At the bottom of the dialog, there are two buttons: a light gray "Cancel" button and a blue "Delete" button. A black circle with the number "2" is positioned above the "Delete" button.

In the comment field [1], let your instructor know why you need to delete your reservation. Click the **Delete** button [2].

Chat

How do I use Chat as a student?

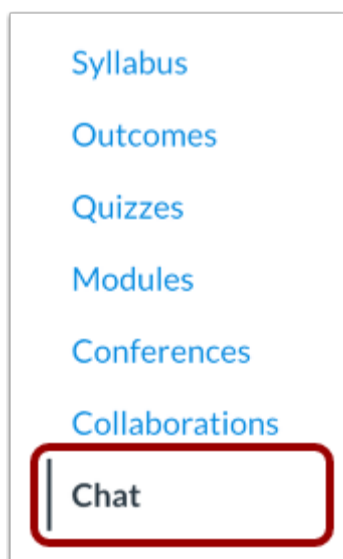

The Chat tool can be used for real-time conversation with course users. Any user in the course can participate in a chat conversation. All content in a course chat can be viewed by anyone in the course. Currently there is no load limit for a course chat, but larger numbers of course users may affect performance.

A user must be actively viewing the chat tool to appear in the chat list. You can open Chat in a new browser window while viewing other areas in Canvas.

Note:

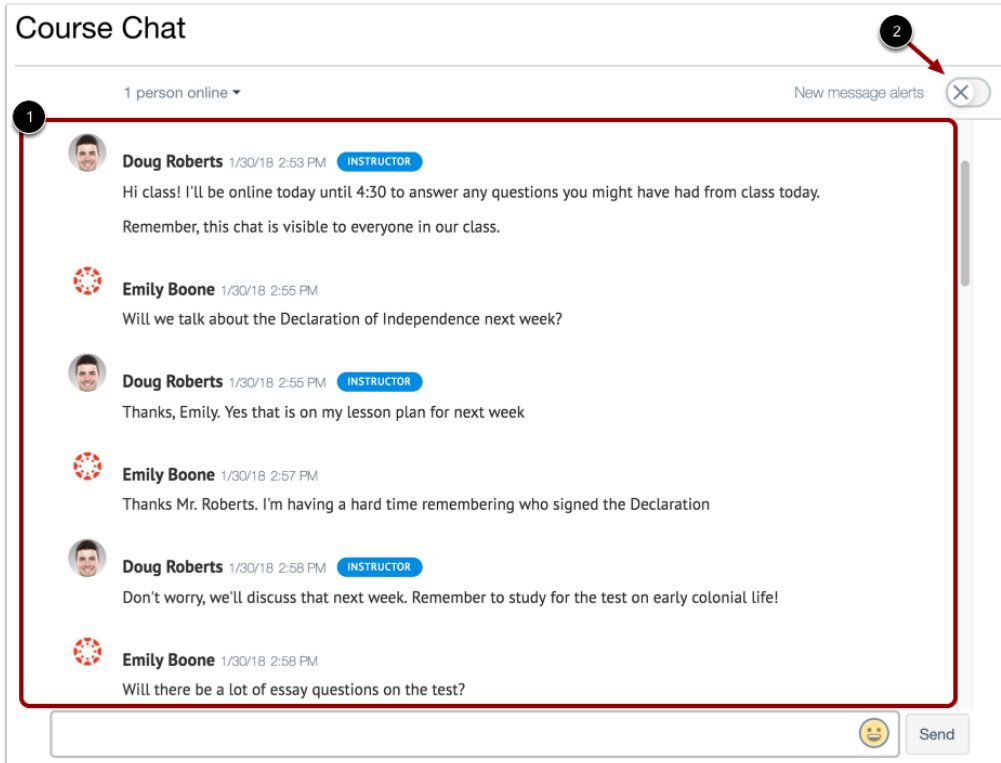

- If you cannot view the Chat tool, Chat has not been enabled for your institution.
- You cannot delete chat messages.
- Safari 13.1 contains an update that may cause issues with chat alerts. You can avoid errors with files and images by [disabling cross-site tracking prevention](#) in Safari when using Canvas.

Open Chat

In Course Navigation, click the **Chat** link.

View Chat

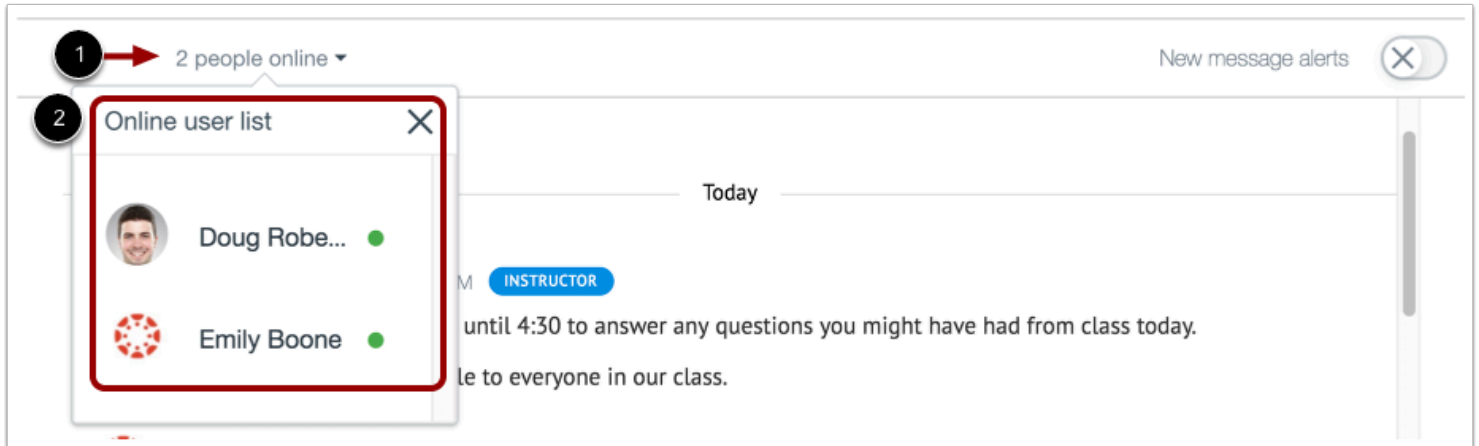

When you open the Chat page, you immediately join the chat. Chat discussion appears in the content window [1].

To receive alerts for new chat messages, click the **New message alerts** button [2]. If this option is turned on, you will receive alerts if Chat is open in Canvas but your browser window is minimized or you are viewing another browser tab. Alerts will not send if you leave Chat to view another area in Canvas.

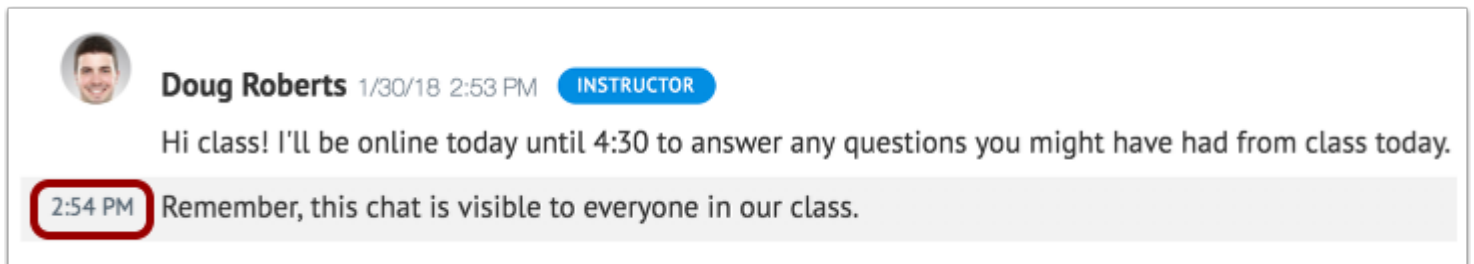

Message history each course is included in the chat. Chat history can be accessed indefinitely by loading more results and scrolling through previous course chats.

View Online Users

Chat displays the number of users who are in the chat [1]. To view a list of these users [2], hover your cursor over the number.

View Time Stamp

When a user sends multiple chat messages without another user sending a message, all messages will appear under the first message's time stamp. To view additional time stamps, hover your cursor over the message.

Send Message

To send a chat message, enter your message in the chat window [1]. To add an emoji to your message, click the **Emoji** icon [2]. Then click the **Send** button [3].

How do I use inline chat as a student?

If configured for your institution, inline chat allows you to communicate with other users in a course from areas other than the Chat page.

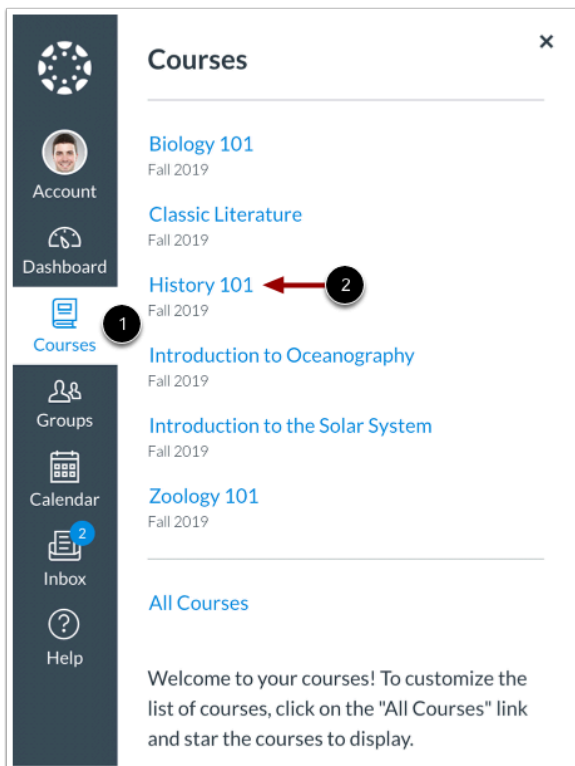

When inline chat is enabled, any user viewing the course will appear as online on the Chat page. Currently there is no load limit for a course chat, but larger numbers of course users may affect performance.

You can also chat with course users from the Chat page.

Notes:

- If you cannot view inline chat, it has not been enabled for your institution.
- Chat alerts are not available for inline chat.

Collaborations

How do I view Collaborations as a student?

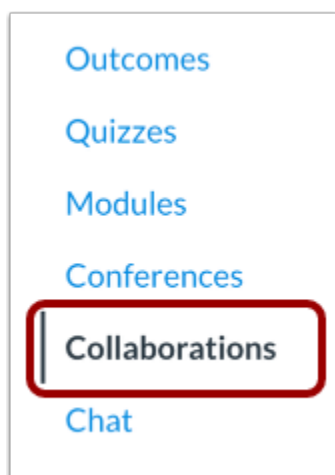

If you've been invited to join a collaboration, you can access the collaboration from Canvas. Collaboration files can also be viewed your online account for the collaboration type (OneDrive or Google Drive, respectively).

If your institution grants permission, you can create collaborations in the course. Your instructor can always view any collaboration you create, though other students can only view collaborations that have been shared with them. If your instructor has added you to a course group, you can always create collaborations within a group.

You can choose to receive notifications about collaborations in your Canvas notification preferences.

Note: Depending on your institution's preference, your Collaborations page may not match the images shown in this lesson. However, functionality of the page remains the same.

How do I create a Google Docs collaboration as a student?

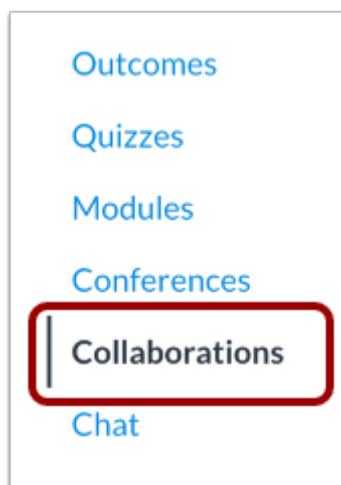

You can start a new collaboration using Google Docs in Canvas. Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time. However, a Google file may be shared with up to 200 email addresses including viewers, commenters, and editors.

Google Docs collaborations are separate from Google Drive collaborations. If your collaboration options include Google Spreadsheets and Presentations in addition to Documents, your course has enabled [Google Drive collaborations](#).

Notes:

- This lesson is for creating a collaboration in a course; when collaborations are created in a group, only group members and users with instructor-based roles (including TAs) can be selected as collaborators. However, your instructor can always view your collaboration.
- Creating a collaboration is a course permission. If you cannot create a collaboration in a course, your institution has restricted this feature.
- When creating a collaboration you cannot link to a previously created collaboration.
- Each collaborator will need a Google account and will need to [connect Google Drive as a registered service in Canvas](#).
- Google Apps for Education (integration with your school) works with Google Docs in Canvas. Please note, if your school email does not allow access to Google Docs, you will need to use a regular Google account (i.e. example@gmail.com).
- Email notifications for collaborations relate directly to the account used to connect to Google Drive.

The user's email address, "doug.roberts.canvas@gmail.com", is displayed in the top right corner. Below the title bar is a menu bar with options: File, Edit, View, Insert, Format, Tools, Table, Add-ons, and Help. A status bar indicates "All changes saved in Drive". To the right of the menu bar are buttons for "Comments" and "Share". Below the menu bar is a toolbar with icons for print, undo, redo, and text color, followed by settings for zoom (100%), text style (Normal text), font (Arial), and size (11). The main editing area contains a single line of text: "Please add your thoughts about what we should study for the exam." A ruler is visible at the bottom of the editing area, showing line numbers 1 through 7.

View the newly created document in a new browser window.

Note: By default, any collaborator can share the document. The document owner can manage the document's share settings from within the Google Doc.

How do I create a Google Drive collaboration as a student?

How do I delete a collaboration as a student?

If you are the creator of a collaboration, you can delete the collaboration from Canvas. Deleting the collaboration only removes access to the collaboration in Canvas. Users can still view the collaboration in their online account for the collaboration type (OneDrive or Google Drive, respectively).

Once a term ends or a course is concluded, the collaboration document will still be available from Canvas and the collaboration's source drive. If the document settings remain unchanged, users can still access the collaboration file, but any updates are not reflected in course notifications.

If you want to retain the collaboration document as part of the course or for your records, you may consider changing the sharing settings so the document is only available for viewing (and possibly disabling options to download, print, and copy). You can also change the sharing settings so that the document is no longer available to any users.

Google Drive and OneDrive

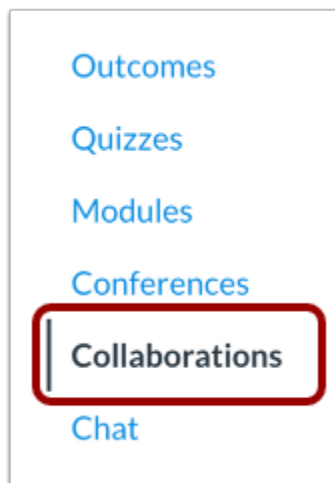

When deleting a Google Drive or OneDrive collaboration, the collaboration is immediately removed from the course. However, users can still access the file in their online account for the collaboration type.

Google Doc

If you are deleting a Google Doc, you can choose to delete the collaboration only from the course, or you can delete it from the course as well as Google Docs. However, deleting the document from Google Docs immediately deletes the collaboration and cannot be recovered.

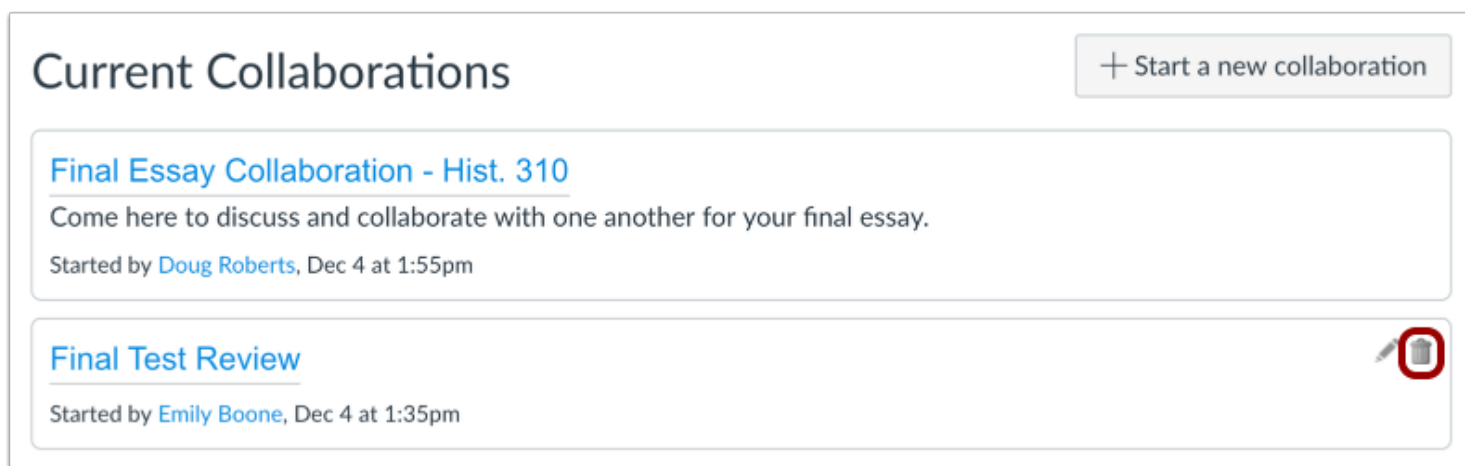

Note: Depending on your institution's preference, your Collaborations page may not match the images shown in this lesson. However, functionality of the page remains the same.

Open Collaborations

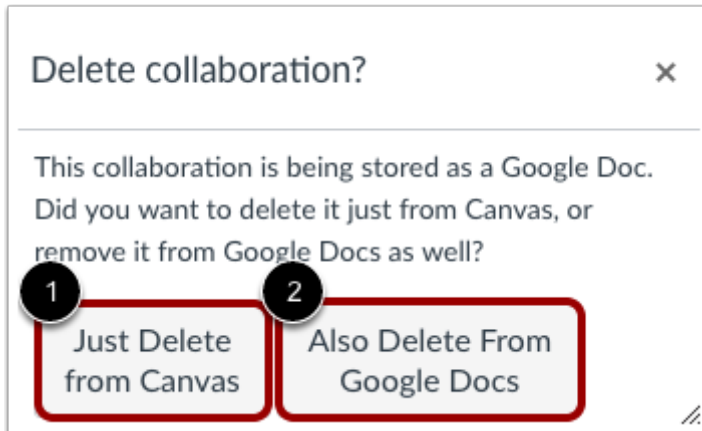

In Course Navigation, click the **Collaborations** link.

Delete Collaboration

The second entry is titled 'Final Test Review' and includes the text 'Started by Emily Boone, Dec 4 at 1:35pm'. To the right of the 'Final Test Review' entry is a delete icon (a trash can) circled in red.

Locate the collaboration and click the **Delete** icon.

Delete Google Doc

If you are deleting a Google Doc, Canvas will ask you if you want to delete the collaboration from Canvas or also delete from Google Docs.

If you only want to delete the Google Doc link from Canvas, click the **Just Delete from Canvas** button [1]. This option removes the Google Doc link from Canvas, but users can still access the document in their Google account.

If you want to remove the document from Google Docs as well, click the **Also Delete From Google Docs** button [2].

Note: The Also Delete From Google Docs option immediately deletes the document from Google Docs, and the document cannot be recovered. If you want to retain the document for your records, open the Google Doc and change the sharing and owner settings, or create a copy of the document before deleting.

Note: Notes are only available for recorded conferences.

How do I create a conference in a student group?

You can create a conference in your student group. Conferences can be created with as many users as needed, though the recommended guideline is a limit of 100 users.

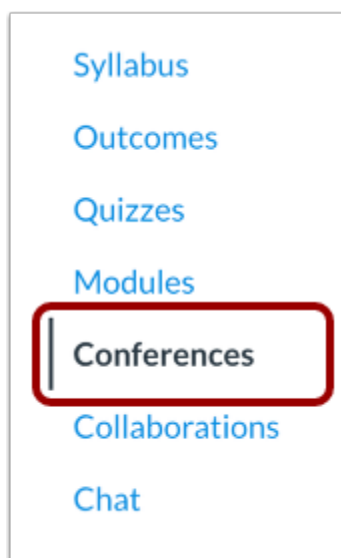

You can create multiple conferences, which are listed in chronological order by the date they were created. The most recently created conference will appear at the top of the list.

Notes:

- Creating a conference is a course permission. If you cannot create a conference, your institution has restricted this feature.
- Users invited to a conference will not receive a notification in Canvas. However, depending on the user's notification settings, they may receive a notification via email, text, and/or push notifications. To notify group users of a conference in Canvas, consider adding a [group announcement](#) or [calendar event](#).

Note: If your institution is likely to need more than 10 concurrent Conferences powered by BigBlueButton, consider upgrading to Premium BigBlueButton or exploring alternative conferencing solutions Canvas partners with, such as Zoom, Hangouts, Teams, and other [video conferencing tools](#) who are offering free or discounted services.

How do I record a conference in a student group?

As part of creating or editing a conference, you can choose to set up your conference to be recorded. Once this setting is enabled, you can start and stop the recording as necessary in the Conferences interface.

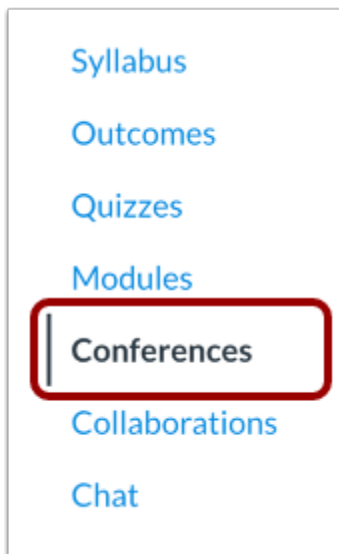

After the conference has concluded, you can view recorded segments in the group Conferences page. If you recorded multiple segments in your conference, each segment will be a separate recording.

Recording Restrictions

- When creating your conference, you must select the record option to record the conference.
- Canvas' standard recording feature will store your recordings in Conferences for 14 days and then remove them automatically.
- Recorded conferences cannot be downloaded.
- Recorded conferences can only be viewed inside the group where the conference was recorded; URLs cannot be shared outside Canvas.

Note: Creating a conference is a course permission. If you cannot create a conference, your institution has restricted this feature.

How do I use the Conferences interface as a participant?

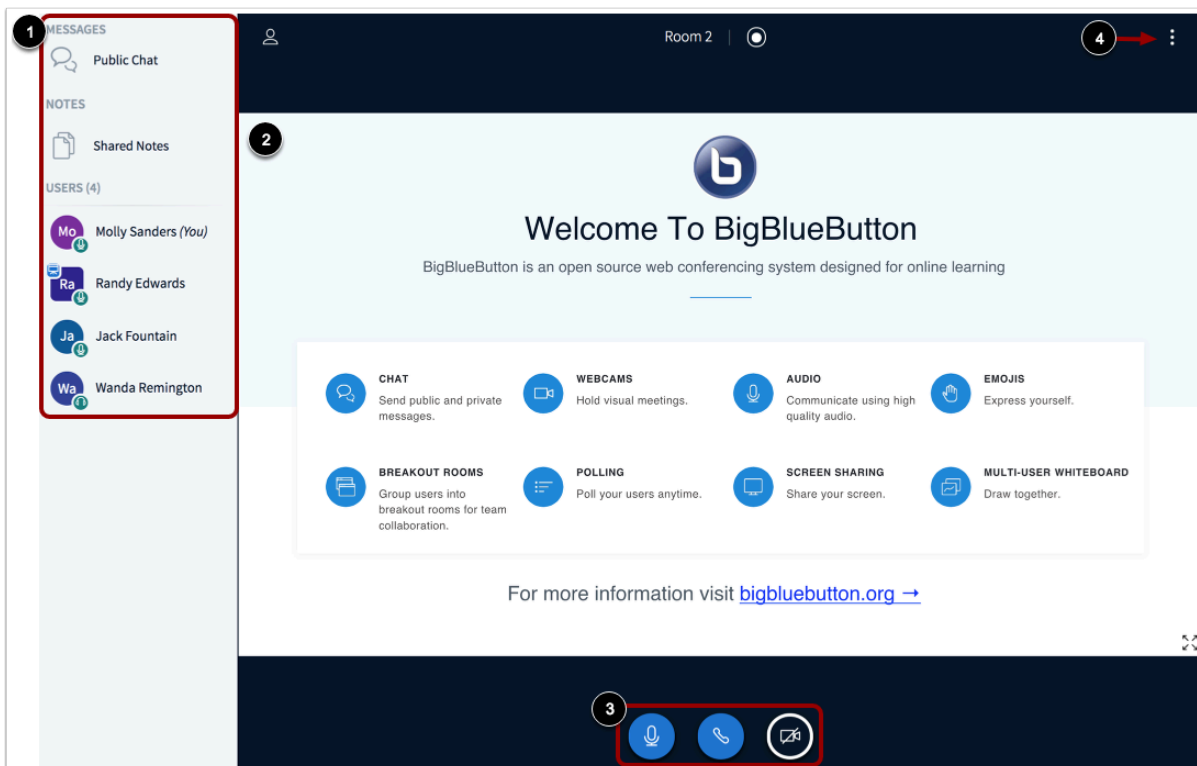

Once you have [joined a conference](#) as a participant, the Conferences interface contains multiple tools to help you participate in the conference. Any student who joins a conference that was started by someone else will be considered a participant.

You may also start a conference or be given the role of presenter or moderator. Learn more about [using the Conferences interface as a moderator or presenter](#).

The Conferences interface is displayed using BigBlueButton's HTML5 conferencing system. This guide provides a basic overview of the Conferences interface. To learn more about specific features, view BigBlueButton's [HTML5 user documentation](#).

It is recommended to use Chrome or Firefox browsers to access the Conferences interface. Screen sharing is not supported on Safari browsers.

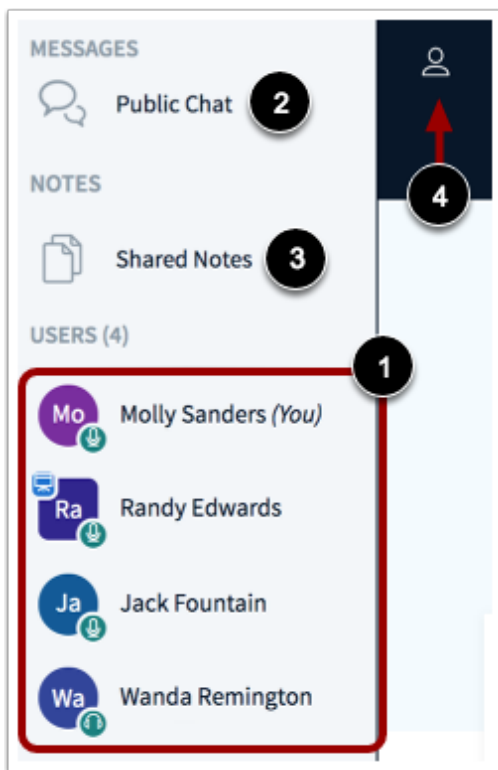

View Conferences Interface

The Conferences interface contains a variety of tools to help you moderate and participate in your presentation. The interface consists of the following areas:

- User Menu [1]
- Presentation Window [2]
- Conference Tools [3]
- Options Menu [4]

View User Menu

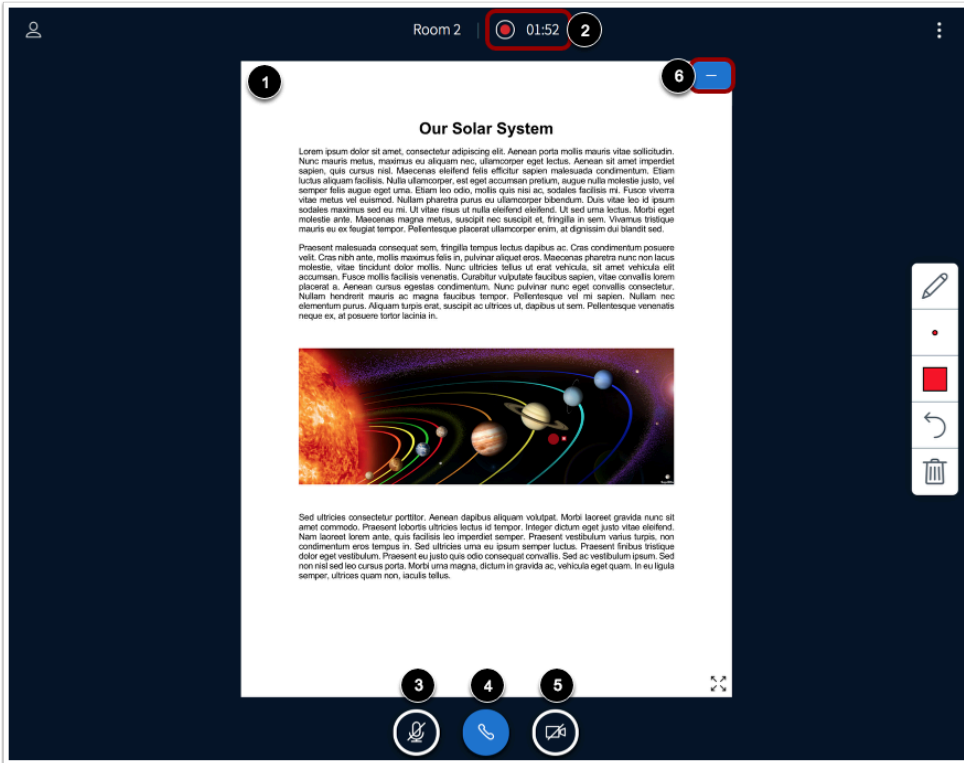

From the User Menu, you can view all the users in the conference [1]. Each user is represented by their display name in Canvas.

You can also chat with conference participants and contribute to shared notes. To open the conference chat, click the **Public Chat** link [2]. To open the Shared Notes, click the **Shared Notes** link [3].

The User Menu is open by default. To close the User Menu, click the **User Menu** icon [4].

View Presentation Window

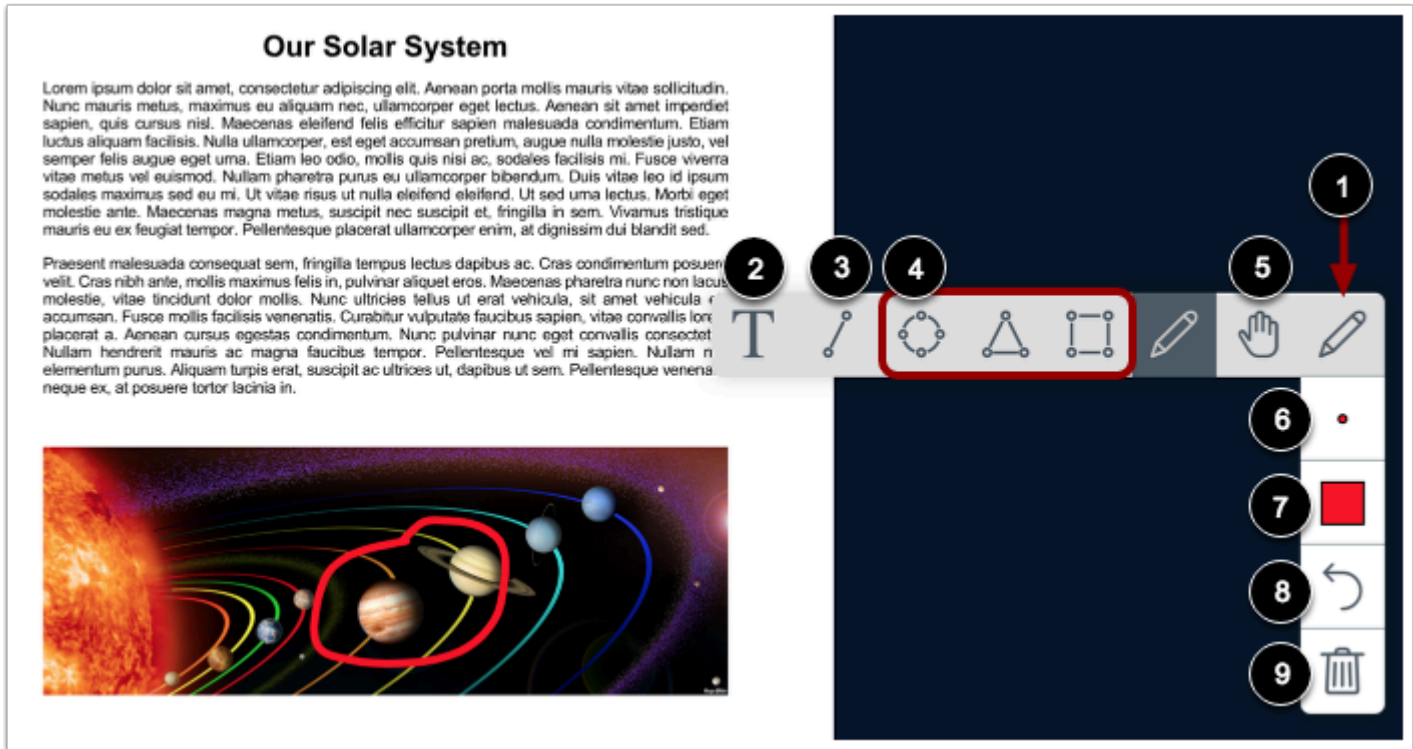

The Presentation Window displays the presentation that has been uploaded by the moderator or presenter [1]. If the conference is being recorded, the recording time will display at the top of the screen [2].

The Presentation Window also includes several tools that control how you can participate in the conference. To mute or unmute your microphone, click the **Microphone** button [3]. To leave or join the conference audio, click the **Audio** button [4].

To enable your webcam, click the **Webcam** button [5]. If webcams are enabled, you can hide the presentation window and display only webcams by clicking the **Hide** icon [6].

View Annotation Tools

If the moderator allows, participants can use tools to annotate the presentation window. To use a pencil to draw in the presentation window, click the **Pencil** icon [1].

To view all annotation tools, click and hold the Pencil icon. In addition to the pencil tool, you can also create text annotations [2], line annotations [3], or shape annotations [4].

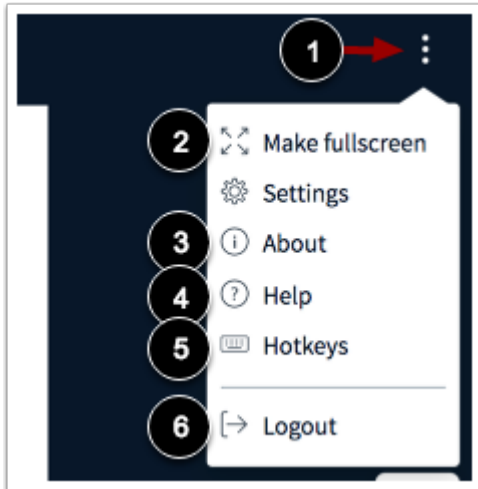

To pan a document that has been zoomed in, click the **Pan** icon [5].

To adjust the thickness of an annotation, click the **Thickness** icon [6]. To adjust the color of the annotation, click the **Color** icon [7].

To undo the most recent annotation, click the **Undo** icon [8]. To delete all annotations that you have created, click the **Delete** icon [9].

Note: If you cannot view the annotation tools, they are not enabled for participants in your conference.

Open Options Menu

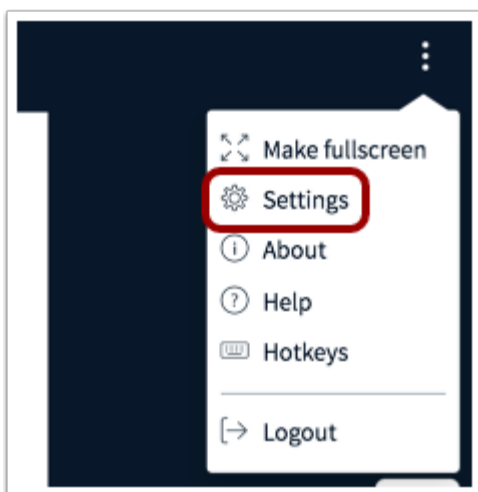

To open the Options menu, click the **Options** icon [1].

To view the conference in fullscreen mode, click the **Make fullscreen** option [2].

To view information about the interface, click the **About** option [3]. To view help tutorials, click the **Help** option [4]. To view hotkeys, click the **Hotkeys** option [5].

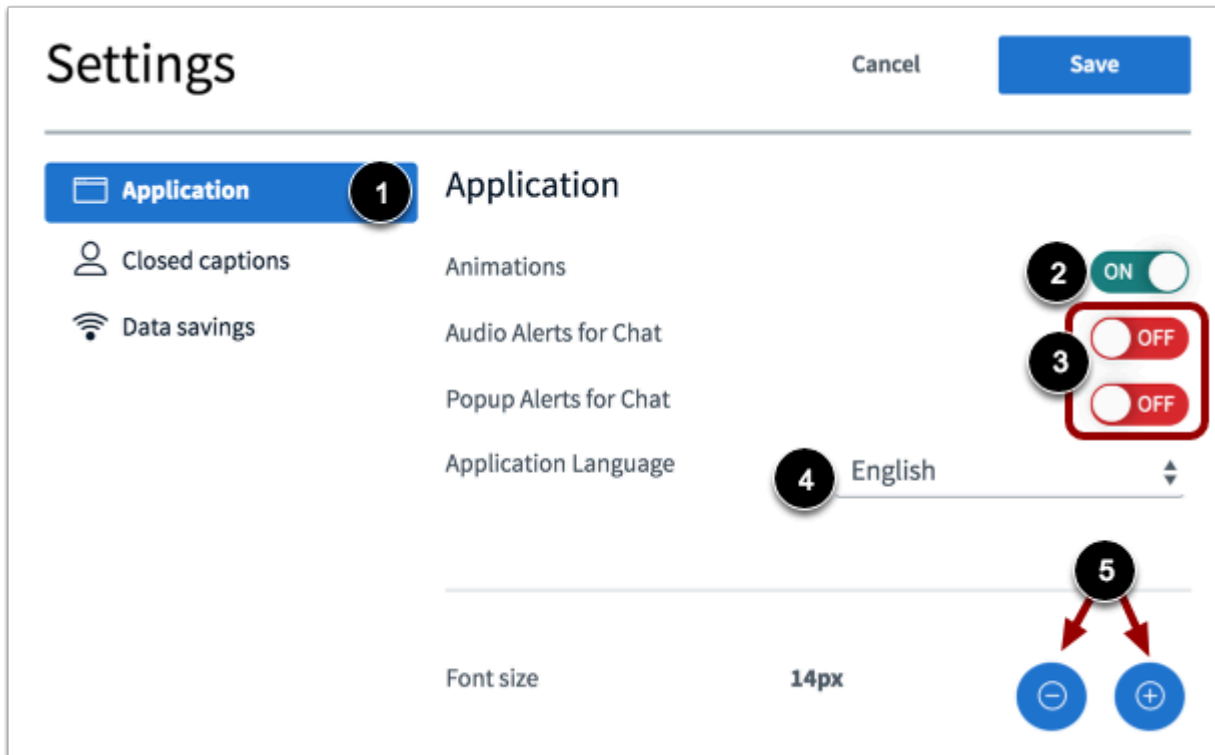

To logout of the conference, click the **Logout** option [6].

View Settings Menu

To open the Settings menu, click the **Settings** link.

Manage Application Settings

To manage applications settings, click the **Application** link [1].

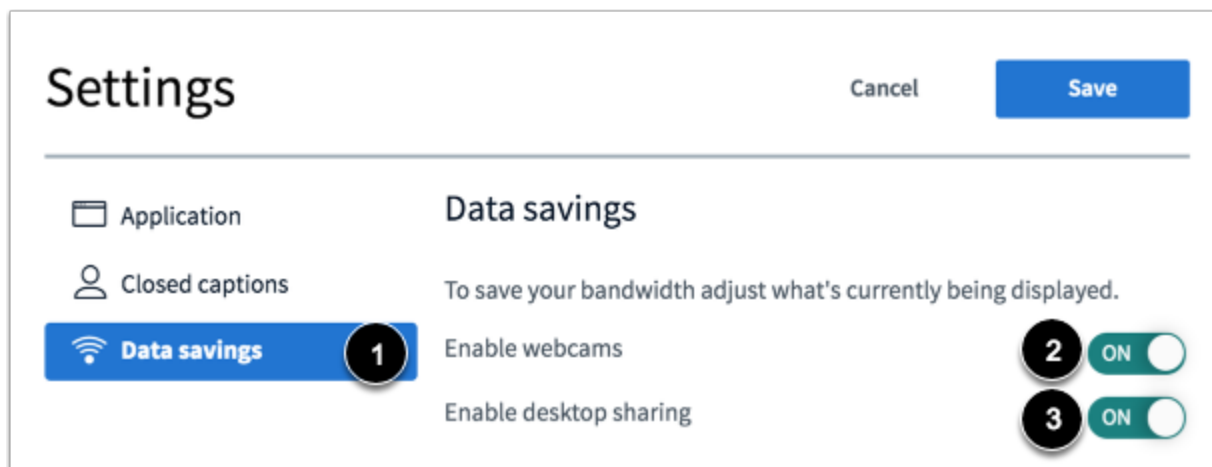

To enable or disable animations that display when a user is speaking, click the **Animations** button [2].

To enable or disable chat alerts, click the **Audio Alerts for Chat** or **Popup Alerts for Chat** buttons [3].

To select a language for the interface, click the **Application Language** drop-down menu [4] and select the language. To adjust the font size, click the **Decrease** or **Increase** buttons [5].

Note: Chat alerts only function within the same browser in which the Conferences interface is open.

Manage Data Savings Settings

To manage data saving settings, click the **Data savings** link [1].

To enable or disable webcams, click the **Enable webcams** button [2]. To enable or disable desktop sharing, click the **Enable desktop sharing** button [3].

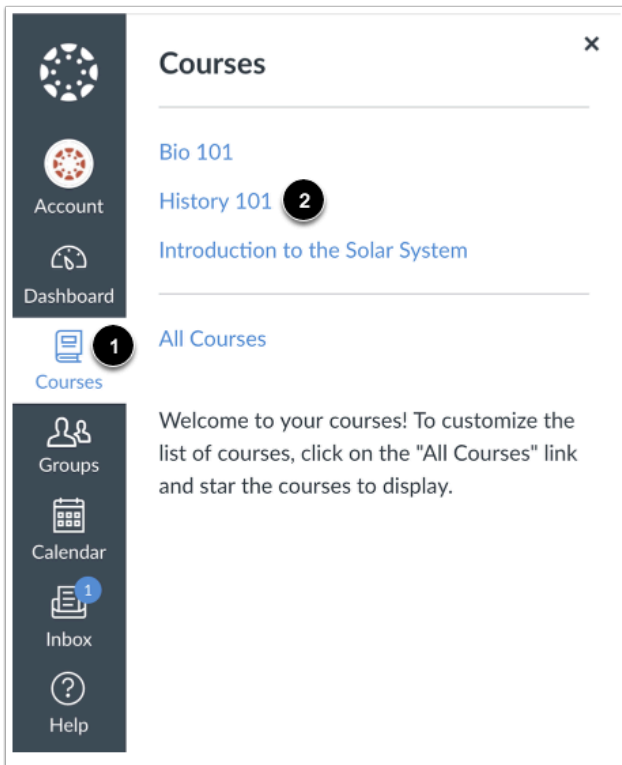

Course Navigation

How do I use the Course Home Page as a student?

If you are enrolled in a course as a student, the Course Home Page helps you navigate your course and manage your coursework.

Note: Your instructor may choose to display a different font for your course.

Open Course

The screenshot shows the Canvas interface. On the left is a dark sidebar with navigation icons: Account, Dashboard, Courses (with a '1' callout), Groups, Calendar, Inbox (with a '1' callout), and Help. The main content area is titled 'Courses' and lists three courses: 'Bio 101', 'History 101' (with a '2' callout), and 'Introduction to the Solar System'. Below the list is a link for 'All Courses' and a welcome message: 'Welcome to your courses! To customize the list of courses, click on the "All Courses" link and star the courses to display.'

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].

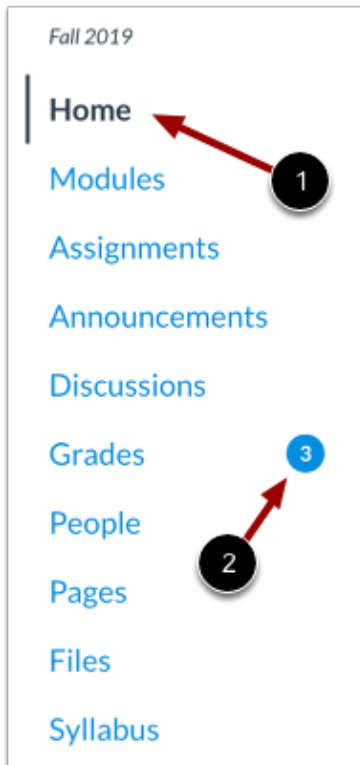

View Course Home Page

The screenshot shows the Canvas interface for a course titled 'HIST 101' under the 'Modules' section. The page is annotated with three numbered callouts:

- 1:** Course Navigation (Left Sidebar): A vertical list of navigation options including Home, Modules, Assignments, Announcements, Discussions, Grades, People, Pages, Files, Syllabus, Outcomes, Quizzes, Conferences, and Collaborations.
- 2:** Content Area (Main Middle Section): A central area containing course information. It is divided into two sections:
 - Class Information:** Lists items like 'Class Reading' (Aug 22), 'Position Paper' (Aug 26 | 25 pts), and 'History Overview' (Aug 28 | 11 pts).
 - Bill of Rights:** Lists items like 'Bill of Rights Introduction' (Sep 4), 'Bill of Rights' (Sep 9), 'A Closer Look: Response 2' (Sep 12 | 25 pts), and 'Bill of Rights Wrapup' (Sep 17).
- 3:** Sidebar (Right Sidebar): A vertical list of course-related actions and items, including 'View Course Stream', 'View Course Calendar', 'To Do' (with items like 'Welcome to class!', 'Articles of Confederation vs. Constitution', 'Class Reading', 'Position Paper', 'History Overview', 'To Sign or Not to Sign Discussion', and 'Bill of Rights Introduction'), 'Course Groups' (with 'Study Group 1'), and 'Recent Feedback'.

The Course Home Page involves Course Navigation [1], the content area [2], and the sidebar [3].

View Course Navigation

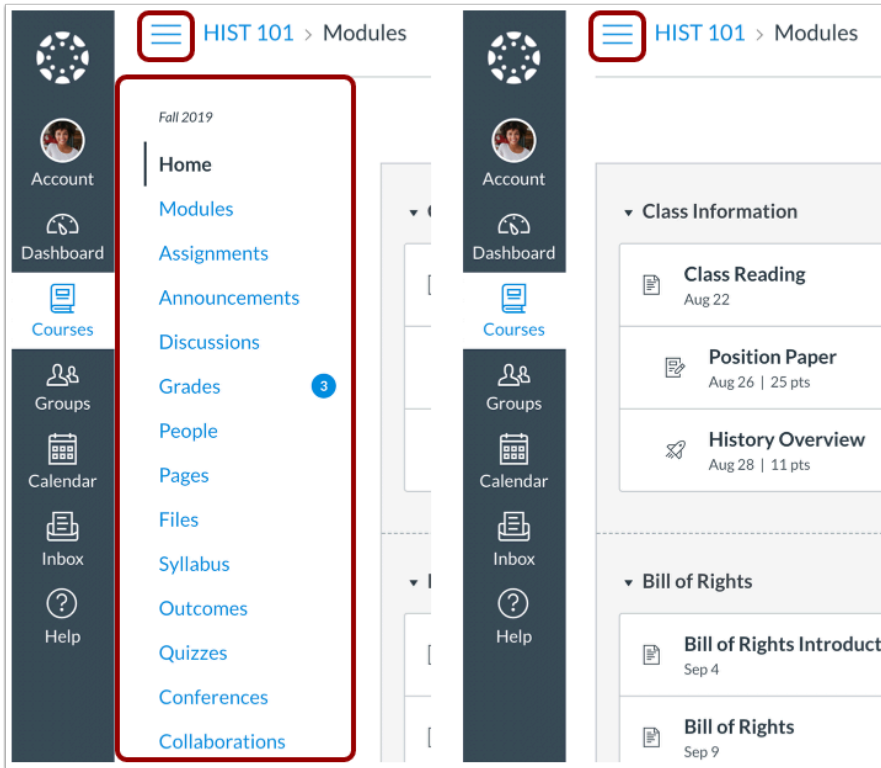

The Course Home Page is viewed from the Course Navigation **Home** link [1].

Course Navigation includes links that help you and your students get to specific locations in the course. Instructors can customize what links are shown in a course, so if you don't see links that may display in other courses, your instructor has hidden those links from your view.

The active link of the page you are viewing is highlighted with different color text and a line indicator. This highlight helps you quickly identify the feature area you are currently viewing in Canvas.

You may also see course indicators [2] that show updates to your course grades when your [instructor grades your assignments](#).

If your Course Home Page displays a page other than the Course Activity Stream, you can view the course activity stream by clicking the sidebar **View Course Stream** button [1]. When the Home Page is set as the Course Activity Stream, this button will not appear.

If you have been added to a group in your course, the **Course Group** section [2] includes links to your course groups.

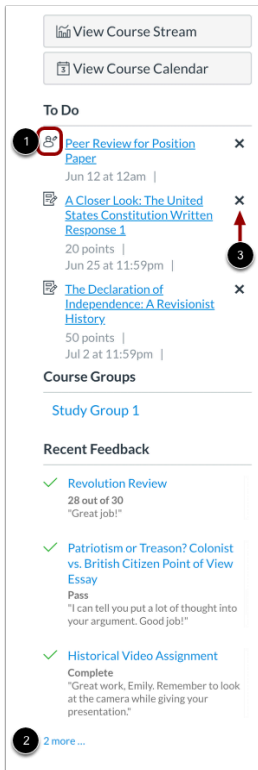

View Sidebar Sections

The sidebar always shows the To Do section [1], which shows all recent announcements and up to seven assignments that are due in the upcoming weeks, including ungraded quizzes and assignments that do not require a submission. Each item in the To Do list displays the assignment name, the number of points, and the due date for the assignment. Once the due date has passed, items remain in this section for four weeks.

The sidebar can also include a variety of other sections, depending on the layout your instructor sets for the Course Home Page. Additional sidebar options include the Assignment list, Calendar and Assignment Groups, and Recent Feedback.

Manage Sidebar Items

Each section item displays an icon [1] to differentiate between assignments and peer review assignments.

If a section contains more items than are listed, a link will appear under the list that you can use to view additional items [2].

The To Do section shows up to seven items with due dates in the upcoming weeks. To view more items, you must manually remove items from the list. To remove a To Do item, click the **remove** icon [3].

Note: Assignments submitted through Canvas disappear automatically from the To Do list; no-submission assignments (submitted on paper/in class) can only be removed from the list manually.

How do I use the Course Activity Stream as a student?

The Course Activity Stream shows you important recent activities from a single course including announcements, discussions, assignments, and conversations. This stream is similar to the [Global Activity Stream](#) in the Dashboard when you first log in to Canvas.

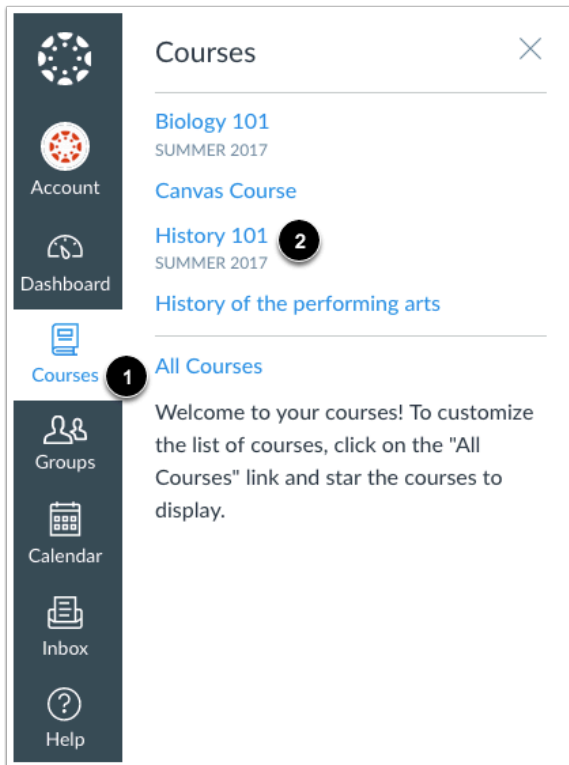

The following activities will cause notifications to appear in the Course Activity Stream:

- New Announcements
- Replies to Announcements
- New Discussions
- New Discussion Posts
- New Assignments
- Assignments, Quizzes, or Discussions Changed from Ungraded to Graded
- Due Date Changes to Assignments, Quizzes, and Discussions
- New Graded Assignments
- New Peer Review Assignments
- New Conversation Messages

Notes:

- Notifications in the Course Activity Stream will not appear for activity in Files, Collaborations, Grades, Pages, or Conferences; ungraded quizzes and surveys; or edits to Discussions.
- Edits to Quizzes and Assignments will only appear in the Course Activity Stream when the **Notify users that this content has changed** button has been selected.
- If your Course Home Page is already set to view the course stream, the View Course Stream link does not appear in the course sidebar.

The Course Activity Stream contains recent notifications in the course, including announcements, discussions, assignments, and conversations. This activity stream helps you see all recent activity in your course and easily ask questions and post to discussion forums. Unlike course cards on the Dashboard, the activity stream does not mimic visibility of Course Navigation links.

