**“You can find magic  
wherever you look.  
Sit back and relax,  
all you need is a book.”**

**- Dr. Seuss**

**Unless someone like you  
cares a whole awful lot,  
Nothing is going to get better.  
It's not.**

## Personalized learning

Students practice at their own pace, first filling in gaps in their understanding and then accelerating their learning.

## Trusted content

Created by experts, Khan Academy's library of trusted, standards-aligned practice and lessons covers math K-12 through early college, grammar, science, history, AP®, SAT®, and more. It's all free for learners and teachers.

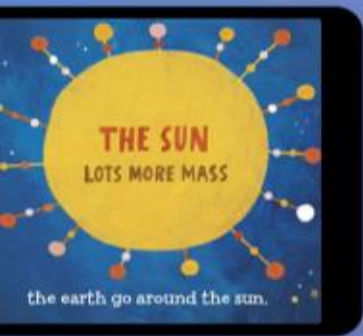

- This website is filled with tools to help your child strengthen their reading skills. These are skills that your child will need in order to be successful in the classroom and on standardized tests.
- Khan Academy includes videos and practice activities for each reading skill.
- Khan Academy also has math content as well!

- Requires an account, but it is FREE!  
(videos attached to help with setting up an account)
- The website is user friendly and easy to use.
- When the account is set up, your child will take a placement test. After they take the test, you will be able to easily identify where your child is struggling.

## 40,000+ books strong.

Quantity meets quality! Get any kid excited to learn with tons of the best books, audiobooks and videos.

- Get epic is a digital library FILLED with a variety of books for your child to discover!
- Your child can find books based off of interest, genre, or reading level.
- Some books even include comprehension quizzes your child can complete after reading the text.

- This resource requires an account, but is it FREE!
- This is an easy and free way for your child to practice reading.
- Encourage your child to find books that they are interested in. This will help grow their desire to read on their own.

## What parents can do to help at home

- Hold a conversation and discuss what your child has read. Ask your child probing questions about the book and connect the events to his or her own life. For example, say "I wonder why that girl did that?" or "How do you think he felt? Why?" and "So, what lesson can we learn here?".
- Help your child make connections between what he or she reads and similar experiences he has felt, saw in a movie, or read in another book.
- Help your child monitor his or her understanding. Teach her to continually ask herself whether she understands what she's reading.
- Help your child go back to the text to support his or her answers.
- Discuss the meanings of unknown words, both those he reads and those he hears.
- Read material in short sections, making sure your child understands each step of the way.
- Discuss what your child has learned from reading informational text such as a science or social studies book.
