## **DE Students: Ride the Lynx Bus for FREE**

(More info: <https://net1.valenciacollege.edu/lynx/#app>)

### **Need a Ride to Class? No Problem.**

As part of a partnership with LYNX, Valencia College students and employees are able to ride the LYNX system absolutely free. Bus services are available on all LYNX fixed-routes and NeighborLink routes during times in which LYNX is in service.

To ride for free, students can access their ticket via the [LYNX mobile PawPass](#).

To use the mobile bus tickets, students will need to sign a consent form at any campus security office, then [download the PawPass app](#) and complete the necessary steps for a student pass. The pass will remain current until a student graduates or is no longer active at the college.

If a student does not have access to a mobile device, then LYNX stickers are available by request at any [campus security office](#). Stickers are only valid for one academic year.

If the LYNX PawPass student pass or a Valencia College ID with a current LYNX sticker is not presented when boarding, then the full fare must be paid to ride the bus.