You can manage recent activity in a course the same way you can on the Dashboard. Activities are indicated by activity type and display an icon [1] for the activity. New activity in your account is indicated by a blue dot [2]. Discussions and Announcements indicate new activity items published in a course, and Conversations indicate a new message received from a user in a course. Recent Activity items remain for four weeks.

Note: To receive notifications for Discussions, you must actively post in the discussions at least once every two weeks. If you stop participating in a discussion after two weeks, Canvas will no longer display discussion notifications.

How do I drop a self-enrolled Canvas course?

If you decide you want to drop a course you self-enrolled in using Canvas, follow these steps.

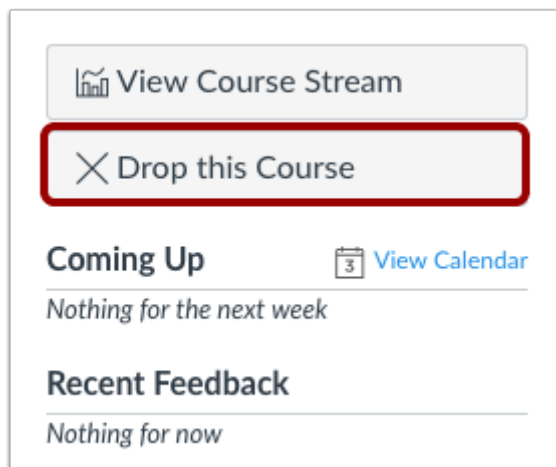

Note: You can only drop a self-enrolled Canvas course while it is in progress (between the course start date and end date). Also, if you did not enroll in the course using the given URL or join code, meaning you were manually or automatically added to the course, you will have to ask your teacher or institution to be removed from the course.

Open Course

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].

Drop this Course

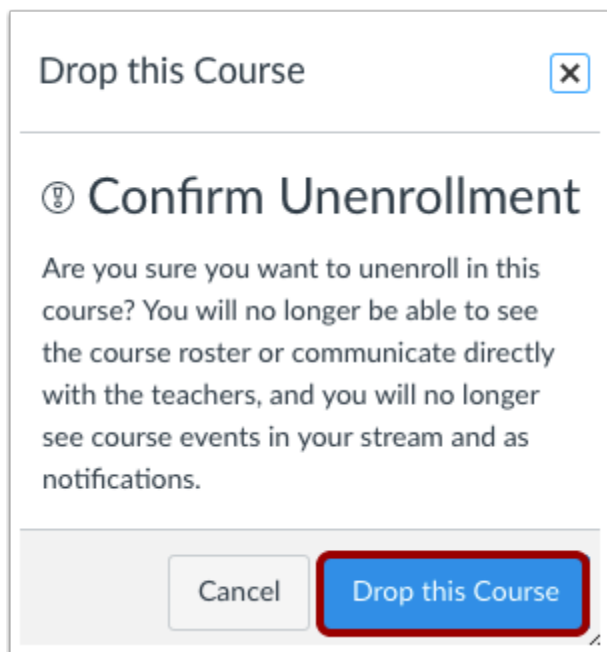

The screenshot shows a sidebar with several sections. At the top is a button labeled 'View Course Stream' with a bar chart icon. Below it is a button labeled 'Drop this Course' with an 'X' icon, which is highlighted with a red border. Underneath are sections for 'Coming Up' and 'Recent Feedback', both showing 'Nothing for the next week' and 'Nothing for now' respectively. A 'View Calendar' link with a calendar icon is also present.

In the sidebar, click the **Drop this Course** button.

Note: You can only drop a self-enrolled Canvas course while it is in progress (between the course start date and end date). Also, if you did not enroll in the course using the given URL or join code, meaning you were manually or automatically added to the course, you will have to ask your teacher or institution to be removed from the course.

Confirm Un-enrollment

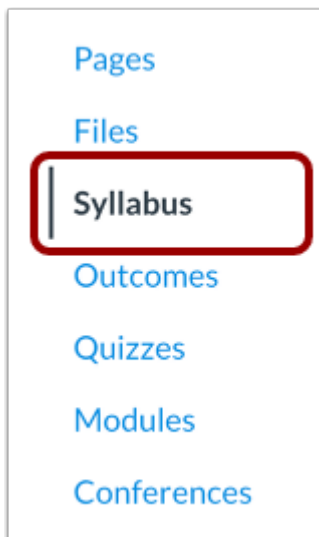

Click the **Drop this Course** button to un-enroll from the course. You will no longer be able to see the course roster, communicate with people in the course, and see course events or notifications.

How do I use the Syllabus as a student?

Welcome to HIS101, American History!

This course is a short 5 week review course that covers US History from 1775 to 1791, including the Declaration of Independence, Revolution, Articles of Confederation and the Constitution, and the Bill of Rights. My name is Aren Jurel and I will be your instructor for this course.

The table below contains all the due dates for the course. Throughout the course, you will be engaged in peer interactions on discussion boards and peer reviews, collaborative work in teams, groups, and circles, watching videos, writing, and completing quizzes. The variety of activities should provide you with a wide range of opportunities for learning.

Use the [discussion on course questions](#) if you need explanation of any of the course assignments or activities.

A note on working with others... in this course, you will see that you [may sign up to work with a team, a group, and a circle](#) to edit three different wiki pages. These working organizations will allow you opportunities to work with a variety of people, and will help differentiate between the wiki page assignments. You are expected to work collaboratively within these structures. You may choose your own team, group or circle as the class starts the module in which they are assigned. The wiki page edits are due at the same time as the quiz for the module.

Click the [Modules button](#) on the left menu of the [Home button](#) to get started. Good luck on the course!

Mr. Jurel

How do I view New Analytics in a course as a student?

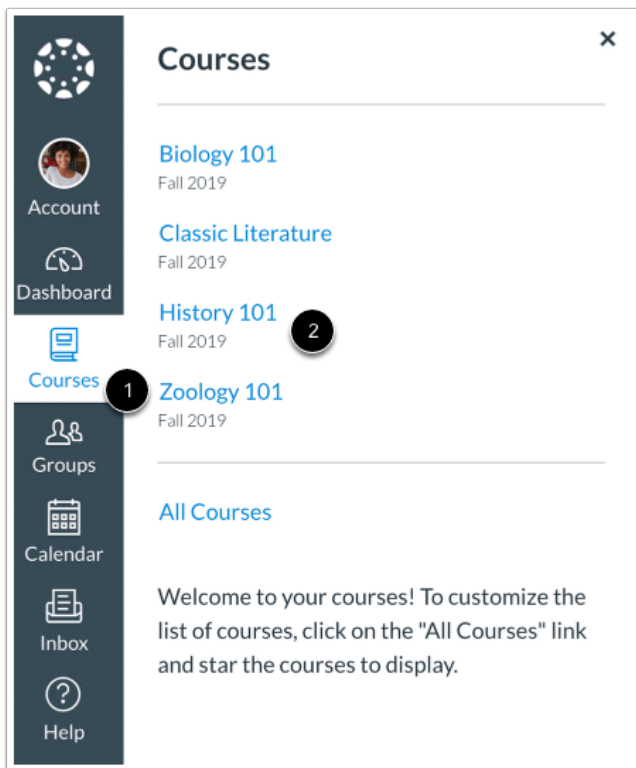

As a student, you can view New Analytics in a course.

Available analytics include course grade, weekly online activity, and communication. By default, the analytics page displays an interactive chart graph of all data. However, you can view data within a table at any time.

Notes:

- If you cannot view an option to access New Analytics, your instructor may not have enabled this feature.
- Data is refreshed in New Analytics every 24 hours. Please confirm the time data was last updated in the course, as content may be outdated compared to recent activity and submissions.

Open Course

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].

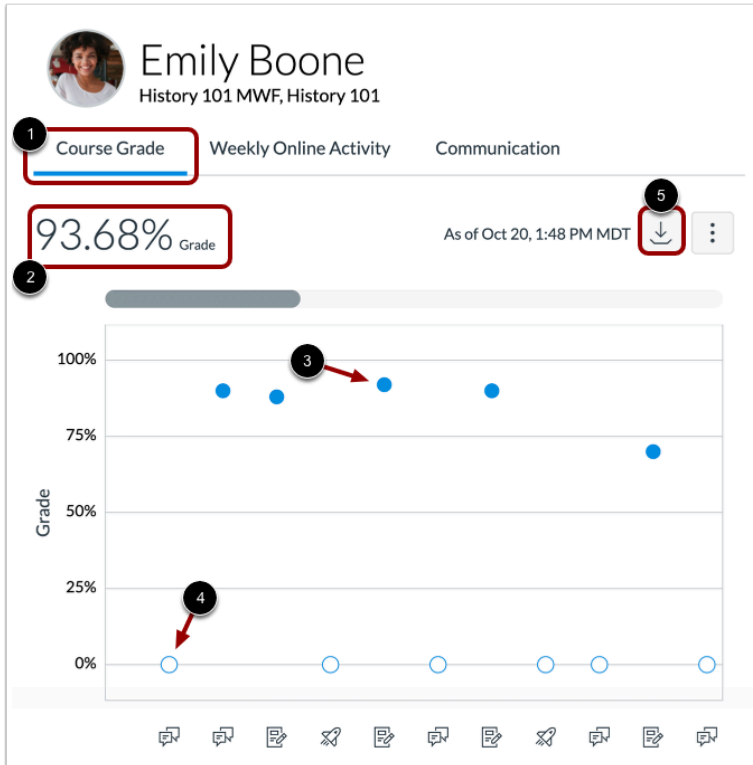

Open New Analytics

The screenshot shows the Canvas interface for a course titled 'HIST 101'. On the left-hand side, there is a navigation menu with several options: Home, Modules, Assignments, Announcements, Discussions, Grades (with a '16' badge), People, Pages, Files, Syllabus, Outcomes, Quizzes, **New Analytics** (highlighted with a red box and a '1' callout), Conferences, and Collaborations. The main content area is divided into sections. The top section is 'Recent Announcements', featuring a welcome message from the instructor, 'Welcome to class! Welcome to US History 101! ...', posted on 'Aug 14, 2019 at 8:52am'. Below this is the 'History 101' section, which includes a large banner for 'AMERICAN HISTORY' by instructor 'AREN JUREL'. Underneath the banner are four smaller cards: 'The DECLARATION of INDEPENDENCE', 'The ARTICLES of CONFEDERATION & The CONSTITUTION', 'The REVOLUTION', and 'The BILL of RIGHTS'. On the right-hand side, there are three buttons: 'View Course Stream', **New Analytics** (highlighted with a red box and a '2' callout), and 'View Course Calendar'. Below these buttons is a 'To Do' list with several items, each with a deadline and a point value, such as 'Compare and Contrast: Tax...' (Oct 8 at 11:59pm, 30 points) and 'Industrial Revolution' (Oct 16 at 11:59pm, 50 points).

To open New Analytics, click the **New Analytics** link in Course Navigation [1] or the **New Analytics** button in the Course Home page [2].

Note: If you cannot view an option to access New Analytics, your instructor may not have enabled this feature.

View Course Grade Graph

By default, student analytics opens to the **Course Grade** tab [1]. The Course Grade graph shows your submission status and grade for all the assignments in the course. Your current course grade is shown above the chart graph [2].

The x-axis displays an icon to indicate if the activity is an assignment, quiz, or discussion. The y-axis indicates the grade percentage.

A solid dot [3] represents a graded assignment and an empty dot [4] represents an ungraded assignment.

How do I view Discussions as a student?

The Discussion Index page allows you to view all the discussions within a course.

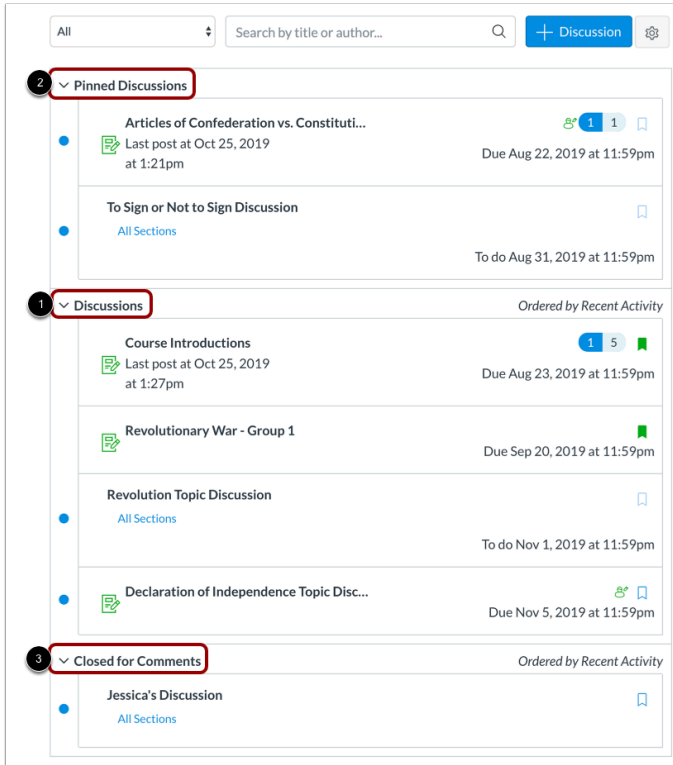

Note: Your instructor may choose to hide the Discussions link in Course Navigation. If the Discussions link is not available, you can still access Discussions through other areas of Canvas.

Open Discussions

In Course Navigation, click the **Discussions** link.

View Discussions

The screenshot shows the Canvas Discussions interface. At the top, there is a search bar with the text "Search by title or author..." and a "+ Discussion" button. Below the search bar, the page is divided into three main sections, each with a numbered callout:

- 2 Pinned Discussions:** This section contains two discussion items:
 - "Articles of Confederation vs. Constituti..." with a last post on Oct 25, 2019 at 1:21pm and a due date of Aug 22, 2019 at 11:59pm.
 - "To Sign or Not to Sign Discussion" with a due date of Aug 31, 2019 at 11:59pm.
- 1 Discussions:** This section is ordered by recent activity and contains four discussion items:
 - "Course Introductions" with a last post on Oct 25, 2019 at 1:27pm and a due date of Aug 23, 2019 at 11:59pm.
 - "Revolutionary War - Group 1" with a due date of Sep 20, 2019 at 11:59pm.
 - "Revolution Topic Discussion" with a due date of Nov 1, 2019 at 11:59pm.
 - "Declaration of Independence Topic Disc..." with a due date of Nov 5, 2019 at 11:59pm.
- 3 Closed for Comments:** This section is ordered by recent activity and contains one discussion item:
 - "Jessica's Discussion" with a due date of Nov 5, 2019 at 11:59pm.

Discussions are organized into three main areas.

Discussions [1]: These are current discussions within the course. Discussions are ordered by most recent activity. You will only see this section heading if there are discussions within this section.

Pinned Discussions [2]: These are discussions that your instructor wants you to pay specific attention to and will appear at the top of the Discussions page. *You will only see this section heading if there are discussions within this section as designated by your instructor.*

Closed for Comments [3]: These discussions have been manually closed for comments, or the discussion is past the available from/until date. These are discussions that are only available in a read-only state and are ordered by most recent activity. You will always see this section heading, even if there are no discussions within this section.

View Individual Discussion

The screenshot shows a discussion board interface with two sections: 'Pinned Discussions' and 'Discussions'. The 'Pinned Discussions' section contains two items: 'Articles of Confederation vs. Constituti...' and 'To Sign or Not to Sign Discussion'. The 'Discussions' section is ordered by recent activity and contains three items: 'Course Introductions', 'Revolutionary War - Group 1', and 'Elections Discussion'. Numbered callouts (1-10) point to specific UI elements: 1 (graded icon), 2 (discussion title), 3 (last post date), 4 (due date), 5 (unread/total posts), 6 (subscribe icon), 7 (availability date), 8 (unread icon), 9 (peer review icon), and 10 (peer review icon).

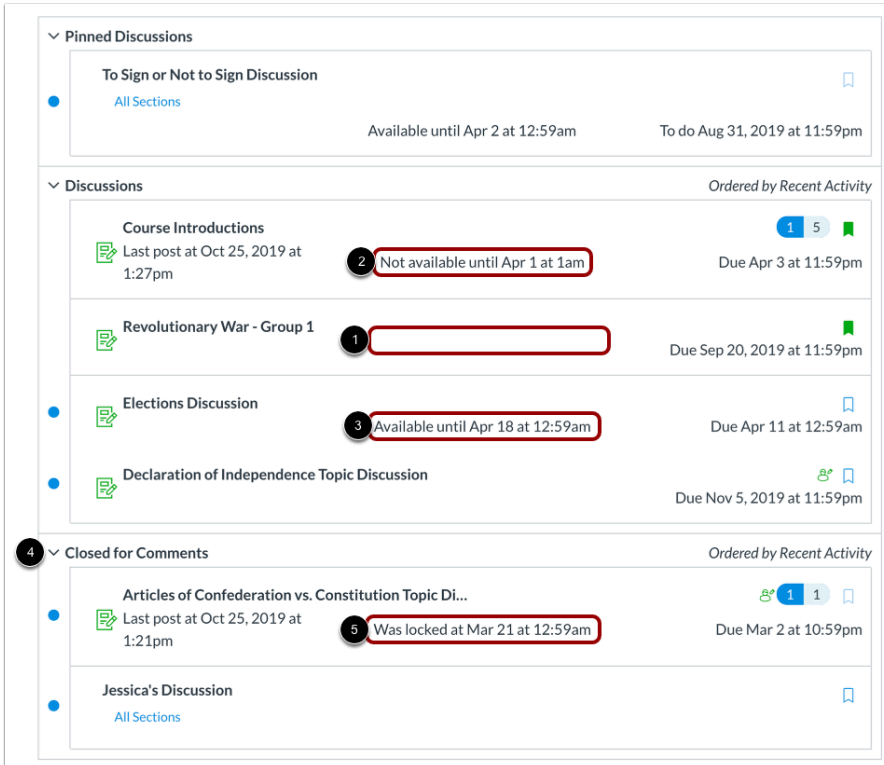

Each discussion displays whether or not it is a graded discussion [1], the name of the discussion [2], the date on which the last discussion reply was posted [3], the due date (if any) [4], the number of unread/total posts in the discussion [5], and whether or not you are subscribed to the discussion [6].

You can also view availability dates for individual discussions [7].

An unread icon next to a discussion indicates an unread discussion [8]. The number of unread/total posts will not appear for group discussions and discussions that have no discussion replies [9].

There will also be a peer review icon if a graded discussion has been assigned peer reviews [10].

View Availability Dates

The screenshot displays a discussion board interface with the following sections and items:

- Pinned Discussions:**
 - To Sign or Not to Sign Discussion:** Available until Apr 2 at 12:59am. To do Aug 31, 2019 at 11:59pm.
- Discussions (Ordered by Recent Activity):**
 - Course Introductions:** Last post at Oct 25, 2019 at 1:27pm. **2** Not available until Apr 1 at 1am. Due Apr 3 at 11:59pm. (1 reply, 5 views)
 - Revolutionary War - Group 1:** **1** [Redacted]. Due Sep 20, 2019 at 11:59pm.
 - Elections Discussion:** **3** Available until Apr 18 at 12:59am. Due Apr 11 at 12:59am.
 - Declaration of Independence Topic Discussion:** Due Nov 5, 2019 at 11:59pm.
- Closed for Comments (Ordered by Recent Activity):**
 - Articles of Confederation vs. Constitution Topic Di...:** Last post at Oct 25, 2019 at 1:21pm. **5** Was locked at Mar 21 at 12:59am. Due Mar 2 at 10:59pm. (1 reply, 1 view)
 - Jessica's Discussion:** All Sections.

The first dates you may see are the availability dates. Your instructor may use availability dates to restrict discussion replies to a specified date range. The availability dates are the range of time that the discussion is accessible to you. Availability dates also appear on the Assignments page for all discussions with assigned availability dates.

- If the discussion does not have a date listed, the discussion is open; you can reply to the discussion at any time during your course [1].
- If the discussion says **Not Available Until** [date], the discussion is locked until the specified date [2].
- If the discussion says **Available until** [date], you can reply to the discussion until the specified date [3].
- If the discussion is in the **Closed for Comments** section, the discussion cannot accept submissions [4]. Discussions in this section may show a "Was locked at [date]" to indicate when the discussion was closed for comments [5].

Note: If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the discussion is the full day before the listed date. For instance, if a discussion is Available until March 29, you can access the discussion until March 28 at 11:59 pm.

View Due Dates

The screenshot shows a list of discussions under the heading "Discussions" and "Ordered by Recent Activity".

- Course Introductions:** Last post at Oct 25, 2019 at 1:27pm. Not available until Apr 1 at 1am. Due Apr 7 at 11:59pm. A blue circle with the number 1 points to the due date, and a black circle with the number 2 points to the time (11:59pm).
- Revolutionary War - Group 1:** Due Sep 20, 2019 at 11:59pm.

The second set of dates are the due dates [1] for each respective discussion. However, **due dates only apply to graded discussions**. Any replies to discussions after the due date are marked as late; some instructors may deduct points for late replies. You can still reply to late discussion before the **Available until** date.

*Please be aware that the Due date may be **before or on** the Available date.*

Due dates also include a time [2]. If your instructor does not set a specific due time, the graded discussion due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.

Filter Discussions

The screenshot shows the filter controls for discussions:

- 1:** A drop-down menu currently set to "All".
- 2:** A search field labeled "Search by title or author..." with a magnifying glass icon.
- 3:** A blue button labeled "+ Discussion".
- 4:** A gear icon representing settings.

There are a few ways to filter Discussions:

1. View All or only unread discussions by selecting an option from the drop-down menu.
2. Search for a discussion by typing a discussion title, a user name, or a keyword in the **Search** field.
3. [Start a new discussion](#) by clicking the **Add Discussion** button. (**Note:** Some instructors may choose to disable this option.)
4. Change the discussions settings to [manually mark posts as read](#) by clicking the **Settings** icon.

All Sections 3

After reviewing the document in this [DocsTeach activity](#), answer the following questions:

1. Imagine that you are a member of the committee tasked with writing the Declaration of Independence. What is going through your mind as you draft this document?
2. Eventually 56 delegates from 15 states signed the Declaration, in geographic order starting from the bottom right. But a few of the delegates who had voted for independence decided not to sign it. What objections do you think they might have had?
3. If you were a member of the Second Continental Congress, would you have signed? Why or why not? Remember to consider the risks and benefits!

Remember that you will not be able to see the responses of anyone else until you have first shared your thoughts. Once you have posted, read through a few of your peer's responses. In what ways are your responses similar? In what ways are they different?

Articles of Confederation vs. Constitution Topic Discussion Copy

Based on the materials in this module, describe the key similarities and differences between the Articles of Confederation and the Constitution. In your description, be sure to include the weaknesses of the Articles of Confederation and discuss the need for the Constitution.

Your response should be at least 5 paragraphs and use correct spelling and grammar. You will not be able to see the responses of your classmates until you have submitted your post. Once you have submitted, read and respond to at least two peer posts. After the due date, you will be assigned to review two of your peers' posts.

If your discussion is a graded discussion, you can view the discussion the same way as regular discussions with additional information:

- **Graded Discussion details [1]:** points and due date for the graded discussion, if any. Not all graded discussions may have a due date.
- **Rubric [2]:** any grading criteria that your instructor has provided for the graded discussion. A graded discussion may or may not include a rubric. Before submitting your reply, you may want to [review the discussion rubric](#).

If you were to miss the due date, you may be able to submit a reply to the discussion before the last day of the course. If the graded discussion does not have a due date, you can submit a reply any time before the last day of the course.

Both graded- and non-graded discussions can be closed at any time. Your instructor may note in the description topic or syllabus if a discussion is only scheduled to be available for a specific period of time.

When a discussion has been closed for comments, you can still view the details of the discussion topic and any replies, but you can no longer reply to the discussion.

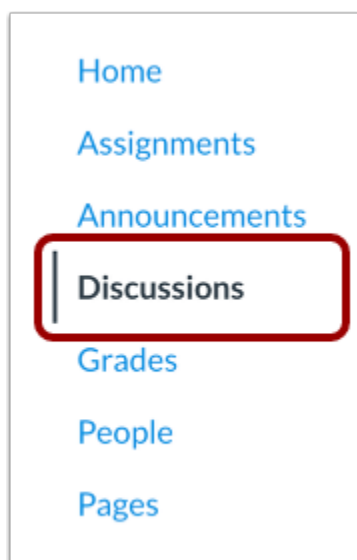

The discussion was either available until a specific date, or your instructor manually closed the topic.

How do I view the rubric for my graded discussion?

Your instructor may include a rubric as part of a graded discussion. The rubric is a set of criteria that your instructor will use to grade your discussion. Before submitting your discussion, you can use the rubric to evaluate your own work and make sure your discussion fulfills your instructor's requirements.

Note: Not all graded discussions may include a rubric.

Below the post are search and filter buttons, and a "Reply" button.

The peer review assignment is highlighted at the top and includes a direct link to the peer review [1].

If a specific due date is assigned to the peer review, the date also appears as part of the message [2]. Otherwise, it displays the due date for the graded discussion, if any.

How do I submit a peer review to a discussion?

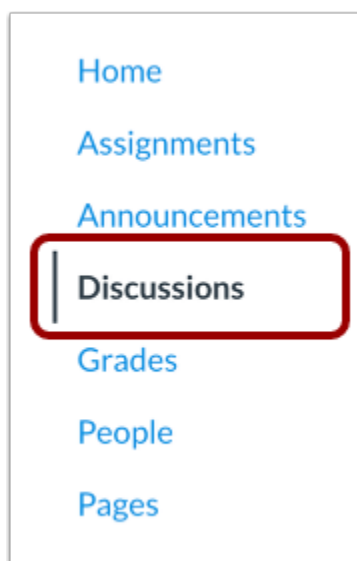

Your instructor may require you to submit a peer review of another student's discussion reply. To complete the peer review, you must review the student's discussion reply and add a comment in the comment sidebar.

If your instructor includes a rubric, which is a pre-determined outline of how an assignment is graded, you must assign a grade using the rubric. However, your instructor may also ask you to leave a comment in the comment sidebar.

Confirm Completed Peer Review

The screenshot shows a discussion post interface. At the top right, there is a three-dot menu icon. Below it, a light blue banner contains the text "This is a graded discussion: 25 points possible" on the left and "due Oct 26" on the right. A red rectangular box highlights a message that says "You have completed a peer review for Emily Boone. Thank you" with a small user icon to the left. Below the banner, the discussion title is "Articles of Confederation vs. Constitution Topic Discussion" with a "4 6" badge. The main text of the post describes the assignment: "Based on the materials in this module, describe the key similarities and differences between the Articles of Confederation and the Constitution. In your description, be sure to include the weaknesses of the Articles of Confederation and discuss the need for the Constitution. Your response should be at least 5 paragraphs and use correct spelling and grammar. You will not be able to see the responses of your classmates until you have submitted your post. Once you have submitted, read and respond to at least two peer posts. After the due date, you will be assigned to review two of your peers' posts." At the bottom of the post, there is a search bar labeled "Search entries or author", an "Unread" button, two arrow buttons (up and down), and a green "Subscribed" button with a checkmark. Below the post content is a "Reply" button with a left-pointing arrow.

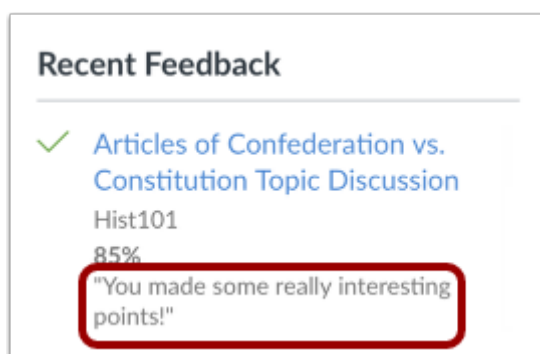

A message will appear on your discussion to confirm you have completed the peer review.

Note: You may need to refresh your browser to see that you've completed the required steps for the peer review.

How do I create a course discussion as a student?

You may be able to create new discussions in your course. These discussions are part of the course and are separate from [creating a discussion in a group](#).

Note:

- If the **Add Discussion** button does not display, your instructor has restricted this setting in your course. However, this setting does not affect discussions in course groups.
- If you add a file to your discussion, it will be stored in course files in the unfiled folder.

Open Discussions

In Course Navigation, click the **Discussions** link.

Add Discussion

Click the **Add Discussion** button.

Create Discussion

The screenshot shows the 'Create Discussion' interface. At the top right, it says 'Not Published'. The form includes a 'Topic Title' field (1), a rich text editor (2) with a word count of '0 words', an 'Attachment' section with a 'Choose File' button (3), and 'Options' for 'Allow threaded replies' (4), 'Users must post before seeing replies' (5), and 'Allow liking' (6). At the bottom, there are 'Available From' and 'Until' date pickers (7). On the right side, there is a 'Content Selector' panel (8) with tabs for 'Links', 'Files', and 'Images'. The 'Pages' tab is active, showing a list of course pages and buttons for 'Assignments', 'Quizzes', 'Announcements', 'Discussions', 'Modules', and 'Course Navigation'.

Create your discussion by utilizing the following options:

1. Enter your topic title in the topic title field.
2. Use the Rich Content Editor to format your content. The Rich Content Editor includes a word count display below the bottom right corner of the text box.
3. Attach a file to your discussion. (If the attachment option does not display, your instructor has restricted this setting. Depending on your browser you may also see the **Browse** button instead of the **Choose File** button.)
4. Create a threaded reply by clicking the **Allow threaded replies** checkbox.
5. Require users to post to the discussion before viewing other replies by clicking the **Users must post before seeing replies** checkbox.
6. Allow users to like discussion posts by clicking the **Allow liking** checkbox.
7. Set specific dates the discussion can be viewed. Select the date you want the discussion to be show in the **Available From** field and the date the discussion should be hidden in the **Until** field. If you do not enter any dates, the discussion will be show during the entire duration of the course.
8. Use the Content Selector to add additional content to your discussion post.

Save Discussion

Click the **Save** button.

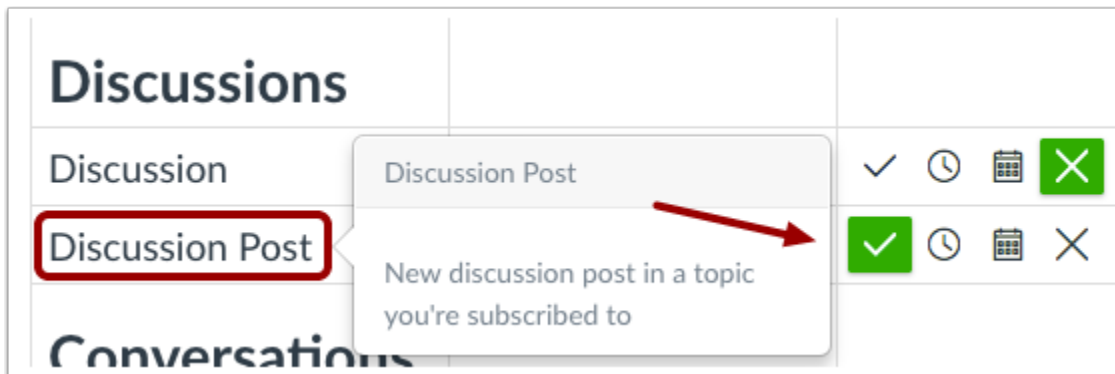

How do I subscribe to a discussion as a student?

You can subscribe to entire discussion threads in your courses and be notified when new comments are posted to the topic. If you reply to a discussion, you will automatically be subscribed to discussions and will be notified of updates unless you manually unsubscribed to that discussion. Please note that you cannot subscribe to individual threads within a threaded discussion.

You will automatically be subscribed to discussions you create in your [student groups](#). You will also be subscribed to any new discussions you create in your course, if your instructor has set course permissions that allow you to do so.

Note: You must specify your notification preferences to receive updates for subscribed discussions.

Threaded Discussions are discussions with replies within replies. In addition to post date, replies are shown in hierarchal order, with replies naturally indented to indicate when a student replies to another student's reply.

When viewing threaded discussion replies, you can collapse and expand individual threaded discussions. Hover over the top of a discussion reply and click the up arrow to expand or collapse a threaded discussion reply [1]. When a threaded discussion reply is collapsed, you can view the reply indicators showing the number of unread and total replies [2].

If your instructor allows you to [like replies in a discussion](#), a Like icon appears next to each reply in the discussion. Blue icons indicate replies that you've liked. The number of total likes also appears next to the icon.

The discussion may also be set up to sort automatically according to the number of likes. In threaded discussions, likes are retained with the original discussion reply. Original replies will always sort first, and any associated replies will be reordered beginning with the highest-liked reply.

How do I mark discussion replies as read or unread as a student?

By default, as you read new Discussion posts, Canvas will mark them as read (changing the indicators from blue to white) as you scroll down the page. However, you can manually mark each posts back to a read or unread state.

You can tell Canvas not to automatically mark all your posts as read in your [Discussion settings](#).

How do I attach a file to a discussion reply as a student?

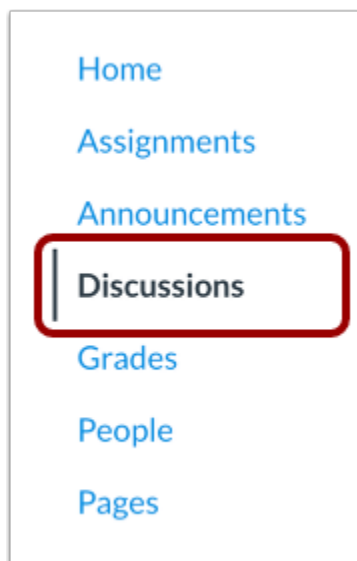

If your instructor allows file attachments, you can attach a file to a discussion reply using the attachment icon. Attachments can be added to both graded and non-graded discussions.

Any attachments added as part of discussions are copied to your [user files](#). Attachments for graded discussions are not counted against your user quota and cannot be deleted.

Notes:

- If the attachment icon does not display, this option is not available in your course.
- If your attachment causes you to exceed your user file quota, the file may fail to attach to an ungraded discussion.
- If you have permission to [edit or delete discussion replies](#), editing a reply also allows you to remove an attachment.

How do I embed an image in a discussion reply as a student?

You can embed an image file directly into discussion replies using the image icon. Images can be embedded from the web, [your Canvas user files](#), or Flickr. If a change is made to the source of your image after you have embedded it in a discussion reply, the image added to your discussion reply will not be changed.

Notes:

- Before you can embed an image from Canvas, the image must first be [uploaded to your user files](#).
- You can also [attach a file to a discussion reply](#).
- If you post your discussion response before an attached image finishes uploading, Canvas will display a warning message.

A screenshot of a Canvas discussion post. The post is by Emily Boone, posted at 10:14am. The text of the post is "Will we discuss the American Revolution this year?". Below the text, there is a line that says "It's my favorite topic!". Underneath that line, a red-bordered box highlights the text "Edited by Emily Boone on Sep 12 at 10:16am". At the bottom of the post, there is a "Reply" button.

Canvas will indicate the post has been edited. The text will include your name, and the date and time the post was edited. This entry cannot be removed.

Delete Post

A screenshot of a Canvas discussion post, identical to the one above. However, a menu is open on the right side of the post, triggered by the three-dot menu icon. The menu contains three options: "Go To Topic" with a speech bubble icon, "Edit" with a pencil icon, and "Delete" with a trash can icon. The "Delete" option is highlighted with a red-bordered box.

Deleted by **Emily Boone** on Sep 12 at 10:18am

If you delete a discussion reply with other course user replies attached, Canvas shows a Deleted by notification. The notification includes your name and the date and time the post was deleted. This entry cannot be removed.

However, if you delete a reply that does not have any course user replies attached, Canvas will not display a Deleted by notification.

Please note that your instructor can see that you deleted your replies in the discussion.

View Restricted Options

The screenshot shows a discussion post by Emily Boone, timestamped 4:33pm. The post text is "Hi! My name is Emily and I'm excited to take this History class! Apple pie is my favorite food." Below the text is a thumbs-up icon and a "Reply" button. A dropdown menu is open on the right side of the post, containing three options: "Go To Topic", "Edit (Disabled)", and "Delete (Disabled)". The "Edit (Disabled)" and "Delete (Disabled)" options are highlighted with a red rectangular border.

If your instructor has restricted the option to edit or delete your discussion replies, the options will display as disabled.

How do I like a reply in a course discussion as a student?

You may be able to like discussion replies in your course.

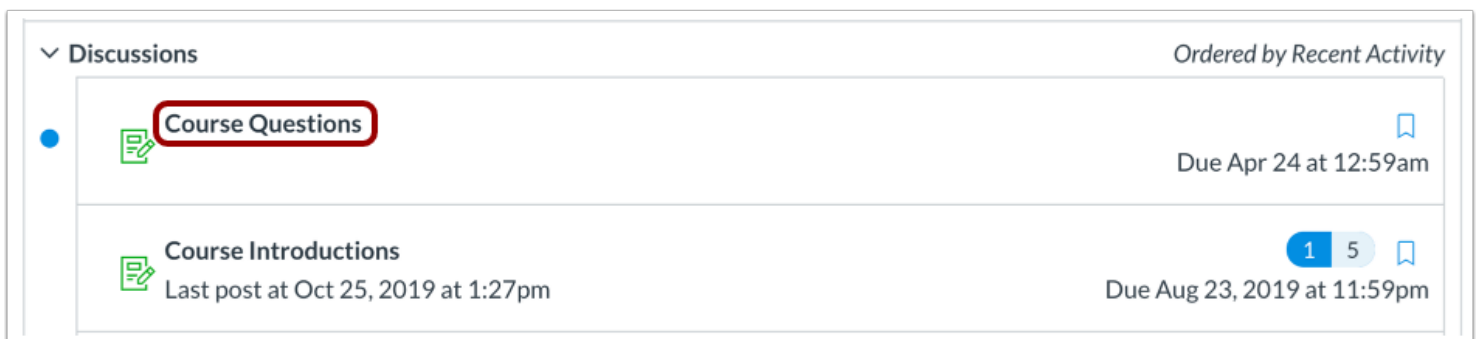

Note: The liking feature may be restricted to users with grading permissions (e.g. instructors and TAs). If you cannot like a discussion reply, this feature is not available to you.

Welcome

Welcome to my 2017 Coursework Portfolio! I'm glad you decided to stop by to view my work.

I've been involved in completing individual assignments and group projects this year so far, so I'd love to show you what I've been doing!

Feel free to explore my ePortfolio pages to get a better idea about my current learning path.

Enjoy!

How do I use Files as a student?

As a student, Files allows you to store files and assignments within Canvas. You can upload one or multiple files, view all details about your files, and preview files. Files is built with responsive design to adjust for browser scaling. The folder navigation window, file displays, and even file names adjust to the width of the browser window.

[View a video about files.](#)

You may have access to files (documents, images, media, etc.) in three different feature areas:

- [User files](#), located in your user account
- [Course files](#), located in each course where you are enrolled (if your instructor allows you to view Course Files)
- [Group files](#), located in each group where you are a member

The My Files folder creates folders based on default events in Canvas. Once you upload a file related to one of these areas, the folder and accompanying file will be created for you.

- The **Conversation attachments** folder [1] stores files that you attach to Conversations messages.
- The **Data Exports** folder [2] contains ZIP files created when you [download assignment submissions from all your courses](#).
- If your institution enables you to upload a profile picture, the **Profile pictures** folder [3] stores photos that you upload as a profile picture.
- The **Submissions** folder [4] contains copies of your assignment submissions; assignments are organized by course folder and displayed alphabetically. However, assignments submitted through an external tool are not copied to the Submissions folder.
- The **Unfiled** folder [5] stores files that you attach to discussion topics or discussion replies (if attachments are allowed by your instructor).

My Files also includes any additional folders you create to organize your files, as well as any files not uploaded to a specific folder. Any files in the My Files folder that are not related to assignment submissions count toward your user quota.

Note: For online [assignment submissions](#), if you submit a file that you've previously uploaded, you can delete the previously uploaded file after it has been submitted and free up extra storage in your user files.

View Course and Group Files

If your instructors allow you to view the Files link in Course Navigation, course folders display below your user files [1]. Any course groups also display below the course folders [2].

How do I view group files as a student?

As a student, you may be added to a group within your course. Groups files include any content uploaded to your group workspace.

Group files include uploaded assignment submissions and other group-related files uploaded to your group storage area. By default, each group has 50 MB of storage space in Canvas. All published files can be viewed by all group members.

Group files are automatically published when they are uploaded to the group.

As groups are essentially mini courses, all group members have the same permissions to moderate files, including uploading files, publishing files, restricting access, and deleting files.

Open Group

Click the **Groups** link [1], then click the name of the group [2].

Open Files

In Group Navigation, click the **Files** link.

View Group Files

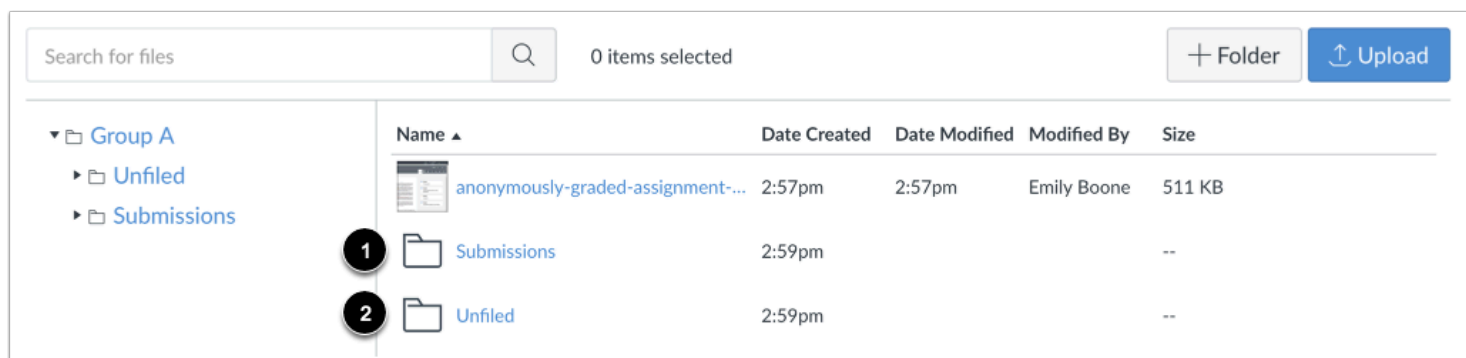

The screenshot shows the 'View Group Files' interface for 'Group A'. It includes a search bar, a file list table, and a left-hand navigation pane. Three callouts are present: [1] points to the left-hand navigation pane containing 'Group A', 'Unfiled', and 'Submissions'; [2] points to a progress indicator at the bottom left showing '1% of 52.4 MB used'; and [3] points to an 'All My Files' button at the bottom right.

Name	Date Created	Date Modified	Modified By	Size

Submissions	2:59pm			--
Unfiled	2:59pm			--

All your group folders display in the left panel [1]. View files in the right panel by clicking the name of a folder.

You can view your group quota and what percentage of that quota has been used [2]. Files that have been submitted as group assignments and group graded discussions do not apply to the user quota.

If you want to see the Files for all your courses and/or groups, click the **All My Files** link [3]. Canvas will refresh the page to show your user files page with all courses and group folders.

Name	Date Created	Date Modified	Modified By	Size
anonymously-graded-assignment-...	2:57pm	2:57pm	Emily Boone	511 KB
Submissions	2:59pm			--
Unfiled	2:59pm			--

The Groups folder creates folders based on default events in Canvas. Once you upload a file related to one of these areas, the folder and accompanying file will be created for you.

- The **Submissions** folder [1] contains copies of your assignment submissions; assignments are organized by course folder and displayed alphabetically.
- The **Unfiled** folder [2] stores files that you attach to discussion topics or discussion replies (if attachments are allowed by your instructor).

Group files also includes any additional folders you create to organize your files, as well as any files not uploaded to a specific folder. Any files in the group folder that are not related to assignment submissions count toward your user quota.

All files can be viewed by all group members. Please note that all group members hold the same permissions, so one group member can delete or move files uploaded by another group member. Group files are published by default.

Note: For [group assignment submissions](#), if you submit a file that has previously been uploaded to the group, you can delete the previously uploaded file after it has been submitted and free up extra storage in your group files. However, to submit a previously uploaded file in group files, the file must be [moved to the user files folder](#) for the student submitting the assignment on behalf of the group, as the assignment submissions page can only access user files and not group files.

How do I move and organize files as a student?

You can move and organize your personal and group files. Files are organized in alphabetical order. While you can still move files into folders, you cannot rearrange the alphabetized structure of the files and folders.

Learn how to locate your [user files](#) and [group files](#).

Note: Files that have been submitted as part of an assignment cannot be moved.

Move File via Move Button or Options Icon

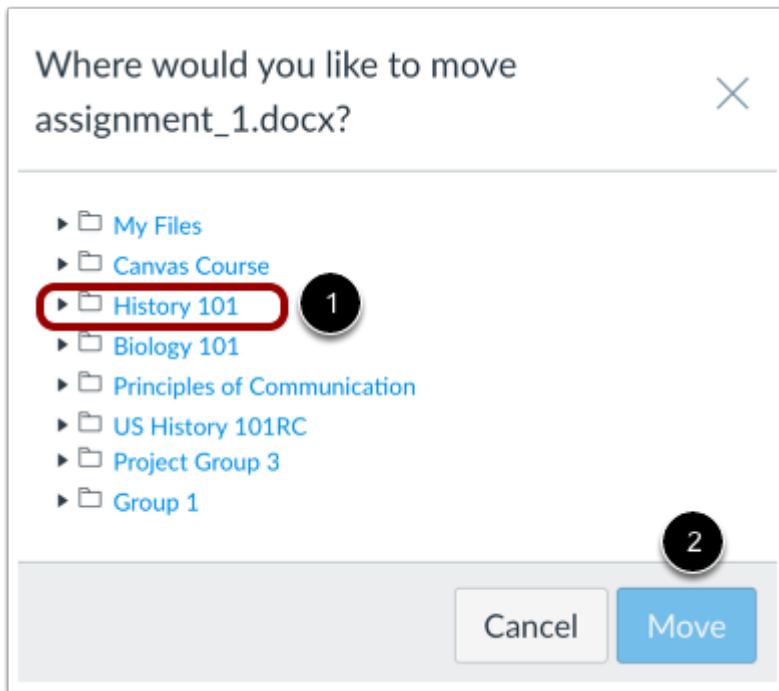

The screenshot shows the Canvas file manager interface for a user named Emily Boone. The breadcrumb path is "Emily Boone > Files > assignments". The toolbar includes a search bar, view icons, and a "Move" button (indicated by a red box and a circled '2'). A file named "assignment_1.docx" is selected (indicated by a circled '1'). A context menu is open for this file, showing options: "Download", "Rename", "Move" (indicated by a circled '4'), and "Delete". The "Options" icon (three dots) for the selected file is circled with a '3'. A progress bar at the bottom indicates "48% of 52.4 MB used".

In user or group files, locate the file you want to move. Click the line item for the file [1].

To move the file via the toolbar, click the **Move** button [2].

To move the file via file settings, click the **Options** icon [3], then click the **Move** link [4].

Select the folder where you want to move the file [1] and click the **Move** button [2].

Move File via Drag and Drop

You can also manage your files using a basic click-and-drag method. Click the file name and drag the file to the desired folder. Once you see the folder highlighted, release your mouse. The file has been moved.

You can also move a file from the right pane to the left pane.

Note: You can only move a file within the right pane or from the right pane to the left pane. Files are organized in alphabetical order. While you can still move files into folders, you cannot rearrange the alphabetized structure of the files and folders.

Move Multiple Files

To select multiple files, press the command key (Mac) or the control key (Windows) while clicking the line for each file you want to select.

To select all files, click the command + A keys (Mac) or the control + A keys (Windows).

To select a range of files click the first file you want to select, hold down the Shift key, and then click the last file you want to select. All files between the first and the last file will be selected.

Note: You can also use the same key command to deselect a file.

How do I rename a file as a student?

You can rename your files at any time using the Rename option in the file's settings menu. You can rename files in both user and group files.

Learn how to locate your user files and group files.

Notes:

- If you add a file to another area of Canvas (e.g. Groups or Assignments) and then rename the file in your user files, the file rename will not update in any other Canvas location and must be changed manually. Please ensure that your file names are correct in your user files before using them in other content areas.
- Files that have been submitted as part of an assignment cannot be renamed.
- Files with a lock icon cannot be renamed.

How do I bulk upload files to my user or group files?

You can upload several files at the same time to your user or group files.

Notes:

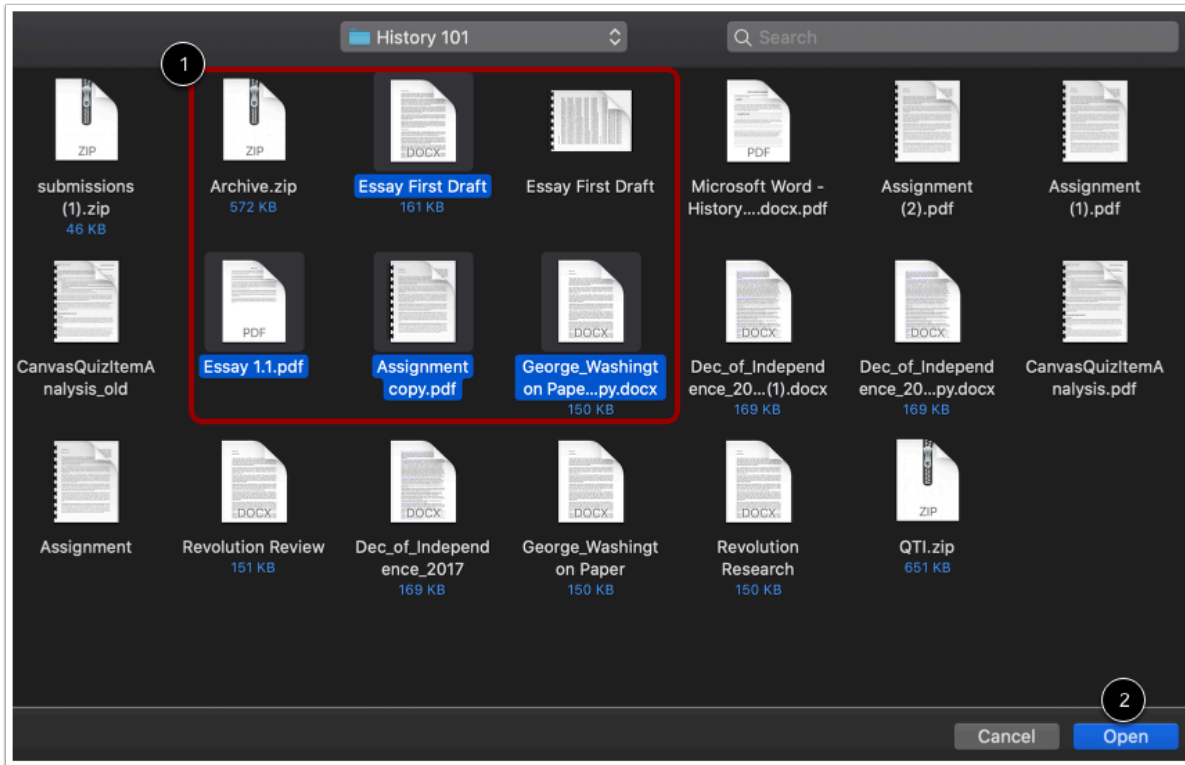

- You can also bulk upload files by dragging and dropping the files into Canvas from your computer. However, sometimes too many files can cause problems. If you have more than 50 files, try zipping the files and uploading the ZIP file into your course.
- Canvas does not support file uploads larger than 5 GB.

What types of media files can I upload in Canvas as a student?

Canvas can upload specific image, video, and audio files as user content.

When you upload audio and media files using the media tool in the Rich Content Editor, Canvas converts files up to 500 MB. If a file exceeds the 500 MB limit, you can host the file through an external source such as YouTube and embed it using the Rich Content Editor. To learn more about available options for using media files in Canvas, view the [Canvas Media Comparison PDF](#).

When you upload a file to your group or user files, Canvas converts the file into a format supported by your browser. However, Canvas does not support uploading files larger than 5 GB to your user files. Media playback is determined according to browser, so if you cannot view the file, you may need to try to view the file in another browser. You may also need to enable or update the Adobe Flash plugin.

Canvas files have quota limits set for user (personal) files and group files. Files uploaded directly to your user files or group files count against each specific quota, except for uploading a profile picture. Any attachments added as part of a graded assignment submission are uploaded into user files but are not counted against the user quota.

Supported Image Formats

Canvas will accept the following image files:

- JPEG - Joint Photographic Experts Group
- GIF - Graphics Interchange Format
- BMP - Windows Bitmap
- TIFF - Adobe Systems
- PNG - Portable Network Graphics

Note: While TIFF files can be uploaded to file storage, they will not display within any area of Canvas.

Supported Video Formats

The Canvas media player supports H.264 video playback; for platforms that do not support H.264 directly, the Canvas media player uses a Flash plugin.

Canvas will accept the following video files for playback:

- FLV - Flash Video
- ASF - Windows Media
- QT - Apple QuickTime
- MOV - Apple QuickTime
- MPG - Digital Video Format

- MPEG – Digital Video Format
- AVI – Digital Video Format
- M4V – Digital Video Format
- WMV – Windows Media
- MP4 – Digital Video Format
- 3GP – Multimedia Mobile Format

For tips about media compressions and playback quality, view Vimeo's [Video Compression Guidelines](#).

Supported Audio Formats

Canvas will accept the following audio files for playback:

- MP3 – Digital Audio Format
- WMA – Windows media audio
- MWV – Windows Media

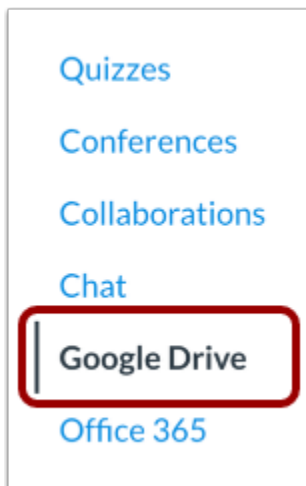

How do I view my Google Drive files in Canvas as a student?

If your course has enabled Google Apps, you can view all files in your Google Drive account in Canvas. The Google Drive folder is accessed from the Course Navigation Menu.

Notes:

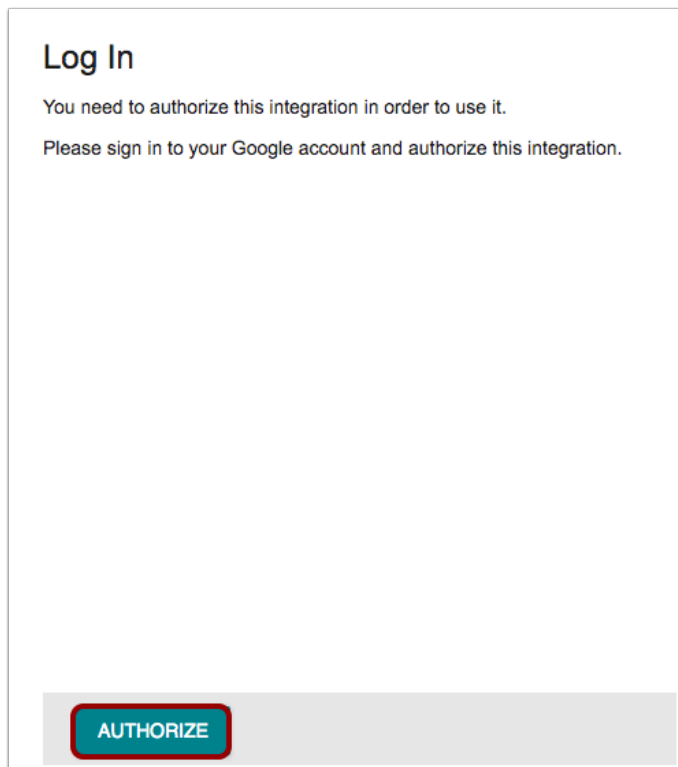

- You can only view one Google Drive account at a time in Canvas. Make sure you are logged in to the account you want to view in Canvas. If necessary you can log out of your account and authenticate with a different account.
- If you are already logged into a Google account in Chrome, Canvas will use that Google account to authorize Google Drive access. If you want to authenticate using a different Google Drive account, you must log out of the Google account in Chrome and sign in to the account you want to use with Canvas.
- If your Canvas authorization has failed, try logging in to Google Drive in Canvas using an incognito browser, which removes all browser cookies and extensions. If you are able to log in with the incognito browser, you are most likely logged in to Google Drive and/or Canvas with different Google accounts. Confirm the account you are using for each location and try again. You may also need to confirm any Google extensions installed in your browser's settings.
- The location where you access your Google account may affect your access to Canvas. If you successfully authenticate with your account at your institution, you may have to reauthenticate when you log in to Canvas at home.
- Currently, Google Drive files cannot be accessed from course or personal files in Canvas. They can only be accessed from the Google Drive link in Course Navigation.

Open Google Drive

In Course Navigation, click the **Google Drive** link.

Log in to Google Drive

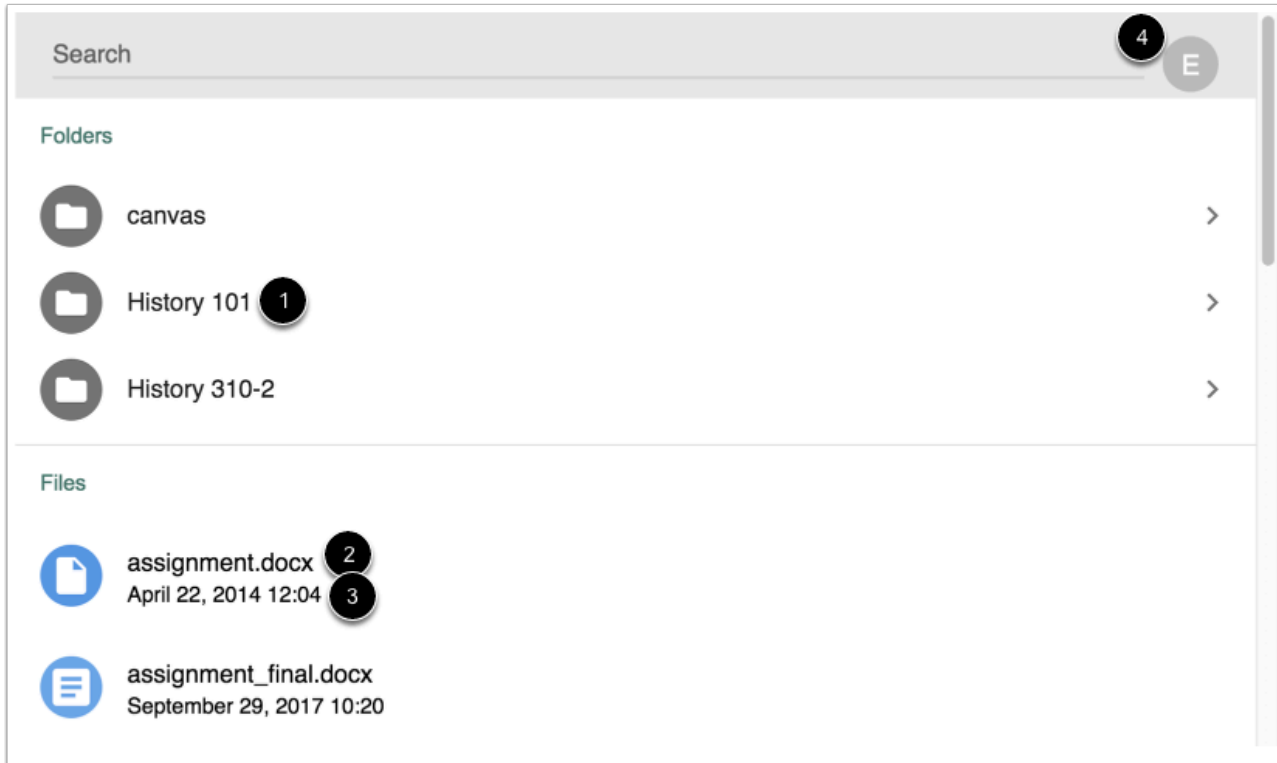

You may be asked to authenticate your account. Click the **Authorize** button.

In an external window, enter your Google App email and password.

Note: If you are unable to authenticate, please see the troubleshooting information in the description of this lesson.

View Google Drive

View the files and folders in your Google Drive folder.

Google Drive displays the name of each folder [1]. You can view the contents of each folder by clicking the folder name.

For individual files, you can view the file name [2] and the date it was modified [3].

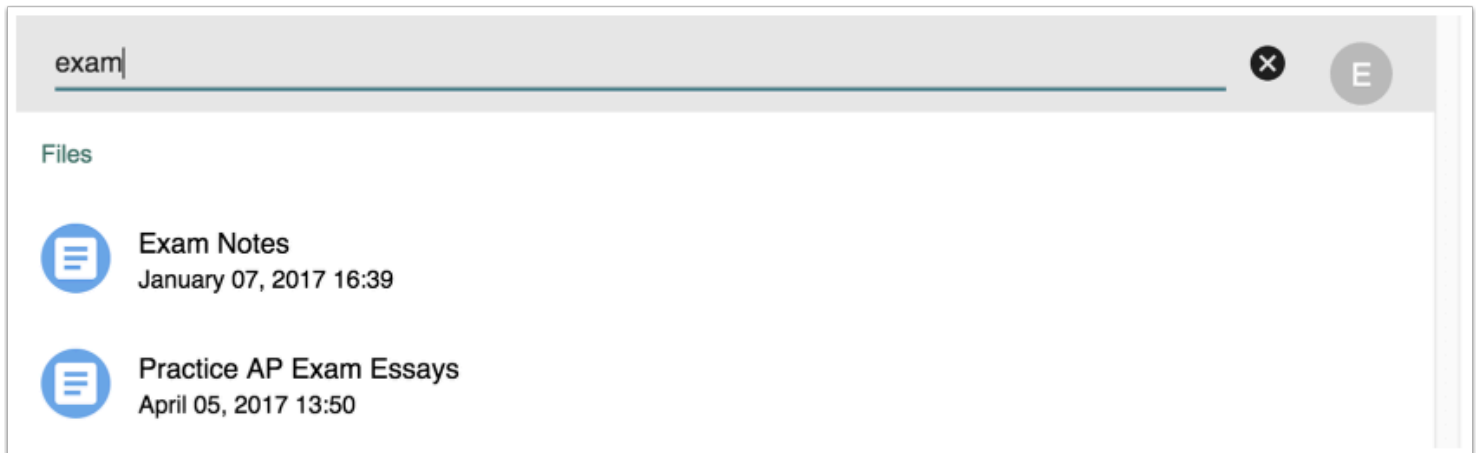

To view the linked Google Drive email or to sign out of your Google account, click the **Account** button [4].

Search for Files

To search for a file, enter the name of the file and click the Enter (Return) key on your keyboard.

View Search Results

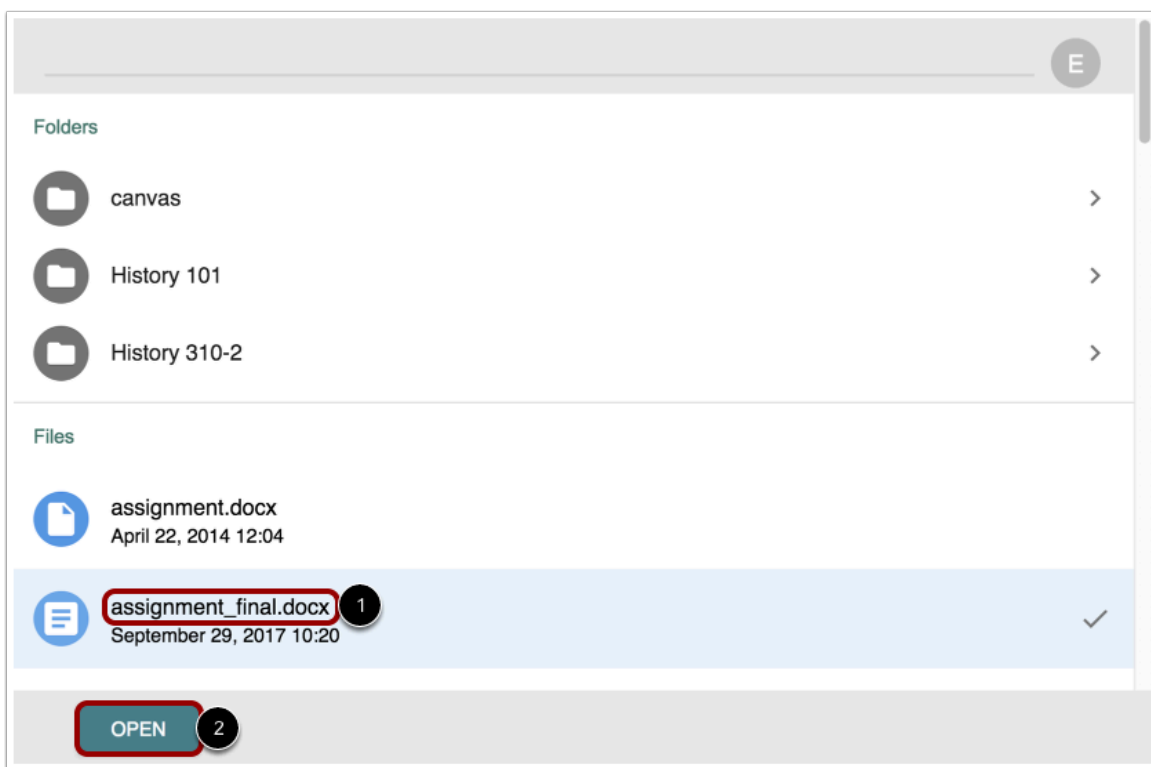

A search results window with a search bar containing the text "exam". The window has a close button (X) and a search button (E). Below the search bar, there is a section titled "Files" with two results:

In a new browser window, view the file in your Google account.

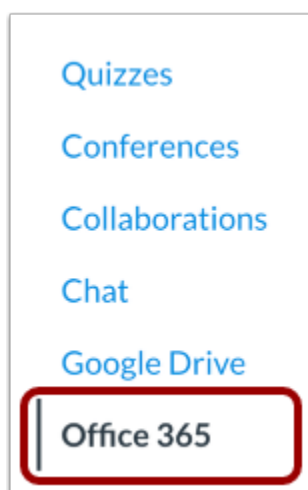

How do I view my Microsoft Office 365 files in Canvas as a student?

If your course has enabled Microsoft Office 365, you can view all files in your Microsoft Office 365 (OneDrive) folder in Canvas. The OneDrive folder is accessed from the Course Navigation Menu.

Notes:

- You can only view one OneDrive account at a time in Canvas. Make sure you are logged in to the account you want to view in Canvas. If necessary you can log out of your account and authenticate with a different account.
- Currently, OneDrive files cannot be accessed from course or personal files in Canvas.

Open Office 365

In Course Navigation, click the **Office 365** link.

Log in to Office 365

Log In

Click the "Log In" button to log in.

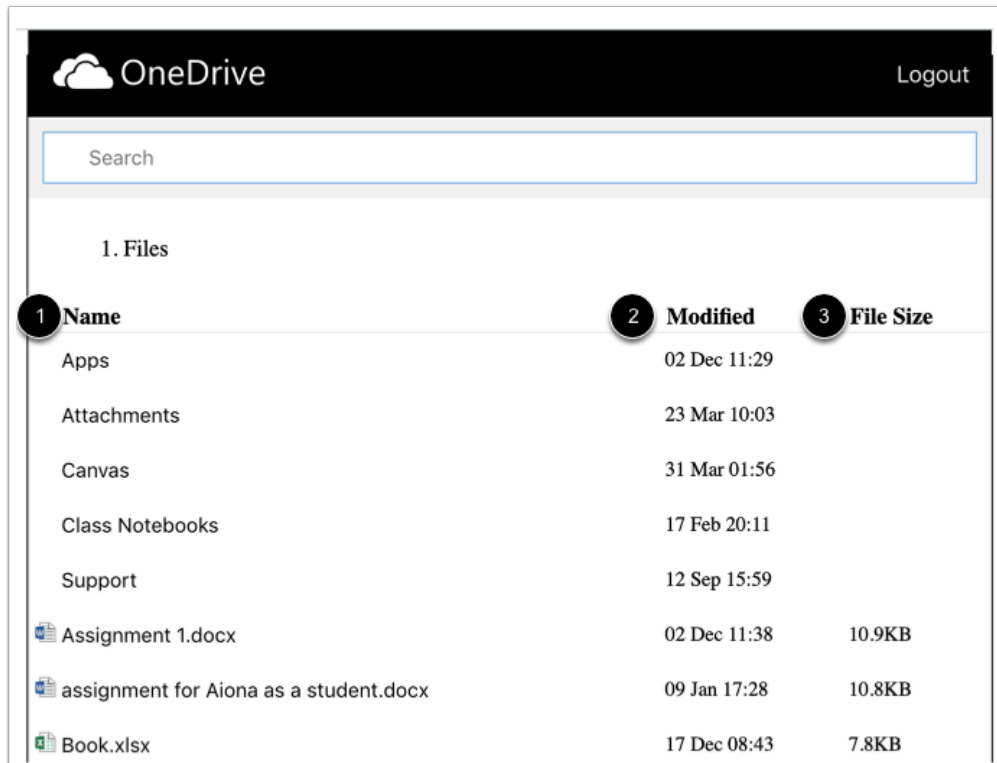

This screen will refresh after successfully logging in.

Log In

You may be asked to authenticate your account. Click the **Log In** button.

In an external window, enter your Office 365 email (or phone number) and password.

View OneDrive

The screenshot shows the OneDrive web interface. At the top, there is a search bar and a 'Logout' link. Below the search bar, the section is titled '1. Files'. A table lists files and folders with three columns: '1 Name', '2 Modified', and '3 File Size'. The files listed are 'Apps', 'Attachments', 'Canvas', 'Class Notebooks', 'Support', 'Assignment 1.docx', 'assignment for Aiona as a student.docx', and 'Book.xlsx'.

How do I log in to Canvas as a student?

This lesson explains various ways you can find out how to log in to Canvas from an internet browser. If you are using Canvas with an institution, you will log in either from your institution's webpage or by using their direct Canvas URL. [Canvas Network](#) accounts also log in with a Canvas URL. You can also use the Canvas URL to log in to the Canvas Mobile Student app.

You must have an account to log in to Canvas.

- If you are associated with an institution using Canvas and do not know your username and password, please contact your site administrator.
- If you are given a join code or a secret URL to join a course, learn how to [create a Canvas account](#).

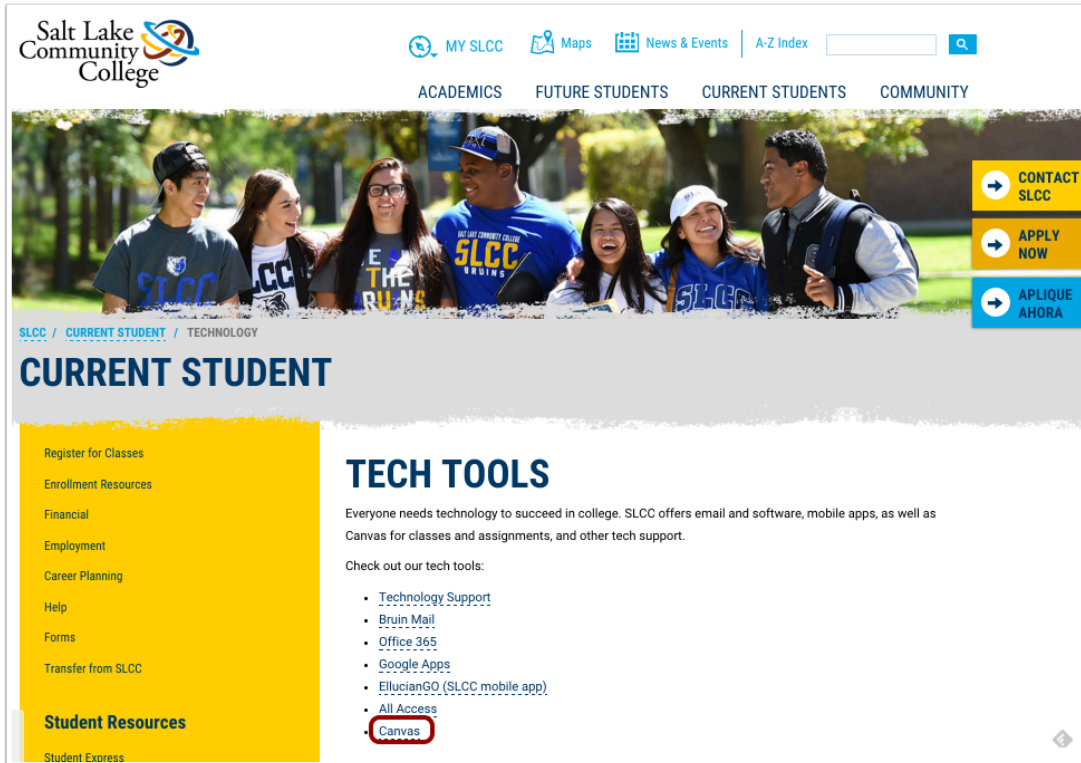

Note: If you are having trouble signing into Canvas, please see the troubleshooting section in this lesson.

Login Troubleshooting

If you are having trouble logging in to your account, here are some tips:

- Verify you are using the correct Canvas URL for your account. You can search for your Canvas URL from the [Free-for-Teacher login page](#) at <https://canvas.instructure.com>.
- If you use more than one Canvas URL (such as one for your institution and one for Canvas Network), make sure you are using the correct login and password for each Canvas URL.
- If your login and password were given to you from your institution and you are having trouble logging in, please contact your institution. (Your institution may have changed your login credentials.)
- If you do not have a login and password, you may need to [create an account](#).
- If you have forgotten your password, you may be able to [reset your password](#).

Access Canvas via Institution

TECH TOOLS

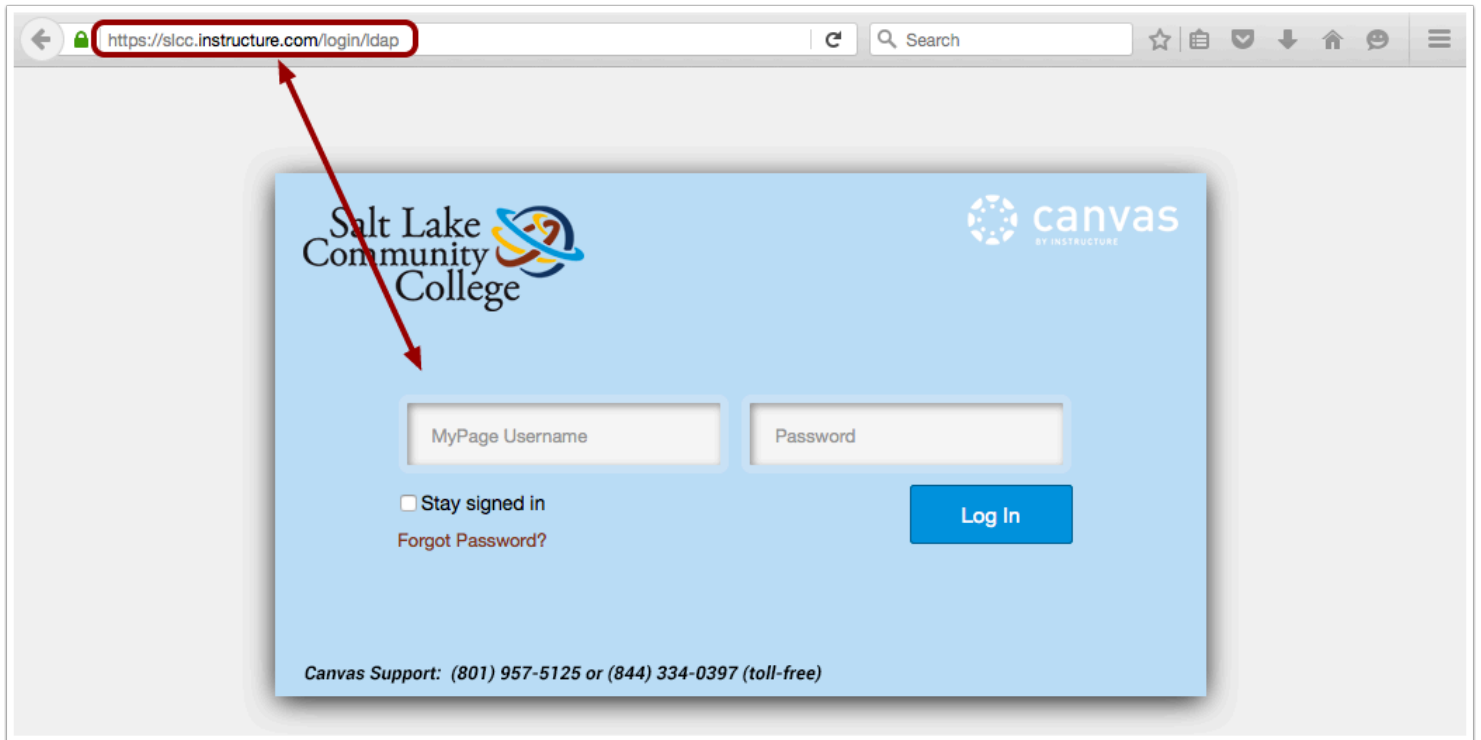

Everyone needs technology to succeed in college. SLCC offers email and software, mobile apps, as well as Canvas for classes and assignments, and other tech support.

Check out our tech tools:

- Technology Support
- Bruin Mail
- Office 365
- Google Apps
- ElucianGO (SLCC mobile app)
- All Access
- Canvas

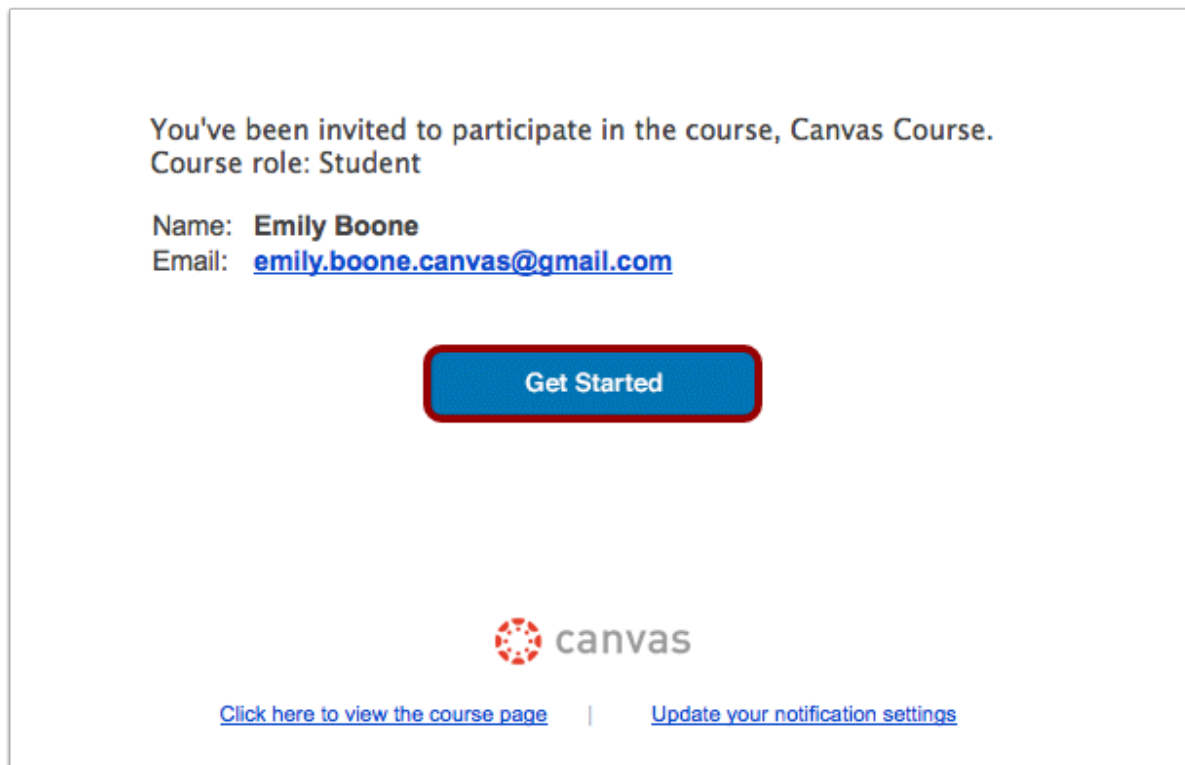

Some institutions host Canvas within their website, so you may only need to sign into your institution's internal system to access Canvas.

Access Canvas via Canvas URL

Some institutions have you log in to Canvas using the direct link to their Canvas URL. In a browser window, enter your Canvas URL. Your Canvas login page will appear in the window.

Find Canvas URL via Course Invitation

If you do not know your institution's Canvas URL, you can find a link to the page in your course invitation email by clicking the **Get Started** button.

Access Canvas via School Search

If you cannot locate your institution's Canvas URL, open a browser window and enter *canvas.instructure.com*.

Log In to Your School's Canvas Account

Are you an educator or student at a school that uses Canvas?
Awesome! Find your school and log in here.

Find your school by searching for its name in the **Search School** field.

When the full name of your school appears, click the name. You will be directed to your school's Canvas login page. Once you are logged in to Canvas, the Canvas URL will display in the browser menu.

Access Canvas via Free Account

If you signed up using a join code or secret URL, open a browser window and enter *canvas.instructure.com*.

 A screenshot of the Canvas login page for a free account. The page has a red background with white text. At the top, it says "Log In to Your Free Canvas Account". Below that, it asks "Do you have a free Canvas account (the kind any individual user can get at no cost)? Cool-here's where you log in." There are two input fields: "Email" with the value "bethany.sanderson.canvas@gmail.com" and "Password". Below the fields are a "Stay signed in" checkbox (unchecked) and a "Forgot password?" link. At the bottom, there is a "Sign Up" link and a "LOGIN →" button.

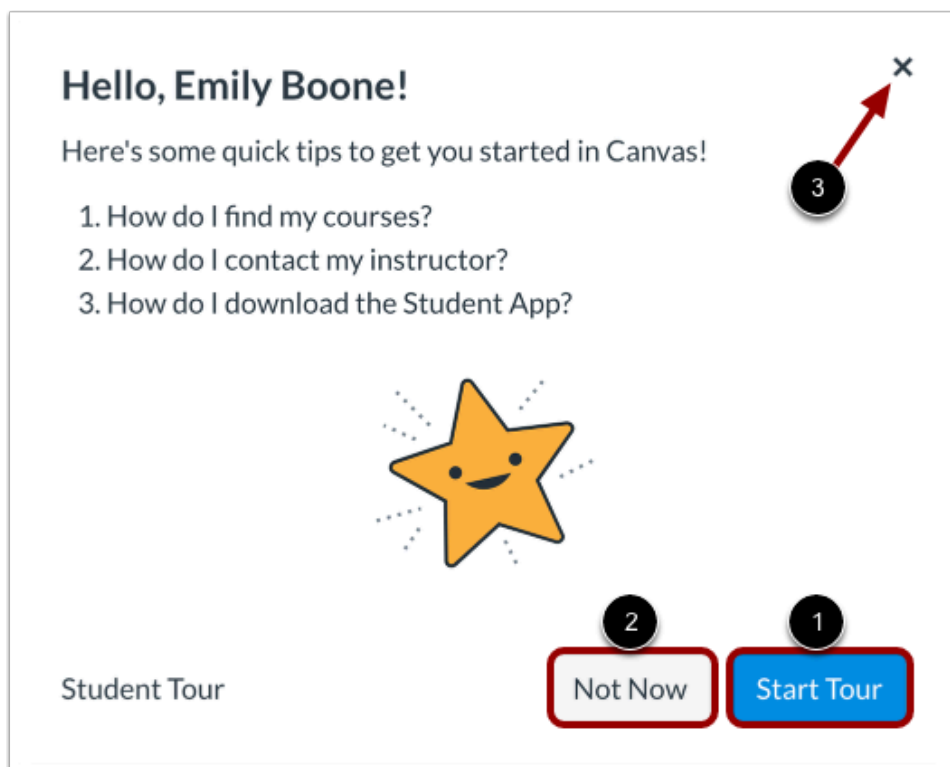

Enter your Email address [1] and Password [2]. Click the **Login** link [3]. You will be directed to the free account page using your credentials.

How do I use the Canvas Welcome Tour as a student?

Canvas provides a welcome tour which provides quick tips to get started with a Canvas course.

Start Canvas Welcome Tour

After logging in to Canvas, you can view a short message about the Canvas Welcome Tour.

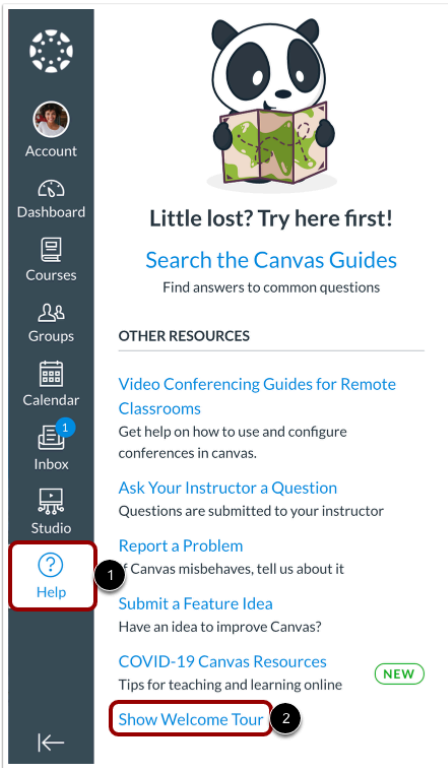

The Canvas Welcome Tour shows you how to find your courses, contact your instructor, download the Canvas Student app, and get help with Canvas.

To start the Canvas Welcome Tour, click the **Start Tour** button [1].

To dismiss the Canvas Welcome Tour, click the **Not Now** button [2] or the **Exit** icon [3].

Note: Dismissing the tour will disable the tour for your account.

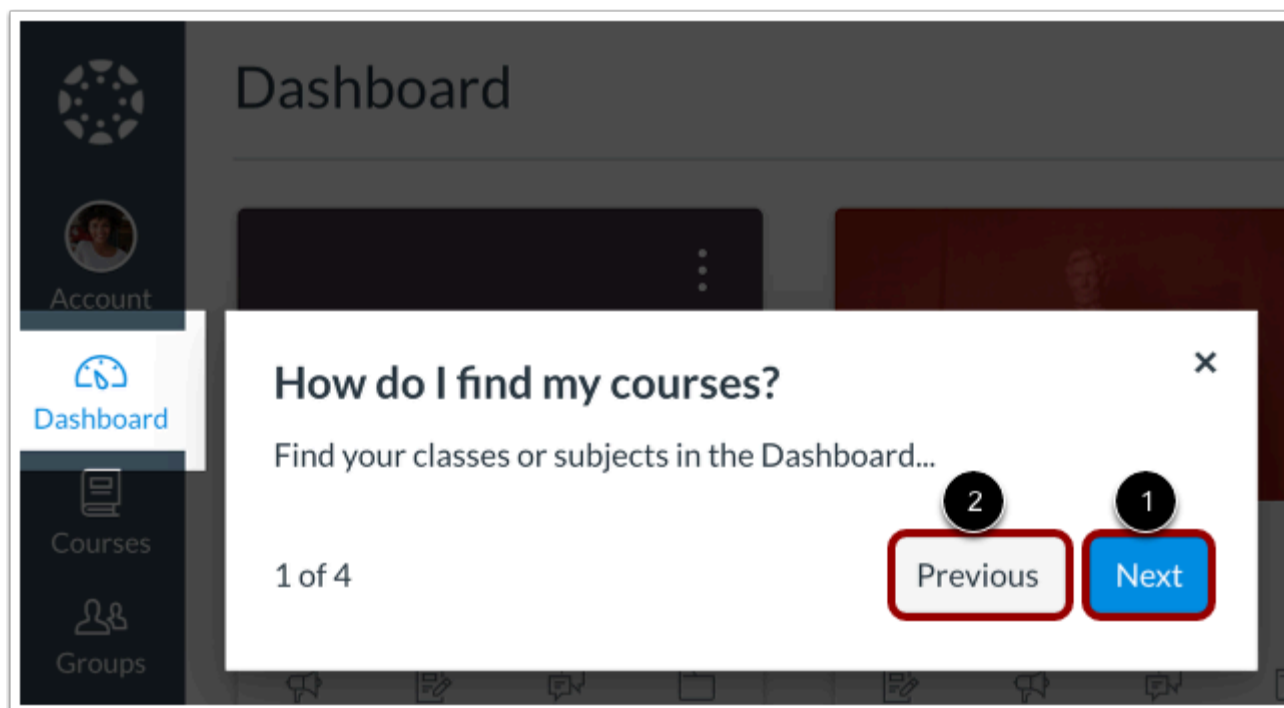

Reopen Canvas Welcome Tour

If you previously dismissed the Canvas Welcome Tour, you can reopen the tour by clicking the **Help** link in Global Navigation [1] and clicking the **Show Welcome Tour** link [2].

Note: Depending on your institution, the Help menu and links within the Help menu may not display or may display differently.

Find Courses in Dashboard

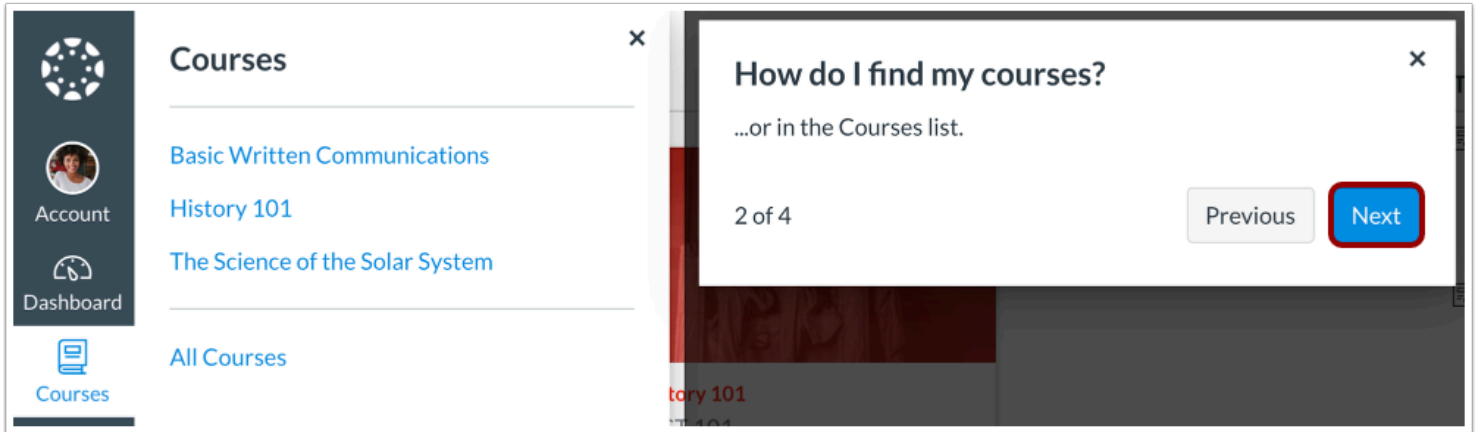

The first stop of the tour shows you where to find your courses or subjects using the Dashboard link in Global Navigation.

To proceed to the next item on the tour, click the **Next** button [1].

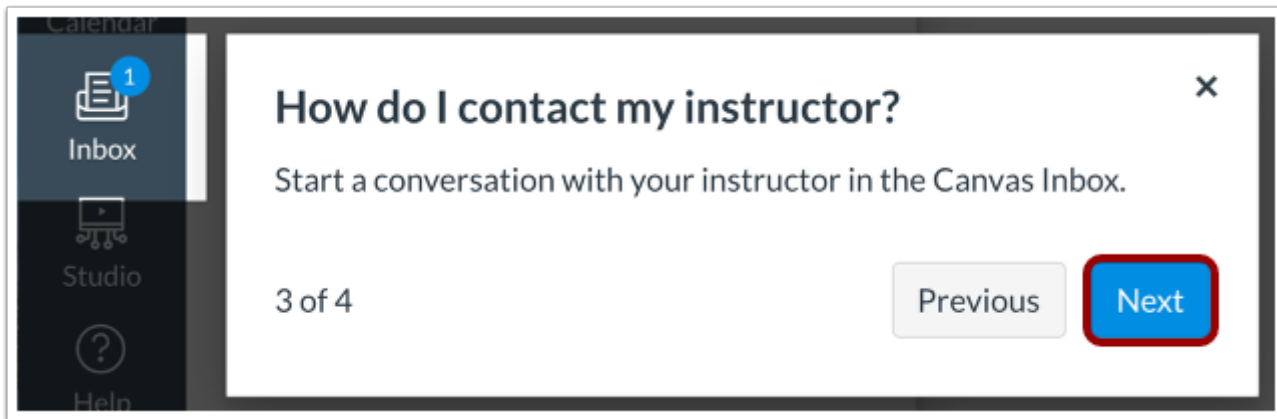

To go to a previous item on the tour, click the **Previous** button [2].

Find Courses in Courses List

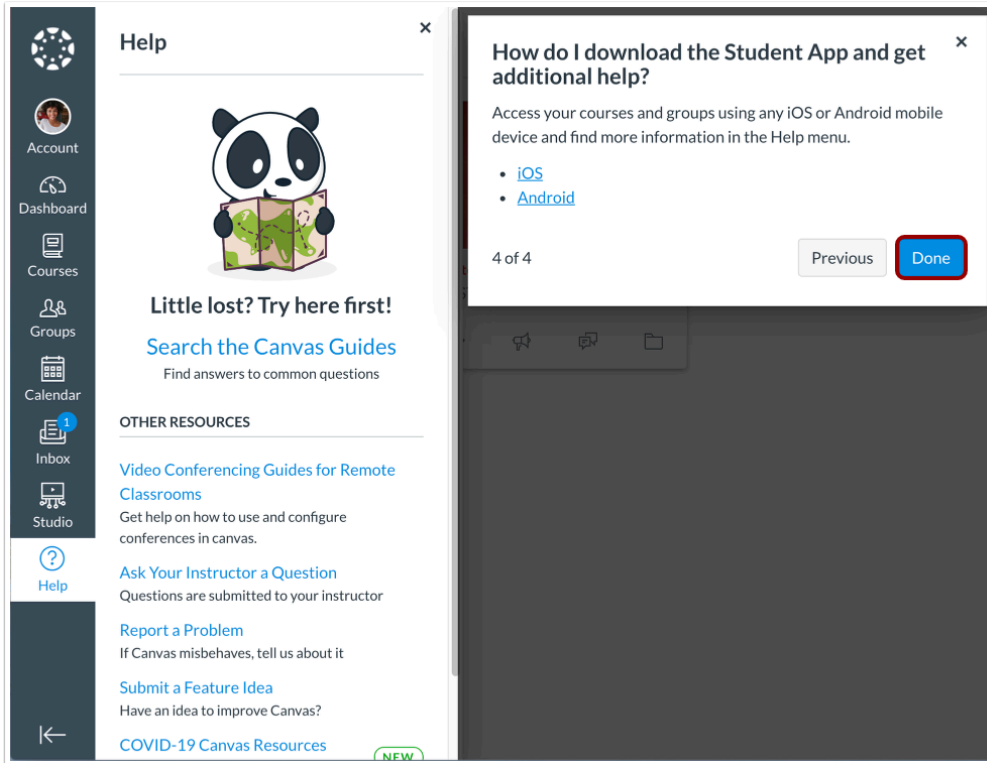

The second step of the tour shows you where to find your courses or subjects using the Courses link in Global Navigation.

Contact Instructor

The third item on the Canvas Welcome Tour shows how to contact your instructor by using the Canvas Inbox.

Download App & Find Help

The last tour item, shows you how to view courses and groups by downloading the Canvas Student App for [iOS](#) and [Android](#).

This step also shows how to find more information using the Help menu. [Learn more about the Help menu.](#)

To complete the tour, click the **Done** button.

Note: Depending on your institution, the Help menu and links within the Help menu may not display or may display differently.

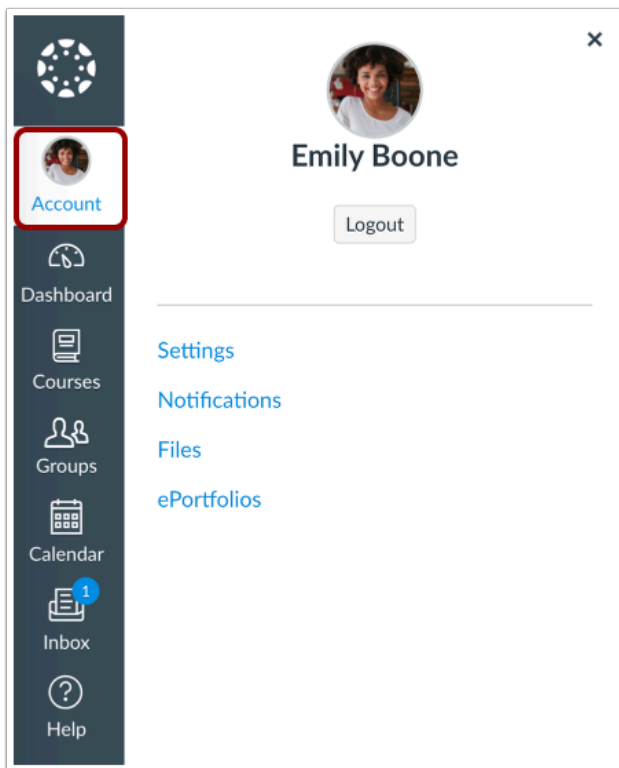

How do I use the Global Navigation Menu as a student?

The Global Navigation Menu is located on the left side of every page in Canvas. Global Navigation links provide quick access to frequently used Canvas features. These links provide access to all your courses collectively. Default links include the Dashboard, Courses, Groups, Calendar, Inbox, User Account, and the Help menu.

Depending on your institution account settings, other links may appear in the Global Navigation Menu.

Note: Your instructor may choose to display a different font for one or more of your courses. When viewing those courses, the Global Navigation Menu displays in the same font.

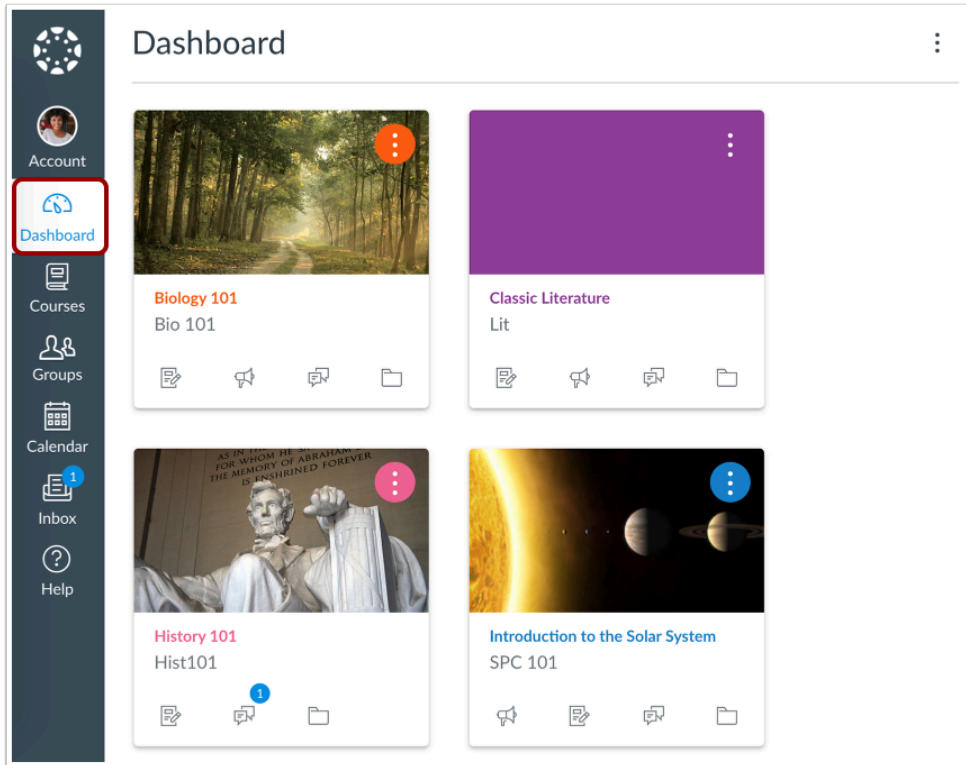

View Account

To view your user information, click the **Account** link. A menu will expand and display links to access your [user settings](#), [notification preferences](#), [personal files](#), and [ePortfolios](#) (if enabled). If your institution has enabled Profiles, you can access your [profile](#).

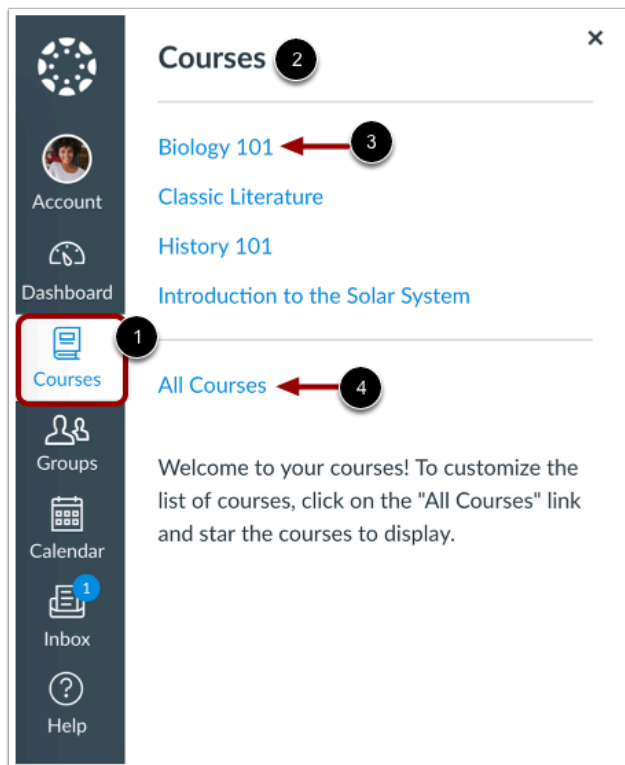

You can also use the Account link to [log out](#) of Canvas.

View Dashboard

The [Dashboard](#) is the landing page after you log in to Canvas. The Dashboard can be toggled to a course view, list view, or recent activity view and shows notifications for all current Canvas courses.

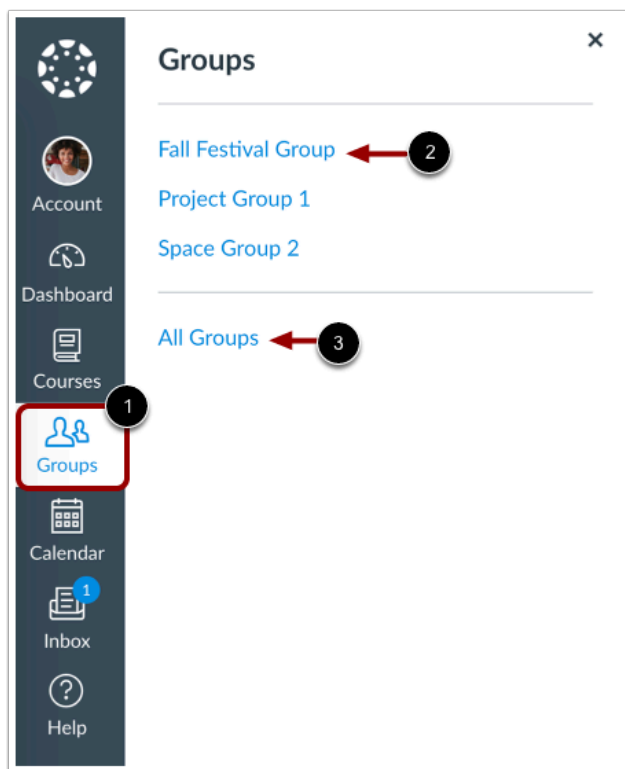

View Courses

To view your courses, click the **Courses** link [1]. A menu will expand and display any current courses where you are enrolled [2]. This menu also displays any courses marked as favorites. If no courses are selected as favorites, the course list will display all current courses. If a course includes term dates, the name of the term will appear as part of the course listing.

To view a course, click the name of the course [3]. To [customize your courses list](#) or [view all your Canvas courses](#), click the **All Courses** link [4].

View Groups

If you are enrolled in Groups, view your groups in the **Groups** link [1]. A menu will expand and display all groups in current courses where you are enrolled.

To view a group, click the name of the group [2]. To view all your groups, click the **All Groups** link [3].

Note: Groups cannot be customized in the drop-down menu.

View Calendar

The screenshot displays the Canvas calendar interface. On the left is a dark sidebar with navigation icons: Account, Dashboard, Courses, Groups, **Calendar** (highlighted with a red box), Inbox, and Help. The main area shows a monthly calendar for February 2019. At the top, there are controls for 'Today', navigation arrows, the month name, and view options: Week, Month (selected), and Agenda. The calendar grid has columns for SUN, MON, TUE, WED, THU, FRI, and SAT. Events are listed in colored boxes within the date cells. For example, on Monday the 28th, there are events for 'History-Ove', 'Writing Assi', and '11:59p Bill c'. On the right side, there is a secondary calendar view showing a grid of dates with the 27th highlighted. Below this is a list of calendars under the heading 'CALENDARS', including 'Emily Boone', 'Biology 101', 'Classic Literature', 'History 101', 'Introduction to the Solar System', 'Biology 204', 'Introduction to Oceanography', 'Zoology 101', 'Fall Festival Group', 'Space Group 2', and 'Project Group 1'. There is also an 'UNDATED' section and a 'Calendar Feed' link at the bottom right.

To [view your Calendar](#), click the **Calendar** link.

View Inbox

The screenshot shows the Canvas user interface. On the left is a dark sidebar with navigation icons for Account, Dashboard, Courses, Groups, Calendar, and Help. The 'Inbox' icon is highlighted with a red box. The top of the main area has a header with 'All Courses' and 'Inbox' dropdown menus, and a toolbar with icons for composing, replying, deleting, and settings. Below the header is a list of messages:

The right pane shows a detailed view of the selected message:

- Group Projects** (Settings icon)
- Doug Roberts, Emily Boone** (Profile picture), History 101, October 2, 2018 at 2:36pm
- Message body: "Don't forget your group projects are due in a week. Let me know if you have any questions."

To [view your Conversations Inbox](#), click the **Inbox** link. Conversations is the Canvas messaging system where you can communicate with other users in your courses. The number of new messages are shown as part of the Inbox icon.

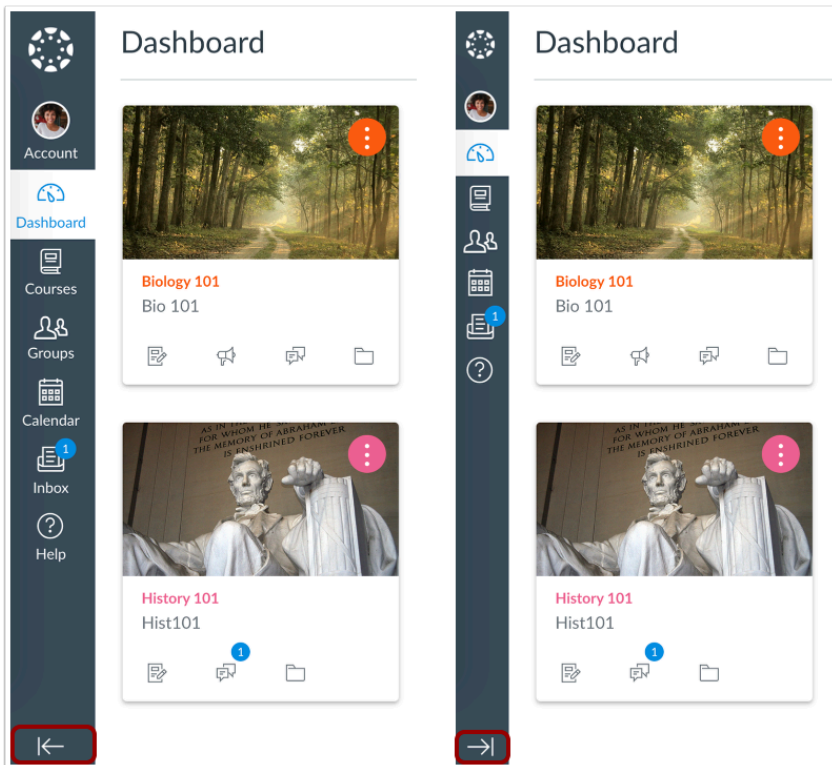

View Help

To [get help with Canvas](#), click the **Help** link [1]. Select the help option that is relevant to your needs [2].

Note: Depending on your institution settings, the Help menu may display different options.

Collapse Global Navigation Menu

To expand or collapse the Global Navigation menu, click the **arrow** icon.

The Global Navigation Menu will be automatically collapsed for tablet screens.

How do I use the Dashboard as a student?

The Dashboard is the first thing you will see when you log into Canvas. The Dashboard helps you see what is happening in all your current courses.

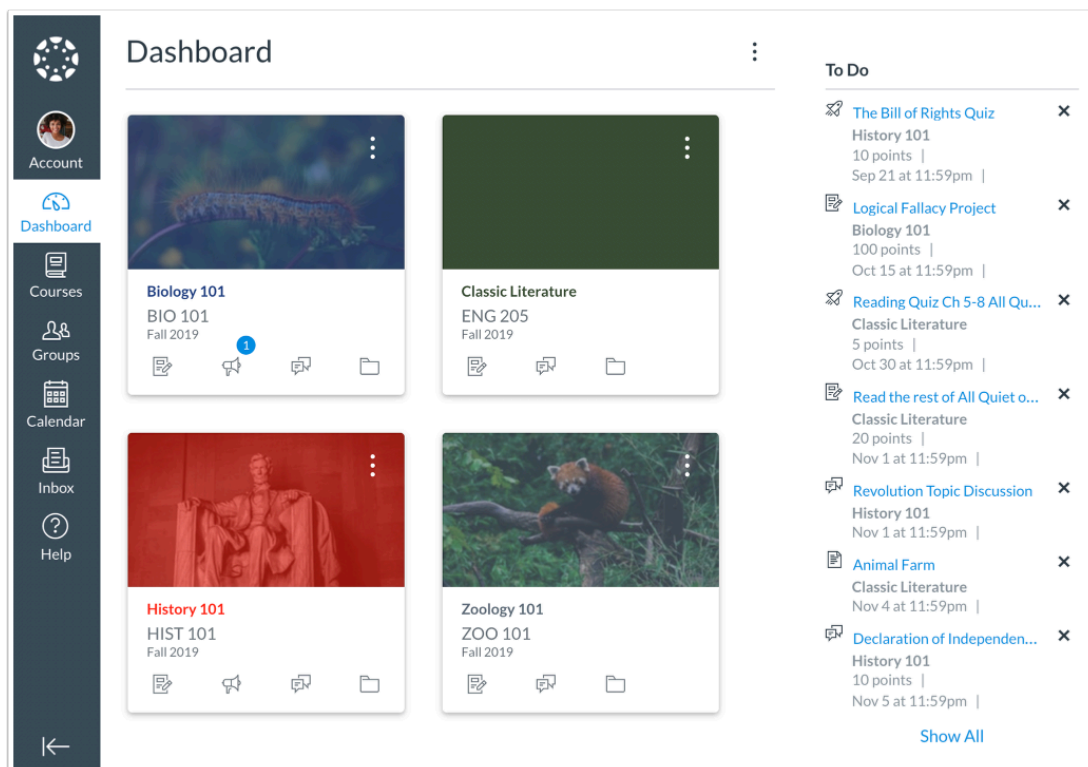

You can return to your User Dashboard at any time by clicking the Dashboard link in Global Navigation.

Open Dashboard

In Global Navigation, click the **Dashboard** link.

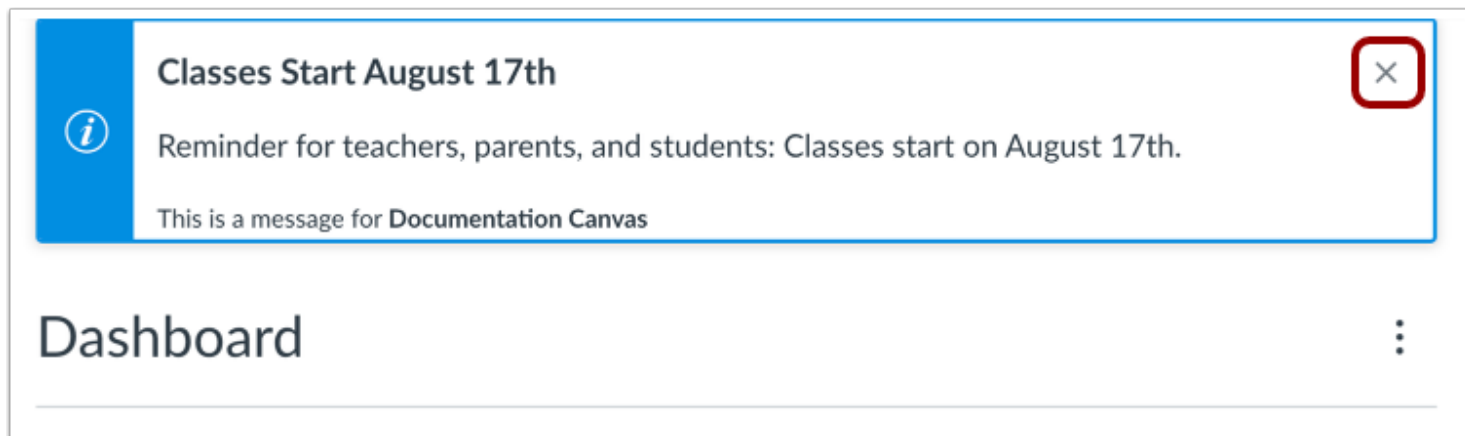

View Dashboard

The Dashboard is your landing page in Canvas. Depending on your institution, your Dashboard may default to one of three views: Card View, List View, or Recent Activity View.

- [Card View](#): displays course cards for quick access to all your favorite courses (the same courses display in the Courses link from the Global Navigation Menu)
- [List View](#): displays all course to-do items in an agenda view
- [Recent Activity View](#): displays all recent activity for all courses

[View](#)

If you dismiss a global announcement, you can view dismissed announcements on the [Global Announcements page](#).

Change Dashboard View

The screenshot shows the Canvas Dashboard interface. At the top left, the word "Dashboard" is displayed. Below it are two course cards. The first card, titled "Biology 101" (with "Bio 101" below it), features a forest image and a red circle with three white dots in its top right corner. The second card, titled "Classic Literature" (with "Lit" below it), has a solid purple header and a white body with three white dots in its top right corner. A red circle highlights a vertical ellipsis menu icon in the top right corner of the dashboard. This menu is open, showing the following options: "Dashboard View", "✓ Card View", "List View", "Recent Activity", and "Color Overlay". At the bottom of each course card, there are four icons: a document with a pencil, a megaphone, a speech bubble, and a folder. A small document icon is also visible at the bottom right of the dashboard area.

To change your Dashboard view, click the **Options** menu and select your preferred viewing option.

How do I view my favorite courses in the Card View Dashboard as a student?

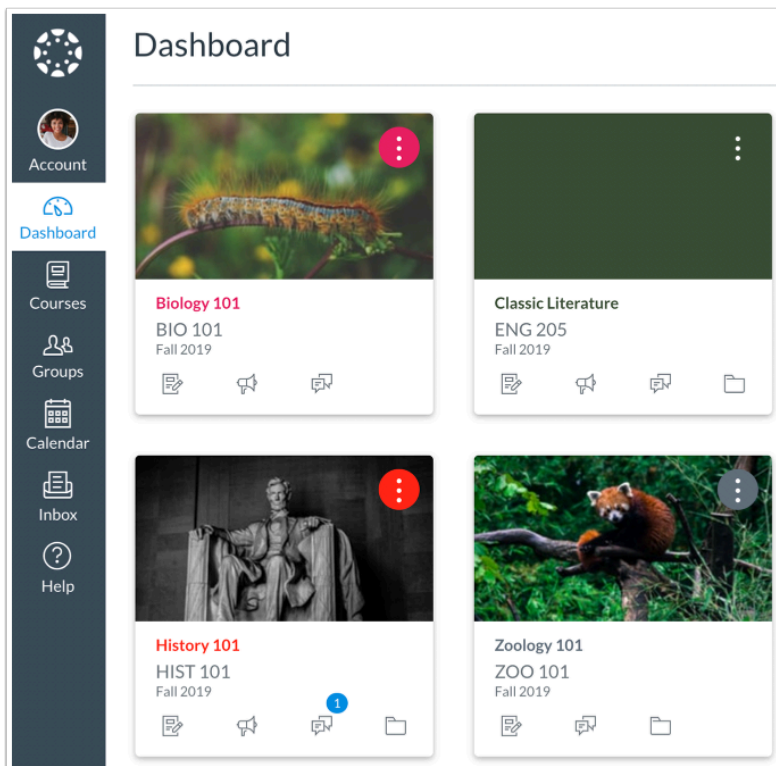

The Card View Dashboard displays course cards for all your favorite active courses. Course Cards can help you organize your courses by adding a nickname or customizing the color, which is synced with the color shown for the course in the Calendar. Depending on your institution's preference, the Card View may be your default Dashboard.

The Card View Dashboard also includes the [Dashboard sidebar](#), which includes items in your To-Do list and includes a link to the global Grades page.

You can change your Dashboard view at any time using the Dashboard Options icon.

Favorited courses are removed from the Card View Dashboard when the course is concluded. Concluded courses that were previously favorited are still shown as favorited in the [Courses list](#).

View Course Cards

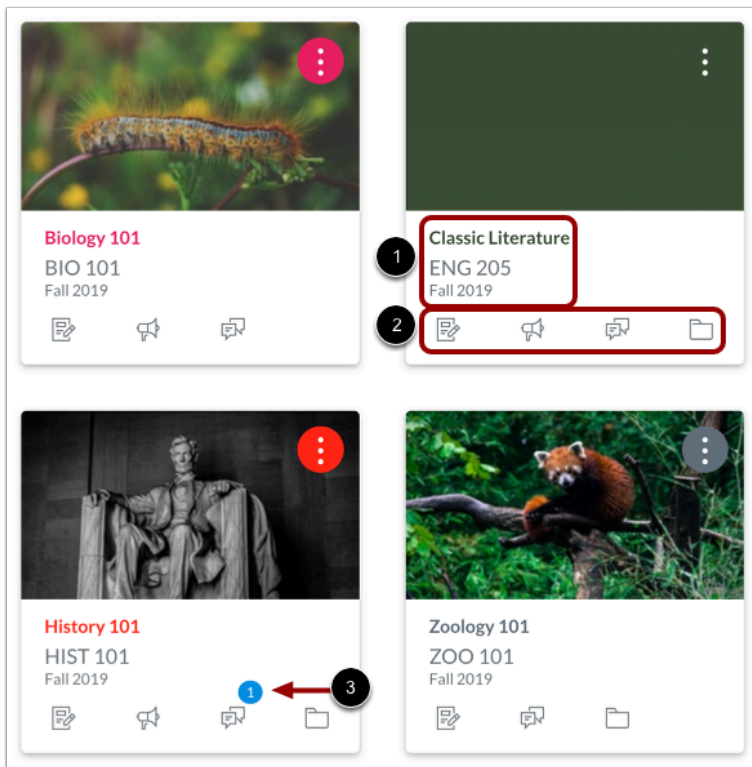

By default, active course cards are automatically added by Canvas and display up to 20 courses.

Dashboard courses are ordered alphabetically by course name and your role in the course; nicknames and course codes do not apply to course ordering. Courses with instructor roles are listed first, followed by TA roles and student roles.

Note: If you want to remove the default course card setting, you can [customize the course list](#) and manually select your favorite courses to display in the Dashboard. When you favorite at least one course, the Dashboard will only display favorited courses. Canvas will also continue to automatically favorite new published course enrollments.

View Card Details

Course cards show an overview of course information including the course name, course code, and term [1].

Each card can include up to four tabs [2], which represent the four main Canvas features for student course activity: Announcements, Assignments, Discussions, and Files. These tabs mimic visibility and order in Course Navigation, so for instance, if an instructor hides the Announcements link, the Announcements tab will not display on the course card.

An unread icon on the Discussions or Announcements tab indicates that there is a new discussion or announcement in the course [3]. The number in the icon indicates the number of new items.

Create Nickname

If one of your courses includes a long or confusing name, you can create a nickname for your course. Most courses are created using Student Information Systems (SIS) that generate course names based on terms, departments, and section numbers, and courses with similar names may be hard to distinguish.

Course nicknames appear in the Dashboard, Course Navigation Menu, course breadcrumbs, and notification emails.

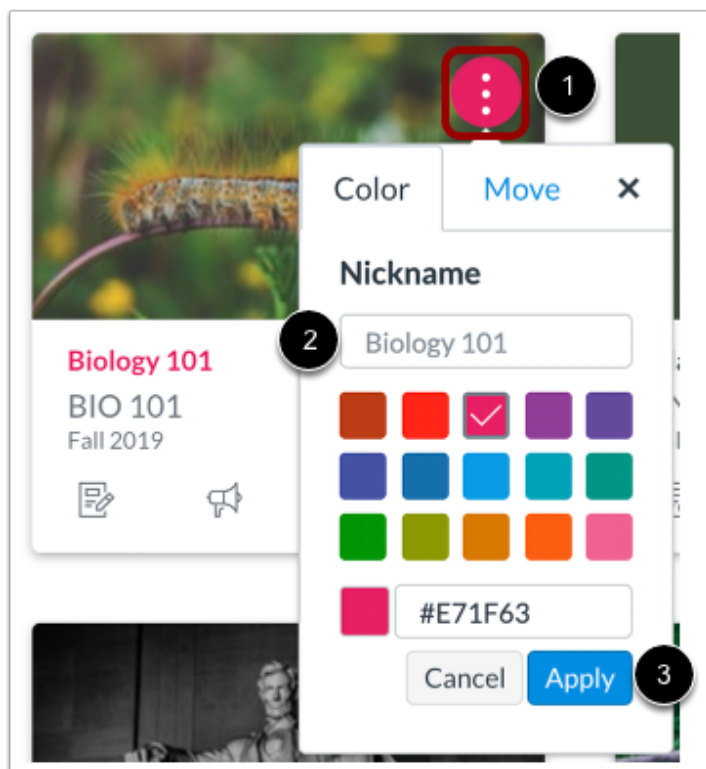

A course nickname does not affect the course name at the account or course level; it only changes the name of the course for the individual user who created the nickname.

If you need to know the original name of the course, you can hover over the nickname and the original name will appear. Additionally, the course code is not affected and always displays on the course card for course reference.

Notes:

- This feature does not currently apply to the global Grades page and Dashboard sidebar elements such as the To Do list.
- Course nicknames are limited to 59 characters.

Manage Nickname

To add a nickname, click the **More Options** icon [1], then type the name in the nickname field [2]. Click the **Apply** button [3].

To remove a nickname, open the card options and remove the nickname. The Nickname field will display the original name of the course.

Change Course Color

Course cards can help you organize your courses by customizing the color, which is synced with the color shown for the course in the Calendar. To change the color, click the card's **More Options** icon [1], then select a new color. The check mark indicates the selected color [2], and the hex color code displays in the text field [3]. If you want to use a color not shown in the window, you can enter the color's hex code directly in in the text field. The hex field will display a warning icon if the hex code is not valid. Additionally, any variation of white is not accepted as a course color.

Click the **Apply** button [4].

Note: If you change the color for a course in the Calendar, the color also updates in the Dashboard.

Move Course Cards

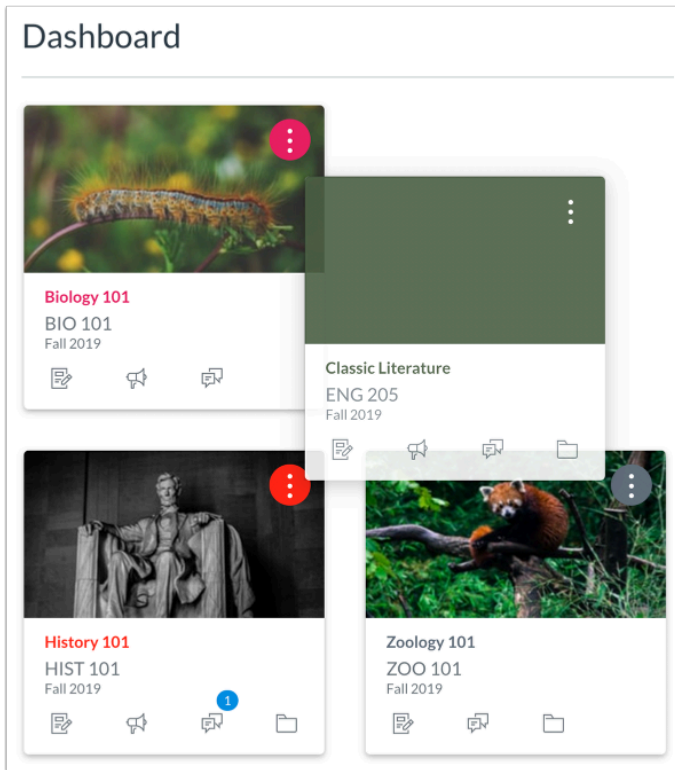

You can also move a course card to another location in the Dashboard or remove a card from the Dashboard. Click the **Options** menu [1] and select the **Move** tab [2]. Depending on the placement of the existing card, you can move the card to the top of the Dashboard, ahead or behind a specific card, or to the bottom of the Dashboard [3].

Once a dashboard card has been reordered, new courses added to the Dashboard always display at the end of all existing courses.

To remove the course card from the Dashboard, click the **Unfavorite** option [4].

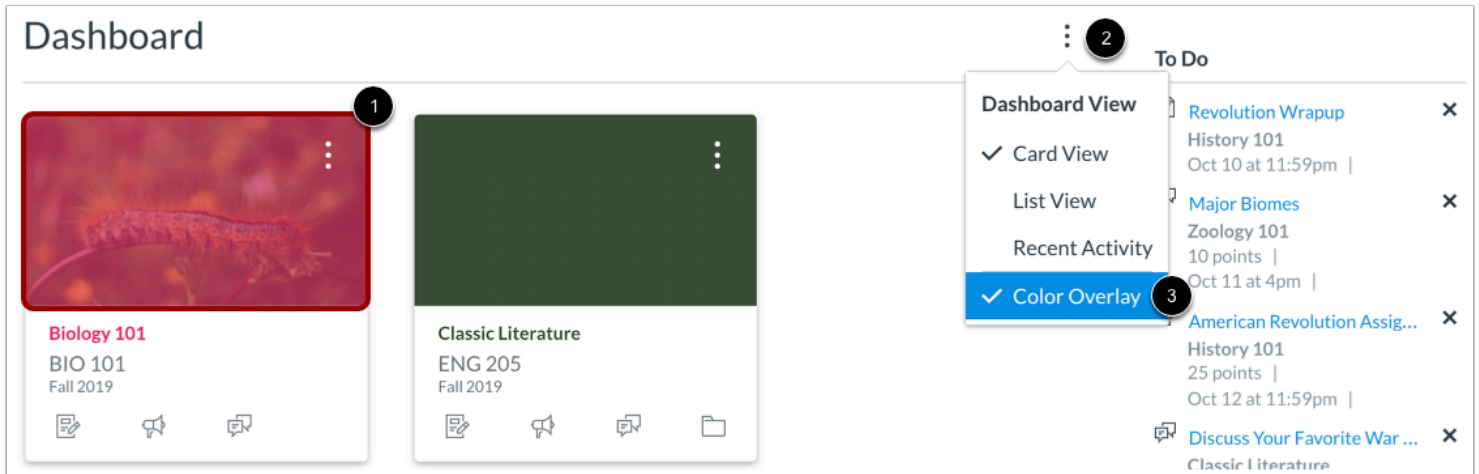

Note: The Unfavorite option only displays if you previously selected favorite courses.

Drag and Drop Course Cards

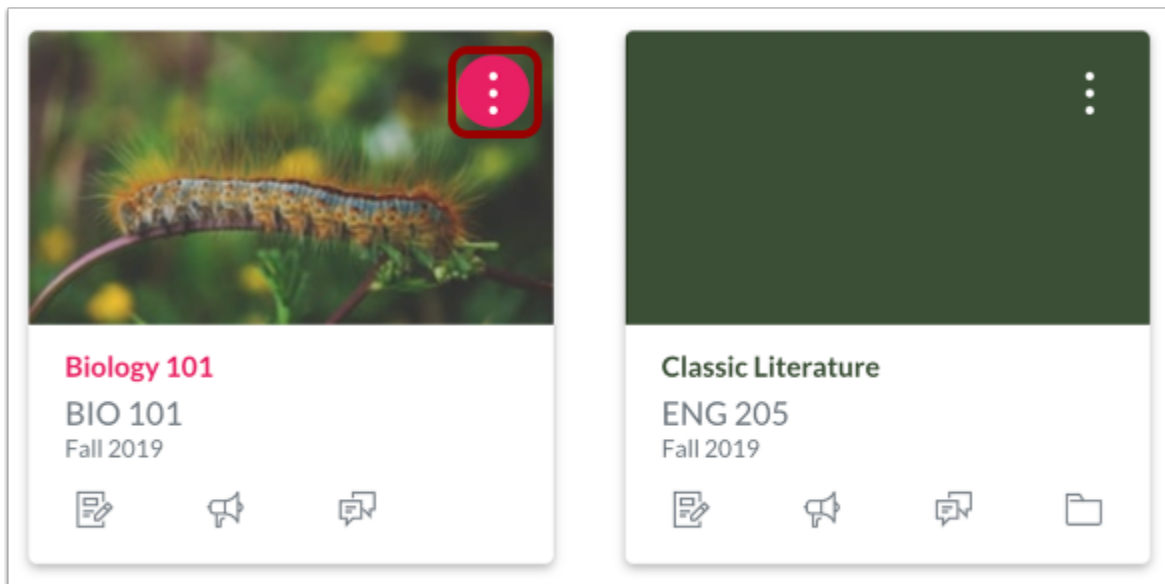

You can also manually drag and drop a course card to another location in the Dashboard. Click on a course card and drag it to the desired location.

View Color Overlay

Some courses may include an image for the course behind the course color [1]. By default, course cards with an image include a color overlay. To remove the color overlay from all course cards that contain an image, click the **Options** icon [2] and then deselect the Color Overlay option [3].

Remove Color Overlay

When the Color Overlay is removed, the course color will display as a circle behind the card's **More Options** icon.

How do I use the to-do list for all my courses in the List View Dashboard as a student?

The List View Dashboard displays all course To Do items in an agenda view to help you easily manage tasks across all of your courses. The To Do list contains graded as well as any non-graded To Do items your instructor designates for a course To Do list. You can also add and view your own To-Do items in the Dashboard. The List View Dashboard also displays calendar events and course announcements.

Notes:

- The List View Dashboard does not account for course favorites and displays all items based on date, course ID, due date, and due time.
- To-do items can also be viewed in the Card View Dashboard and the Recent Activity Dashboard.

Open List View

To open Dashboard List View, click the **Options** icon [1] and select the **List View** option [2].

Note: Depending on your institution's settings, your dashboard may default to List View.

List View includes labels and icons to quickly communicate an item's status and activity.

Once a graded item is past the due date, the item displays a Missing indicator [1] and a Missing label [2].

Missing items submitted after the due date display a Late label [3].

Items with new activity display an Unread indicator [4] and include an activity label. New activity can include one or all of the following labels:

- **Graded** [5]: a submission is graded
- **Replies** [6]: an announcement or discussion has new replies
- **Feedback** [7]: a graded item has new instructor feedback via submission comments (does not display if feedback is only via DocViewer annotations)

Mark Item as Complete

The screenshot displays a list of items in a Canvas To Do list. The items are categorized by course: CLASSIC LITERATURE, HISTORY 101, and ZOOLOGY 101. Each item has a checkbox, a status indicator, and a due date or points value. Numbered callouts (1-4) highlight specific features: 1 points to an unchecked checkbox for 'CLASSIC LITERATURE QUIZ Module 1 Quiz' (status: MISSING, 40 PTS); 2 points to a 'Show 1 completed item' link; 3 points to a checked checkbox for 'ZOOLOGY 101 ASSIGNMENT Label your Microscope' (status: SUBMITTED, 10 PTS); and 4 points to the item name 'Label your Microscope'.

Graded items are automatically marked as completed once they are submitted. Non-graded items must be manually marked as completed.

To manually mark an item as complete, click the **checkbox** for the item [1]. When you manually mark an item, the item's status will update when you refresh the page.

Completed To Do items remain in the To Do list for you to view at any time. To view information about completed To Do items, click the **Show completed item** link [2]. The completed items display a completed checkbox [3]. To view completed item information, click the item name [4]. The next time you refresh the page, the completed items will once again be hidden within the completed link.

View Alerts Menu

To view a list of graded past-due items across all your courses, click the **Alert Menu** button [1]. The Alert menu helps you see what opportunities are available to you to improve your course grades.

To view new alert items, click the **New** link [2]. You can dismiss new alert items by clicking the **Remove** icon [3]. Dismissing a new alert item does not affect its status or mark it as completed.

To view dismissed alert items, click the **Dismissed** link [4].

View Grades

The screenshot shows the Canvas dashboard interface. At the top right, there is a navigation bar with a 'Today' button, a plus sign, a Gradebook icon (circled with a red box and labeled '1'), a notification bell with '75', and a menu icon. Below this, the dashboard displays 'NEW ACTIVITY' buttons and a 'TODAY' section for 'Monday, July 15'. A pink card for 'CLASSIC LITERATURE' is visible, with two assignment items: 'CLASSIC LITERATURE PEER REVIEW Catch-22 Paper (Peer Reviews)' and 'CLASSIC LITERATURE ASSIGNMENT Catch-22 Paper (Peer Reviews)'. On the right, a 'My Grades' modal window (circled with a red box and labeled '2') is open, showing a list of courses: 'BIOLOGY 204' with 'No Grade', 'CLASSIC LITERATURE' with '98.77%', and 'HISTORY 101' with '102.35%'. A red arrow (labeled '3') points from the 'CLASSIC LITERATURE' assignment item in the dashboard to the 'CLASSIC LITERATURE' course entry in the 'My Grades' menu.

To view your current course grades, click the **Gradebook** icon [1]. The My Grades menu displays your current course grades [2]. Click the course name link to [view the Grades page](#) for your course [3].

Note: If one of your courses uses grading periods, the grade displayed is the grade for the current grading period.

View To Do Items

You can add your own To-Do items to the Dashboard. Items associated with a course display as part of the course items and arranged by due date [1]. General to-do items always display below all courses [2]. To-do items can be edited at any time by clicking the **Edit** icon [3].

To [add a To-Do item](#), click the **Add Item** icon [4].

Note: You can also [use the Calendar to add to-do items](#), which will also display in the List View Dashboard.

Change Dashboard

To change the Dashboard view at any time, click the **Options** menu.

How do I add a to-do item in the List View Dashboard as a student?

You can create to-do items that display in the List View Dashboard agenda. When you create a to-do item, the new item displays your profile picture to differentiate it from other to-do list items. Any to-do item you create also displays in the [Course Card Dashboard View](#) sidebar and [Global Activity Stream Dashboard](#) sidebar.

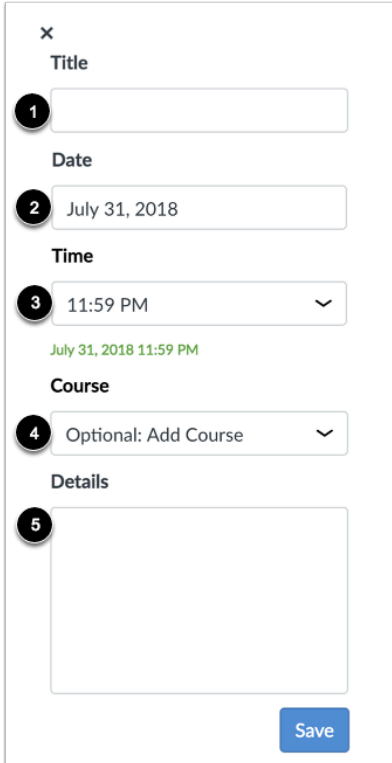

You can also [create to-do items from the calendar](#).

Add To-do Item

Click the **Add To Do** button.

Add To-do Details

In the To Do sidebar **Title** field [1], type a name for the to-do item.

The **Date** field defaults to the current date [2], and the Time field defaults to 11:59pm [3]. To change the date and/or time when you want to complete the item, modify the date or time appropriately.

Items default as general to-do items, but you can associate the item with a course by selecting a course from the **Course** drop-down menu [4].

In the **Details** field [5], any other details about your to-do item.

Save To-do

Click the **Save** button.

View To-do Item

The screenshot shows a to-do list for 'TOMORROW Wednesday, February 6'. It contains three items:

- Item 1:** 'BIOLOGY 101 TO DO Study for the test!' with a due time of 11:59 PM. A red box highlights this item, with a circled '1' in the top left corner.
- Item 2:** 'CLASSIC LITERATURE PAGE Resources' with a due time of 11:59 PM.
- Item 3:** 'TO DO Pick up textbooks' with a due time of 12:00 AM. A red box highlights this item, with a circled '2' in the top left corner.

View your to-do item.

Items that you associate with a course display on the to-do list with other course to-do items [1].

Items that are not associated with a specific course display at the bottom of the day's to-do list [2].

Manage To-do Item

The screenshot shows the 'Manage To-do Item' dialog box for the item 'TO DO Pick up textbooks'. The dialog is open over the to-do list. The fields in the dialog are:

- Title:** Pick up textbooks
- Date:** February 6, 2019
- Time:** 12:00 AM
- Course:** Optional: Add Course
- Details:** (Empty text area)

At the bottom of the dialog are two buttons: 'Delete' and 'Save'. A red box highlights the entire dialog, with circled numbers 1 through 4 indicating specific elements:

- 1:** Points to the edit icon on the to-do list item.
- 2:** Points to the 'Title' field in the dialog.
- 3:** Points to the 'Save' button.
- 4:** Points to the 'Delete' button.

To edit or delete a To-Do item, click the **Edit** icon [1].

To edit the item, edit the information in the To Do details sidebar [2]. To save your edits, click the **Save** button [3].

To delete the item, click the **Delete** button [4]. When the delete confirmation window displays, click the **OK** button.

How do I view global activity for all my courses in the Recent Activity Dashboard as a student?

The Recent Activity Dashboard shows you important recent activities from all of your courses including announcements, discussions, assignments, and conversations. This stream is similar to the [Course Activity Stream](#) for an individual course.

The following activities will cause notifications for each course to appear in the Recent Activity Dashboard:

- New Announcements
- Replies to Announcements
- New Discussions
- New Discussion Posts
- New Assignments
- Assignments, Quizzes, or Discussions Changed from Ungraded to Graded
- Due Date Changes to Assignments, Quizzes, and Discussions
- New Graded Assignments
- New Peer Review Assignments
- New Conversation Messages

The Recent Activity Dashboard also includes the [Dashboard sidebar](#), which includes items in your To-Do list and includes a link to the global Grades page.

You can change your Dashboard view at any time using the Dashboard Options icon.

Notes:

- Notifications in the Recent Activity Dashboard will not display for activity in Files, Collaborations, Grades, Pages, or Conferences; ungraded quizzes and surveys; or edits to Discussions.
- Edits to Quizzes and Assignments will only display in the Recent Activity Dashboard when the **Notify users that this content has changed** button has been selected in a course.
- To receive notifications for Discussions, you must actively post in the discussions at least once every two weeks. If you stop participating in a discussion after two weeks, Canvas will no longer display discussion notifications.

Open Dashboard

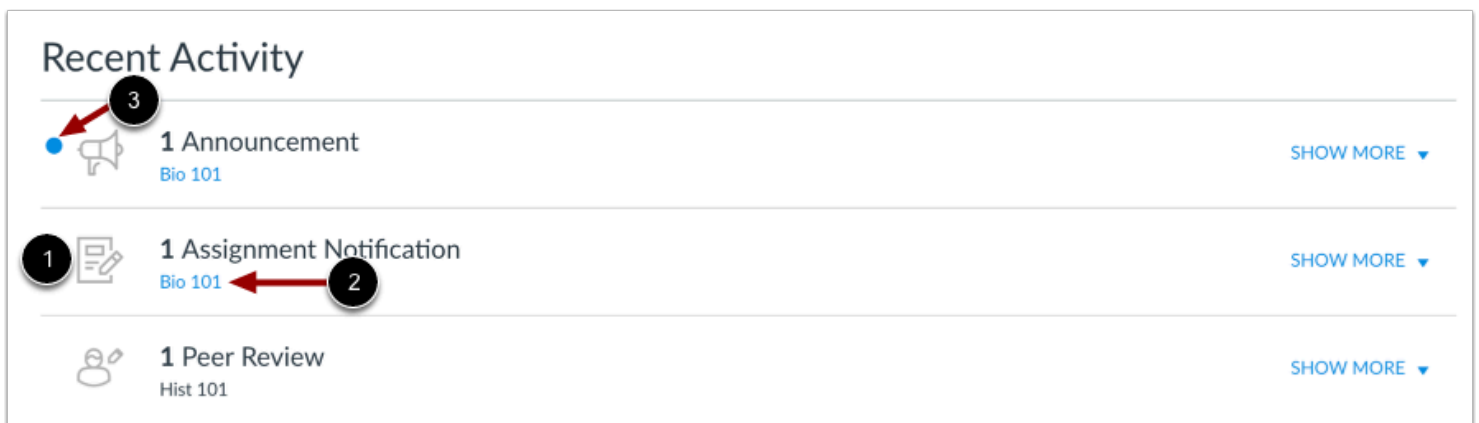

In Global Navigation, click the **Dashboard** link.

Open Global Activity Stream

Click the **Options** icon [1] and then click the **Recent Activity** link [2].

View Global Activity

The Global Activity Stream contains recent notifications from all of your courses, including announcements, discussions, assignments, and conversations. This activity stream helps you see all recent activity in your courses and easily ask questions and post to discussion forums. Unlike course cards, the activity stream does not mimic the visibility of Course Navigation links.

Activities are indicated by activity type and display an icon [1] for the activity. Each activity also includes the name of its associated course [2].

New activity in your account is indicated by an unread icon [3]. Discussions and Announcements indicate new activity items published in a course, and Conversations indicate a new message received from a user in a course. Recent Activity items remain for four weeks.

How do I use the To Do list and sidebar in the Dashboard as a student?

In the Card View Dashboard and the Recent Activity Dashboard, the sidebar contains a To Do list and other sections that help you know what assignments and events are coming up in all of your courses. The sidebar includes specific items for instructor and student roles. If you are enrolled in Canvas courses with more than one user role, your sidebar may show items for both roles.

The sidebar is similar to the sidebar that displays in your Course Home Page, but the course sidebar only includes items for the specific course. Depending on the setup of your Course Home Page, the sidebar in a course may contain additional sections than shown in the sidebar.

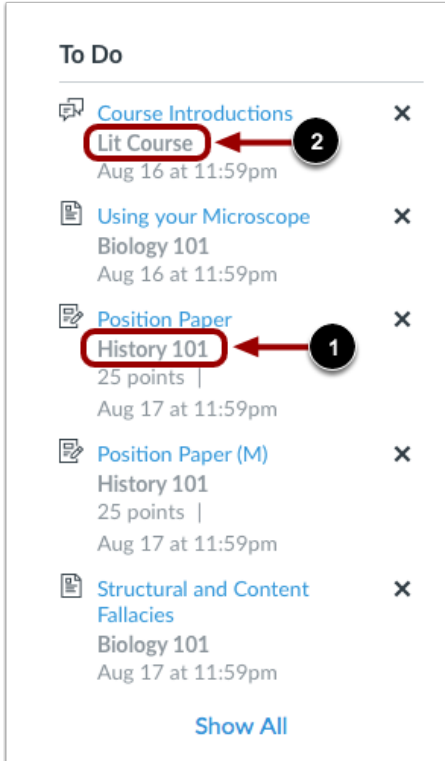

Note: You can also view items on the To Do list from the [List View Dashboard](#).

Open Dashboard

In Global Navigation, click the **Dashboard** link.

View Sidebar Course Items

The screenshot shows a 'To Do' sidebar with the following items:

- Course Introductions** (with a sub-item **Lit Course** circled in red and a callout '2' pointing to it) - Aug 16 at 11:59pm
- Using your Microscope** - Biology 101 - Aug 16 at 11:59pm
- Position Paper** (with a sub-item **History 101** circled in red and a callout '1' pointing to it) - 25 points | Aug 17 at 11:59pm
- Position Paper (M)** - History 101 - 25 points | Aug 17 at 11:59pm
- Structural and Content Fallacies** - Biology 101 - Aug 17 at 11:59pm

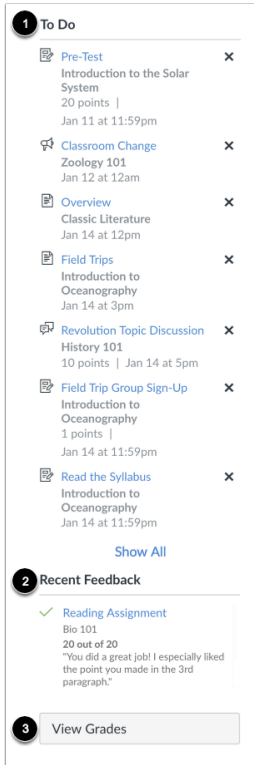

A [Show All](#) link is located at the bottom of the sidebar.

The sidebar shows various action items in all your courses. Each item is associated with a specific course. All items from all your active courses display in the sidebar—not just favorited courses in the Dashboard.

For course identification, each sidebar item displays the course code, or short name, for the course [1]. The course code is located directly below the full course name.

[Course nicknames](#) can be set in place of sidebar course codes that are long or otherwise confusing to remember which courses they represent. If you have created a nickname for a course, the nickname displays in the sidebar instead of the course code [2]. However, the original course code always displays in the course card.

View Student Sections

The screenshot shows the Canvas sidebar navigation menu. It is divided into three main sections:

- 1 To Do:** This section lists upcoming assignments and events. Each item includes an icon, the assignment name, the course name, the number of points, and the due date.
 - Pre-Test (Introduction to the Solar System, 20 points, Jan 11 at 11:59pm)
 - Classroom Change (Zoology 101, Jan 12 at 12am)
 - Overview (Classic Literature, Jan 14 at 12pm)
 - Field Trips (Introduction to Oceanography, Jan 14 at 3pm)
 - Revolution Topic Discussion (History 101, 10 points, Jan 14 at 5pm)
 - Field Trip Group Sign-Up (Introduction to Oceanography, 1 point, Jan 14 at 11:59pm)
 - Read the Syllabus (Introduction to Oceanography, Jan 14 at 11:59pm)
 A "Show All" link is located at the bottom of this section.
- 2 Recent Feedback:** This section shows a recent feedback item:
 - Reading Assignment (Bio 101, 20 out of 20, "You did a great job! I especially liked the point you made in the 3rd paragraph.")
- 3 View Grades:** This is a button that links to the Dashboard Grades page.

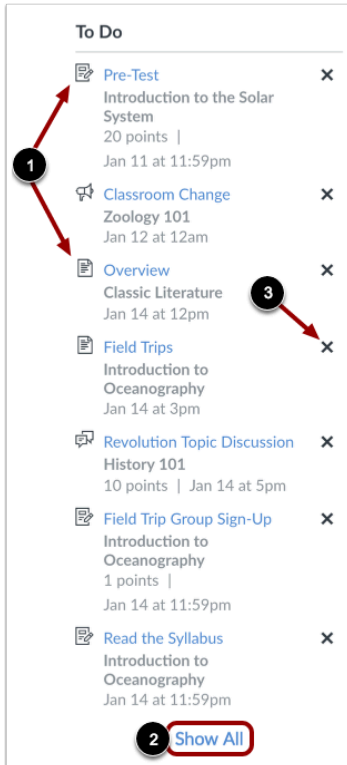

The sidebar helps you see what you need to do next and what feedback you've received across all your courses. However, assignments that are not graded or do not require an online submission only display until the due date.

The **To Do** section shows up to seven items with due dates or event dates in the upcoming weeks, including ungraded quizzes, assignments that do not require a Canvas submission, and course announcements [1]. Each item in the To Do list displays the assignment name, the course name, the number of points, and the due date for the assignment. Once the due date has passed, items remain in this section for four weeks.

The **Recent Feedback** section shows assignments with feedback from your instructor during the last four weeks [2].

The **View Grades** button links to the [Dashboard Grades](#) page and displays grades for all active courses [3].

Manage Sidebar Items

Each section item displays an icon to differentiate between different assignment types and other items in the To Do list [1].

If a section contains more items than can be shown, you can view all to-do items using the **Show All** link [2]. This link directs you to the [List View Dashboard](#).

To remove a To Do item, click the **remove** icon [3].

Note: Assignments submitted through Canvas disappear automatically from the To Do list; no-submission assignments (submitted on paper/in class) can only be removed from the list manually.

How do I view grades in the Dashboard as a student?

You can view overall course grades in the Dashboard. This button is available to all user roles and displays grades for both courses being taken and courses being taught, if any.

Note: You may not be able to view grade totals.

How do I get help with Canvas as a student?

You can get help with Canvas by using the Help menu. The Help menu generates a list of resources to help you with Canvas. Canvas displays links according to roles in all enrollments; for instance, if you are a student who had one courses with an instructor-based role, the Help menu will show you links available to students and instructors.

This lesson outlines the default help links that may be included in the Help menu for your institution. However, your institution may customize the Canvas Help menu to hide default links and create custom links as resources.

Note: Depending on your institution, the Help menu may not be available.

- If you are self-enrolling in a course using a join code or URL, you may not have completed the registration process. Check your email for information from your instructor as to how to [enroll in your course](#).
- If your institution enrolled you in your course, your enrollment may not have been set up properly. Please contact your instructor(s) for assistance.
- Each course is associated with a specific access date. Depending on the date associated with the course, you may not yet be able to view your course.
- Courses must be published by your institution before you can access them. If a course is not *accessible* to you in your course list, it may not be published.
- Access to concluded courses may be restricted by your institution.
- Confirm your browser is up to date. Outdated browsers cannot support Canvas courses.

Grades

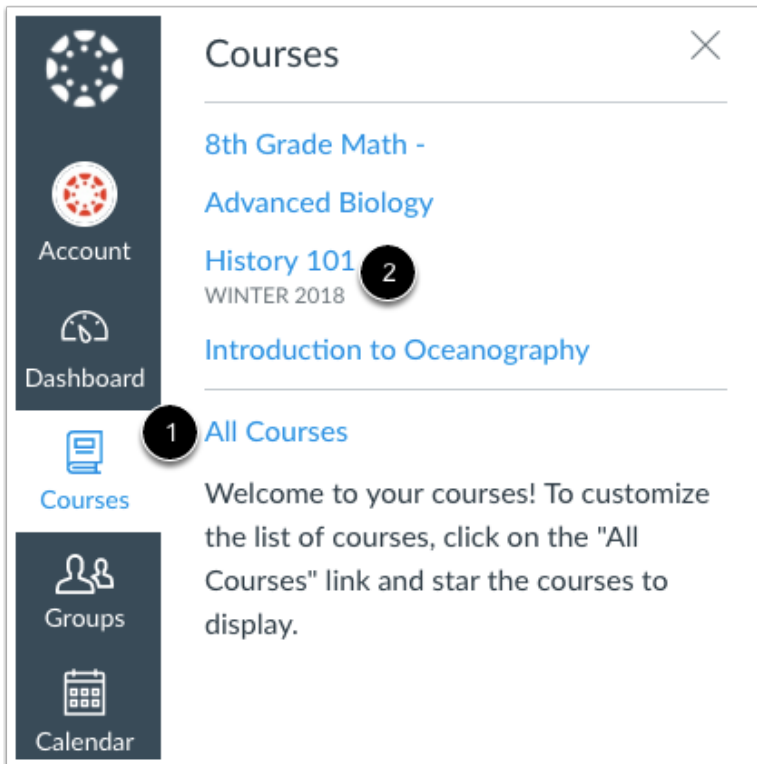

How do I view my grades in a current course?

The Grades page in a course displays all current grades for all course assignments. You can also view scoring details, comments, and rubrics. If your instructor is using multiple grading periods, you can also filter grades by grading period.

If you have any courses that have concluded and are able to access their content, you can view those grades from any active course. You can also [view concluded course grades](#) from the Global Navigation Menu.

Note: Some details in the Grades page, such as scoring details and the total grade, may be restricted in your course.

From the grades page you can select the **Course** for which you want to view grades [1]. By default, grades are sorted chronologically by assignment due date. In the **Arrange by** menu [2], you can also sort by module, assignment title, or assignment group. To see the specified grades, click the **Apply** button [3]. Assignments that are not part of a module will be shown at the end of the assignments list in alphabetical order. However, if modules or assignment groups aren't used in your course, they won't be included as sorting options.

You can view the name of the assignment [4], the assignment due date [5], the assignment status [6], the score you earned [7], and the total point value of the assignment [8]. You may also be able to view whether the assignment includes scoring details, comments, or rubrics [9].

You may see various [grade icons](#) in the score column [10] indicating the type of assignment you submitted. These assignments have not been graded by your instructor. Once the assignment is graded, the icon will be replaced by your score.

The grades page also lets you create hypothetical or [What-If grades](#). You can click any score field and approximate your grade for both graded assignments (if want to submit an assignment) and ungraded assignments.

The current grade is calculated by adding up the graded assignments according to their weight in the course grading scheme. This grade is calculated with the **Calculate based only on graded assignments** checkbox [1] selected in the sidebar.

The total grade is calculated by adding all the assignments according to their weight in the course grading scheme (both graded and ungraded assignments). To view the total grade, deselect the sidebar checkbox [2]. The grade at the top of the sidebar will reflect your total grade.

Note: If your instructor has restricted you from viewing the current and/or total grades, selecting or deselecting the sidebar checkbox still affects individual assignments. You may be able to see small changes with assignment shading indicating that a grade may be dropped from the course.

How do I approximate my assignment scores using the What-If Grades feature?

As a student, you can view your grades based on What-If scores so that you know how grades will be affected by upcoming or resubmitted assignments. You can test scores for an assignment that already includes a score, or an assignment that has yet to be graded.

Notes:

- What-If scores simulate updates to your current and final grades. Depending on the grade calculation for your course, your grades may display as a point value or as a percentage.
- Your instructor may restrict you from viewing your current and/or final grades.

Inbox

How do I use the Inbox as a student?

The Inbox is split into two panels and displays messages chronologically. You can view and reply to conversations and sort them by course or inbox type. The Inbox itself does not have any file size limits; however, attachments added to a conversation are included in the sender's personal files.

[Learn more about the Inbox.](#)

Notes:

- If you right-click or option-click on the Inbox link, you can open your Inbox in a new browser tab to keep it handy while you are doing other tasks in Canvas.
- Users display in conversations once they have an active enrollment in the course, and users cannot join a course unless it is published.
- Once a course has concluded, you cannot message users in that course.

Open Inbox

In Global Navigation, click the **Inbox** link.

If the Inbox link includes a numbered indicator, the indicator shows how many [unread messages](#) you have in your Inbox. Once you read the new messages, the indicator will disappear.

View Toolbar

The toolbar includes global message options. To load conversations, [filter your messages](#) by course or group [1] and type [2]. Filtering by type lets you filter messages by Inbox, Unread, Starred, Sent, Archived, and Submission Comments. You can [compose a message](#) at any time using the compose icon [3].

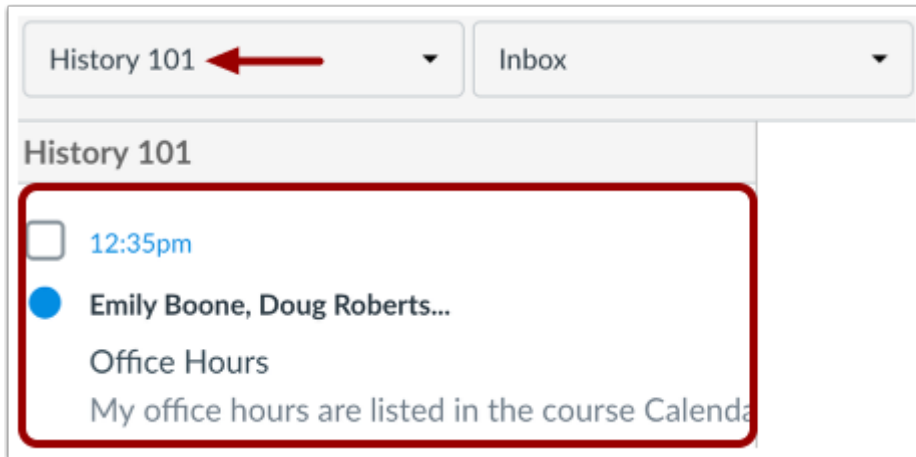

You can also search for conversations by user in the **Search by user** field [4].

Once you have selected a conversation, you can use the other options in the toolbar to:

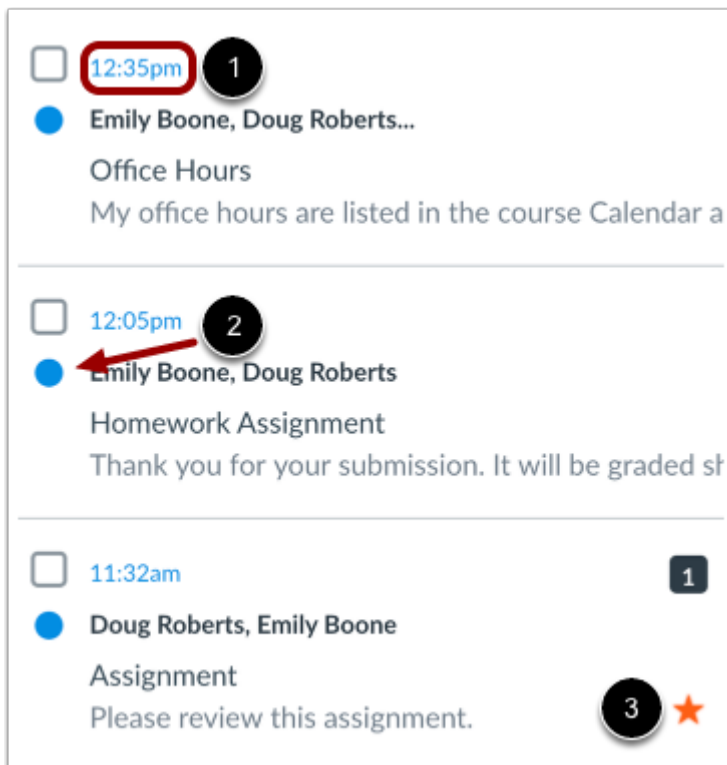

1. [Reply](#) to a conversation
2. Reply-all to a conversation
3. [Archive](#) a conversation
4. [Delete](#) a conversation
5. [Forward](#), mark a conversation as read or unread, and [star](#) conversations

View Inbox Panels

Conversations for your selected course and Inbox filter appear in the left Inbox panel.

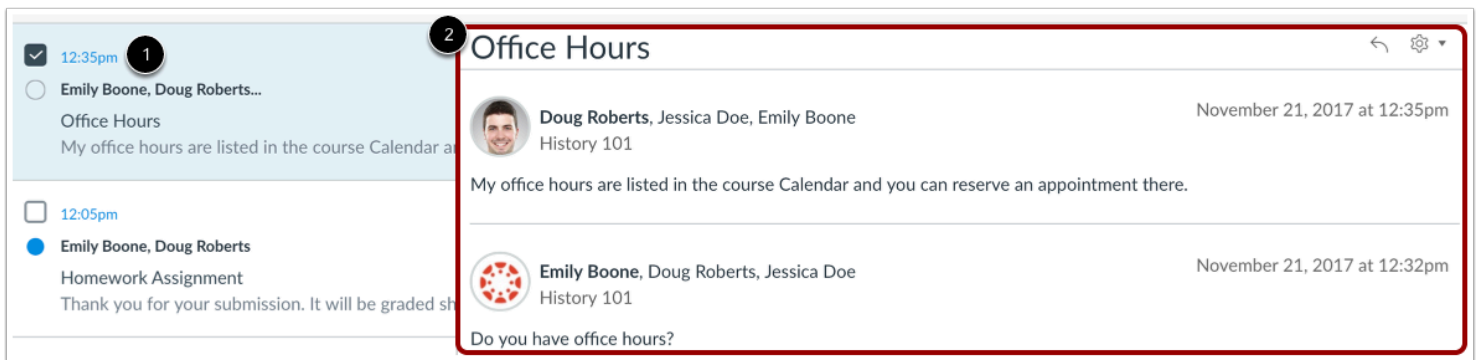

View Conversations

The Inbox is organized chronologically from newest to oldest with the newest conversations appearing on top [1] and the older conversations at the bottom.

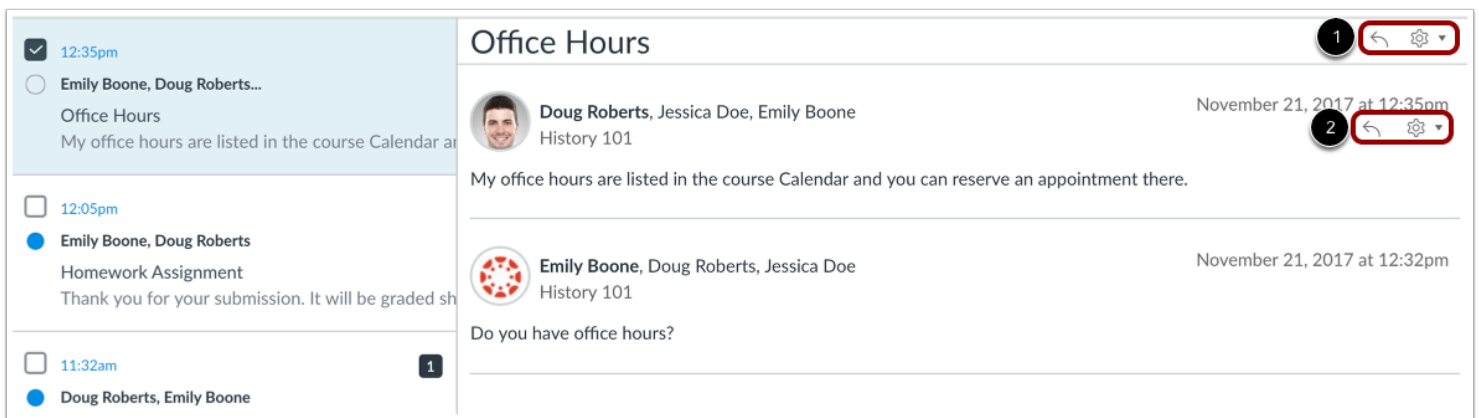

You can manually mark a conversation as read or unread by hovering over the conversation and clicking the circle to the left of the conversation [2]. To star a conversation, hover over the conversation and click the star to the right of the conversation [3].

View Conversation Thread

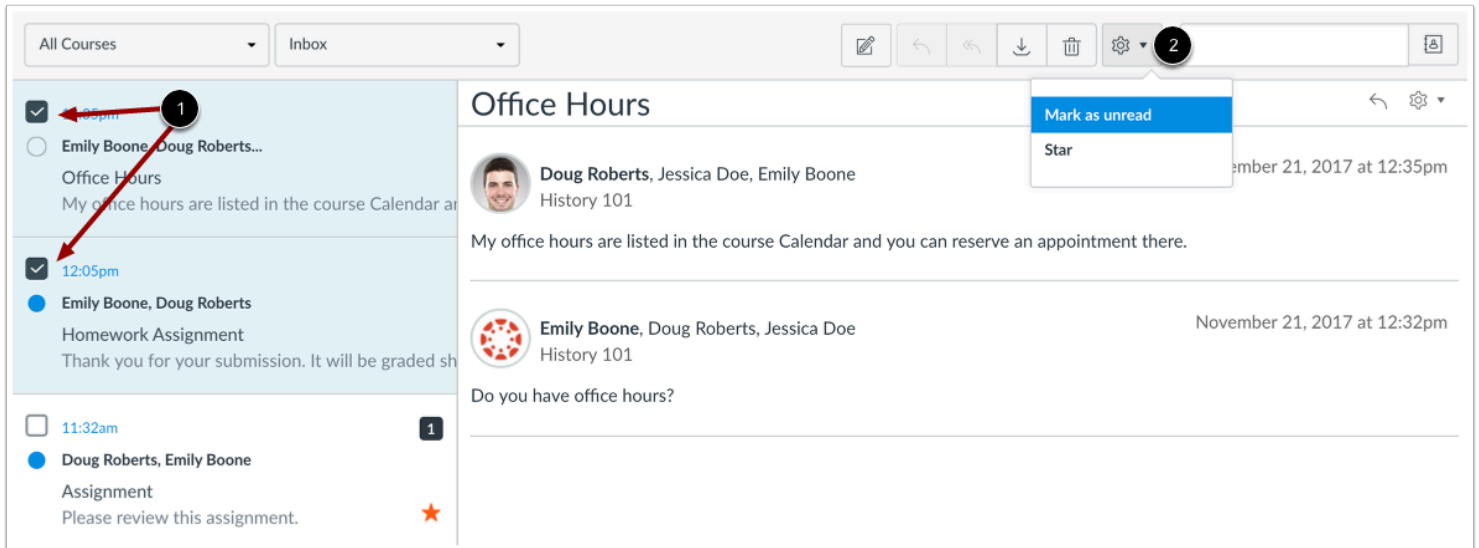

When you select a conversation [1], all messages in the conversations thread appear in the right Inbox panel [2].

Manage Conversation Thread

Within each conversation, you can reply, reply-all, forward, or delete the entire conversation thread [1]. You can also hover over an individual message and use the same commands within the individual message [2].

Select Multiple Conversations

To select multiple messages to archive, delete, mark as read, mark as unread, or star, click the check box for each message [1]. You can also press the command key (Mac) or the control key (Windows) while clicking each message you want to select. In the Inbox toolbar [2], click the desired option.

To select all messages, click the command + A keys (Mac) or the control + A keys (Windows).

To select a range of messages, click the first message you want to select, hold down the Shift key, and then click the last message you want to select. All messages between the first and the last messages will be selected.

Note: You can also click the message check box or use the same keyboard command to deselect a message.

How do I find my unread messages in the Inbox as a student?

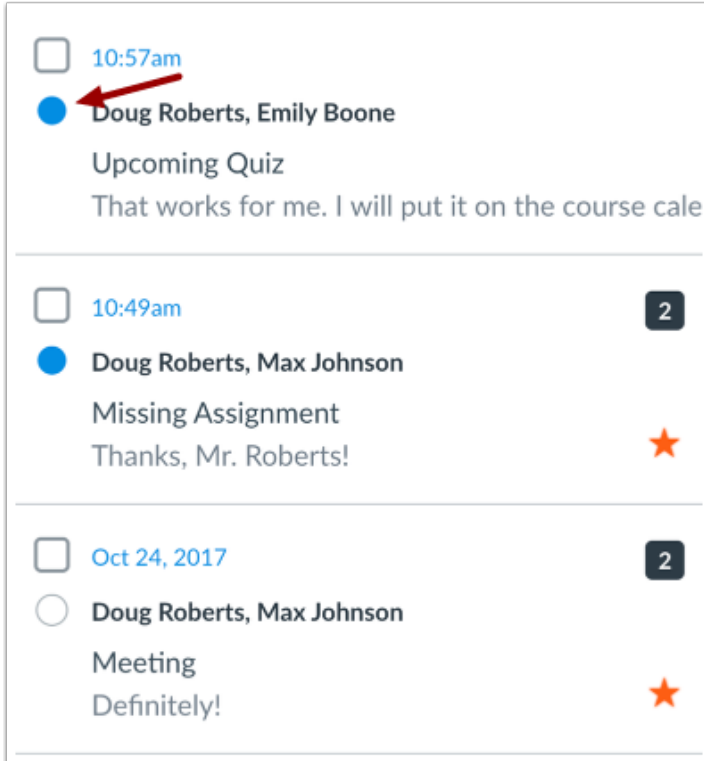

You can view all unread messages in your Inbox. You can also filter messages to show only unread messages.

Open Inbox

In Global Navigation, click the **Inbox** link.

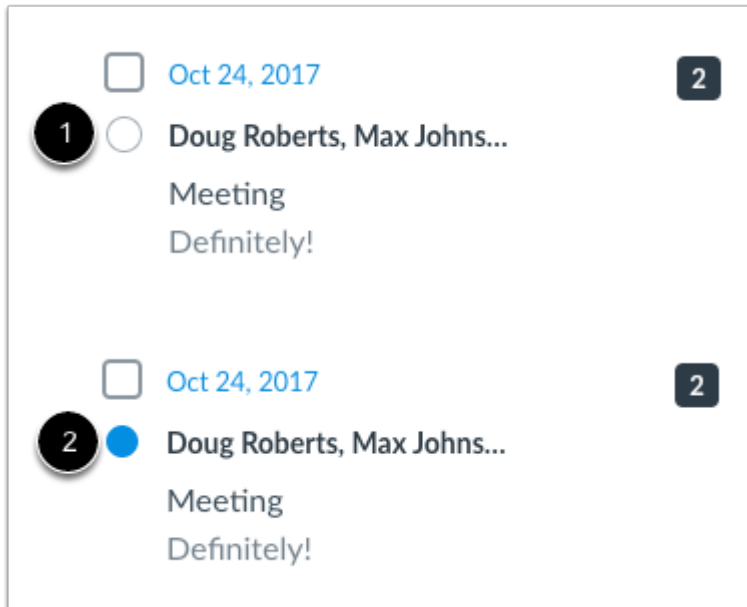

View Unread Message

The screenshot displays a list of three messages in a conversation. Each message is preceded by a square icon: a gray square for unread messages and a blue circle for read messages. A red arrow points to the blue circle of the first message. The first message is from 'Doug Roberts, Emily Boone' with the subject 'Upcoming Quiz' and the text 'That works for me. I will put it on the course cale'. The second message is from 'Doug Roberts, Max Johnson' with the subject 'Missing Assignment' and the text 'Thanks, Mr. Roberts!'. It has a '2' in a dark gray box to its right and an orange star icon to its left. The third message is dated 'Oct 24, 2017' and is from 'Doug Roberts, Max Johnson' with the subject 'Meeting' and the text 'Definitely!'. It also has a '2' in a dark gray box to its right and an orange star icon to its left.

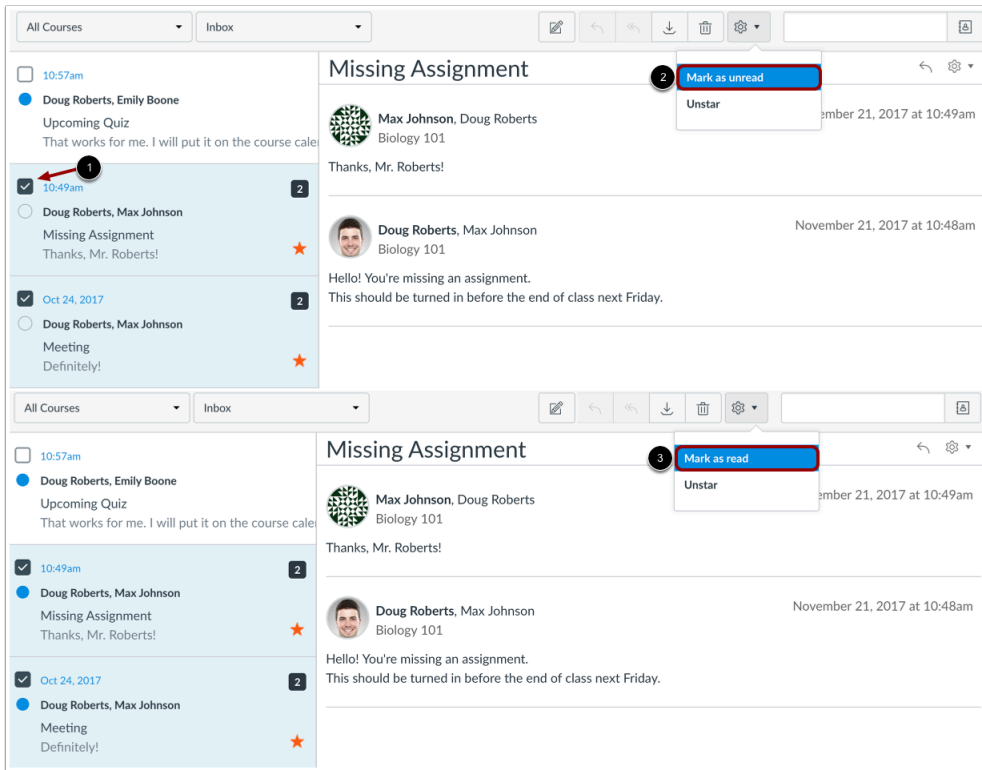

All unread messages have an indicator next to the message. Once a Conversation has been read, the blue dot changes to a gray circle.

Mark as Unread

If you want to mark a conversation as unread, click the read indicator [1]. The message will now show the unread indicator [2].

Mark Multiple Messages

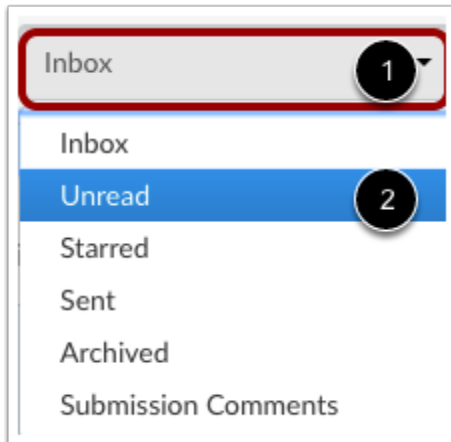

You can mark multiple conversations as unread or read by pressing the command key (Mac) or the control key (Windows) while clicking multiple messages, or by selecting the message checkbox [1].

Locate and click the settings icon and choose the **Mark as unread** link [2].

If you select multiple unread messages, you will see **Mark as read** link [3].

Select Unread Conversations

To view only unread messages, open the the Inbox drop-down menu [1]. Select the **Unread** link [2].

How do I filter conversations as a student?

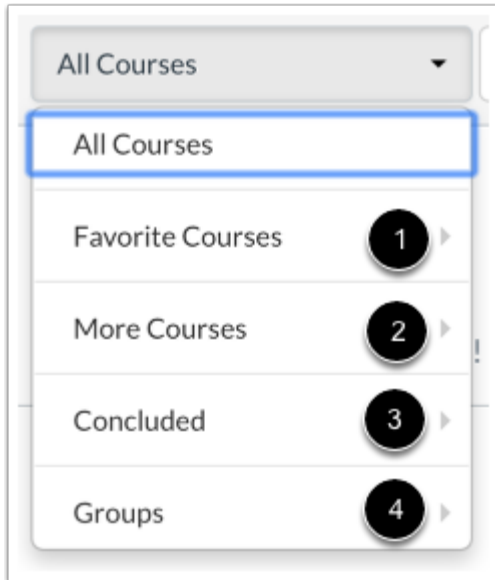

You can filter the conversations in your Inbox for easier organization, especially if you are enrolled in multiple courses. Filtering conversations allows you to selectively view conversation messages by course, inbox, or user.

Open Inbox

In Global Navigation, click the **Inbox** link.

Filter by Course

You can filter your inbox by types of courses. Your Inbox may contain the following options:

- Current courses in your Favorites menu [1]
- Other courses that you haven't favorited [2]
- Concluded courses [3]
- Current or concluded groups [4]

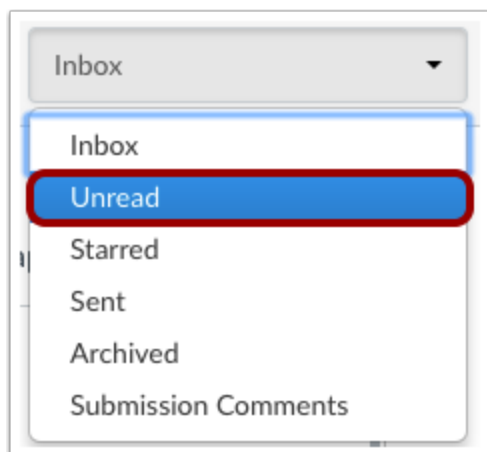

Note: You cannot send messages to users in concluded courses.

Filter by Inbox

You can also filter by Inbox type. By default, the Inbox displays all messages.

View Unread Messages

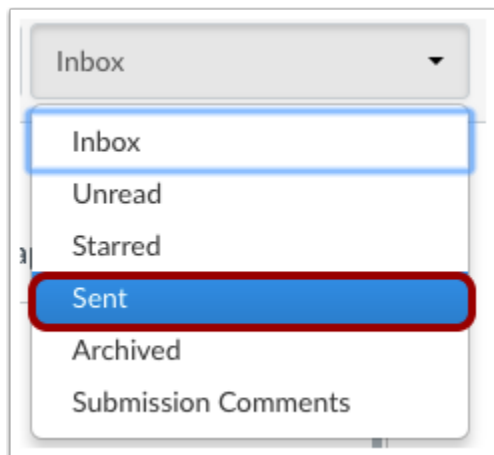

The **Unread** filter displays all unread conversations in your Inbox. Learn how to [view and manage unread messages](#).

View Starred Messages

The **Starred** filter displays all starred messages in your Inbox. Starred messages are marked as important so you can locate them later. Learn how to [star a message](#).

View Sent Messages

The Sent filter displays all your sent messages, both to individual users or multiple users.

Note: The Sent filter only includes sent messages from the first user to send a message in a conversation thread. Replies from recipients of the original message will appear in their Inboxes, but not in their Sent filters.

View Archived Conversations

The Archived filter displays all archived conversations. Learn how to [archive a conversation](#).

Note: Sent messages cannot be archived. Additionally, archived messages do not include [deleted messages](#), which are completely removed from the Inbox.

View Submission Comments

The Submission Comments filter displays all comments associated with course assignments and feedback. Learn how to [reply to submission comments](#).

Filter by User

To filter by user, type the name of a user in the filter field [1], or browse for the course, group, or user by selecting the **Address Book** icon [2].

How do I send a message to a user in a course in the Inbox as a student?

In the Inbox, you can send a message to one user or multiple users in a course.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

[Learn more about the Inbox.](#)

Notes:

- Currently you cannot message users in multiple courses.
- You can also send a message to yourself, but messages can only be viewed in the Sent messages folder.
- You cannot send messages to users in concluded courses.

How do I reply to a message in the Inbox as a student?

Canvas makes it easy to reply to messages from other users in your Inbox.

If your recipient list contains more than 100 users, your message will automatically be sent as individual messages to each user. As the sender, you will also be included in the total recipient count.

If you want to reply to a submission comment, you can reply using [submission comments in your Inbox](#) or directly from your assignment or quiz.

Open Inbox

In Global Navigation, click the **Inbox** link.

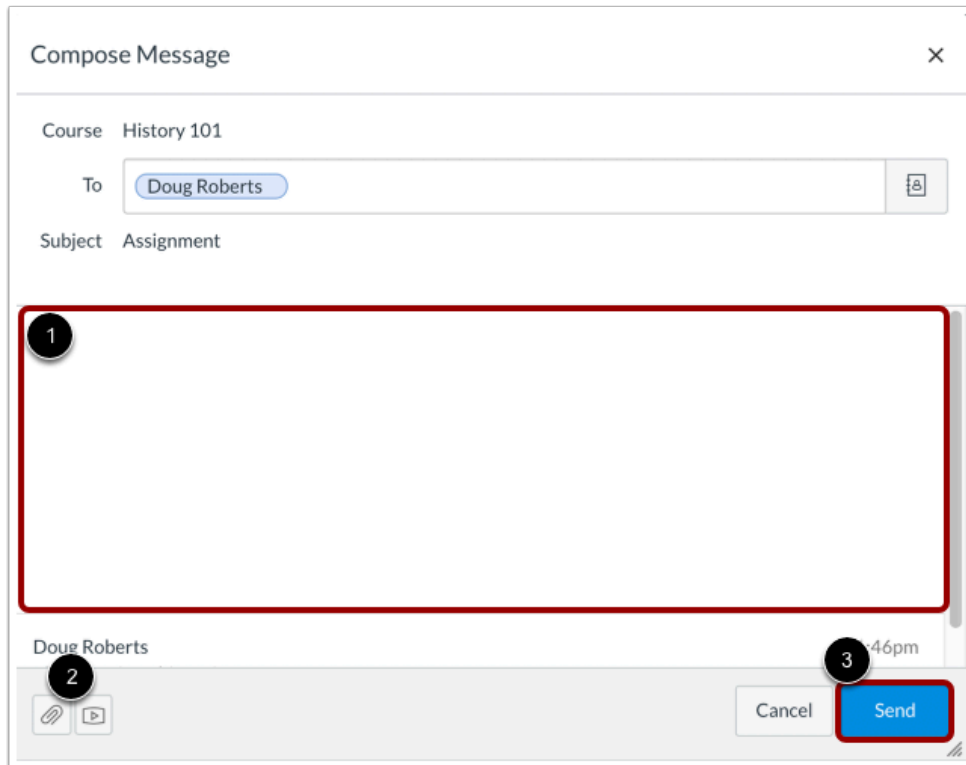

Select Conversation

The screenshot shows the Canvas email interface. On the left is a list of conversations. The selected conversation is from Doug Roberts, Emily Boone, titled 'Assignment', with the text 'Please review this assignment.' and a star icon. On the right is the message content, which includes a header with the sender's name and profile picture, the recipient's name, the date and time, and the subject. The message body contains the text 'Please review this assignment.' and a link to 'Assignment.pdf'. Three callouts are present: [1] points to the reply icon in the message header; [2] points to the reply icon within the message body; [3] points to the reply icon in the toolbar at the top of the interface.

Click the Conversation you want to respond to [1]. Click the **Reply** icon in the message header, or hover over the timestamp and click the **Reply** icon within the message [2]. You can also click the **Reply** icon in the toolbar [3].

Note: If there is more than one recipient, you can reply-all to the conversation and everyone included will see your reply.

The screenshot shows a message thread in Canvas. On the left is a conversation list with three items:

- 2:48pm (checked): Doug Roberts, Emily Boone. Assignment. **1** Thank you! I will review this before next class.
- 12:35pm: Emily Boone, Doug Roberts... Office Hours. My office hours are listed in the course Calendar.
- 11:27am: Doug Roberts, Bruce Jones... Due Date Change.

The main view shows the selected message thread titled "Assignment". At the top right are back and settings icons. The first message is from Emily Boone, Doug Roberts (History 101) dated November 21, 2017 at 2:48pm. The message text is "Thank you! I will review this before next class." and is highlighted with a red box labeled **2**. The second message is from Doug Roberts, Emily Boone (History 101) dated November 21, 2017 at 11:32am. The message text is "Please review this assignment." and includes a link to "Assignment.pdf".

Your message appears in the preview text of the conversation [1] and at the top of the individual thread [2].

Modules

How do I view Modules as a student?

Some instructors will use modules to organize the course. Modules control the entire flow of the course, along with its content.

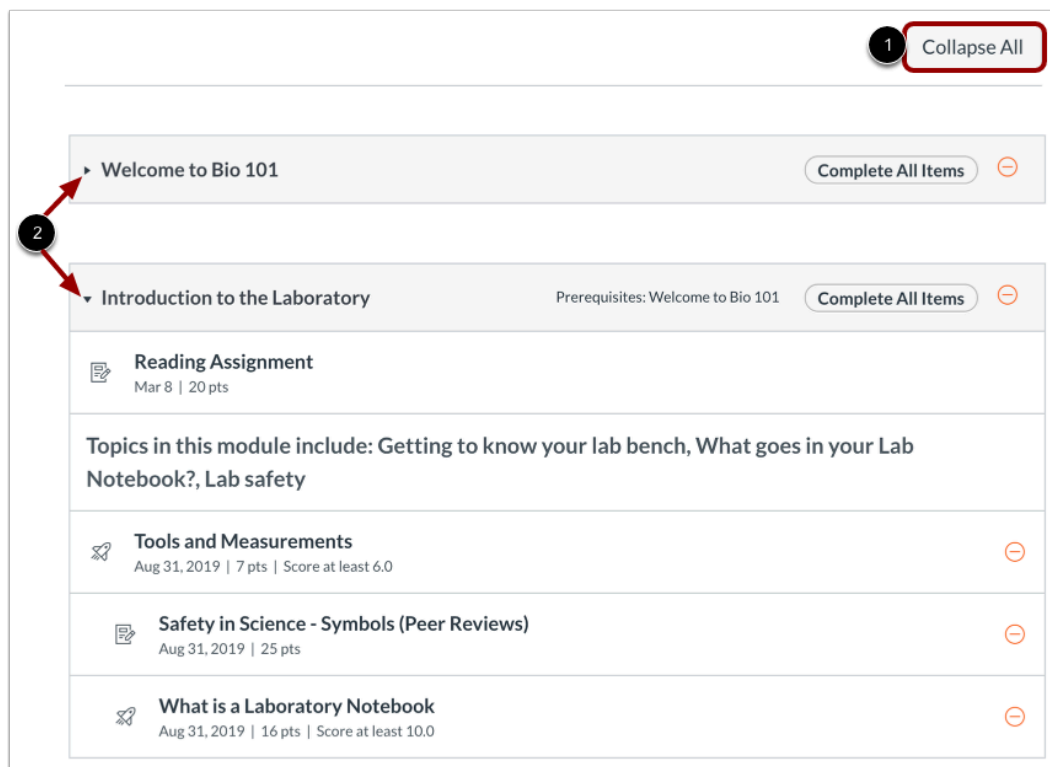

Note: Your instructor may choose to hide the Modules link in Course Navigation. If the Modules link is not available, you can still access Module items through other areas of Canvas, such as the Syllabus or Course Home Page. Alternatively, your instructor may choose to hide all Course Navigation links except for Modules. If other Course Navigation links are not available, your instructor wants you to navigate the course using Modules.

Open Modules

In Course Navigation, click the **Modules** link.

View Modules

The screenshot shows the Canvas Modules interface. At the top right, there is a button labeled "Collapse All" with a circled "1" next to it. Below this, a list of modules is displayed. The first module is "Welcome to Bio 101" with a "Complete All Items" button and a collapse arrow. The second module is "Introduction to the Laboratory", which is expanded. It has a "Complete All Items" button and a collapse arrow. A red arrow points to the collapse arrow of this module, which is circled with a "2". The expanded module contains several items: a "Reading Assignment" (Mar 8 | 20 pts), a text block "Topics in this module include: Getting to know your lab bench, What goes in your Lab Notebook?, Lab safety", and three assignments: "Tools and Measurements" (Aug 31, 2019 | 7 pts | Score at least 6.0), "Safety in Science - Symbols (Peer Reviews)" (Aug 31, 2019 | 25 pts), and "What is a Laboratory Notebook" (Aug 31, 2019 | 16 pts | Score at least 10.0). Each assignment has a collapse arrow.

- **Assignment** [4]: a course assignment
- **Link or External Tool** [5]: an external link or tool to view outside of the course
- **File** [6]: a file to download or view

View Requirements

The screenshot shows a list of requirements for the module 'Welcome to Bio 101'. At the top right, there is a button labeled '1 Complete All Items' with a minus sign icon. The list contains three items:

- Welcome to class!** (Feb 17 | 10 pts | Submitted) with a green checkmark icon.
- General Class Question and Answer** (Submit) with a '2' in a circle and an empty radio button.
- Biology 101** (Feb 21 | 50 pts | Mark done) with an empty radio button.

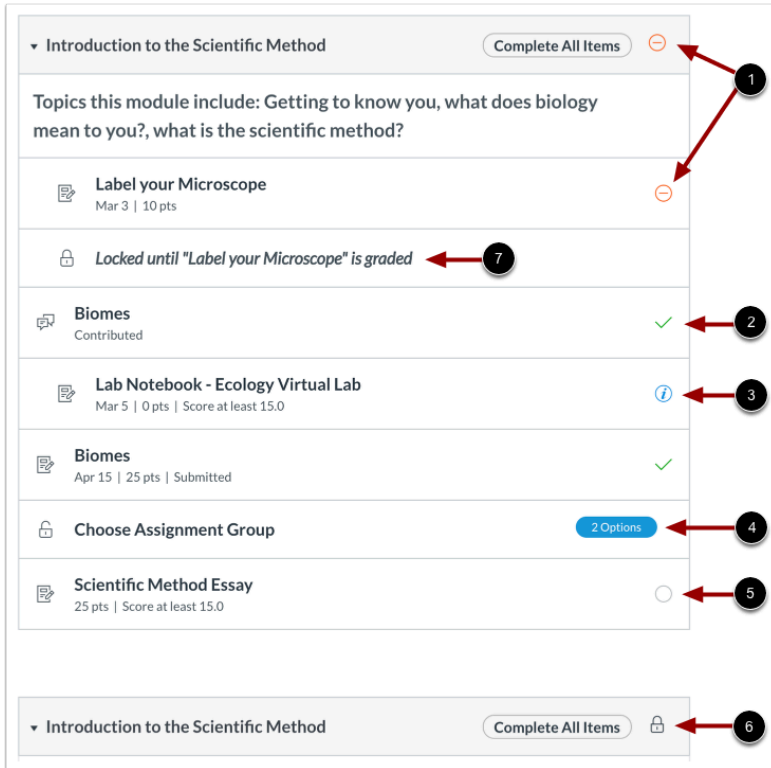

If a module includes requirements, the header shows whether you are supposed to complete all requirements or select one requirement [1].

Next to the module item, you can view the type of requirement necessary to complete the module item [2]. You must complete all required module items before you can progress to the next module. Some modules may require you to complete the module items in order.

Depending on the module item type, requirements include up to five options:

- **View:** You must view the item.
- **Mark as done:** You must [mark the module item as done](#) before you can progress to the next item.
- **Contribute:** You must post a reply to the discussion topic or contribute content to a page.
- **Submit:** You must submit the assignment, graded discussion, or quiz.
- **Score at least X:** You must submit the assignment with a minimum of the shown score.

View Progression Icons

Module items can also be used to show progression through a module. Modules and/or module items that are not available to you are grayed out.

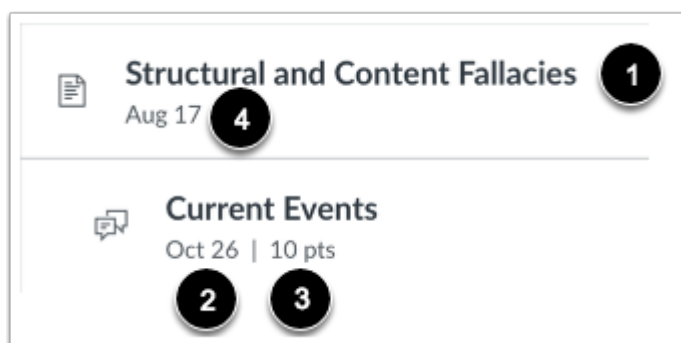

For any module icon, you can hover over the icon and view the message for the requirement.

Icon meanings may change depending on if your course is using requirements:

- **Orange dash icon [1]:** when next to a module item, the module item is overdue. When next to the module heading, the module requirements have not been met.
- **Green check mark [2]:** the module item has been completed. For requirements, this icon means the module requirement has been met.
- **Blue info icon [3]:** the module item has been submitted, but has not yet been graded.
- **Options label [4]:** the module item requires you to choose an assignment path before additional module items can be displayed.
- **White circle [5]:** the module item has not been started.
- **Lock icon [6]:** the module is locked until a future date. For prerequisites, this icon means the previous module has not been completed so it cannot be viewed.

- **Lock message** [7]: the module may contain additional information that cannot be accessed until the name of the assignment in the message is graded.

View Individual Module Item

Each module contains module items. Each item includes the module item name [1]. Items will display the due date (if any) [2], and the number of points the assignment is worth [3]. If a To-Do date was added to a non-graded item, the date will display next to the module item [4].

Note: If your instructor has placed an unpublished quiz in the module, you will not be able to see the points possible or the quiz questions until the quiz has been published.

How do I mark a module item as done for a module requirement?

Your instructor may require you to mark a module page or assignment as completed before you can progress to the next item in the module.

Marking a content page as *done* means that you understand the course material in the content page and are ready to progress to the next item. Additionally, when you mark a content page as done, its associated to-do item is removed from the to-do list and the item displays as complete in the Dashboard List View.

How do I view course content offline as an HTML file as a student?

If your institution has enabled offline content, you can view your course offline as an HTML file. You can download the HTML file from the Modules page and view any content available in each module. Currently HTML files can only be generated in the browser version of Canvas and are only supported on a computer.

HTML offline content is for offline viewing only; you cannot interact with course content directly, such as completing an assignment or viewing any submissions. In the HTML file, you can view assignment details, availability dates, and point values. Discussions and quizzes only include the description. All discussion replies (graded or ungraded) are considered submissions and must be viewed online. Additionally, you can view any embedded media files in the HTML file. If a link can only be accessed online, the link includes an external icon identifying the content as online only.

Content items within modules are available if you have permission to view them. However, content items locked by modules or by date are not included in offline content and show that the content is not available.

Offline downloads include all content from the course at the time of the download. You will need to download the course each time you want to view updated course content. After the initial download, the export page shows the history of each download, and the Modules page shows the last time the content was exported.

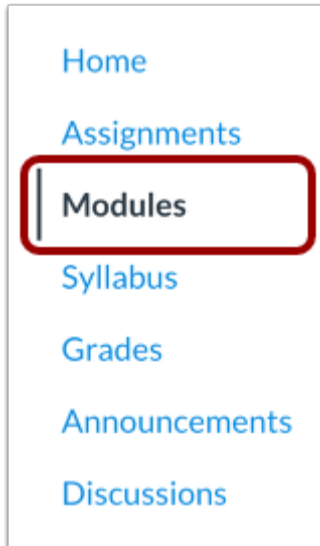

User Guidelines

When exporting course content, you may not reproduce or communicate any of the content in the course, including exported files, without your institution's prior written permission. Please be aware of your institution's online user agreement guidelines.

Notes:

- If your Course Home Page is set to Modules, you can export course content from the Course Home Page.
- Offline content cannot be downloaded once a course is concluded.
- If your course does not allow access to the Modules page, or if your course Modules page does not display the **Export Course Content** button, offline content is not available in your course. However, your institution may allow you to [export course content as an ePub file](#).

The download process has started. This can take awhile for large courses. You can leave the page and you'll get a notification when the download is complete.

The course will download to your computer as a ZIP file. If you remain in the page until the download is complete, the file will download directly to your computer.

If you leave the page, you'll receive an email notification when the course download is complete. You can use a link in the email to download the file.

A Declaration by Committee

The following are key elements leading up to the Declaration of Independence. You may [sign up for a group](#). Your group will edit this page to add details for each heading. The first is completed as an example. Be sure that you adequately, succinctly, and correctly describe the concept as well as the people involved. Make sure to provide a reference for your information.

Developing the idea

In June 1776, the Second Continental Congress decided that they needed to declare independence in one fashion or another. They agreed to take a three week recess and appointed the "Committee of Five" which included John Adams, Roger Sherman, Benjamin Franklin, Robert R. Livingston, and Thomas Jefferson. After the committee discussed the general direction that the document would take, they asked Jefferson to write the first draft.

How do I use the Microsoft Immersive Reader when viewing a page as a student?

You may be able to use the Microsoft Immersive Reader when viewing pages in Canvas. The Microsoft Immersive Reader enhances your reading experience by improving accessibility and boosting reading comprehension. For more information about the reader, visit the [Microsoft Immersive Reader](#) website.

Notes:

- The Microsoft Immersive Reader is an account feature option. If the Immersive Reader button does not display in your course, talk to your institution's Canvas admin about enabling this feature.
- The Microsoft Immersive Reader is being offered in Canvas as a trial feature.

People and Groups

How do I use the People page in a course as a student?

People shows all the users enrolled in the course.

Note: The Section column may be hidden in your course.

Open People

In Course Navigation, click the **People** link.

View People

Name	Section	Role
Emily Boone	Biology 101 Section 1	Student
Jessica Doe	Biology 101 Section 1	Student
Max Johnson	Biology 101 Section 1	Student
Bruce Jones	Biology 101 Section 2	Student
Doug Roberts	Biology 101 Section 1	Teacher

In People, students can:

1. View all the users participating in the course, including the ones whose course enrollment is pending.
2. Use the search bar to find a specific person.
3. Use the drop-down menu to filter users by role. The filter will also display the number of users in each type of role [e.g. student, TA].
4. Use the Options drop-down menu to view user groups or registered services in the course.

How do I view my course analytics as a student?

If you have permission from your institution, you can view your own analytics in an active course. Analytics show your activity and communication within the course.

Notes:

- Viewing Analytics is a course permission. If you cannot view Analytics, your institution has restricted this feature.
- If the analytics displayed in your course are different that what is displayed in this lesson, your course is using New Analytics. For more information on using New Analytics, please view the [New Analytics Guide](#).
- Students cannot view analytics in concluded courses.

Open Analytics

In the sidebar, click the **Analytics** button.

View Grade Percentage

In the analytics page, you can view your total grade percentage in the course.

View Analytics Graphs

By default, analytics are shown in a graph format. These are four types of graphs: Activity by Date, Communication, Submissions, and Grades.

View Activity by Date

The Activity by Date graph shows all your course activity. The x-axis represents the course dates, while the y-axis represents the number of page views. Dark blue bars represent participation in the course. If a date only includes page views, the bar only displays as light blue.

The graph changes the bar display according to the length of time. Activity that is less than six months old displays bars as daily activity, at six months bars are displayed as weekly activity, and at approximately a year bars are displayed as monthly activity. To view the details of the bar graph, hover over the specific bar you want to view. The weekly view shows the first and last date for the week; the monthly view shows the month and the year. Browser window size, zoom level, and screen resolution may also change how the bars display.

The following user actions will generate analytics course participation:

- Collaborations: loads a collaboration to view/edit the document
- Conferences: joins a web conference
- Discussions/Announcements: posts a new comment to a discussion or an announcement
- Quizzes: submits a quiz
- Quizzes: starts taking a quiz
- Assignments: submits an assignment
- Pages: creates a wiki page

View Communication

The Communication graph shows the conversations that have taken place with your instructor(s) through the Canvas Inbox. The x-axis represents the user type; orange message icons show when you sent a message to an instructor, and blue message icons show when an instructor sent a message to you. The y-axis represents the interaction date.

To view the details of the bar graph, hover over the specific bar you want to view. You can view the date of the communication and how many messages were sent. A message is an individual message passed from one user to the other; in message threads, each message is individually counted. In group conversations, interactions are counted as long as you were one of the recipients. Notifications are not included in analytics unless you acted on the notification and generated a new message that passes through the Canvas Inbox. Announcements are not included in communication analytics.

View Submissions

The Submissions graph shows the status of each of your assignment submissions. The x-axis represents each assignment, while the y-axis represents the submission date. A green circle indicates an assignment that was submitted on time. A yellow triangle indicates an assignment that was submitted late. A red square indicates an assignment that is missing (not submitted). The diamond indicates the due date and the bar extends to the submission date. A white circle with a black outline indicates an assignment with a future due date.

If a submission includes a due date, the submission may include horizontal line. The line indicates when the assignment was submitted, while the shape indicates the actual due date. If a submission was submitted before the due date, the horizontal line is green; if it was submitted after the due date, the horizontal line is yellow. Submissions without a horizontal line either have no due date, or the assignment was submitted on the due date.

To view the details of the bar graph, hover over the specific bar you want to view. Current and past assignments include the assignment title, the due date (if any), the submission date, and the score. Future assignments include the assignment title, due date (if any), and the score.

Note: The Submissions chart does not include information about assignments that do not require a submission (e.g., not graded, on paper assignments) or excused assignments.

View Grades

The Grades graph shows the median, high, and low scores for each of your assignments. The x-axis represents each assignment, while the y-axis represents the number of points for an assignment. The vertical black line extends from the highest score to the lowest score [1]. The gray box extends from the 75th percentile to 25th percentile [2]. The horizontal black line shows the median score for the assignment [3].

Each assignment score is indicated by the same shapes found in the Submissions graph. A green circle indicates an assignment with a score at or above the course median. A yellow triangle indicates an assignment with a score slightly below the median. A red square indicates an assignment with a score below the median or at the bottom of the score range.

To view assignment names and details, hover your cursor over the graph [4].

View Analytics Tables

To view analytics without hovering over graph columns, you can view all data in a table format. To switch to the table format, click the Analytics icon. The icon will switch from the left side to the right, indicating the current analytics view.

How do I view all groups in a course as a student?

You can view any groups where your instructor has added you as a member, as well as any available self sign-up groups in your course.

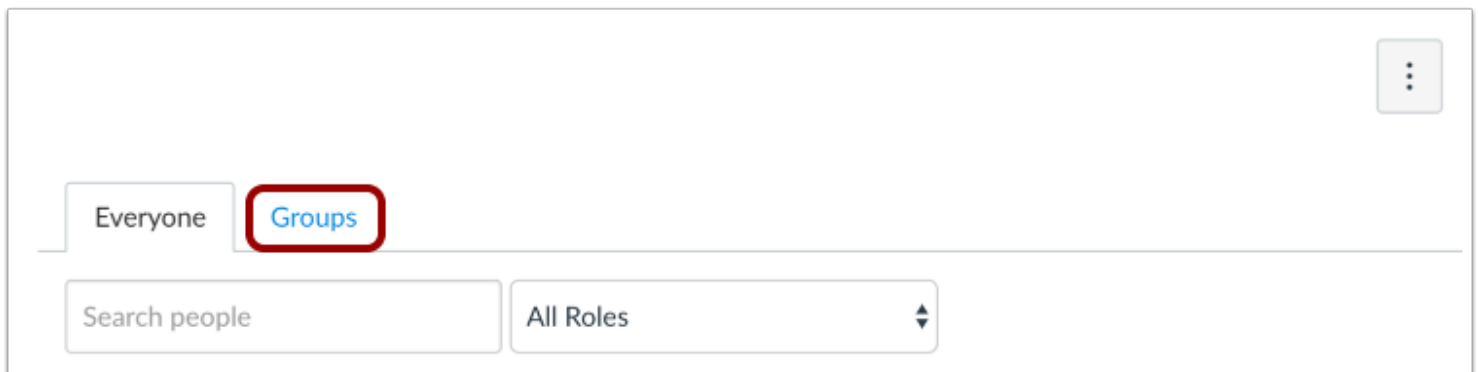

Learn how to easily see the [groups you are enrolled in](#).

Open People

In Course Navigation, click the **People** link.

View Groups

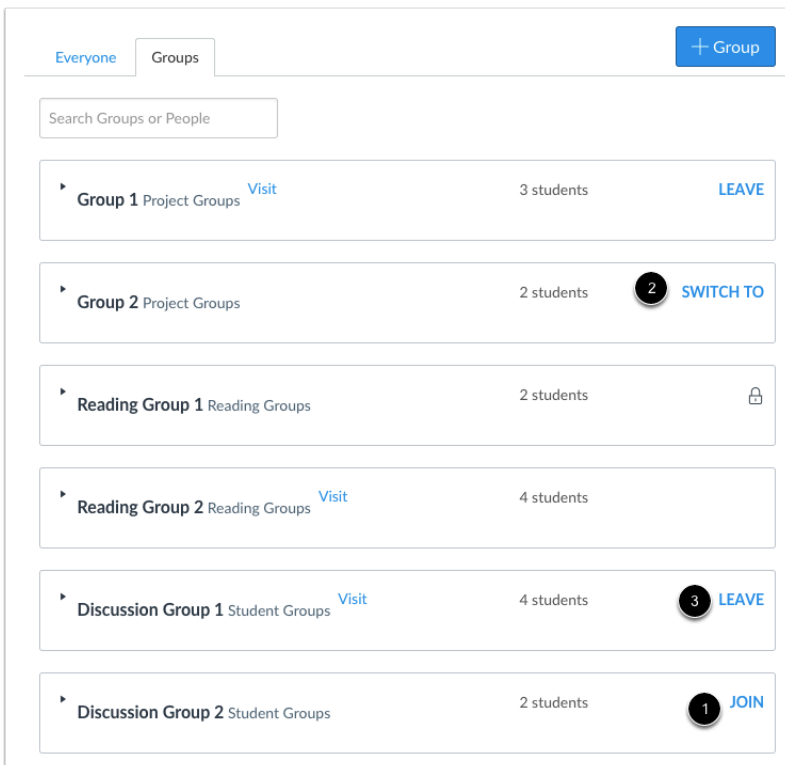

Click the **Groups** tab.

You can also access your User Groups through the Settings menu. Click the **Options** icon [1] and click the **View User Groups** link [2].

View Course Groups

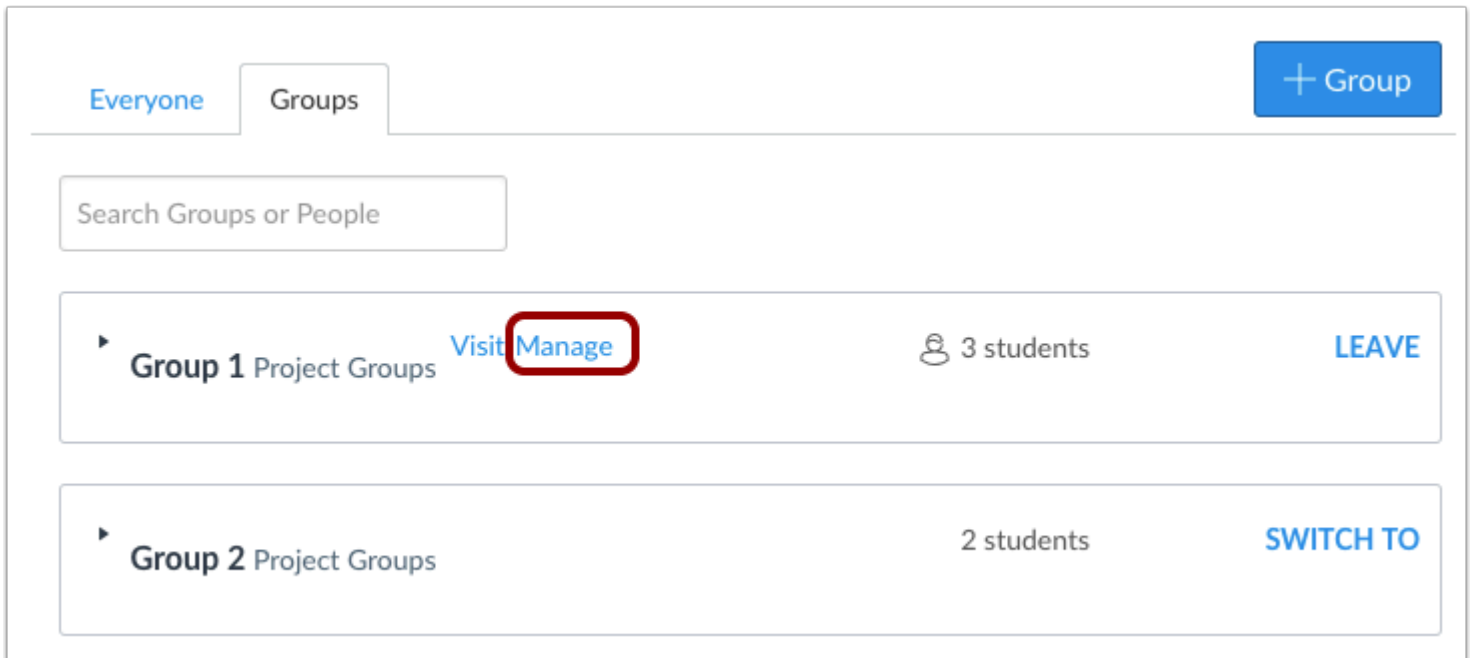

View the groups available in your course. Each group shows the name of the group and how many members are part of that group.

If there are any self sign-up groups available to join, you can [join the group](#) by clicking the **join** link [1] or you can change groups by clicking the **switch to** link [2].

If you are already part of a self sign-up group, you can [leave the group](#) by clicking the **leave** link [3].

Note: You cannot leave groups that are not self sign-up groups.

View Student Leader Groups

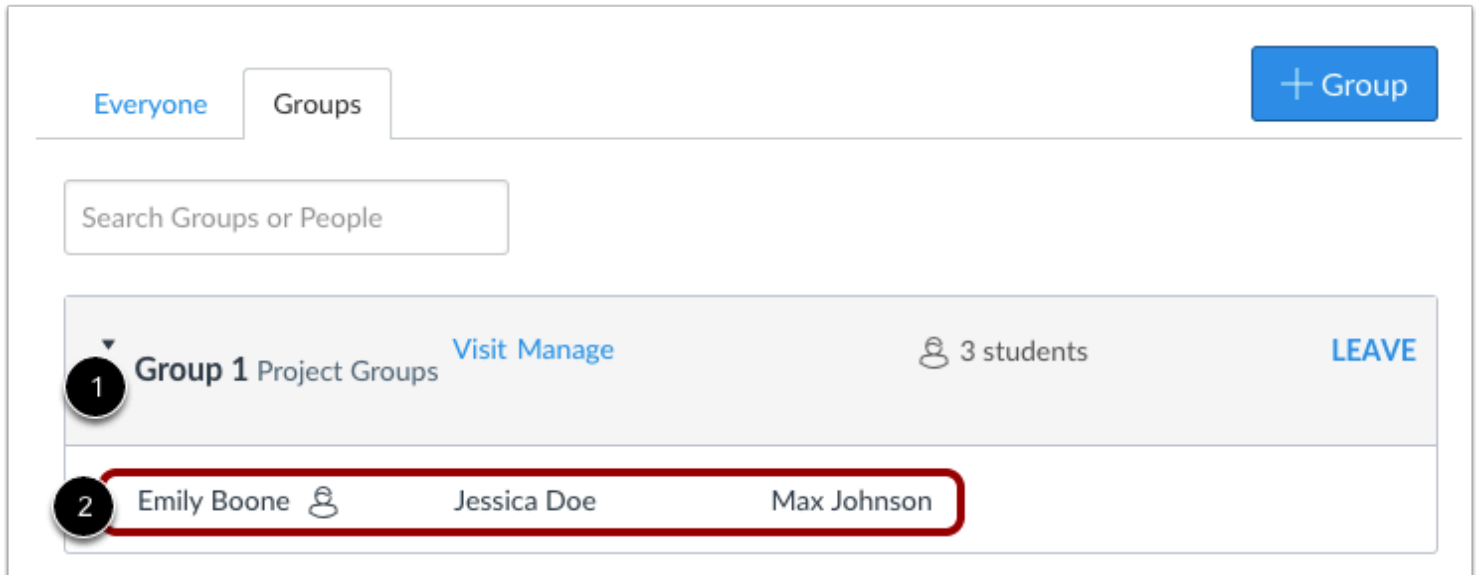

The screenshot shows the Canvas Groups interface. At the top, there are tabs for 'Everyone' and 'Groups', and a '+ Group' button. Below the tabs is a search bar labeled 'Search Groups or People'. The main content area displays a list of groups:

- Group 1 Project Groups**: Includes a 'Visit' link, a 'Manage' link (highlighted with a red box), '3 students', and a 'LEAVE' button.
- Group 2 Project Groups**: Includes '2 students' and a 'SWITCH TO' button.

If you have been invited to be a student leader and [manage a group](#), the **Manage** link will appear next to the name of the group.

View Group Members

The screenshot shows the Canvas interface for viewing group members. At the top, there are two tabs: "Everyone" and "Groups". A blue button labeled "+ Group" is in the top right corner. Below the tabs is a search bar labeled "Search Groups or People". The main content area displays a group entry for "Group 1 Project Groups". This entry includes a "Visit Manage" link, a person icon followed by "3 students", and a "LEAVE" link. Below the group entry is an expanded list of members: "Emily Boone", "Jessica Doe", and "Max Johnson". A red box highlights the names of the students in the expanded list.

To view which students are assigned to the group, click the name of the group [1]. The names of the students will appear in an expanded list [2].

How do I view my Canvas groups as a student?

You can see the current groups where you are enrolled using the Global Navigation Menu. If you do not see any groups listed, you have not [joined a group](#) or been enrolled in a group by your instructor. Previous groups are listed under the Previous Groups header.

Groups are a good place to collaborate on projects or to figure out schedules for study sessions and the like. Every group gets a calendar, a wiki, discussions, and a little bit of space to store files. Groups can collaborate on documents, or even schedule web conferences. It's really like a mini-course where you can work with a smaller number of students on a more focused project.

How do I start a collaboration in a group?

You can create collaborations within your groups. Canvas defaults to using Google Docs. Google Docs allows you to add up to 50 users per collaboration, and all users can view and edit a document at the same time.

Depending on your institution's preference, you may be able to [create a Google Drive collaboration](#) or [create a Microsoft Office 365 collaboration](#) in groups as well.

Open Collaborations

In Group Navigation, click the **Collaborations** link.

Start a New Collaboration

Collaborate using: Google Docs

Google Docs is a great place to collaborate on a group project. It's like Microsoft Word, but lets you work together with others on the same file at the same time without having to email it around.

Warning: you (and all your collaborators) will need a Google account in order to participate in any Google Docs collaborations.

2 Description:

3 Collaborate With:

- Boone, Emily
- Doe, Jessica
- Jones, Bruce
- Roberts, Doug

Click or tap a user or group in the left-hand column to add Collaborators.

To create a collaboration document using Google Docs, you will first need to name the document [1], create a description [2], and select who you will be collaborate with [3]. Click the **Start Collaborating** button [4].

How do I create a discussion in a group?

You can start discussions with a group in Canvas.

Open Discussions

In Group Navigation, click the **Discussions** link.

Add Discussion

Click the **Add Discussion** button.

Create Discussion

The screenshot displays the 'Create Discussion' interface. At the top right, there is a 'Not Published' status indicator. The interface is divided into several sections:

- 1 Topic Title:** A text input field for the discussion title.
- 2 HTML Editor:** A rich content editor with various formatting options (bold, italic, underline, text color, background color, link, unlink, image, video, audio, code, math, list, indent, outdent, decrease indent, increase indent) and a word count display at the bottom right showing '0 words'.
- 3 Content Selector:** A sidebar on the right with tabs for 'Links', 'Files', and 'Images'. The 'Links' tab is active, showing a search bar and a list of content categories: 'Pages', 'Announcements', 'Discussions', and 'Group Navigation'. A '+ Link to a New Page' button is also visible.
- 4 Attachment:** A section with a 'Choose File' button and the text 'No file chosen'.
- 5 Options:** A section with two checkboxes: 'Allow threaded replies' and 'Allow liking'.

Edit discussion information:

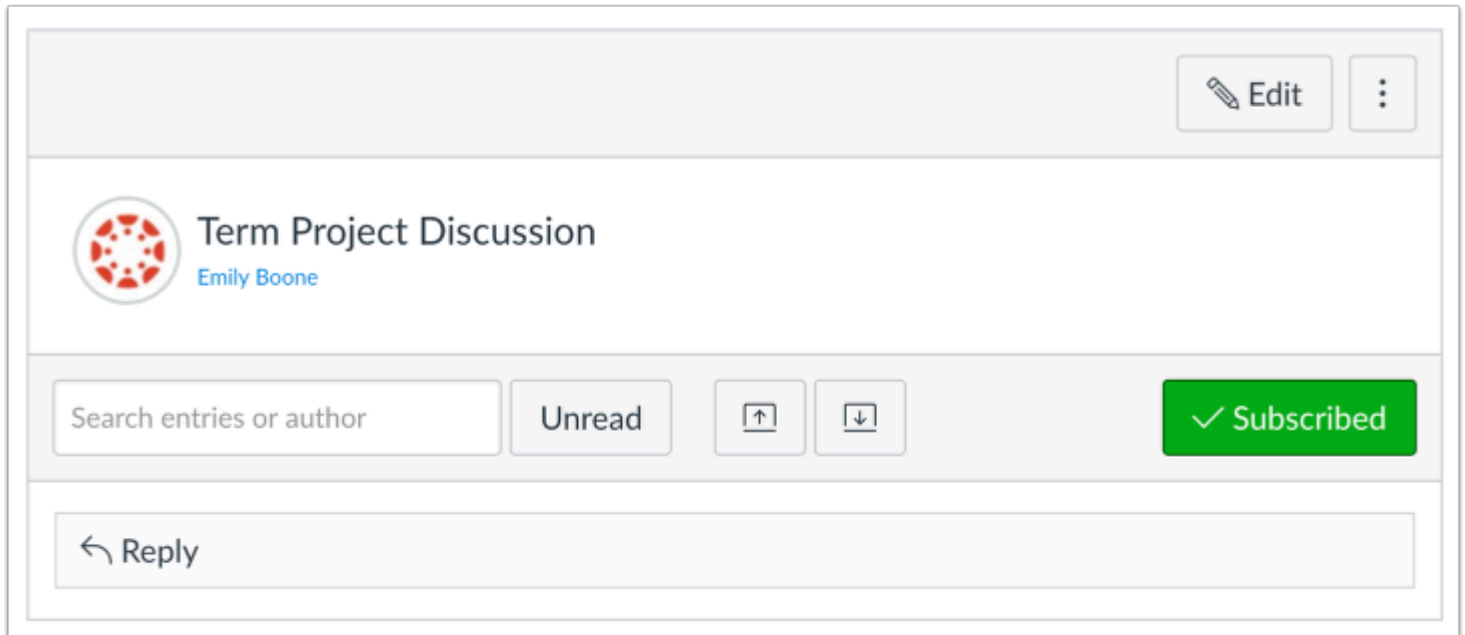

1. Type a title for the discussion in the topic field.
2. Write a discussion prompt using the Rich Content Editor. The Rich Content Editor includes a word count display below the bottom right corner of the text box.
3. Use the Content Selector in the Sidebar to link to course Pages, Assignments, Discussions, etc.
4. Attach a file to your discussion. (**Note:** If the attachment option does not appear, your instructor has restricted this setting. Depending on your browser you may also see "Browse" instead of "Choose File".)
5. Create a threaded replies by clicking the **Allow threaded replies** checkbox.

How do I close a discussion for comments in a group?

Students can close discussions for comments if they meet the following conditions:

1. They are the creator of the discussion.
2. There are no replies to the discussion.

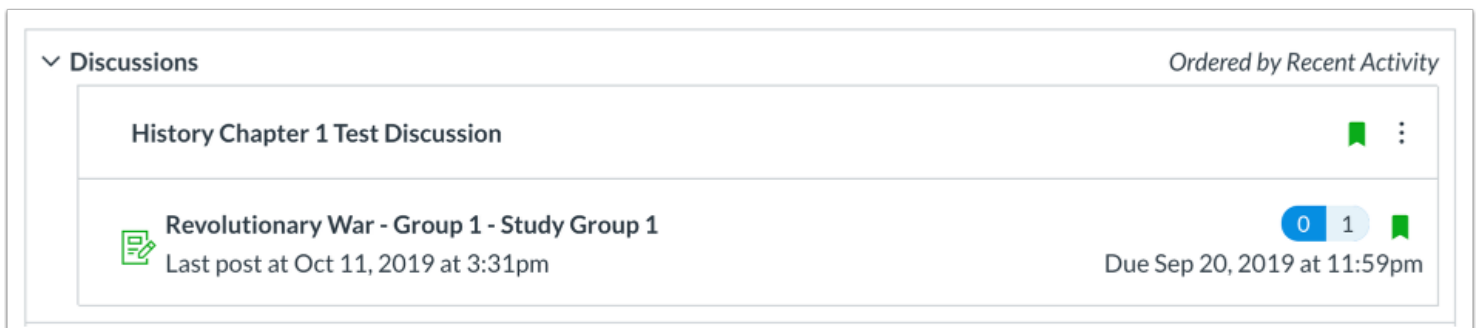

Note: Once a discussion is closed for comments, only instructors can re-open it.

Open Discussions

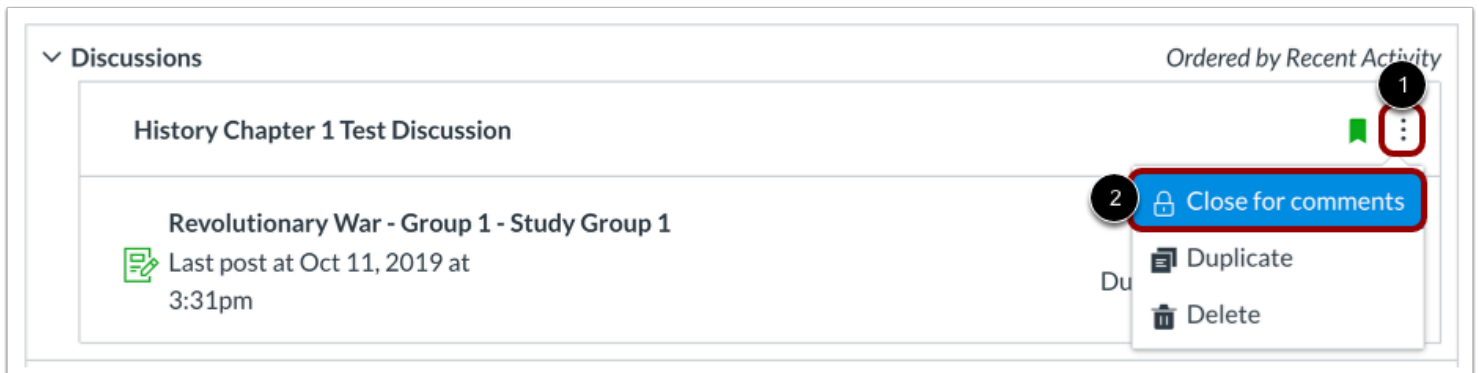

In Group Navigation, click the **Discussions** link.

View Discussions

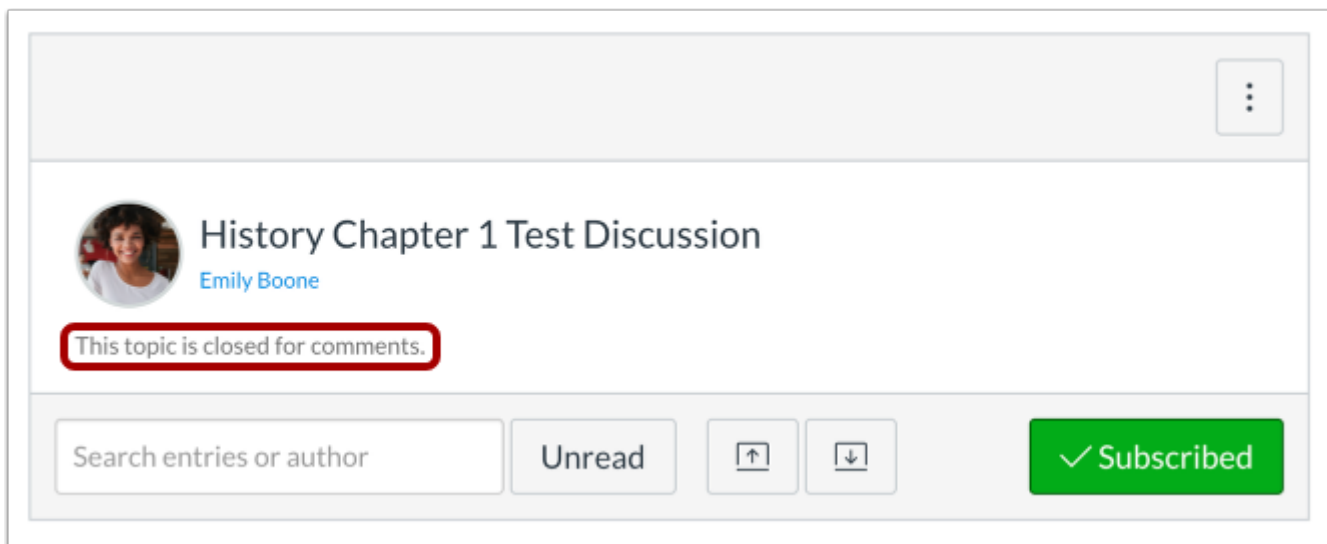

The group discussions index page is very similar to the course discussions index page. It will display an icon overview of each discussion and whether or not the user is subscribed. Green discussion icons indicate a subscription to the discussion.

Close for Comments

Locate the **Options** icon [1] and click the **Close for comments** link [2].

View Discussion

Verify the discussion is closed for comments by locating the **This topic is currently locked** indicator.

How do I manage groups as a student group leader?

As a student group leader, you can help manage a group in a course. Group leaders are assigned automatically or manually by your instructor. You will not receive any notification that you have been added as a group leader.

Open People

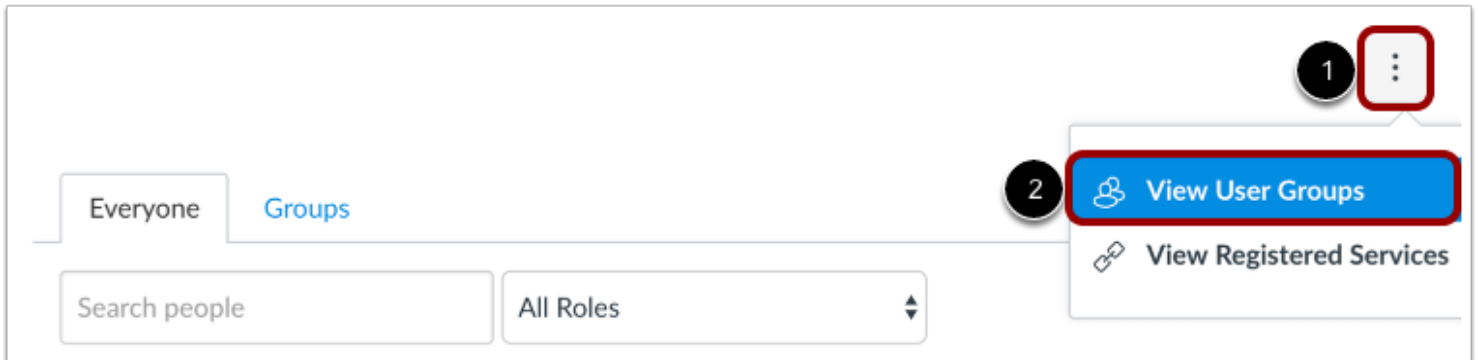

In Course Navigation, click the **People** link.

Profile and User Settings

How do I edit my profile in my user account as a student?

Some institutions may enable a feature in Canvas called Profiles. Profiles allows you to update your name, preferred contact methods, and any personal links for your account. Your profile information can be viewed by all users in your courses.

Note: If you do not see the Profiles tab in your user navigation menu, this feature has not been enabled for your institution.

How do I add a profile picture in my user account as a student?

If your institution has enabled profile pictures, you can add and change profile pictures in your account. If you do not see a placeholder picture in your user settings, your institution has not enabled this feature.

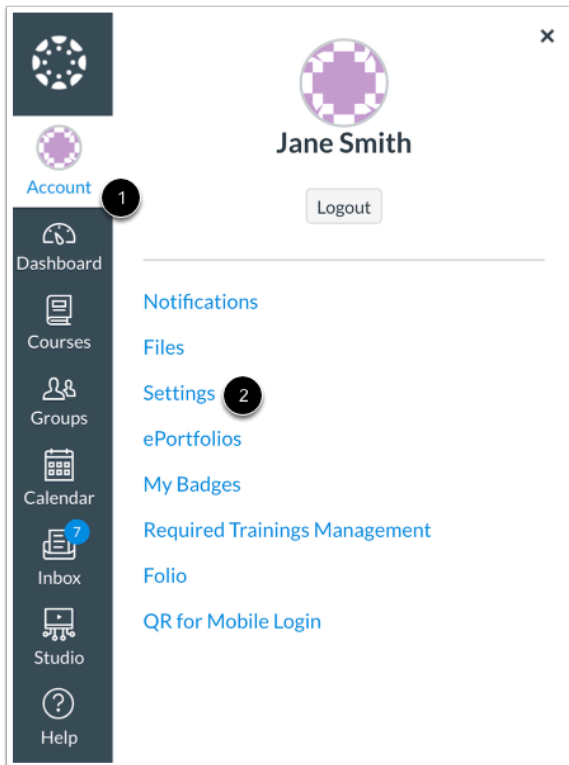

There are three ways you can select a profile picture to use throughout Canvas:

- **Upload a Picture** from your computer
- **Take a Picture** using your computer's camera (not supported when using Safari or Internet Explorer)
- Import from an existing [Gravatar](#) account (this feature may be restricted by your institution and only G-rated images are supported)

Tips for profile pictures:

- Please choose an appropriate picture to represent yourself. Your institution has the right to remove pictures that are not appropriate for a classroom setting.
- Images should be square in size to prevent your picture from being resized or distorted.
- Files can be any type (.jpg, .png, .gif) or size as long as you have room in your personal files to store the file. Canvas recommends that your profile picture be as small as possible.
- Your personal files quota is enforced when uploading a profile picture. If you do not have enough storage space in your personal files, you will not be able to upload your profile picture. Create more space by removing some files in your personal files.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

Click the profile picture icon.

Note: If you don't see a placeholder profile picture icon, your institution does not allow you to add or change your profile picture.

Upload a Picture

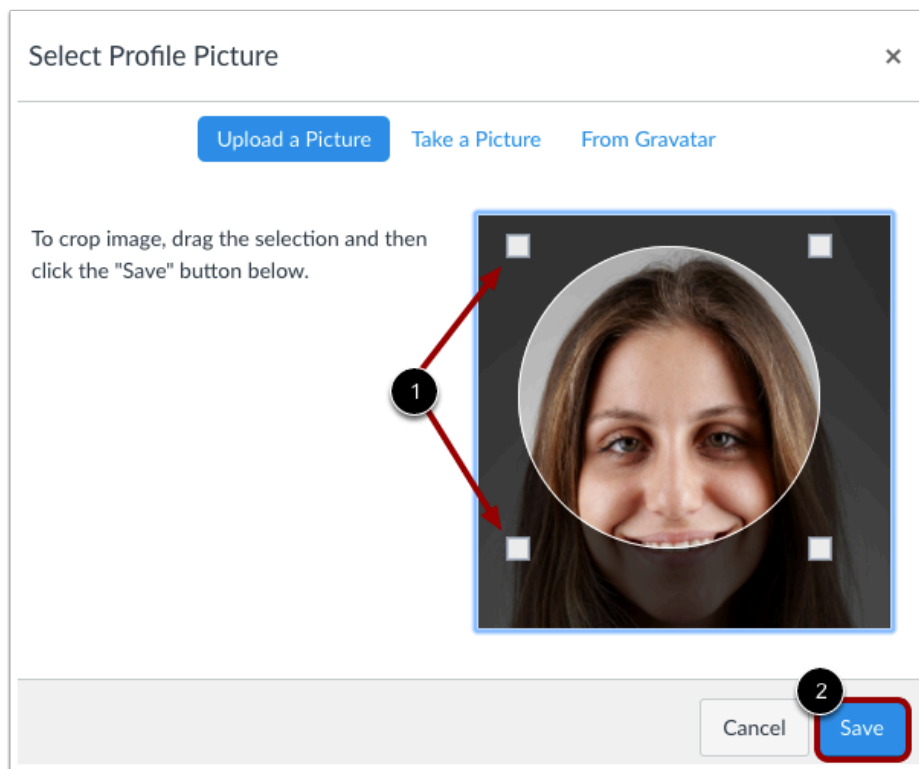

To upload a new profile picture, click the **Upload a Picture** tab [1], then click the **choose a picture** link [2]. You can also drag a picture from your desktop and drop it into the uploader.

Choose Profile Picture

Find the image you want to upload [1] and click the **Open** or **Browse** button [2].

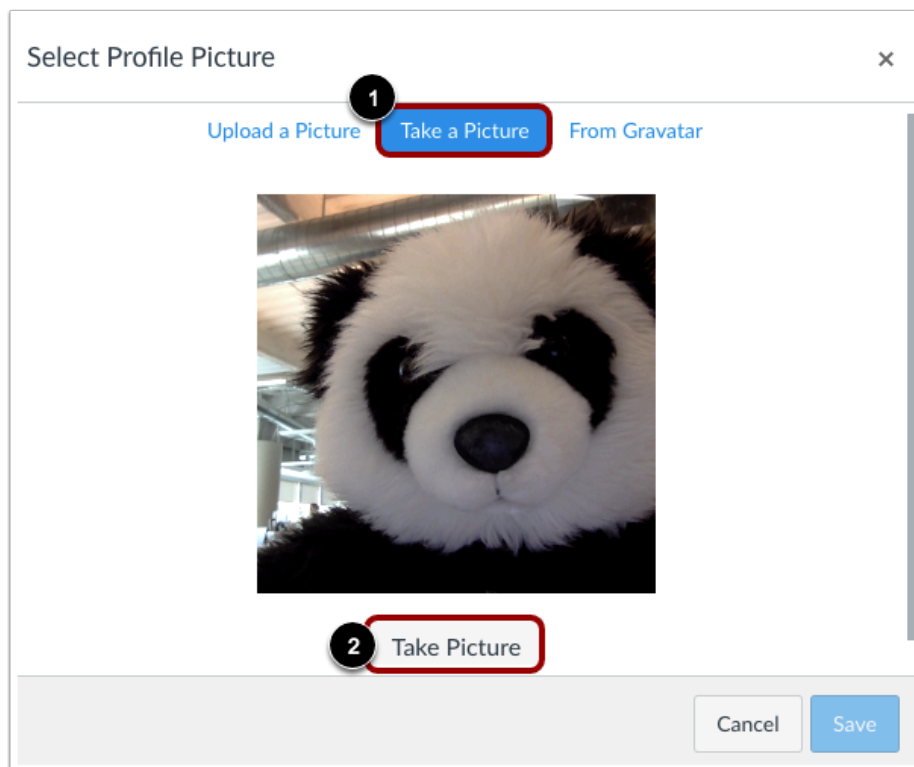

Crop or Resize Picture

Use the selection boxes to crop your image [1]. When you are finished, click the **Save** button [2].

Note: Canvas will automatically store a copy of the saved profile picture in your personal files. When a new picture is saved in your profile, the new picture will override the existing picture file in your personal files.

Take a Picture

To take a picture to use as your profile picture, click the **Take a Picture** tab [1], then click the **Take Picture** button [2].

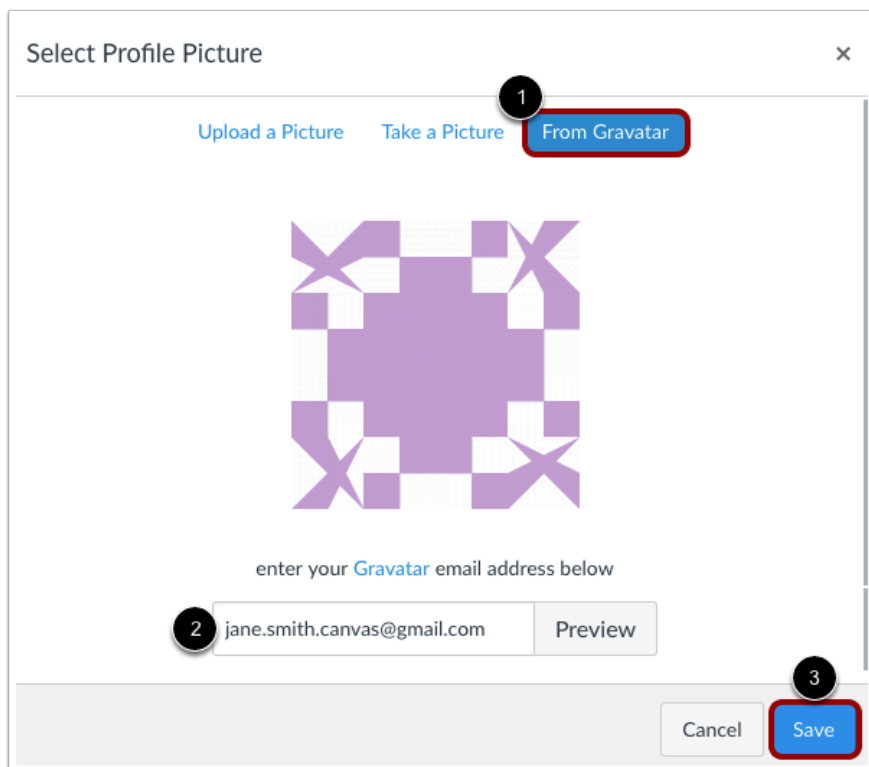

Note: Depending on your browser, you may need to allow Canvas to access your camera. The Take a Picture option is not supported when using Safari or Internet Explorer.

Save Picture

To take another picture, click the **Retry** button [1]. When you are finished, click the **Save** button [2].

Import from Gravatar

The screenshot shows a dialog box titled "Select Profile Picture" with a close button (X) in the top right corner. At the top, there are three tabs: "Upload a Picture", "Take a Picture", and "From Gravatar". The "From Gravatar" tab is selected and highlighted with a red box and a circled "1". Below the tabs is a large purple placeholder image for a profile picture. Underneath the image, it says "enter your Gravatar email address below". There is a text input field containing "jane.smith.canvas@gmail.com" with a "Preview" button to its right. The input field is highlighted with a circled "2". At the bottom of the dialog, there are two buttons: "Cancel" and "Save". The "Save" button is highlighted with a red box and a circled "3".

If your institution allows Gravatars and you have a [Gravatar](#) account, you can import an existing Gravatar to use as your profile picture.

Click the **From Gravatar** tab [1] and enter your Gravatar email address in the field provided [2]. Click the **Preview** button to view your Gravatar. When you are finished, click the **Save** button [3].

Note: Before adding a photo in your Gravatar account, you will have to rate the photo. Please note that only G-rated Gravatar photos can be displayed as a Canvas profile picture.

How do I change the settings in my user account as a student?

Depending on how your Canvas account was created, you may be able to make changes to your name, [pronouns](#), default email, [language](#), [time zone](#), and [password](#).

- Setting a chosen language will override any default language settings across your institution; however, any language set in a course will override your user language.
- Your institution may take care of updating or changing your password by using the password associated with your login credentials for Canvas.
- Users associated with a SIS ID cannot delete their own account.

Note: Some settings may not be available to you. If you are not able to edit your user settings, you will need to contact your institution to change this information.

How do I change the language preference in my user account as a student?

English is Canvas' language default, but you can choose to view the Canvas interface in another language.

Notes:

- Instructors have the option to change the language preference for their courses. If you enroll in a course where the instructor has made this change (most often for a foreign language course), the course language will override the language in your user settings.
- If you change your language or locale preferences, the Calendar week start date may also change. Certain languages or locales change the Calendar week start date to Monday.

How do I set a time zone in my user account as a student?

All dates and times throughout your Canvas courses are displayed according to a course's respective time zone. However, you can set your own time zone for your user account and have your local time zone display throughout Canvas. Displaying dates in your local time may help you stay up to date on assignments and due dates, especially if your course time zone differs significantly from where you reside.

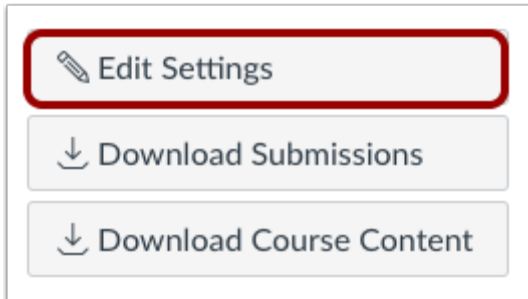

Note: If you set a time zone in your user settings, you can always view the course time zone by hovering over any date and time in your course. The text will show both the local time and course time.

How do I change my login password as a student?

You may be able to change your password in your profile settings.

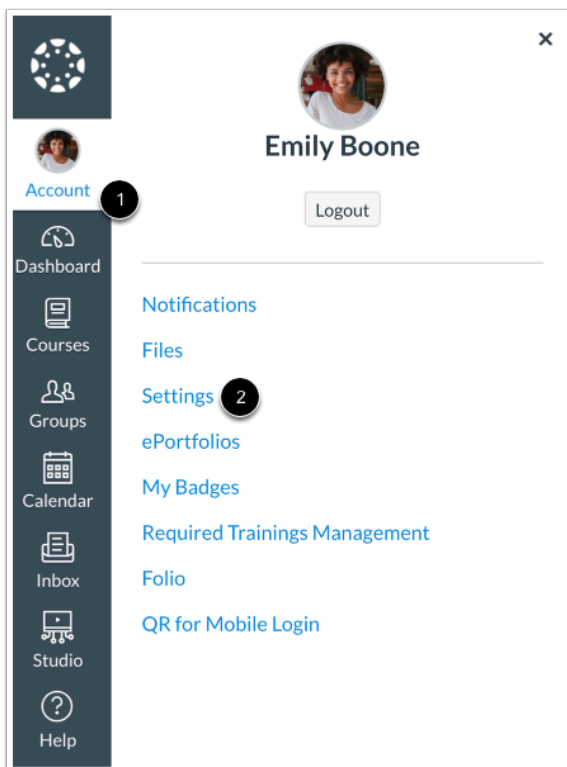

If you do not have access to change your password, your password is controlled through your institution. Contact your institution to learn how to change your password.

If you can change your password, there are no password reset intervals, so you can change your password as little or as often as you want. However, you can keep strong passwords effective by changing them often. Here are some good password guidelines:

- Use at least eight characters (the more the better), but most people will find anything more than about 15 characters difficult to remember.
- Use a random mixture of characters, upper and lower case, numbers, punctuation, spaces and symbols.
- Don't use a word found in a dictionary, English or foreign.

How do I add contact methods to receive Canvas notifications as a student?

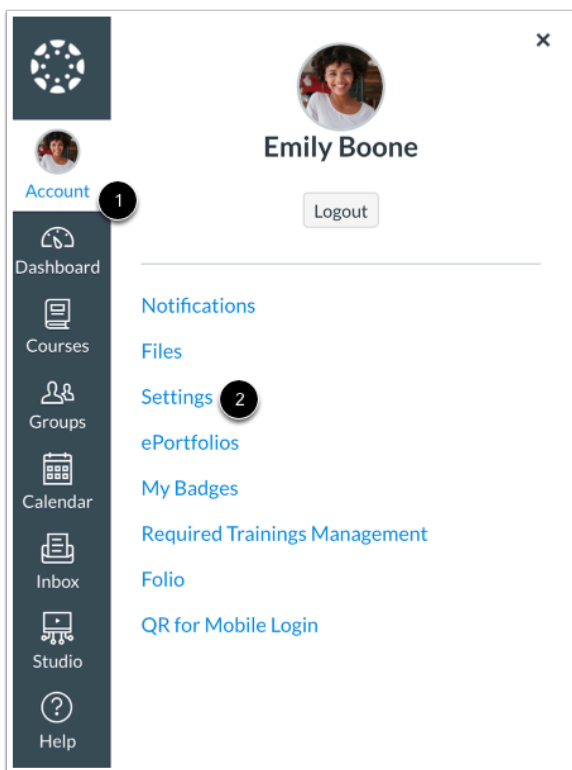

In Canvas you can add contact methods to receive notifications. Contact methods allow you to select how you want to be notified when various events occur within a course. Notifications are applied to all courses in Canvas. Canvas supports notification through email, SMS text message, Slack, and various web services.

Once you add contact methods, you can [set your own Notification Preferences](#) to select how often you want to be notified of course events.

Note: SMS notifications are only available for Announcements and Grading notification types.

In the Ways to Contact sidebar, your account displays the [default email](#) associated with your account, if any. However, if you want to [add an additional email address](#), click the **Add Email Address** link [1].

If you have multiple Canvas accounts, you can view the **Add** icon [2], which allows you to [merge the address with another Canvas account](#) that uses the same email address.

If you want to add [SMS text messages](#) and [Slack](#) as a contact method, click the **Add Contact Method** link [3].

View Communication Warnings

Canvas does not send notifications to communication channels that have bounced, which means the channel can no longer attempt to generate or send a notification. Bounces can occur from invalid addresses (caused by address typos, changed addresses, etc.) or blocked servers.

In User Settings, Canvas may display the following icons to indicate a contact method's status:

- **Warning** [1]: indicates a bounced contact method. To correct the error, you can remove then re-add the contact method to your profile.
- **Check Mark** [2]: notifies you of an unconfirmed email address.

How do I set my Canvas notification preferences as a student?

Canvas includes a set of default notification preferences you can receive for your courses. However, you can change the default settings by setting your own notification preferences. These preferences only apply to you; they are not used to control how course updates are sent to other users. To learn more about each notification, default settings, and notification triggers, view the [Canvas Notifications PDF](#).

Notifications are sent as one of four delivery types: notify me right away, daily summary, weekly summary, or don't send. If you change a setting, the change is made immediately to your account.

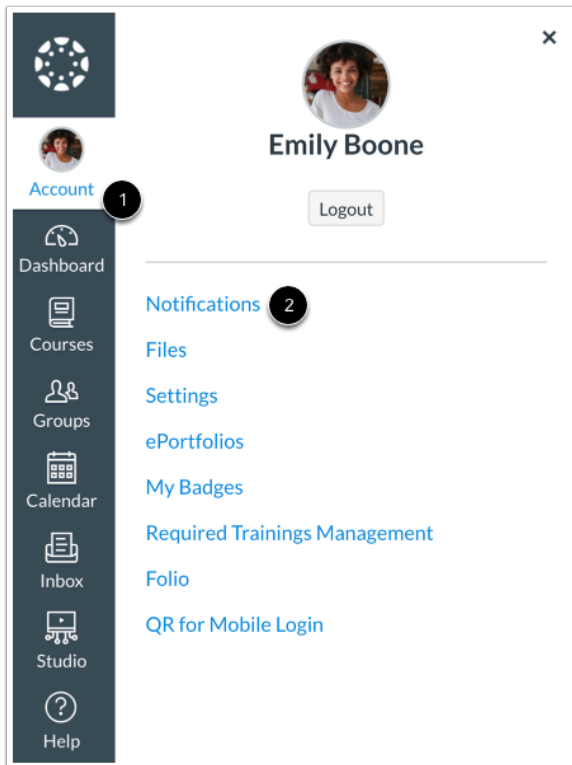

Notification settings apply to all of your courses unless you [set notification preferences for individual courses](#).

You may be able to reply directly to email notifications outside of Canvas. Replies are updated in the Canvas Inbox. However, please be aware that attachments added as part of an external reply are not included with the message shown in Canvas.

Notes:

- Notifications are sent to Canvas contact methods as specified in your account. You cannot receive notifications if your contact methods are unconfirmed. If you are not receiving Canvas notifications, please [confirm your Canvas contact methods](#).
- The Canvas Student app supports setting notification preferences. However, setting preferences inside the app will override preferences in the browser version of Canvas.
- You may be able to select notification preferences for an individual course. Learn more about [managing notifications for a single course](#).
- SMS notifications are only available for Announcements and Grading notification types.

Each notification is set to a default preference. To change a notification for a contact method, locate the notification and click the icon for your preferred delivery type.

To receive a notification right away, click the **Checkmark** icon [1]. These notifications may be delayed by up to one hour in case an instructor makes additional changes, which prevents you from being spammed by multiple notifications in a short amount of time.

To receive a daily notification, click the **Clock** icon [2].

To receive a weekly notification, click the **Calendar** icon [3]. The date and time of your weekly notifications are posted at the bottom of the notifications page.

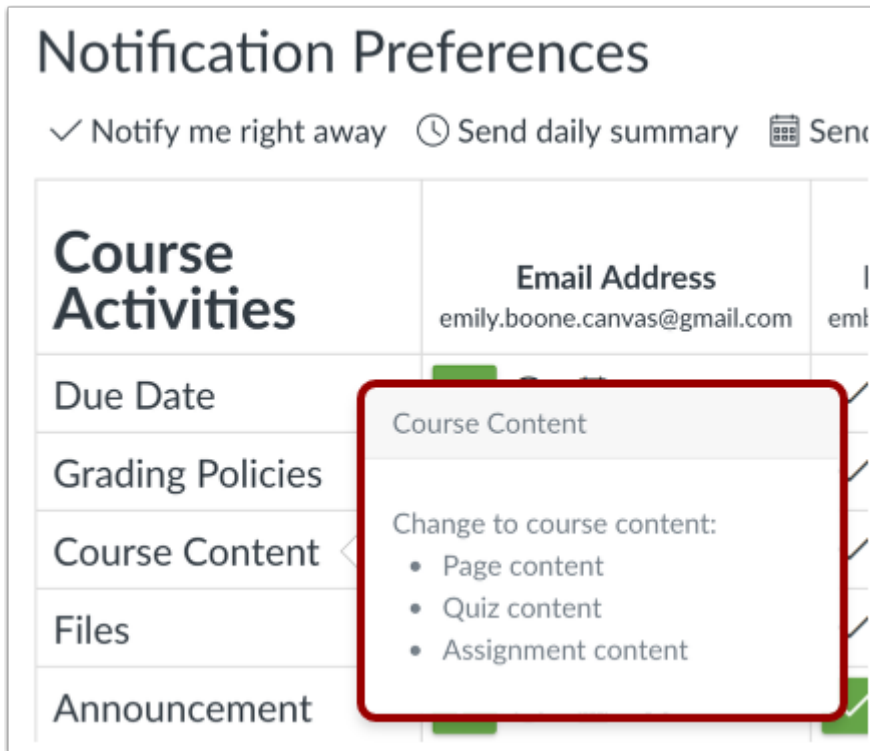

If you do not want to receive a notification, click the **Remove** icon [4].

Unsupported notification types display the **Unsupported** icon [5]. Unsupported notification types cannot be enabled.

Notes:

- Each set notification preference will automatically apply to all of your courses. However, if you manage notification preferences for a single course, notifications for that course must continue to be managed in the course.
- Twitter and SMS notification preferences do not support daily summary or weekly summary options.
- Unregistered contact methods will appear in notification preferences but will not receive notifications until you confirm the registration.

View Notification Details

The screenshot shows the 'Notification Preferences' interface. At the top, there are three toggle options: 'Notify me right away' (checked), 'Send daily summary' (unchecked), and 'Send' (with a calendar icon). Below this is a table with columns for notification categories, email addresses, and status. The 'Course Activities' category is selected, and a dropdown menu is open over the 'Course Content' row. The dropdown menu is highlighted with a red border and contains the following text:

You can set up your mobile phone as a contact method to receive Grading and Announcement notifications as text (SMS) messages.

On Android devices, text messages appear from notifications@instructure.com. On iOS devices, text messages appear from area code ending in 10 (such as 210 or 410).

Notification headings identify the course and the type of message notification. All notifications contain at least one text message. You cannot reply to text message notifications.

Note: You may want to enable push notifications in the Canvas Student app to receive all notifications on your mobile device.

How do I merge my user account with an account using the same email address as a student?

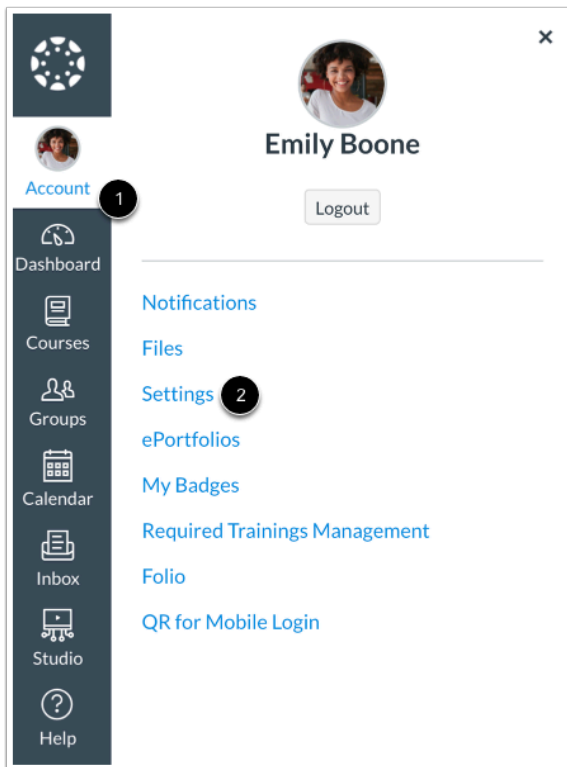

If you have an email address registered in two Canvas accounts, you can merge these accounts. Merging accounts combines the logins, contact methods, and enrollments for the two accounts.

The icon to complete this process will only appear in User Settings if there are two or more email addresses on the account and the email address that appears on both accounts has been registered.

In order to complete this process, you must have the Canvas username and password for both accounts.

Note: Merging user accounts cannot be undone.

Open Account Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

How do I change my default email address in my user account as a student?

Your default email address is used as your main contact method in Canvas and is added when creating your Canvas account. Email addresses are used to create [Canvas notifications](#); they are not used as a contact method for other Canvas users.

If you [add another email address](#) as a contact method, you can change your default email address in Canvas.

Open User Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

In the Ways to Contact sidebar, under Email Addresses, you can tell what email address is your default by the star icon next to the email address.

Choose Default Email Address

To choose a new default email address, hover over the email address and a faint star icon will appear. Click the star icon.

How do I reset my password as a student?

If you created your own Canvas account, you can reset your password through a link in the password request email.

If your login credentials were provided to you by your institution, you may not be able to reset your Canvas password on your own. Additionally, if you log in to Canvas using your institution's authentication system, you may need to reset your password using your institution's website. If you request a password reset and the email does not have a password reset link, it will include your Canvas email address and the institution that provided you with your password. To change or verify your password, contact the system administrators at your institution.

Notes:

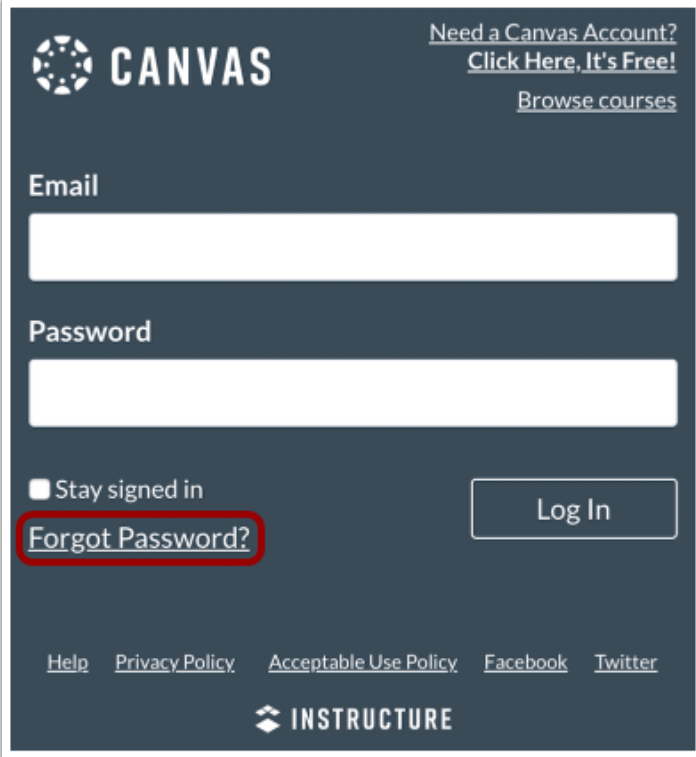

- A password reset email may take up to five minutes to arrive in your email inbox.
- Password reset emails expire after two hours.
- If you can log in to Canvas and want to *change* your password, please visit the [How do I change my login password as a student?](#) lesson.

Email Errors

If you enter your email address and never get a password reset email, review the following password tips.

- **Have you typed your email address correctly?** Sometimes email addresses can be misspelled.
- **Are you accessing the correct Canvas URL?** You will not get the reset email if you are trying to reset your password on a site where you are not enrolled (such as canvas.instructure.com instead of myinstitution.instructure.com).
- **Is your Canvas email sponsored by your institution?** If your mail email address is part of a campus firewall system that blocks emails from mass senders, you won't be able to receive the email. Contact your institution's IT department for assistance.
- **Are you the owner of your email address?** If your email address is owned by someone else and you can't receive email for that address, you won't be able to get the reset email. Contact the owner of the email address for assistance.

How do I view course content offline as an ePub file as a student?

If one or more of your courses have enabled ePub exports, you can view your course offline as an ePub file. You can download the ePub file and upload it into any eReader software for viewing, such as iBooks or Azardi.

ePub content is for offline viewing only; you cannot interact with course content directly, such as completing an assignment or viewing any submissions. In an ePub file, you can view assignment details, availability dates, and point values. Discussions include the discussion topic. All discussion replies (graded or ungraded) are considered submissions and must be viewed online. Additionally, you can view any embedded media files in the ePub. Any files that aren't supported in the ePub format, such as file attachments or PDFs, can be downloaded to be viewed in the file's native environment.

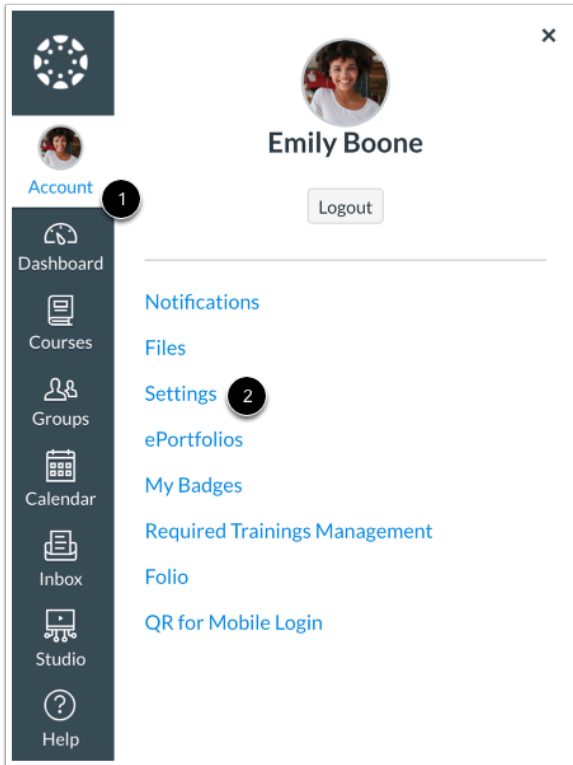

Currently ePub files and any associated files can only be generated in the browser version of Canvas, but the files can be transferred for viewing on any supported device.

Depending on the course setup, the ePub may be organized by modules or content type (assignments, discussions, quizzes, etc.). When viewing by module, only items you have access to view in each module will be included in the ePub file. Locked modules list either their prerequisites or the unlock date, as well as the items that are contained within that module (though not the actual content of those items themselves).

Notes:

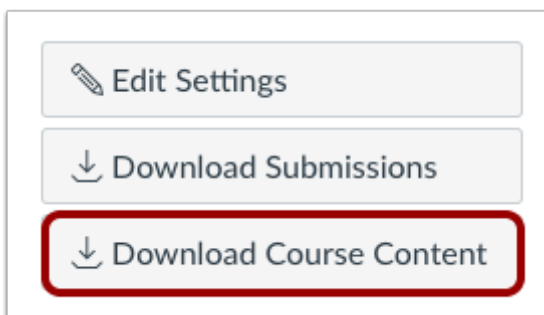

- You cannot download ePub files for concluded courses.
- If you can view the **Download Course Content** button but cannot download an ePub file for a specific course, the feature has not been enabled for that course.
- If your account does not display the **Download Course Content** button, your institution may only allow you to [export content offline as an HTML file](#) in Modules.

How do I generate a pairing code for an observer as a student?

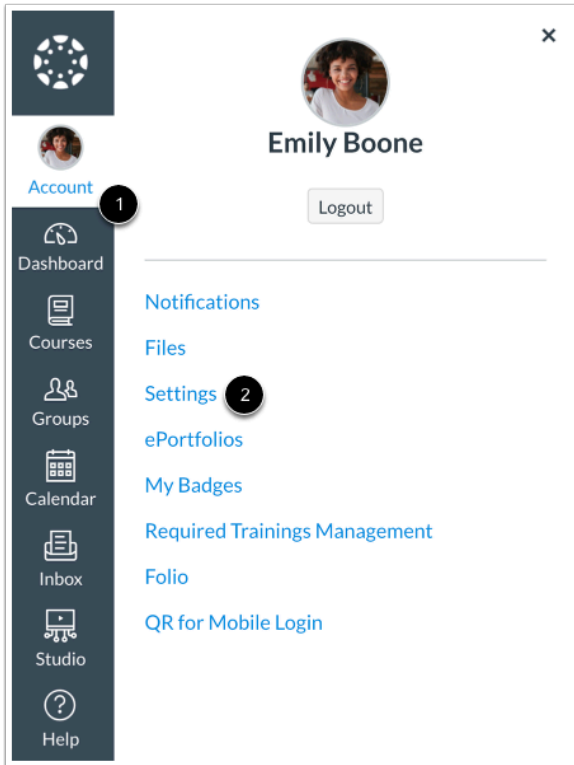

As a student, you can generate a pairing code to link an observer to your Canvas account. You must create a separate pairing code for each observer who wants to link to your account. For more information on pairing codes, view the [Pairing Codes - Frequently Asked Questions PDF](#).

An observer may be your parent, guardian, mentor, counselor, or another individual who needs to view your Canvas courses. Linked observers can view and participate in certain elements of your Canvas courses. For more information on the observer role, view the [Observer Visibility and Participation PDF](#).

Notes:

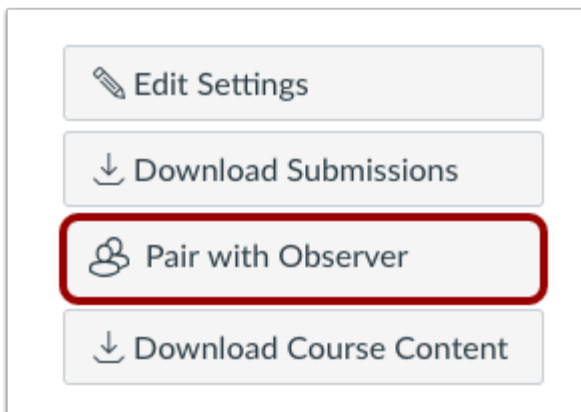

- If you are an observer and want to generate a pairing code for a student, you will need to log in to the student's Canvas account and follow the steps in this lesson. After you have copied the pairing code, you can link to the student by [entering the code in your User Settings](#).
- Pairing codes can only be generated from the web version of Canvas. Pairing codes cannot be generated from the Canvas mobile apps.

Open Settings

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

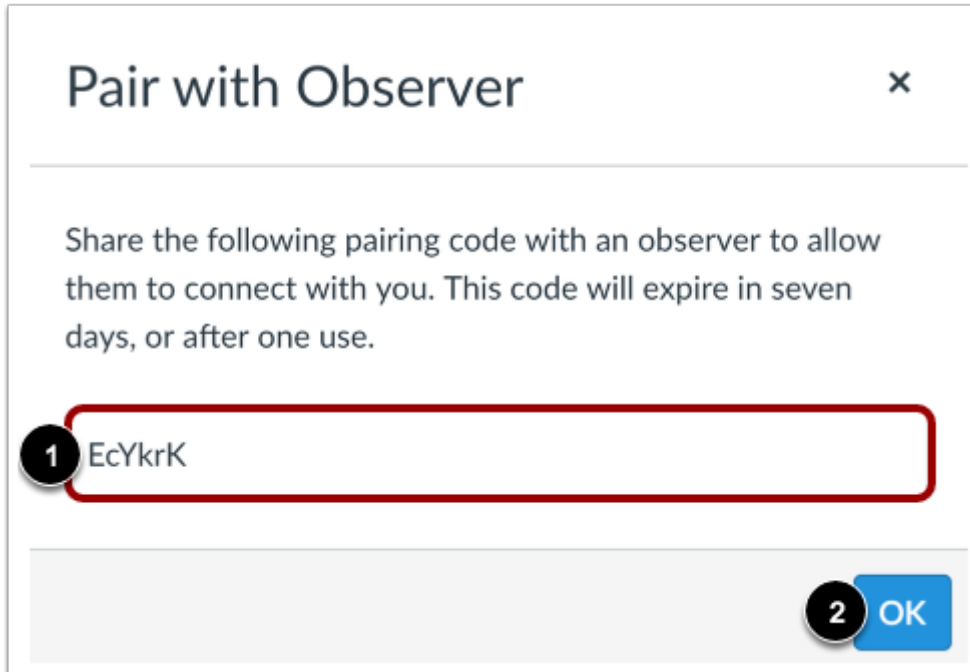

Pair with Observer

Click the **Pair with Observer** button.

Note: If the Pair with Observer button doesn't display in your User Settings, please contact your institution for assistance with pairing with an observer.

Copy Pairing Code

Copy the six-digit alphanumeric pairing code [1]. You will need to share the code with the observer who will link to your account. The pairing code will expire after seven days or its first use.

To close the window, click the **OK** button [2].

Note: Pairing codes are case sensitive.

How do I add a text (SMS) contact method in Canvas as a student?

If your institution allows, you may be able to add a text or SMS communication channel to receive Canvas notifications on your cell phone. Text or SMS channels appear under the **Other Contacts** sidebar heading.

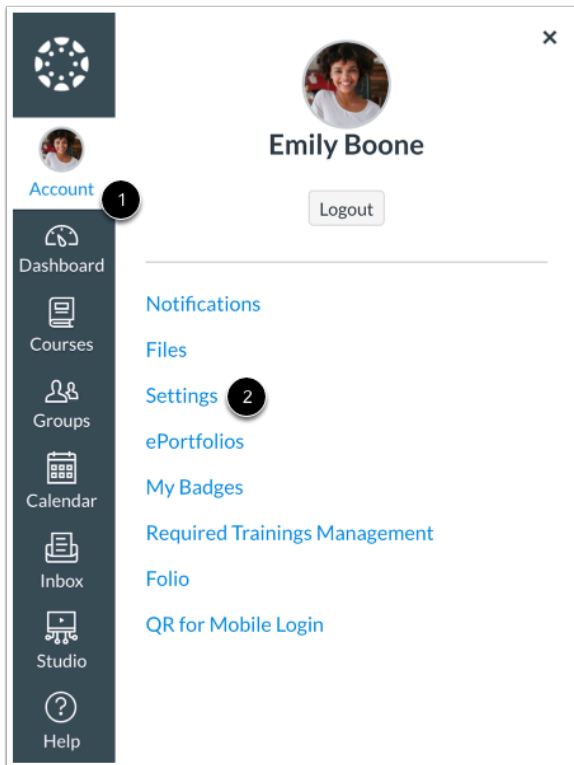

Once you have enabled the contact method, learn how to [set notification preferences](#).

SMS notifications are currently available for cellular numbers registered in Afghanistan, Argentina, Australia, Austria, Belgium, Bolivia, Brazil, Canada, Chile, China, Colombia, Costa Rica, Denmark, Dominican Republic, El Salvador, Finland, France, Germany, Guatemala, Honduras, Hong Kong, Hungary, Iceland, India, Indonesia, Ireland, Israel, Italy, Japan, Kazakhstan, Kenya, Luxembourg, Malaysia, Mexico, Netherlands, New Zealand, Norway, Oman, Pakistan, Panama, Paraguay, Philippines, Poland, Qatar, Russia, Rwanda, Saudi Arabia, Singapore, South Africa, South Korea, Spain, Sweden, Switzerland, Taiwan, Thailand, Trinidad and Tobago, United Arab Emirates, United Kingdom, United States of America, Uruguay, Venezuela, and Vietnam.

Note:

- Standard text message rates may apply.
- SMS notifications are only available for Announcements and Grading notification types.
- If notifications are not enabled by your institution or are not available in your country, you can use the [Canvas Student app](#) and receive push notifications.
- If you have a mobile device and have enabled push notifications, your Canvas profile will include a For All Devices push contact type in your profile page. If you delete this contact method, the method will reappear the next time you enable the Canvas app on your mobile device.

How do I set up multi-factor authentication for my user account as a student?

Your institution may enable multi-factor authentication for your user account. Multi-factor authentication adds security to your account by verifying you are the user accessing your account. Multi-factor authentication may be optional or required.

You must have a mobile device to set up multi-factor authentication for your user account. Your device must be able to send text (SMS) messages, or if you have a smartphone, you can download the Google Authenticator app for iPhone or Android.

Note: This lesson shows how to set up multi-factor authentication if it is an optional setting in your user account. However, if multi-factor authentication is *required* by your institution, you will be shown the multi-factor authentication page directly after you log in to Canvas.

Open User Settings

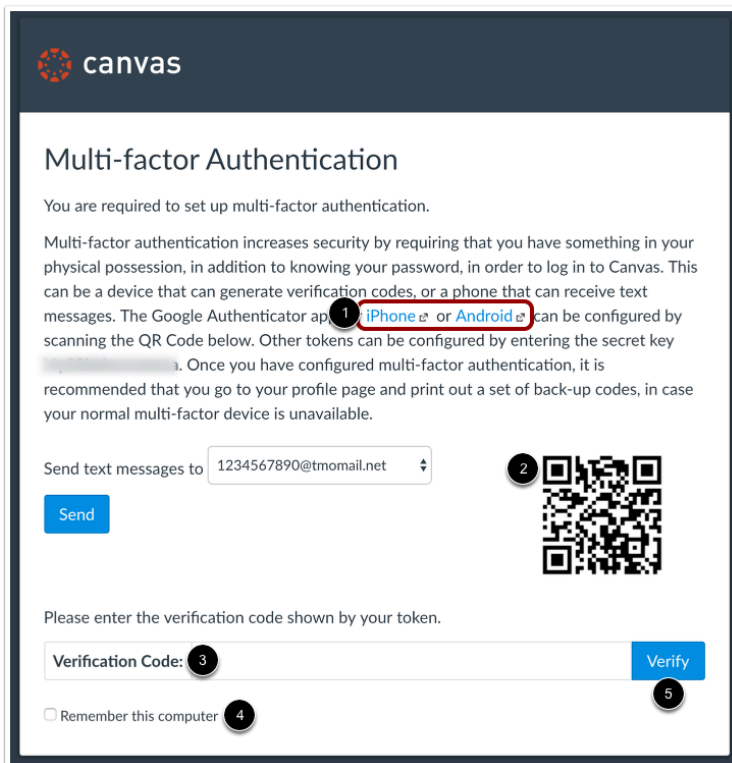

In Global Navigation, click the **Account** link [1], then click the **Settings** link [2].

Set Up Multi-Factor Authentication

Click the **Set Up Multi-Factor Authentication** button.

Verify via Google Authenticator

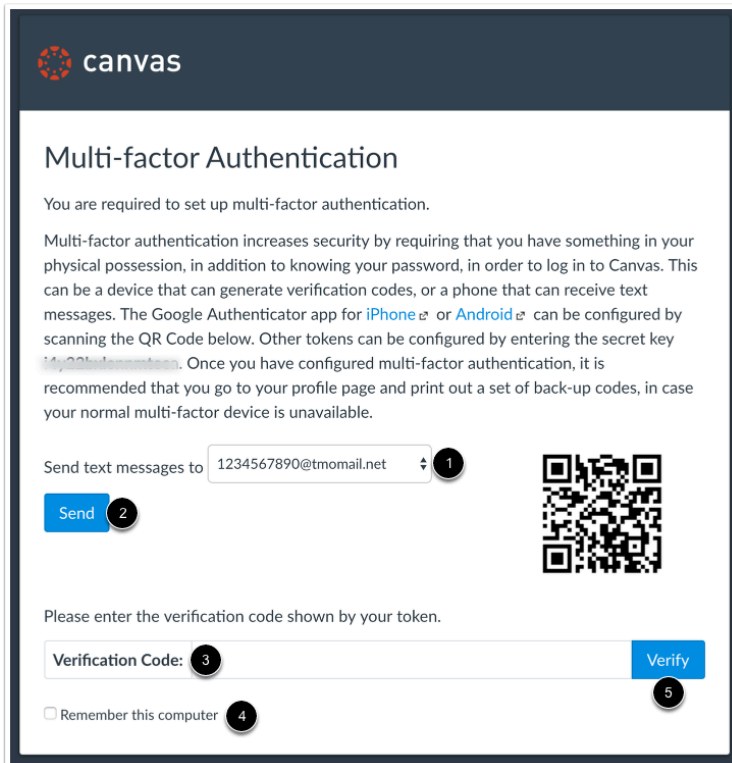

To verify multi-factor authentication with Google Authenticator, download the app for your device (iPhone or Android) [1]. Use the app to scan the QR code and generate a code. Enter the code in the **Verification Code** field [3].

If you want multi-factor authentication to remember the computer you are using to log in to Canvas, click the **Remember this computer** checkbox [4].

Click the **Verify** button [5].

Verify via Text Message

Multi-factor Authentication

You are required to set up multi-factor authentication.

Multi-factor authentication increases security by requiring that you have something in your physical possession, in addition to knowing your password, in order to log in to Canvas. This can be a device that can generate verification codes, or a phone that can receive text messages. The Google Authenticator app for [iPhone](#) or [Android](#) can be configured by scanning the QR Code below. Other tokens can be configured by entering the secret key [14, 22, 33, 44, 55, 66, 77, 88, 99, 00](#). Once you have configured multi-factor authentication, it is recommended that you go to your profile page and print out a set of back-up codes, in case your normal multi-factor device is unavailable.

Verification Code: 5

Remember this computer 4

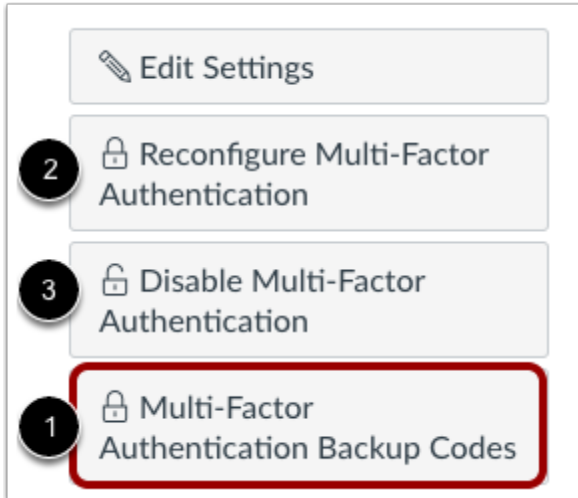

To verify multi-factor authentication via text message, any existing SMS notification type displays in the drop-down menu [1]. This is the number where your multi-factor verification code will be sent. To select a new text (SMS) number, select the drop-down menu and enter the option to add a new phone number. You will need to know the phone number and mobile carrier (provider).

Once you have set up your new phone number, or selected an existing phone number, click the **Send** button [2]. Your mobile device will receive a verification code. Enter the code in the **Verification Code** field [3].

If you want multi-factor authentication to remember the computer you are using to log in to Canvas, click the **Remember this computer** checkbox [4].

Click the **Verify** button [5].

Manage Multi-Factor Authentication

Once multi-factor authentication is enabled, your User Settings page may display additional options to manage your authentication.

You can choose to create multi-factor authentication codes to use as backup in case your authentication device is not available [1]. This option is available to all users with multi-factor authentication.

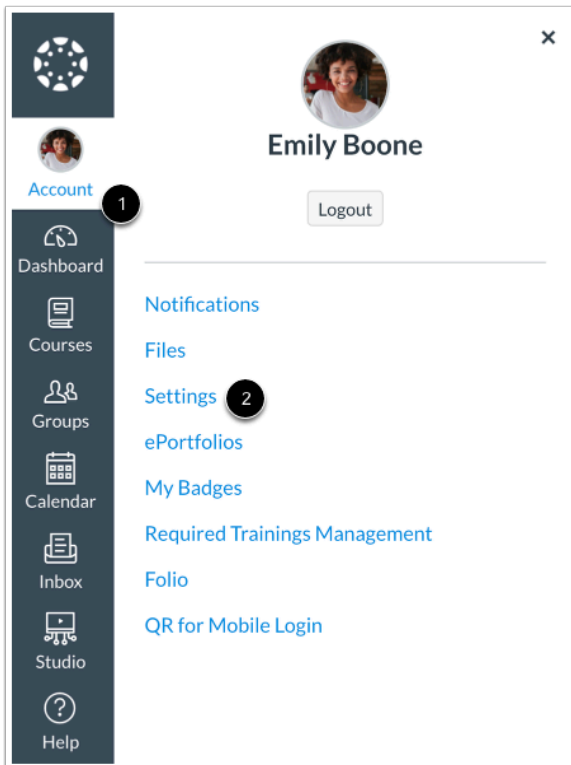

If multi-factor authentication is *optional* for your account, you can also choose to reconfigure authentication [2] or disable authentication [3].

How do I manage API access tokens as a student?

You can manage API access tokens from your User Settings. Access tokens provide access to Canvas resources through the Canvas API. Access tokens can be generated automatically for third-party applications or created manually.

Using the Canvas API allows the access token holder to access the same Canvas resources that you can access. For example, third-party applications, including devices you have used to open the Canvas Student app, are authorized to access Canvas on your behalf. For more information on using the Canvas API, view the [Canvas API documentation](#).

How do I view a QR code to log in to the Canvas mobile apps as a student?

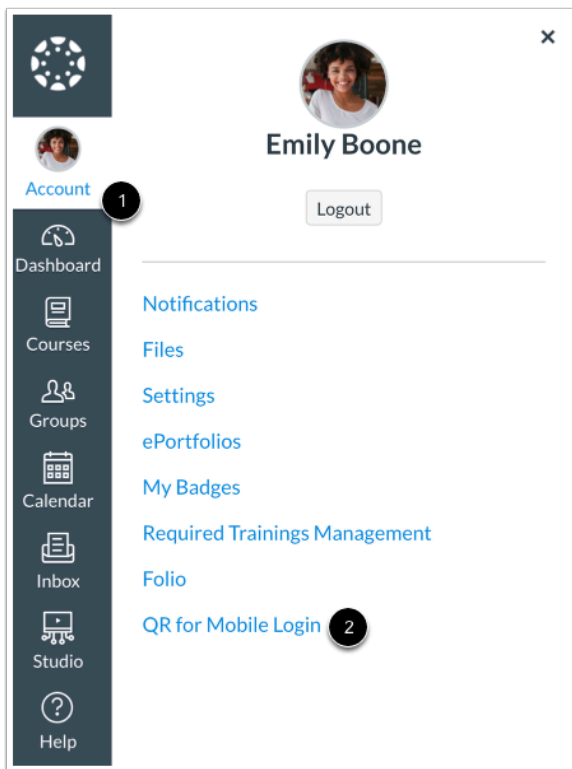

You can view a Canvas login QR code in your Canvas web browser. You can scan this QR code with your mobile device to log in to the Canvas Student app without entering your institution URL and user credentials.

While you would most likely use the QR code to [access the Canvas Student app](#), the code can also be used to log in to the Teacher app or Parent app if you have been assigned an instructor or observer role in a course.

Notes:

- If you cannot view QR codes, your institution has not enabled this feature.
- QR codes should be kept as confidential as passwords.
- No other users should be in the surrounding area to capture the QR code.
- Codes should also never be generated while sharing a screen via a screen sharing service.

What feature options can I enable in my user account as a student?

Canvas is continually creating new features to improve your user experience. The majority of improvements will be made available as part of our regular release cycle. However, some features may affect your personal interaction with Canvas. Learn more about User Feature Options and how to enable them in the [manage new features](#) lesson.

High Contrast UI

Feature Options

▼ High Contrast UI

High Contrast enhances the color contrast of the UI (text, buttons, etc.), making those items more distinct and easier to identify. Note: Institution branding will be disabled.

By default this feature is set to Off.

The **High Contrast UI** feature option allows you to view Canvas using high contrast styles. This feature enhances the color contrast of the user interface (text, buttons, etc.) so they are more distinct and easier to identify in Canvas. However, institutional branding is not supported when this feature is enabled, so you will not be able to view the institution's logo or other elements.

You can also [enable High Contrast UI](#) from your User Navigation Menu.

Disable Alert Notification Timeouts

▼ Disable Alert Notification Timeouts

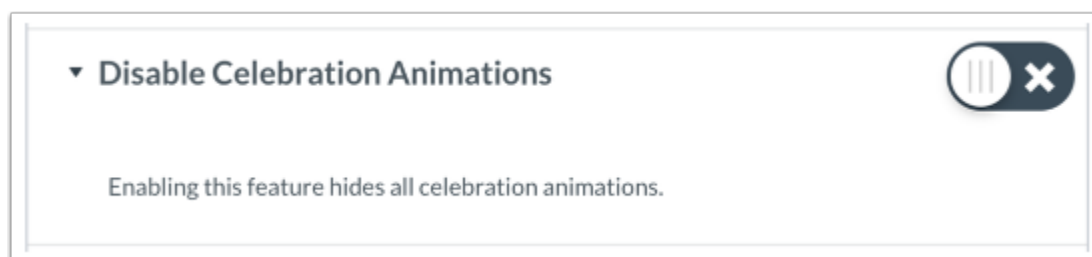

Enabling this feature gets rid of the timeout for alert notifications that pop up, giving the user as much time as they need to read the notification over and dismiss it when they are finished.

By default this feature is set to Off.

The **Disable Alert Notification Timeouts** feature option prevents alert notification pop-ups from timing out. When this feature option is enabled, alert notifications in Canvas will display until you manually dismiss the alert.

Disable Celebration Animations

By default this feature is set to Off.

The **Disable Celebration Animations** option allows you to turn off all celebration animations. The Celebration feature must be enabled by a Canvas admin at your institution. If this feature is not enabled, the Disable Celebration Animations option will not display in your user Feature Options. Learn how to [manage celebrations](#).

Underline Links

By default this feature is set to Off.

The **Underline Links** feature option allows you to view Canvas interface links as underlined text. When enabled, this feature underlines hyperlinks in navigation menus, the Dashboard, and page sidebars. This feature option does not apply to user-generated content links in the Rich Content Editor, which always underlines links for all users.

CSV Separator Preferences

You can set how you want to view separators in CSV export files, depending on your locale or preference.

Separator options are managed through one of three feature options in User Settings. These options only apply to compatible spreadsheet exports.

Include Byte-Order Mark in Compatible Spreadsheet Exports

▼ Include Byte-Order Mark in compatible spreadsheet exports

Optionally include a byte-order mark in compatible spreadsheet exports so they can be imported into Excel for users in some locales.

The **Include Byte-Order Mark** feature option generates a specific set of three characters at the beginning of the CSV file. These characters, known as a byte-order mark, help some versions of Microsoft Excel understand that the CSV file is a UTF-8 encoded file. It also tells some localized versions of Excel that they should treat the incoming CSV file as if it were semicolon-separated by default. Because some versions of Excel do not understand or honor the byte-order mark, this feature allows all users to disable generation of this byte-order mark.

Use Semicolons to Separate Fields in Compatible Spreadsheet Exports

▼ Use semicolons to separate fields in compatible spreadsheet exports

Use semicolons instead of commas to separate fields in compatible spreadsheet exports so they can be imported into Excel for users in some locales.

The **Use semicolons to separate fields** feature option generates CSV files with semicolons as the field separators instead of the default comma. When disabled, this feature falls back to behavior determined by the state of the Autodetect field separators option.

Note: This feature is automatically disabled if the Autodetect Field Separators option is enabled.

Autodetect Field Separators in Compatible Spreadsheet Exports

▼ Autodetect field separators in compatible spreadsheet exports
⋮ ×

Attempt to detect an appropriate field separator in compatible spreadsheet exports based on the number format for your language.

The **Autodetect field separators** feature option attempts to determine the appropriate field separator as indicated by the language set in the user's account. For languages where the decimal separator is a dot, (e.g. 1,234.56), autodetection will choose a comma as the field separator. For languages where the decimal separator is a comma, (e.g. 1.234,56), autodetection will choose a semicolon as the field separator. For all other cases, autodetection will choose a comma as the field separator as a default.

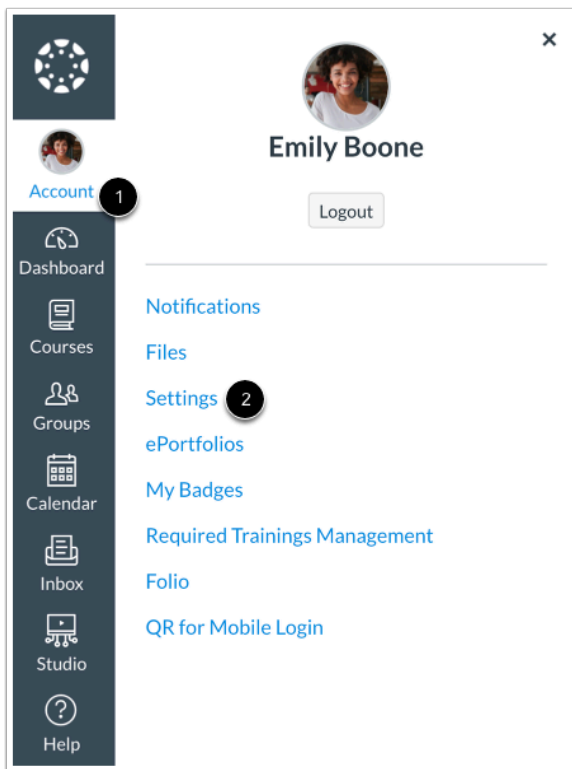

Note: This feature is automatically disabled if the Use semicolons to separate fields option is enabled.

The first dates you may see are called availability dates. Sometimes your instructor only wants you to submit a quiz during a specified date range, so the available dates are the range of time that the quiz is accessible to you.

1. If the quiz does not have a date listed, the quiz is open; you can complete the quiz at any time during your course.
2. If the quiz says **Available until** [date], you can complete the quiz until the specified date.
3. If the quiz says **Not Available Until** [date], the quiz is locked until until the specified date.
4. If the quiz says **Closed**, the quiz cannot accept quiz submissions.

If you start a quiz but do not submit it, Quizzes includes an autosubmit feature that will submit the quiz for you on the **Available until** quiz date. If a quiz does not include an Available until date, the quiz will autosubmit on the last day of the course.

Note: If a date does not include a time, the listed date defaults to 12 am. Therefore, the last day for the quiz is the full day before the listed date. For instance, if a quiz is Available until August 22, you can access the quiz until August 21 at 11:59 pm, which in this example is the same date as the Due date.

Closed | Due Apr 3 at 11:59pm | 10 pts | 10 Questions

Revolution Quiz

The second set of dates are the Due dates [1] for each respective quiz. Any quizzes submitted after the due date are marked as late; some instructors may deduct points for late submissions. Again, not all quizzes may include a Due date.

You can still submit late quizzes before the quiz **Available until** date (otherwise the quiz will be autosubmitted for you).

*Please be aware that the Due date may be **before or on** the Available date.*

Due dates also include a time [2]. If your instructor does not set a specific time, the quiz due time defaults to 11:59 pm and submissions will be late if submitted after 11:59:59 pm.

You can also view additional details:

- **Time Limit** [1]: the length of time you have to complete the quiz. If your quiz has a time limit, you must complete the entire quiz within that time in one sitting. If you navigate away from the quiz, the timer will keep running. You will also be kicked out of the quiz when the time limit has been reached.
- **Instructions** [2]: any instructions that your instructor has about the quiz.

In the example above, the quiz is due by September 15. However, if you were to miss the due date, you could still take the quiz for late credit before the last day of the course.

To [take the quiz](#), click the **Take the Quiz** button.

Notes:

- If you start a quiz that has a due date, but do not finish the quiz by the due date (as indicated in your local time zone), Canvas will automatically submit the quiz on the due date.
- Quiz details do not show the due date in relation to the current time. For example, if a quiz has a due date of 11:59 pm and you begin the quiz at 11:30 pm, you will only have 30 minutes to complete the quiz before it is marked late. The same time restriction applies if you are taking a timed quiz. For example, if the Time Limit was set to 60 minutes but you begin the quiz at 11:30 pm, you still only have 30 minutes to complete the quiz before it is marked late. Canvas will notify you regarding any time restrictions when you begin the quiz.

There are several different question types in Canvas that your professors may choose to employ, from True/False to Essay format. Questions can vary by [question type](#). Each question will show in the top right corner the point value of the question. Each question will be divided from others by a box surrounding the question and answers.

You can use other areas in the quiz to help you navigate and complete quiz questions, including the sidebar and the flagging questions feature.

View Sidebar

The screenshot shows a sidebar with two sections. The top section is titled 'Questions' and lists eight items: 'Question 1' and 'Question 2' are faded and have checkmark icons; 'Question 3' is bolded and has a question mark icon; 'Question 4' through 'Question 8' are also faded and have question mark icons. Below this list is a timer: 'Time Elapsed: Hide' followed by 'Attempt due: Sep 2 at 11pm' and '0 Minutes, 26 Seconds'. The bottom section is also titled 'Questions' and lists five items: 'Spacer' is faded with a question mark icon; 'Question 1' is bolded with a question mark icon; 'Question 2' is faded with a checkmark icon; 'Question 3' is bolded with a question mark icon; 'Question 4' and 'Question 5' are faded with question mark icons. Below this list is another timer: 'Time Running: Hide' followed by 'Attempt due: Jul 10 at 2:47pm' and '58 Minutes, 13 Seconds'. Numbered callouts 1 through 5 point to specific elements in the sidebar.

At any point during the quiz, you can view a summary of your quiz. Questions you've answered will be faded out and identified by a checkmark icon [1], while unanswered questions will be bolded and identified by a question mark icon [2].

You can also view the due date for the quiz [3]. In the sidebar, the quiz due date refers to the autosubmit date, which can be a specified Until date or the last day of the course. *This is not the due date set for when the quiz will be marked late.*

You'll also see a timer showing your progress on the quiz. For untimed quizzes [4], the quiz shows as the elapsed time. If you are taking a timed quiz [5], the timer shows the running time and counts down until time expires.

Section 1

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

You can flag the questions you want to go back to by clicking the flag by the question [1]. The flag will change color to yellow to remind you to finish the question. The yellow flag will also appear in the question overview in the sidebar [2].

View Quiz Warning Notifications

If you are taking a timed quiz, or you are taking a quiz close to the due date or lock date and time, Canvas generates warning messages to help you manage your time in the quiz. Canvas will also warn you if you lose the connection to the internet during the quiz.

View Due Date Warning

If you are taking a quiz with a set due date, you will see a warning popup banner as to how many minutes remain before the quiz will be marked late. Warnings appear 30 minutes prior, five minutes prior, and one minute prior.

View Time Restriction Warning

If you start a quiz near the time when it will be due, you will see a warning popup banner. Use the sidebar to view the time the quiz is due and how many minutes are remaining. In this sense, the quiz due date refers to the autosubmit date, which is either a specified lock (Available until) date or the last day of the course. Warnings appear 30 minutes prior, five minutes prior, one minute prior, and 10 seconds prior.

View Quiz Logout Warning

If at any time you get logged out of Canvas while taking a quiz, you will see a warning pop-up banner. To resume your quiz, click the **Login** button.

Pause Quiz

If your browser allows you to leave the quiz, you can pause the quiz by leaving the quiz page. When you are ready to [resume the quiz](#), the quiz will resume where you left off.

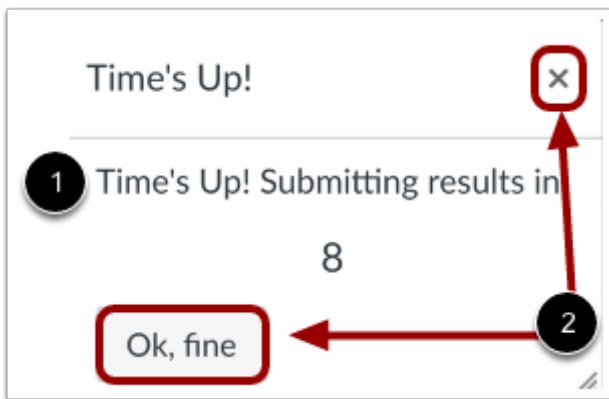

Note: If you leave a timed quiz, the timer will keep running and the quiz will be automatically submitted when time runs out.

Submit Quiz

Canvas will save your quiz as you go through it. When you are finished, [submit your quiz](#) and view the [quiz results](#) to find out your score.

View Auto Submit Warning

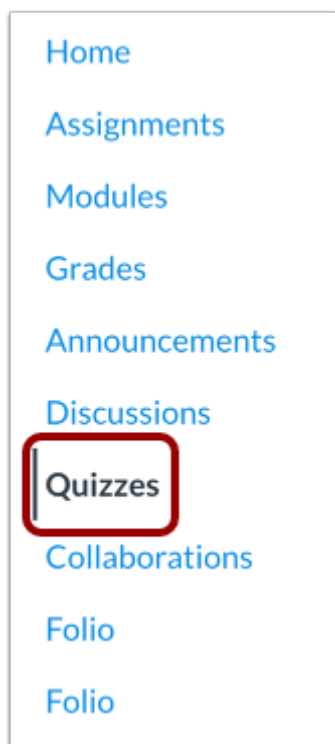

If you do not submit a timed quiz before the time runs out, Canvas displays a pop-up box telling you that your quiz time has expired. The quiz automatically submits after the ten-second count down [1], or you can click the **Ok, fine** button or **Close** icon to submit your quiz [2].

How do I take an assessment in New Quizzes?

You can take a New Quizzes assessment on the Quizzes page in Canvas. Depending on how your instructor set up the assessment, questions may be shown all on one page or [one at a time](#). If you are unable to finish an assessment, you may be able to resume it at a later time.

Note: If the quiz you are accessing displays differently, your instructor may have used the Classic Quizzes tool to create the quiz. Functionality may differ between these quiz types. For help with taking a quiz, please see [How do I take a quiz?](#)

How do I add and modify text in the Rich Content Editor as a student?

The Rich Content Editor will be discontinued in a future release. Instructors can enable the New Rich Content Editor feature in course feature options.

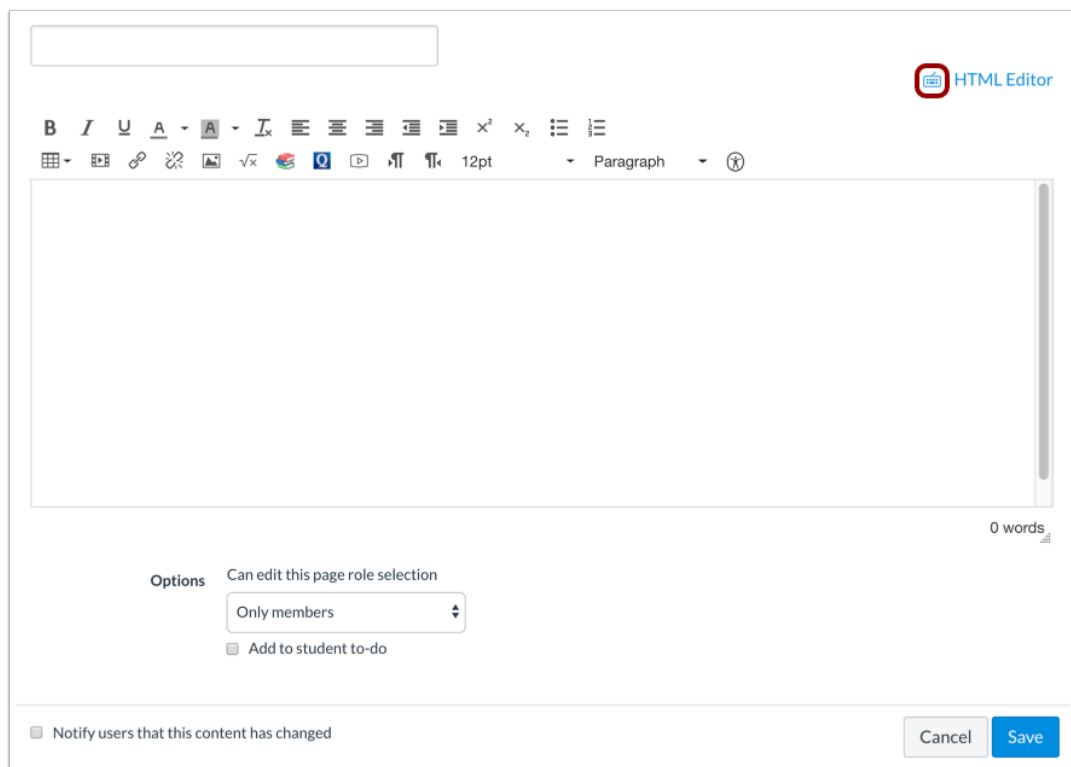

Several features in Canvas support a Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. You can type text and you can copy and paste text from other sources into the Rich Content Editor. The following keyboard shortcuts can be used when copying and pasting text:

- Normal copy and paste on a PC: Ctrl+C, Ctrl+V
- Copy and paste-without-formatting on a PC: Ctrl+C, Ctrl+Shift+V
- Normal copy and paste on a Mac: Command+C, Command+V
- Copy and paste-without-formatting on a Mac: Command+C, Command+Option+Shift+V

The Rich Content Editor also includes several formatting tools that allow you to modify your text.

Note: Your instructor may choose to display a different font for your course. This font will display when entering text the Rich Content Editor.

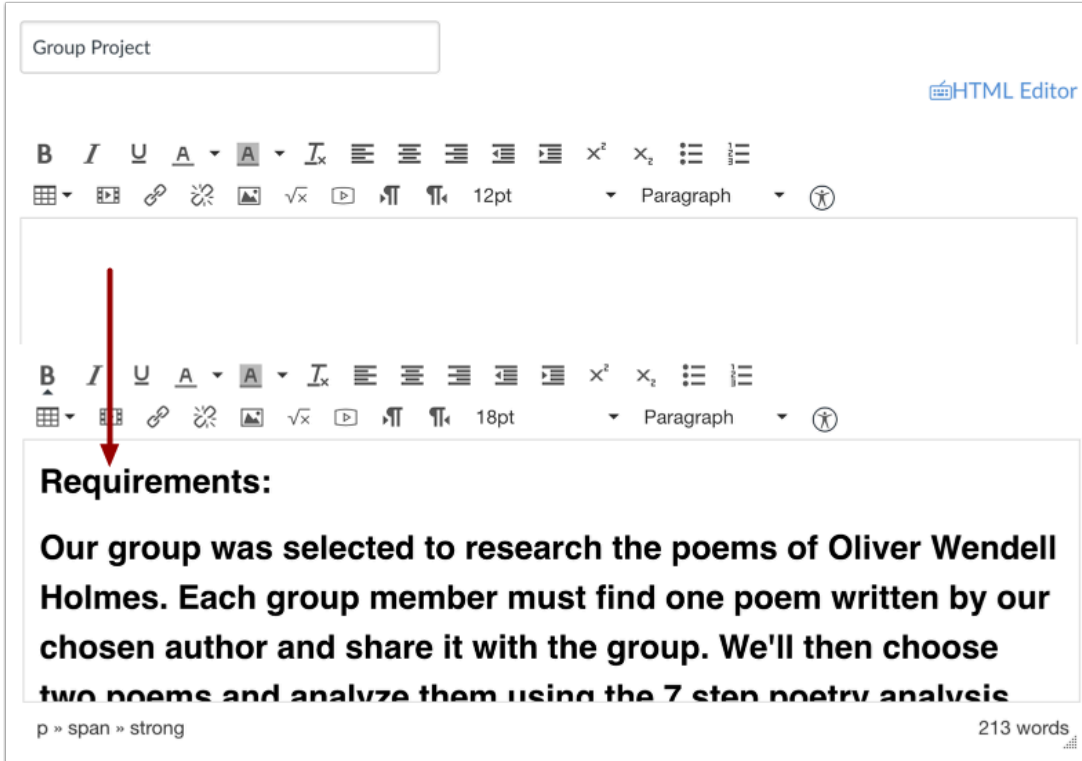

Open Rich Content Editor

Open the Rich Content Editor using one of the Canvas features which support the Editor.

The Rich Content Editor supports keyboard shortcuts. To view a window with a list of keyboard navigation shortcuts, click the **Keyboard** icon or press **Alt+F8** (on a PC keyboard) or **Option+Fn+F8** (on a Mac keyboard) simultaneously on your keyboard.

How do I add captions to an external video as a student?

If you are the video owner for a video hosted on a [supported third-party media site](#), or if you already have an online link to a [supported video type](#), you can create caption files for external videos.

Once you have uploaded your video and created captions, learn how to [view video captions](#).

Notes:

- You cannot add a closed-captioning file to an online video if you are not the owner.
- If you view a video in the Canvas by Instructure app, iOS devices can display captions created with WebVTT files. If you cannot view video captions in an iOS device, the caption type is not supported.

Create Caption Files

Subtitle a Video

Enter a video URL to use the Amara editor & enable public subtitling. [Learn more](#)

Acceptable Formats Include: Vimeo, Youtube, mp4, WebM, flv, ogg & mp3

Amara is the same service referenced in our lesson about [creating captions](#) using the subtitle creation tool. The difference is that with YouTube and other third-party sites, your video is already uploaded to the Internet, so to create captions, all you need is the URL to the video.

Amara subtitles videos created with [supported video types](#). Additionally, the video must be publicly accessible and hosted on [supported third-party sites](#). Amara exports to a variety of file types, including WebVTT and SRT.

Upload Caption Files

Captions and subtitles help viewers with hearing disabilities and people who speak other languages to enjoy your videos. To learn more about this feature, see the [Help Center](#).

Upload a transcript (.txt), or a timed-coded caption file. [See formats](#)

Upload caption file or transcript

Most online video sites that support closed captioning will have a link to upload caption files. Each site will have its own requirement for the type of file required.

YouTube

YouTube accepts a variety of file types. If you grant them permission, sites such as [Amara](#) and [CaptionTube](#) can link directly to your YouTube account and add the caption files directly to your video.

Embed Video in Canvas

When you're finished, embed your iFrame video or insert the YouTube link in Canvas. The closed-captioning option will appear with all available language caption files.

You can easily create and upload caption files when you add video content in the Rich Content Editor. The Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

This lesson only applies to creating captions for videos created or uploaded into Canvas. If you've created a video outside of Canvas that you want to share in your course, learn how to create [captions for external videos](#).

If you have not yet created or uploaded your video, learn how to [record a new video](#) or [upload an existing video](#).

Note: Users can view video captions in the Canvas by Instructure mobile app. However, iOS devices can only display captions in WebVTT format. If you use another format besides WebVTT, users on iOS devices will not be able to display the video captions.

Open Video in Canvas Content

Open the Canvas content page or assignment submission where you created or uploaded your video. Click the video to enlarge the window and open the closed-caption options.

Upload Subtitles

How do I create a caption file using the subtitle creation tool as a student?

When you [record a new video](#) or [upload an existing video](#) in Canvas, you can upload a caption file for your users. If you do not have a caption file, you can use the subtitle creation tool to create the file for your video.

Once you have created and downloaded your caption file, learn how to [add captions to Canvas videos](#).

Note: Canvas must render the video and create a URL link before you can create a caption file. If you try to add subtitles and the subtitle creation tool is not yet available, try accessing your video later.

Open Video in Canvas Content

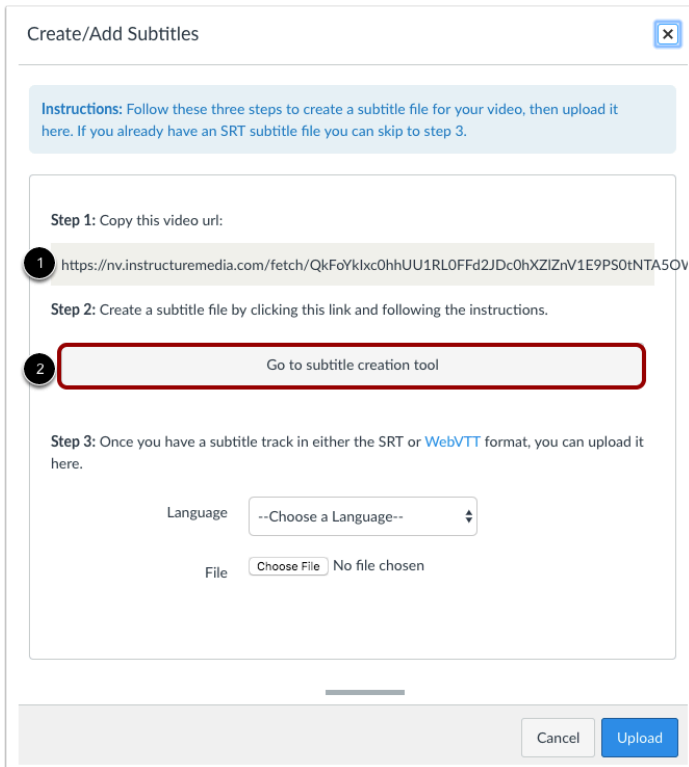

Open the Canvas content page or assignment where you created or uploaded your video. Click the video to enlarge the window and open the closed-caption options.

Upload Subtitles

Hover over the **closed caption** icon [1]. Click the **Upload subtitles** link [2].

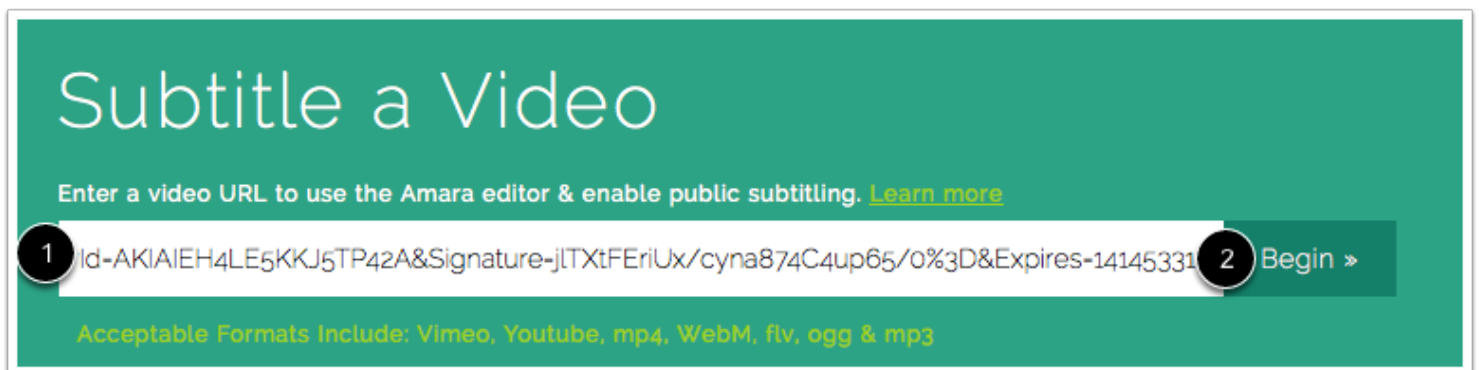

Go to Subtitle Creation Tool

Copy the video URL [1], then click the **Go to subtitle creation tool** button [2]. A new tab will open in your browser window.

Note: Canvas must render the video and create a URL link before you can create a caption file. If you try to add subtitles and steps 1 and 2 are not yet available, try accessing your video later.

Enter Video URL

Paste your video URL in the **Subtitle a Video** field [1]. Click the **Begin** button [2].

Add New Language

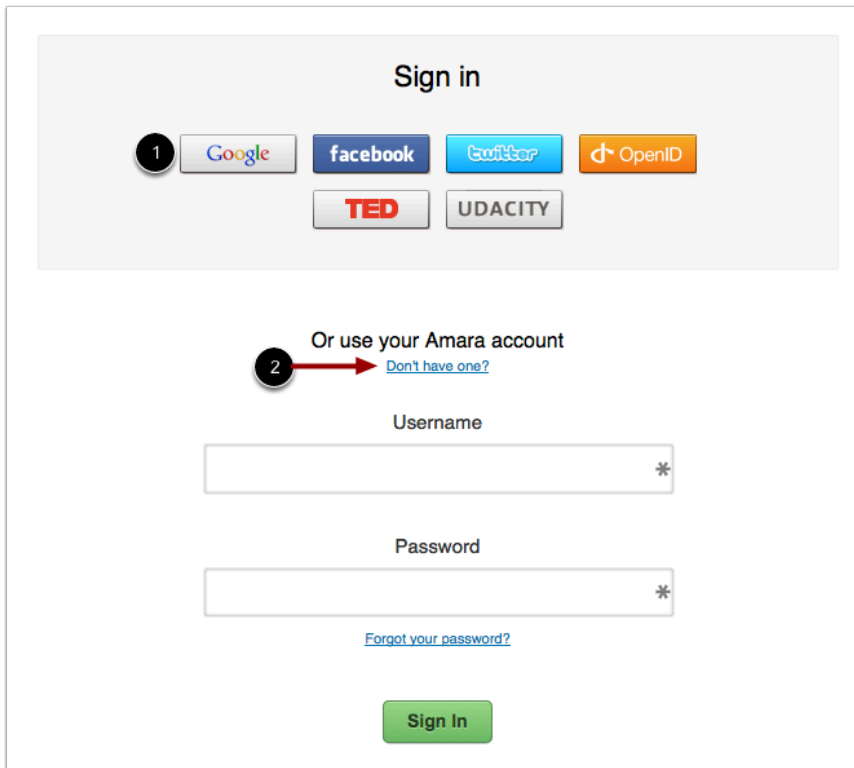

The screenshot shows a video player interface. On the left, there is a 'Contribute' section with a red box around the 'Add a new language!' link. Below it are options for 'Already have subtitles for this video? Upload them directly.' and a 'Share' section with social media icons. On the right, the video player shows a play button and the text 'flowplayer © 2008 - 2014 Flowplayer Ltd'. Above the video player are tabs for 'Video', 'Comments 0', 'Activity', and 'URLs 1'. Below the video player are buttons for '0 Languages' and '0 Followers'.

Click the **Add a new language** link.

The screenshot shows a dark-themed dialog box titled 'Add a new language!'. It contains two dropdown menus: 'This video is in: --Select language--' (labeled 1) and 'Subtitle into: English' (labeled 2). Below the dropdowns is a warning message: 'Please double check the primary spoken language. This step cannot be undone.' At the bottom right, there are 'Cancel' and 'Continue' buttons (labeled 3).

In the drop-down menu, select the primary spoken language of your video [1]. Then select the language for the subtitles [2]. Click the **Continue** button [3].

Log in to Amara

Choose a method to log in to Amara. You can use one of your existing social media services [1] or you can create a new account [2].

Creating an account lets you save your video with the subtitles in case you want to change them or translate them into another language later.

Create Subtitles

Create your subtitles for your video using the instructions in the video window [1].

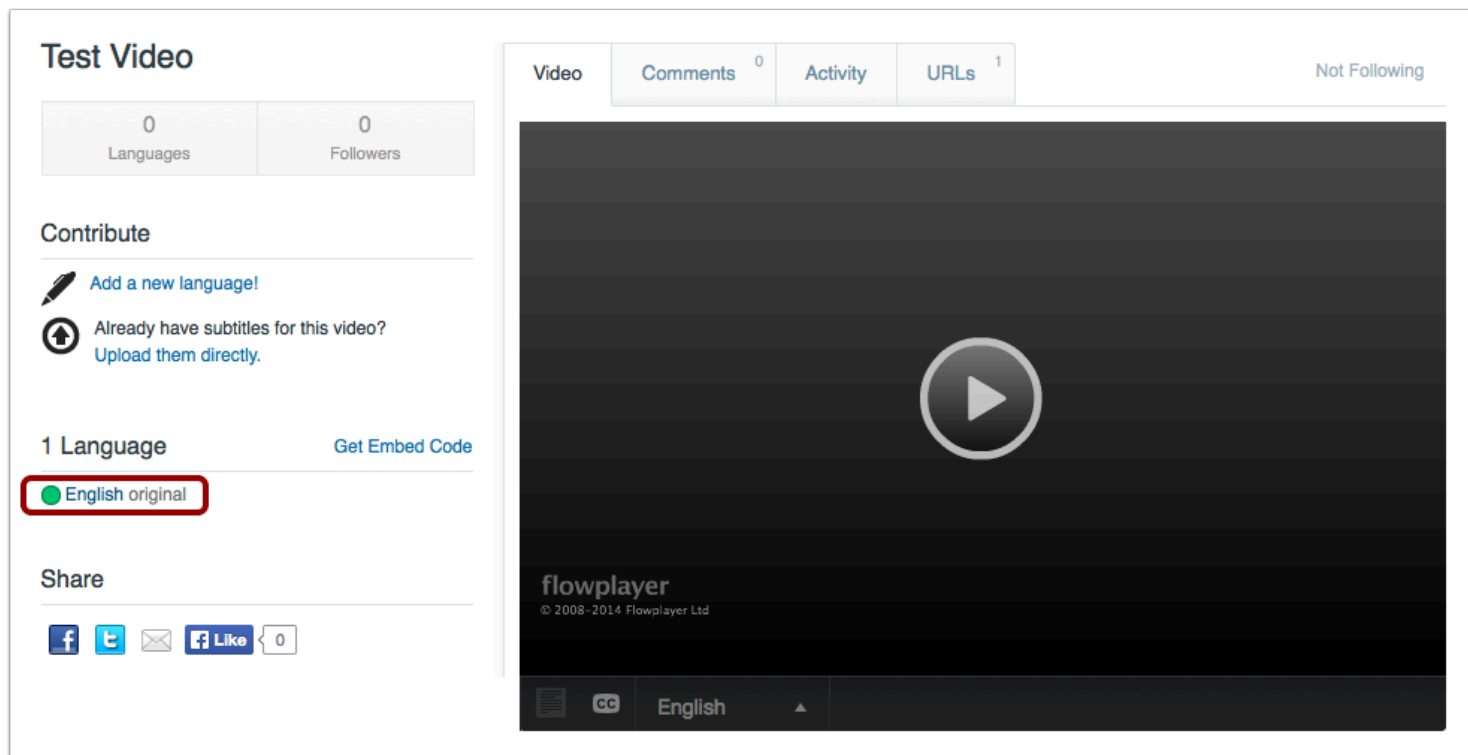

You can use keyboard controls to help you navigate through your video. To get more keyboard controls, click the more commands link [2].

For general guidelines regarding subtitles, click the subtitling guidelines link [3].

Complete Subtitles

When you have made it through all three steps and are finished with your subtitles, click the **Complete** button. The caption file will save and redirect you back to the video dashboard.

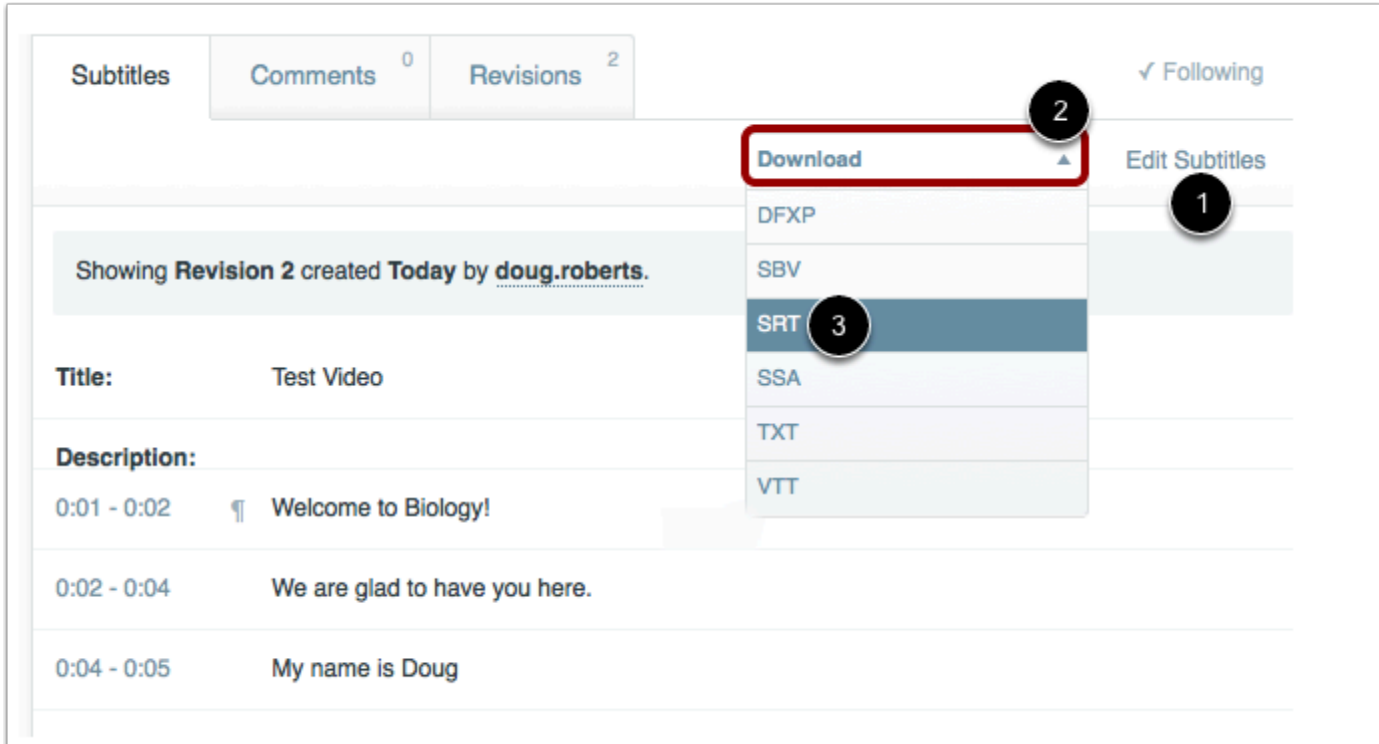

Open Subtitles

The screenshot shows a video player interface for a video titled "Test Video". On the left side, there are statistics for "0 Languages" and "0 Followers". Below this is a "Contribute" section with two options: "Add a new language!" and "Already have subtitles for this video? Upload them directly.". Under the "1 Language" heading, the "English original" option is selected and highlighted with a red box. Below that is a "Share" section with social media icons for Facebook, Twitter, Email, and a "Like" button with a count of 0. The main video player area shows a large play button in the center. At the bottom of the player, there is a "CC" icon, the word "English", and a small upward-pointing triangle. The video player is branded with "flowplayer" and "© 2008 - 2014 Flowplayer Ltd".

Under the Language heading, click the name of the language subtitle file you created.

Download Subtitles

The screenshot shows the Canvas interface for video subtitles. At the top, there are tabs for 'Subtitles', 'Comments' (0), and 'Revisions' (2). A 'Following' status is shown on the right. Below the tabs, there is a 'Download' button (callout 2) and an 'Edit Subtitles' link (callout 1). The 'Download' menu is open, showing options: DFXP, SBV, SRT (callout 3), SSA, TXT, and VTT. Below the menu, a message states 'Showing Revision 2 created Today by doug.roberts.'. The video details are as follows:

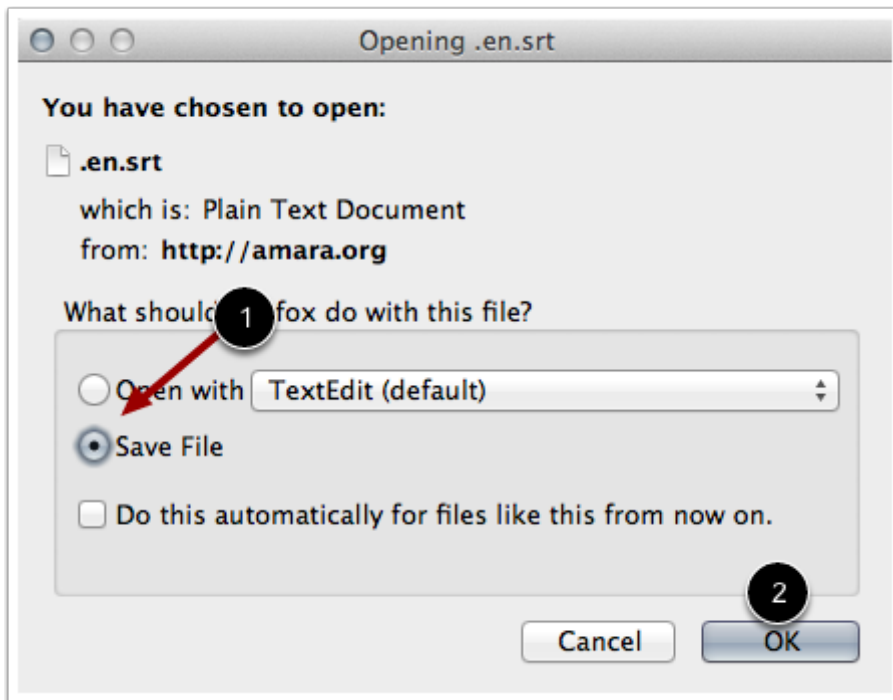

Title:	Test Video
Description:	
0:01 - 0:02	Welcome to Biology!
0:02 - 0:04	We are glad to have you here.
0:04 - 0:05	My name is Doug

To edit your subtitles, click the **Edit Subtitles** link [1].

When you are ready to download your file, locate the **Download** drop-down menu [2] and select your preferred download format type [3].

Note: Users can view video captions in the Canvas by Instructure mobile app. However, iOS devices can only display captions in WebVTT (.vtt) format. If you use another format besides WebVTT, users on iOS devices will not be able to display the video captions.

Save Subtitle File

Click the **Save File** radio button [1]. Then click the **OK** button [2].

New Rich Content Editor

How do I add and modify text in the New Rich Content Editor as a student?

Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

You can type text and you can copy and paste text from other sources into the New Rich Content Editor. The New Rich Content Editor also includes several formatting tools that allow you to modify your text.

The New Rich Content editor supports keyboard shortcuts for copying and pasting text.

Copy and Paste Using a PC

- Copy (Ctrl+C) and Paste (Ctrl+V)
- Copy (Ctrl+C) and Paste-without-formatting (Ctrl+Shift+V)

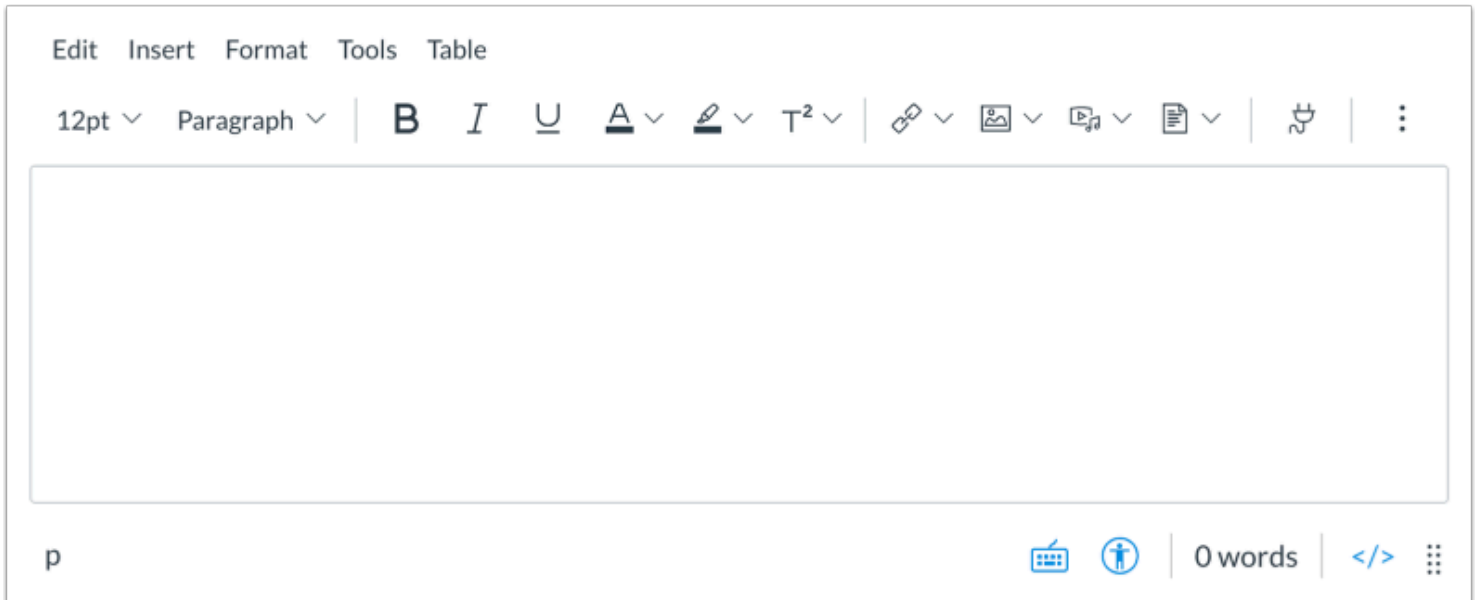

Copy and Paste Using a Mac

- Copy (Command+C) and Paste (Command+V)
- Copy (Command+C) and Paste-without-formatting (Command+Option+Shift+V)

Notes:

- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is [using the classic Rich Content Editor](#).
- Your instructor may choose to display a different font for your course. This font will display when entering text the Rich Content Editor.

View New Rich Content Editor

Open the New Rich Content Editor when using one of the Canvas features which support the Editor.

Open Keyboard Shortcuts

The Rich Content Editor supports keyboard shortcuts. To view a window with a list of keyboard navigation shortcuts, click the **Keyboard** icon or press **Alt+F8** (on a PC keyboard) or **Option+Fn+F8** (on a Mac keyboard) simultaneously on your keyboard.

To view a [more advanced menu](#) for the Rich Content Editor, press **Alt+F9** (PC) or **Option+Fn+F9** (Mac) on your keyboard.

Enter Text

Type or paste copied text into the New Rich Content Editor.

Remove Text Formatting

The screenshot shows the Canvas Rich Content Editor interface. At the top, there are menu tabs: Edit, Insert, Format, Tools, and Table. Below these is a toolbar with various icons for text formatting (bold, italic, underline, color, background color, subscript), alignment, list creation, and other functions. A red box highlights the 'Options' icon (three vertical dots) in the top right of the toolbar, labeled with a circled '3'. The main text area contains two paragraphs. The first paragraph is partially visible and contains the text: "Write an essay describing the possible implications of the Declaration of Independence not being drafted and adopted by the colonists. ***Discuss the implications on 3 major historical events and/or figures.***" A blue box highlights the text "Discuss the implications on 3 major historical events and/or figures", labeled with a circled '1'. A red arrow points to the 'Clear Formatting' icon (a diagonal slash through a document) in the bottom right of the text area, labeled with a circled '2'. The second paragraph reads: "Remember to structure your essay using the methods discussed in class. Have a strong introduction and thesis, use evidence that supports your argument, and make sure your transitions are strong. In your conclusion, state whether you think the Declaration of Independence was necessary or if America would have grown without it." At the bottom of the editor, there is a breadcrumb trail: "p > span > em > strong", a word count of "82 words", and a code icon.

To remove text formatting, select the text [1], then click the **Clear Formatting** icon [2].

Note: To view the Clear Formatting icon, you may have to click the **Options** icon [3].

Change Font Size

The screenshot shows the Canvas rich text editor interface. At the top, there is a menu bar with 'Edit', 'Insert', 'Format', 'Tools', and 'Table'. Below this is a toolbar containing various icons for text formatting (bold, italic, underline, text color, background color, link, unlink, insert image, insert video, insert link, insert document) and a font size dropdown menu. The font size dropdown menu is open, showing options: 8pt, 10pt, 12pt (selected with a checkmark), 14pt, 18pt, 24pt, and 36pt. A red box highlights the '12pt' dropdown button in the toolbar, labeled with a circled '2'. A blue box highlights the '12pt' option in the dropdown menu, labeled with a circled '3'. A grey box highlights a paragraph of text in the editor, labeled with a circled '1'. The paragraph text is: '...essay describing the possible implications of the Declaration of Independence not being drafted by the colonies. Discuss the implications on 3 major historical events and/or figures. ... to structure your essay using the methods discussed in class. Have a strong introduction and evidence that supports your argument, and make sure your transitions are strong. In your ... state whether you think the Declaration of Independence was necessary or if America would ... without it.' At the bottom of the editor, there is a status bar showing 'p', a list icon, a person icon, '82 words', and a code icon.

Select the text you wish to modify [1]. Then click the **Font Size** drop-down menu [2], and select the font size you want to use [3]. You can choose from 8, 10, 12, 14, 18, 24, or 36pt sized fonts.

Change Text Style

The screenshot shows the Canvas rich text editor interface. At the top, there is a menu bar with 'Edit', 'Insert', 'Format', 'Tools', and 'Table'. Below this is a toolbar with various icons for text formatting (bold, italic, underline, color, background color, text color, text size, link, unlink, insert image, insert video, insert document, undo, redo) and a vertical ellipsis. The main text area contains several paragraphs of text. A red box highlights a portion of the text: '...s the implications on 3 major historical events and/or figures.' A callout '1' points to this text. A callout '2' points to the 'Paragraph' dropdown menu in the toolbar. A callout '3' points to the 'Heading 2' option in the dropdown menu, which is highlighted in blue. The dropdown menu also shows 'Heading 3', 'Heading 4', 'Preformatted', and 'Paragraph' (with a checkmark). At the bottom of the editor, there is a status bar showing 'p', a chat icon, a person icon, '82 words', and a code icon.

Select the text you wish to modify [1]. Then click the **Paragraph** drop-down menu [2], and select the text style you want to use [3]. Choose from Heading 2, Heading 3, Heading 4, Preformatted, and Paragraph styles.

Note: By default, the primary heading for the announcement, assignment, discussion, page, or quiz is the same as the title or name you enter when creating the item.

Single Space Text

Welcome to Class

But with the blast shield down, I can't even see! How am I supposed to fight?

Ye-ha!

As you wish.

Remember, a Jedi can feel the Force flowing through him.

I can't get involved! I've got work to do! It's not that I like the Empire, I hate it, but there's nothing I can do about it right now. It's such a long way from here.

To create single spacing in the New Rich Content Editor, press **Shift+Enter** (on a PC keyboard) or **Shift+Return** (on a Mac keyboard). This creates a line break instead of a paragraph break.

Format Text Emphasis

The screenshot shows the Canvas rich text editor interface. At the top, there are menu tabs: Edit, Insert, Format, Tools, and Table. Below these are various formatting options: font size (12pt), paragraph style (Paragraph), and icons for Bold (B), Italic (I), Underline (U), Text Color (A), Background Color (brush), Text Color (T²), Link (chain), Image (img), Video (video), Document (doc), and a help icon. A red arrow points to the Bold icon, which is labeled with a circled '2'. The Italic icon is labeled with a circled '3', and the Underline icon is labeled with a circled '4'. A circled '5' is placed above the first word of the selected text, with an arrow pointing to the Bold icon. The selected text is: "Write an essay describing the possible implications of the Declaration of Independence not being drafted and adopted by the colonies. Discuss the implications on 3 major historical events and/or figures." Below this is a paragraph of instructional text: "Remember to structure your essay using the methods discussed in class. Have a strong introduction and thesis, use evidence that supports your argument, and make sure your transitions are strong. In your conclusion, state whether you think the Declaration of Independence was necessary or if America would have grown without it." At the bottom left, it says "p ▶ strong". At the bottom right, there are icons for a keyboard, a person, "82 words", and a code icon.

Select the text you wish to format [1].

To bold the selected text, click the **Bold** icon [2], or press **Command+B** (Mac keyboard) or **Ctrl+B** (PC keyboard).

To italicize the selected text, click the **Italic** icon [3], or press **Command+I** (Mac keyboard) or **Ctrl+I** (PC keyboard).

To underline the selected text, click the **Underline** icon [4], or press **Command+U** (Mac keyboard) or **Ctrl+U** (PC keyboard).

When selected text is formatted, an arrow displays above the selected option [5].

Color and Highlight Text

Select the text you wish to color [1].

To change the color of the text, click the **Text Color** icon [2].

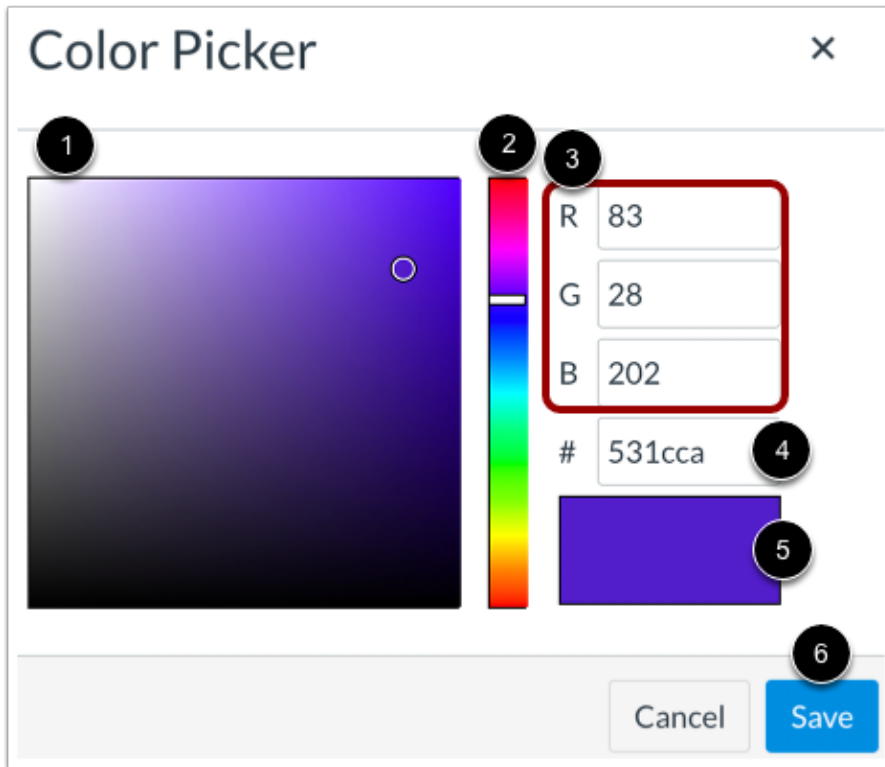

To highlight the text, click the **Background Color** icon [3].

Select a color from the color drop-down menu [4]. You can view the color name by hovering your mouse over the color tile [5].

To remove color formatting, click the **Remove Color** icon [6].

To select a custom color for the text, click the **Custom Color** icon [7].

Select Custom Color

Use the color picker palette to select a color tone [1] and hue [2]. You can also enter RGB color codes [3] or enter a HEX color code [4]. View your custom color in the color display window [5].

To apply the color to your text, click the **Save** button [6].

Superscript and Subscript Text

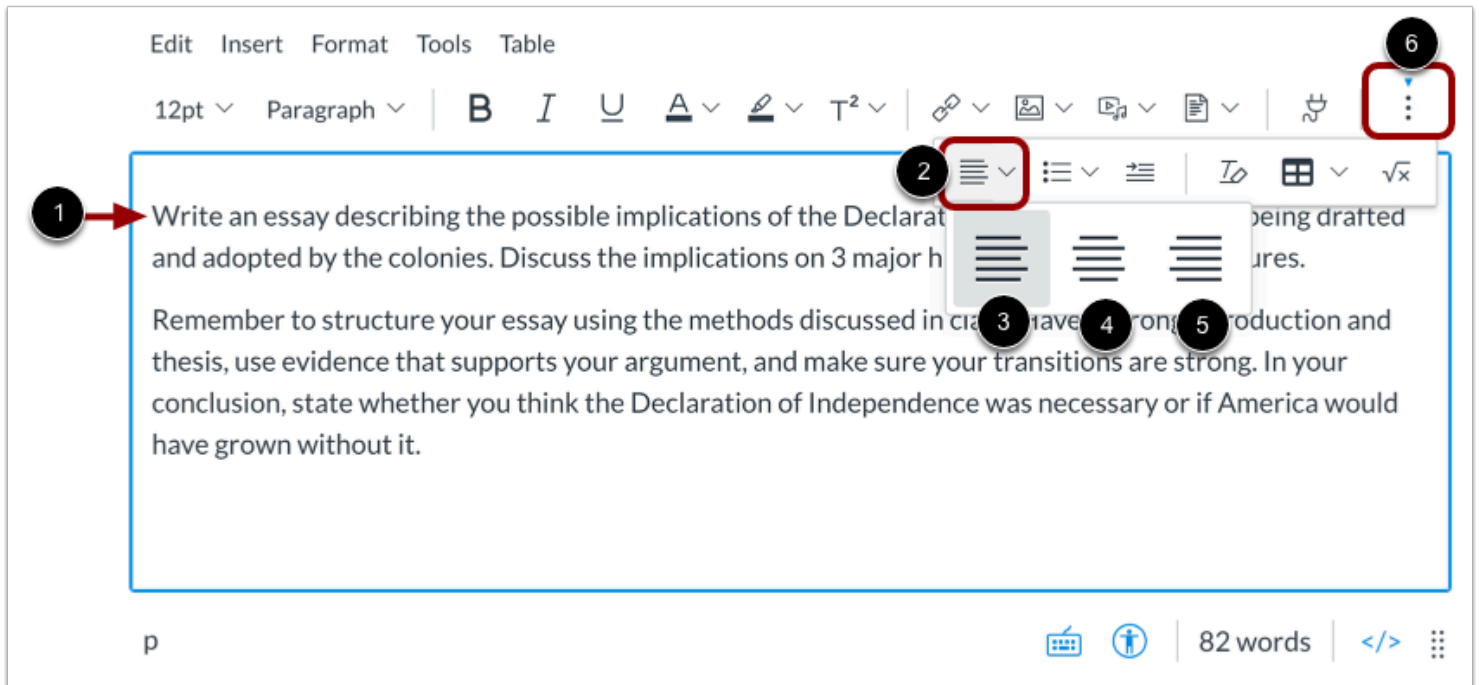

The screenshot displays the Canvas rich text editor interface. At the top, there is a menu bar with 'Edit', 'Insert', 'Format', 'Tools', and 'Table'. Below this is a toolbar containing various formatting options: font size (12pt), paragraph style (Paragraph), bold (B), italic (I), underline (U), text color (A), background color (brush icon), link (T²), unlink (chain icon), image (img), video (video icon), document (document icon), and a help icon (person icon). A red circle highlights the link icon (T²) in the toolbar, labeled with a '2'. A red arrow points from this icon to a dropdown menu that is open, showing 'T₂' as an option, labeled with a '3'. In the text area, the word 'Remember' is highlighted with a grey background, labeled with a '1'. The text 'ration of Independence not being drafted and adopted by the colonies. Discuss the implications on 3 major historical events and/or figures.' is shown with the word 'ration' containing a subscripted '2' (T₂), labeled with a '4'.

You can format your text to appear as superscript or subscript. Select the text you wish to modify [1].

To format your text as superscript, click the **Superscript** icon [2].

To format your text as subscript, click the **Script Arrow** icon [3] and select the **Subscript** option [4].

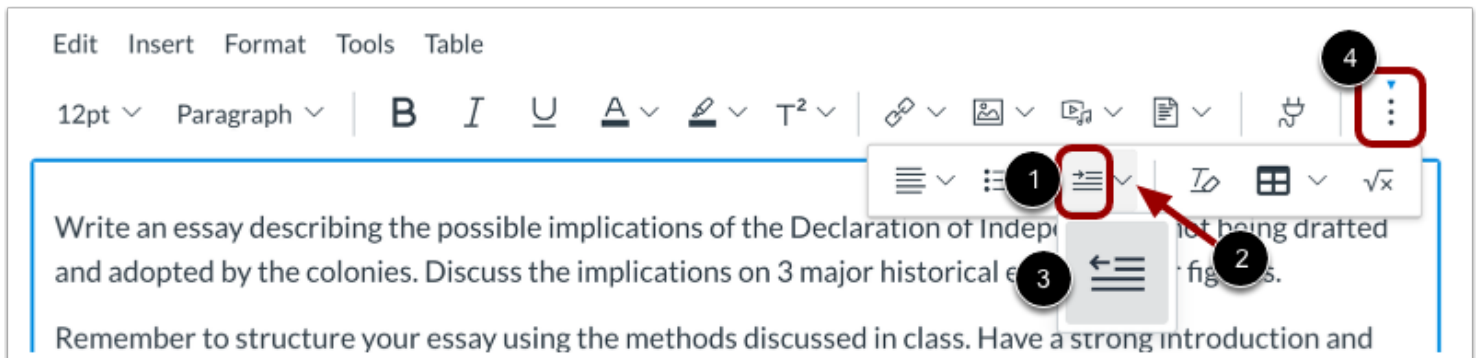

Align Text

To align text, place the cursor in front of the text you wish to align [1], then click the **Alignment** icon [2]. From the drop-down menu you can select to align the text to the **Left** [3], **Center** [4], and **Right** [5].

Note: To view the Alignment icon, you may have to click the **Options** icon [6].

Indent and Outdent Text

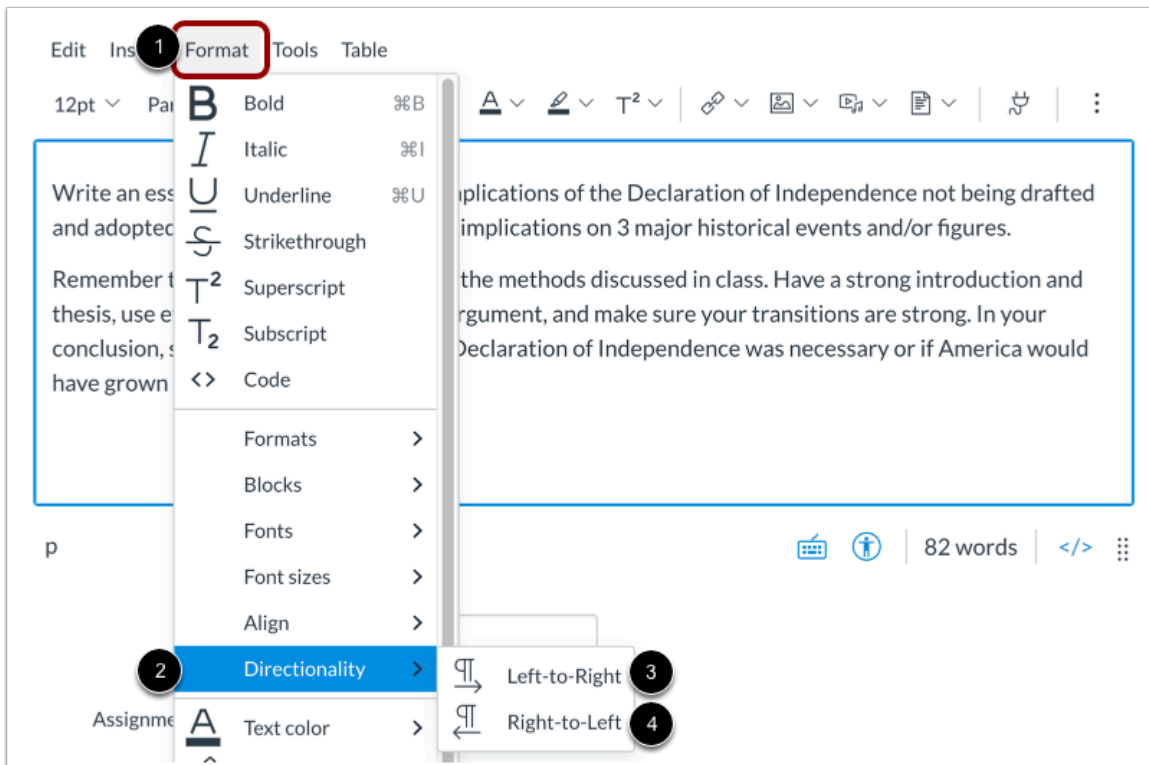

To indent text, click the **Indent** icon [1].

If your text is indented, you can outdent your text. To outdent your text, click the **Indent Arrow** icon [2] and click the **Outdent** option [3].

You can click the Indent and Outdent options multiple times to increase or decrease the text indentation.

Note: To view the Indent icon, you may have to click the **Options** icon [4].

Align Directional Text

To align the direction of your text, click the **Format** link in the menubar [1], then select the **Directionality** option [2]. You can align your text from Left to Right [3] and from Right to Left [4].

Create Bulleted or Numbered List

Write an essay describing the possible implications of the Declaration of Independence, which was first drafted and adopted by the colonies. Discuss the implications on 3 major figures.

Remember to structure your essay using the methods discussed in class. In your introduction and thesis, use evidence that supports your argument, and make sure your transition words are used properly. In your conclusion, state whether you think the Declaration of Independence was necessary or if America would have grown without it.

Open Table Editor in Toolbar

To use the table editor, click the **Table** icon [1].

Note: To view the Table icon, you may have to click the **Options** icon [2].

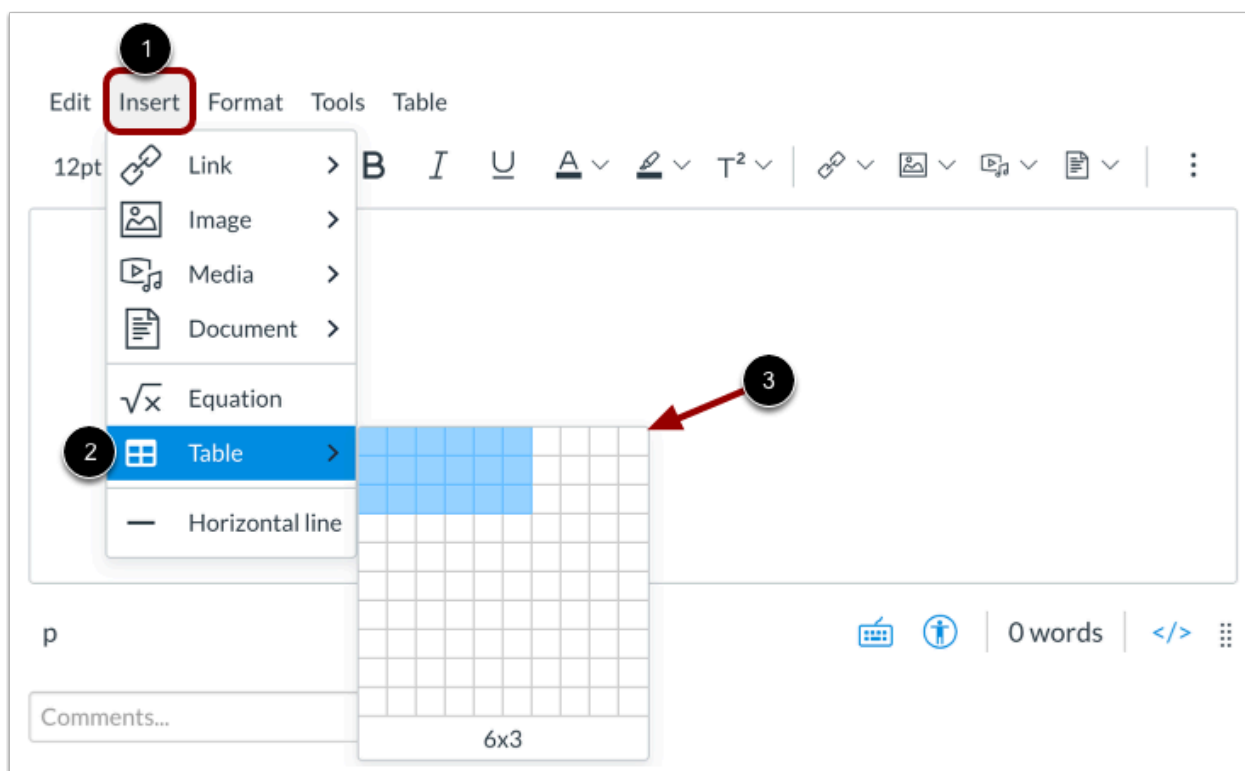

Insert Table

To expand the table creator, hover over the **Table** option in the drop-down menu [1]. Then, to specify the table dimensions, drag your cursor over the grid [2].

Note: The largest table you can create using the table creator is 10x10. However, additional columns and rows can be added manually.

Insert Table from Menubar

Click the **Insert** link [1]. Navigate to the **Table** option [2], then select the table size [3].

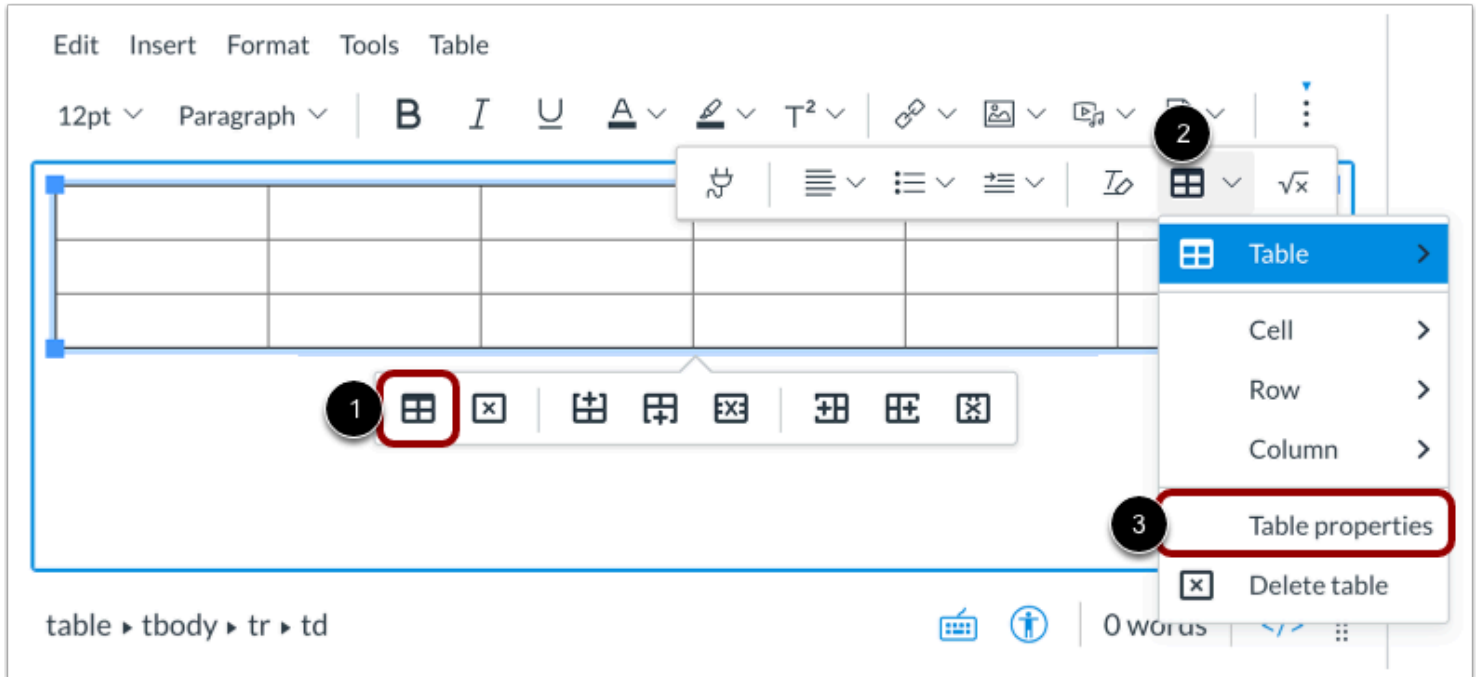

View Table Layout Tools

The screenshot shows the Canvas Rich Content Editor interface. At the top, there are tabs for 'Edit', 'Insert', 'Format', 'Tools', and 'Table'. Below the tabs is a toolbar with various formatting options like font size (12pt), paragraph style, bold (B), italic (I), underline (U), text color (A), background color, superscript (T²), link, image, video, and document. A table with 6 columns and 2 rows is selected, indicated by a blue border. A context menu is open below the table, with five numbered callouts: 1 points to the menu itself, 2 points to the 'Table Properties' icon, 3 points to the 'Delete Table' icon, 4 points to the 'Add Row' icon, and 5 points to the 'Delete Column' icon. The menu is divided into two sections by a vertical line. The first section contains 'Table Properties' and 'Delete Table'. The second section contains 'Add Row', 'Delete Row', 'Add Column', and 'Delete Column'. The bottom of the editor shows the breadcrumb 'table > tbody > tr > td', a '0 words' counter, and a code icon.

When you click on the table in the New Rich Content Editor, the **Table Context Menu** displays [1].

You can edit the table properties [2], delete the table [3], add or delete rows [4], and add or delete columns [5].

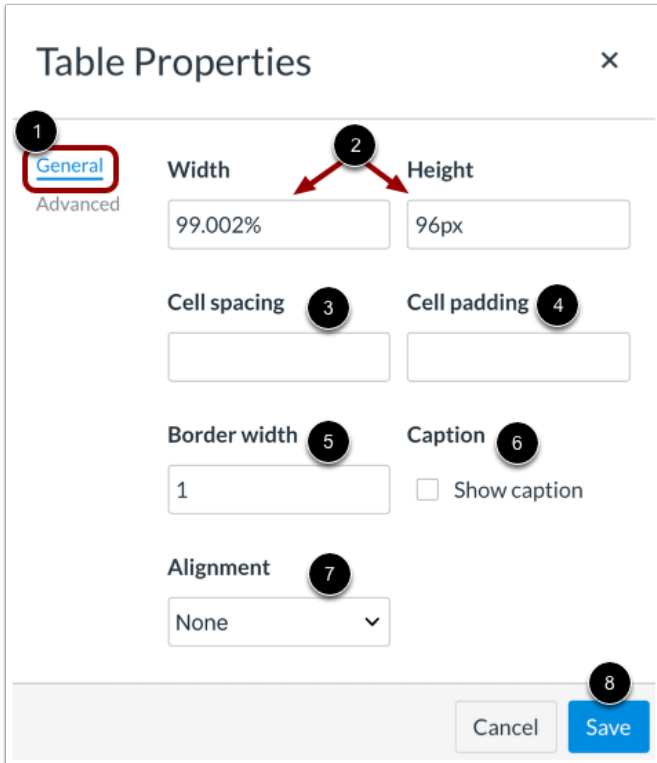

Open Table Properties

In the Table Context Menu, click the **Table Properties** icon [1].

You can also click the toolbar **Table** icon [2], and select the **Table Properties** option [3].

Edit General Table Properties

The screenshot shows the 'Table Properties' dialog box with the following elements and callouts:

- 1**: 'General' tab selected in the left sidebar.
- 2**: Red arrows pointing to the 'Width' and 'Height' input fields.
- 3**: 'Cell spacing' input field.
- 4**: 'Cell padding' input field.
- 5**: 'Border width' input field.
- 6**: 'Caption' checkbox.
- 7**: 'Alignment' dropdown menu.
- 8**: 'Save' button.

By default, the table properties editor displays the **General** tab [1]. Type in the appropriate fields to edit these general table properties.

- **Width and Height** [2]: enter the width and height of your table (in pixels or percent, e.g. 500px, 50%).
- **Cell Spacing** [3]: enter the space between individual cells as well as cells and table borders (in pixels, e.g. 3px).
- **Cell Padding** [4]: enter the space between the cell border and its content (in pixels, e.g. 5px).
- **Border** [5]: enter the thickness of the table border (in pixels, e.g. 5px).
- **Caption** [6]: select to display a caption above the table.
- **Alignment** [7]: select the alignment of your table in the New Rich Content Editor.

To apply edits, click the **Save** button [8].

Manually Edit Table Size

The screenshot shows the Canvas Rich Content Editor interface. At the top, there is a menu bar with 'Edit', 'Insert', 'Format', 'Tools', and 'Table'. Below the menu bar is a toolbar with various formatting options like font size (12pt), paragraph style, bold (B), italic (I), underline (U), text color (A), background color, text background color, and text background color. The main content area contains a table with 6 columns and 3 rows. A blue border surrounds the table, and small blue squares (handles) are visible in each corner. A red circle labeled '1' is positioned over the top-left handle, and a red circle labeled '2' is positioned over the bottom-right handle. A red box highlights the bottom-right handle. Below the table, a table toolbar is visible with icons for adding, deleting, and adjusting table structure. At the bottom of the editor, there is a breadcrumb trail 'table > tbody > tr > td', a chat icon, a help icon, and the text '3 words'.

You can also manually adjust the width and height of your table in the New Rich Content Editor.

When you click the table, adjustment handles appear in each corner [1]. Click and drag the handles to adjust the size [2].

How do I use the HTML view in the New Rich Content Editor as a student?

You can embed HTML in the New Rich Content Editor. When creating custom HTML coding in Canvas, you may discover that certain HTML codes do not work upon saving. This is because Canvas will only support certain HTML elements for security reasons. This also applies to content copied and pasted from an external source. Below is a link to a list of HTML tags that are permissible in Canvas. HTML tags that are not on this list may be stripped out of the New Rich Content Editor when you save your work. How do I record media using the New Rich Content Editor as a student?

You can use the New Rich Content Editor to record video and audio media. You can record media for any length of time, but shorter media recordings are recommended. If your media is longer than 15 minutes, you may want to consider recording and uploading using an external provider. Longer media recordings require more time to render and may be interrupted without a stable internet connection.

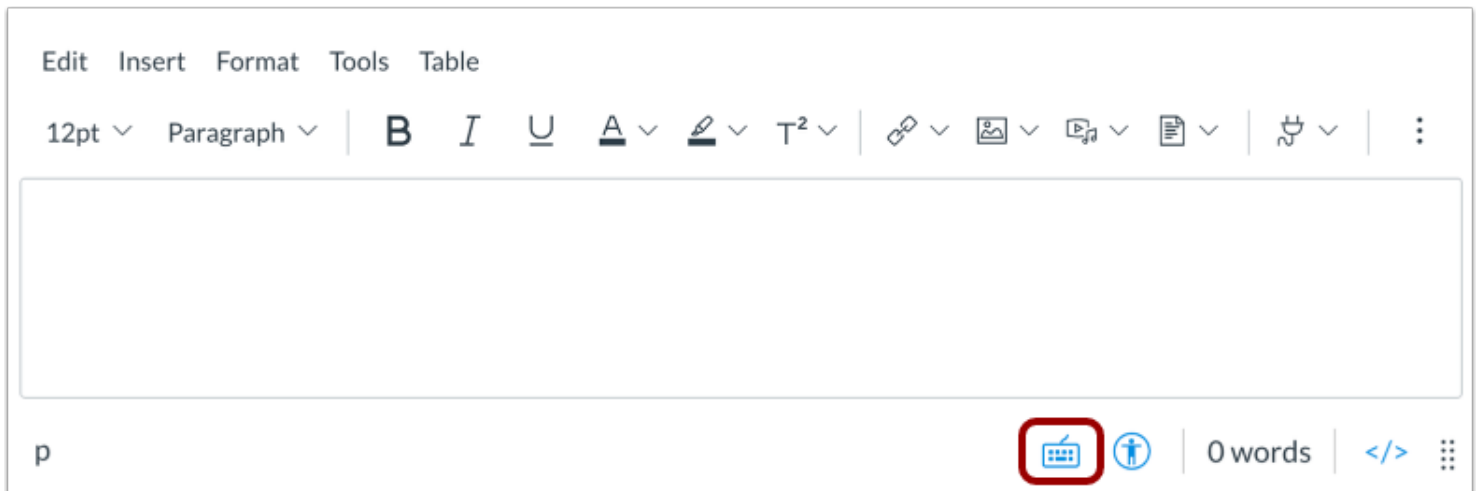

Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes.

Canvas videos also support caption files. Once you record and save your video, learn how to [add captions to a video](#).

Notes:

- HTML5 media recording only applies to Chrome and Firefox. If you are using Safari, you must use [Flash video recording](#).

How do I use the Math Editor in the New Rich Content Editor as a student?

Canvas has an integrated tool for math and science formulas based on LaTeX, the industry standard for academic publication. The LaTeX Math Editor is built into the New Rich Content Editor. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. Canvas also includes the option to create equations and expressions with its graphical point-and-click editor.

The Math Editor can be used for basic mathematical formatting for introductory math courses or for more advanced mathematical text for higher-level math courses. Both students and instructors have access to the editor.

How do I create a hyperlink or embed a file from Google Drive into the New Rich Content Editor as a student?

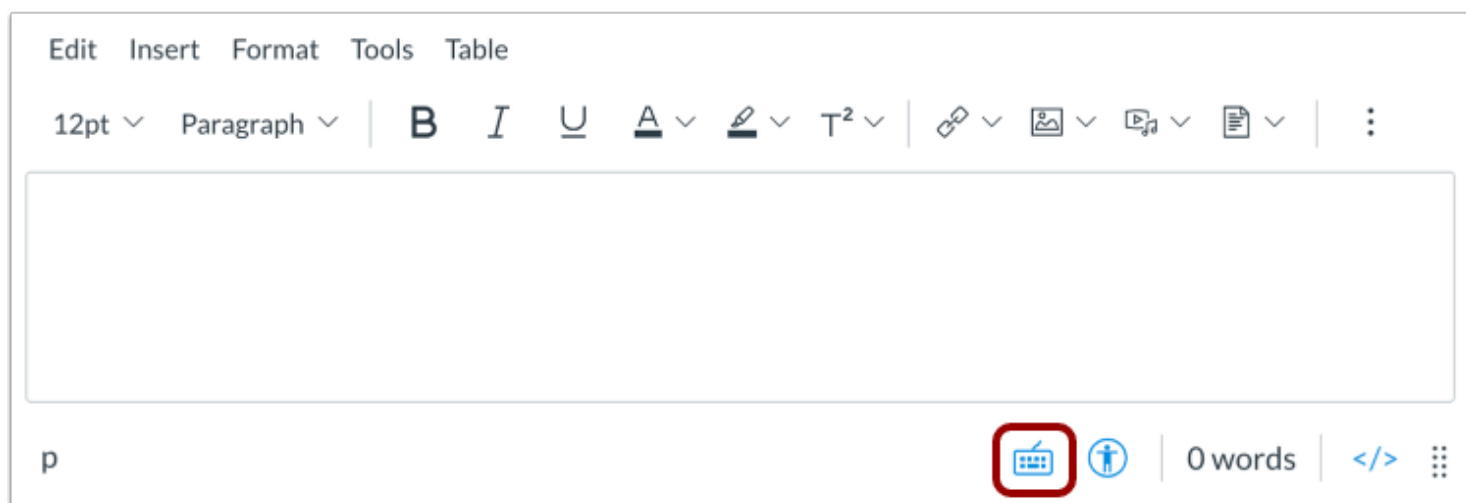

If your course has enabled Google Apps, you can create a document, slide presentation, or spreadsheet using Google Drive and then embed that document anywhere you can use the New Rich Content Editor in Canvas. Several features in Canvas support the New Rich Content Editor, including Announcements, Assignments, Discussions, Pages, and Quizzes. When embedded, Google slide presentations default to presentation mode.

In Google, you can link or embed files. When files are linked in the New Rich Content Editor, the link displays the exact name of the file. Please ensure your file names are correct before linking a file. For embedded files, any time you edit the Google file, the edits also display in Canvas.

Notes:

- If you cannot view the Google Drive option in the New Rich Content Editor LTI Tools menu, you can still include your file by [creating a hyperlink](#) or publishing your Google content to the web and pasting the embed code in the [HTML editor](#).
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is [using the classic Rich Content Editor](#).

The main content area is a large white box with a red border, containing an embedded Google Document. The document's title bar reads 'Abraham Lincoln Essay' and includes a star icon, a share icon, and a red 'E' icon. The document's menu bar includes 'File', 'Edit', 'View', 'Insert', 'Format', 'Tools', 'Add-ons', and 'Help'. The document's toolbar shows '100%' zoom, 'Title' as the font name, and '26' as the font size. The document's main content area displays the text 'Abraham Lincoln Essay' in a large font, with a cursor at the end of the word 'Essay'. Below this, the text 'We can scarcely dispense with the aid of West Virginia in this struggle; much le' is visible.

How do I use the Accessibility Checker in the New Rich Content Editor as a student?

The New Rich Content Editor includes an accessibility tool that checks common accessibility errors within the editor. You can use the Accessibility Checker to design course content while considering accessibility attributes. This tool only verifies content created within the New Rich Content Editor. You may use other accessibility tools to verify additional content in Canvas.

All accessibility components retain the parameters set by your institution's Theme Editor template. The Accessibility Checker verifies the following accessibility rules:

- Table captions: Tables should include a caption describing the contents of the table.
- Table header scope: Table headers should specify scope and the appropriate structure.
- Table header: Tables should include at least one header.
- Sequential headings: Heading levels should not be skipped (e.g. H2 to H4). However, the tool does not check if the first header starts with H2 or whether the headings are sequential with the rest of the content in the page. Tables do not begin with H1, which is designated for the page title.
- Heading paragraphs: Headings should not contain more than 120 characters.
- Image alt text: Images should include an alt attribute describing the image content.
- Image alt filename: Image filenames should not be used as the alt attribute describing the image content. Currently, files uploaded directly to Canvas create a redirect that does not properly verify image filenames.
- Image alt length: Alt attribute text should contain fewer than 120 characters.
- Adjacent links: Adjacent links with the same URL should be a single link. This rule verifies link errors where the link text may include spaces and break the link into multiple links.
- Large text contrast: Text larger than 18pt (or bold 14pt) should display a minimum contrast ratio of 3:1.
- Small text contrast: Text smaller than 18pt (or bold 14pt) should display a minimum contrast ratio of 4.5:1.

Notes:

- For text contrast, the Accessibility Checker verifies color using the same calculations as the WebAIM tool and verifies against Theme Editor templates without High Contrast Styles. However, High Contrast Styles must be enabled for verification if a link color is overwritten manually in the Rich Content Editor.
- The New Rich Content Editor is currently a course opt-in feature. If the Rich Content Editor in your course does not match the images in this lesson, your course is [using the classic Rich Content Editor](#).

How do I add captions to new or uploaded videos in the New Rich Content Editor in Canvas as a student?

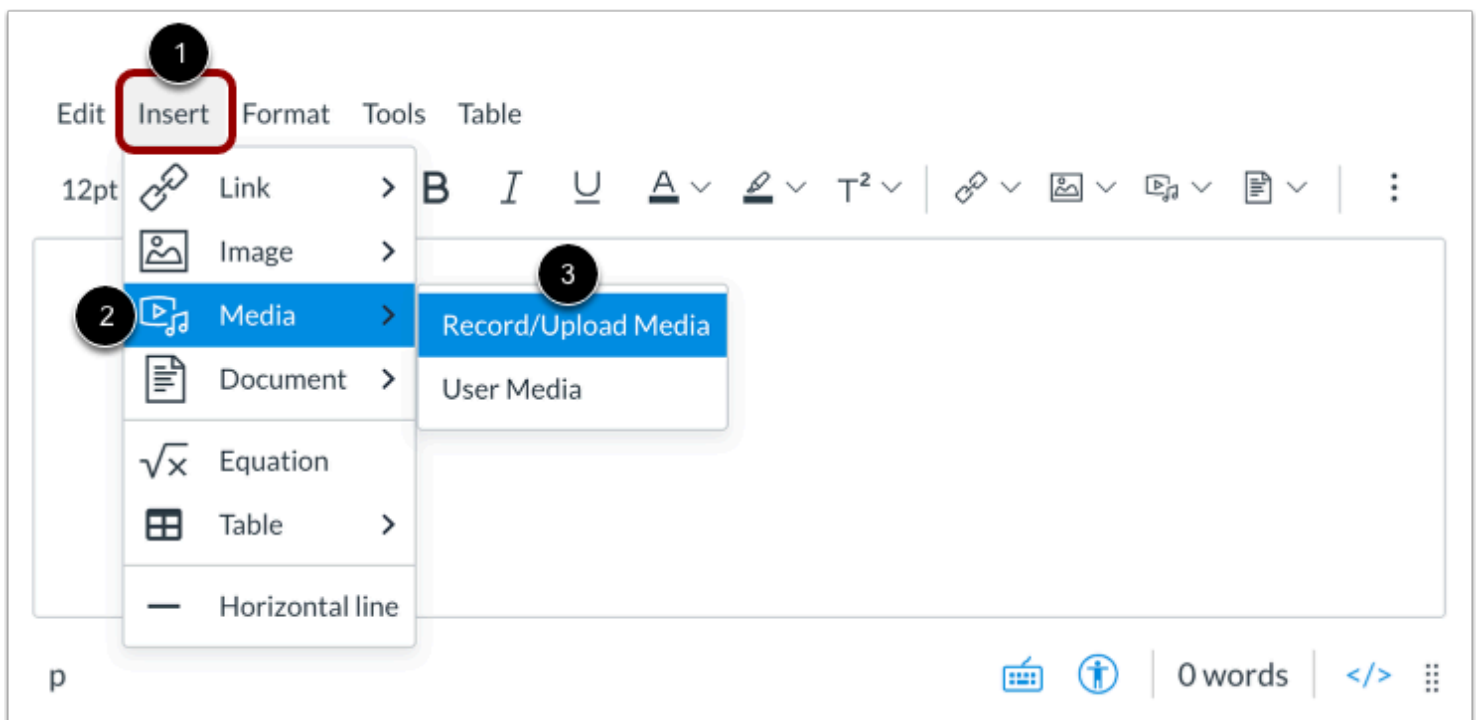

You can easily create and upload caption files when you add video content in the New Rich Content Editor. The New Rich Content Editor is used in features that support the editor (Announcements, Assignments, Discussions, Pages, and Quizzes).

This lesson only applies to creating captions for videos created in or uploaded into Canvas. If you've created a video outside of Canvas that you want to share in your course, you can create captions using an external captioning tool such as [Amara](#) or [YouTube](#).

If you have not yet created or uploaded your video, learn how to [record a new video](#) or [upload an existing video](#).

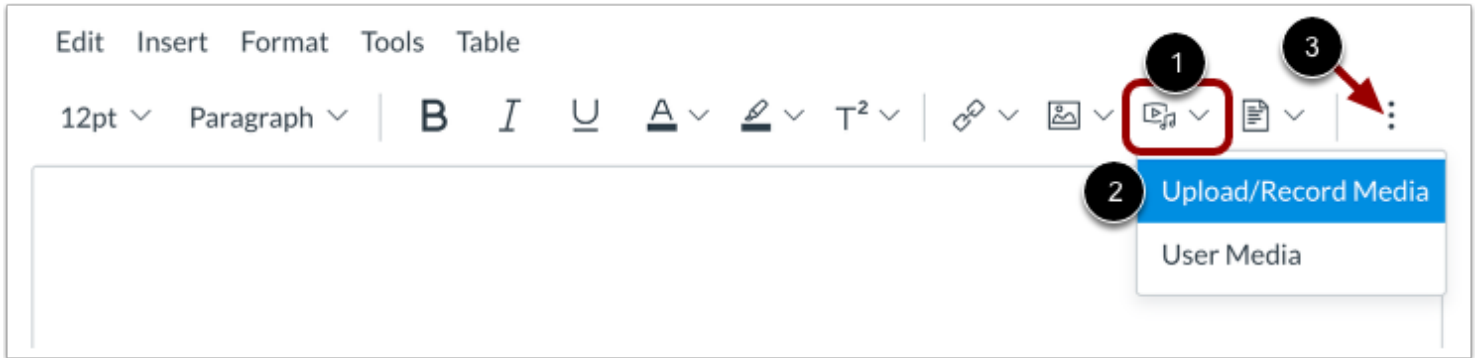

Note: Users can view video captions in the Canvas apps. However, iOS devices can only display captions in WebVTT format. If you use another format besides WebVTT, users on iOS devices will not be able to display the video captions.

Add Media From Menubar

To add media from the menubar, click the **Insert** link [1]. Navigate to view **Media** options [2], and select the **Record/Upload Media** option [3].

Add Media from Toolbar

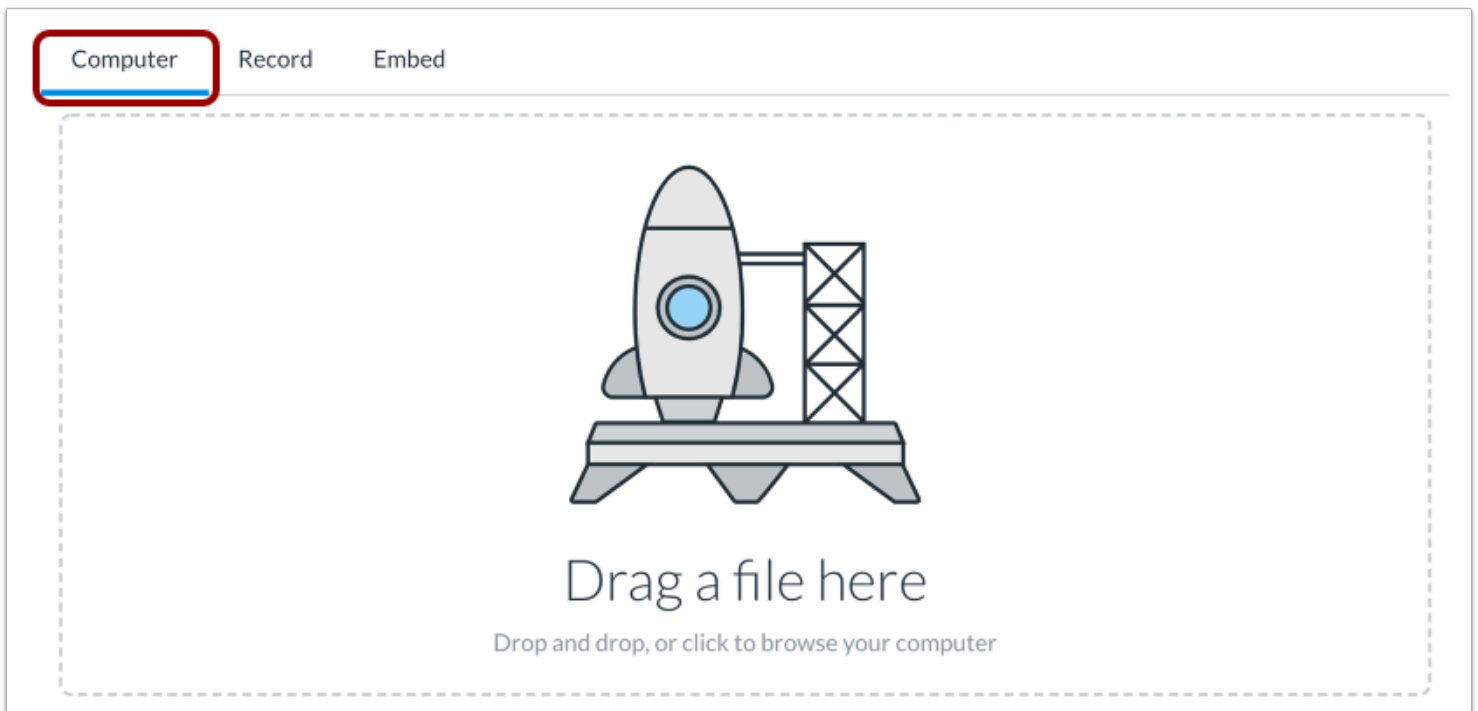

Alternatively, you can use the toolbar icons to upload your media.

In the toolbar, click the **Media** icon [1]. Then select the **Upload/Record Media** option [2].

How do I view captions in a video in the New Rich Content Editor as a student?

Some videos within Canvas may contain closed captioning. You can enable captions in the video options menu.

Note: If you view a video in a Canvas app, iOS devices can display captions created with WebVTT files. If you cannot view video captions in an iOS device, the caption type is not supported.
