- (b) District allocations multiplied by percentage from item 3A.
- (c) District allocations multiplied by percentage from item 3B.
- (d) District allocations multiplied by percentage from item 3C.
- (e) District allocations multiplied by percentage from item 3D.
- (f) District allocations multiplied by percentage from item 3E.
- (g) This allocation will be frozen as of the 2024-25 FEFP Conference Calculation and will not be recalculated throughout the year. Charter school allocations are recommended not to be recalculated with fluctuations in student enrollment later in the year.
- (h) Numbers entered here will be multiplied by the district level transportation funding per rider. "All Adjusted Fundable Riders" should include both basic and ESE Riders. "All Adjusted ESE Riders" should include only ESE Riders.
- i) The Federally Connected Student Supplement provides additional funding for students on federal lands that receive Section 8003 impact aide pursuant to s. 1011.62(10). F.S.
- (i) Funding based on student eligibility and meals provided, if participating in the National School Lunch Program,

(k) Consistent with s. 1002.33(20)(a)3, F.S., a school's sponsor may not charge or withhold any administrative fee against a charter school for any funds specifically allocated by the Legislature for teacher compensation. (l) Consistent with s. 1002.33(20)(a), F.S., for charter schools with a population of 75% or more ESE students, the administrative fee shall be calculated based on unweighted full-time equivalent students. Administrative fees:

Administrative fees charged by the school district pursuant to s. 1002.33(20)(a), F.S., shall be calculated based upon 5% of available funds from the FEFP and categorical funding for which charter students may be eligible. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 5%. For charter schools within a charter school system that meets the requirements in s. 1002.33(20)(a)2.a.(II), F.S., do the same calculation based for up to and including 500 students.

For high performing charter schools, administrative fees charged by the school district shall be calculated based upon 2% of available funds from the FEFP and categorical funding for which charter students may be eligible. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 2%.

Other:
FEFP and categorical funding are recalculated during the year to reflect the revised number of full-time equivalent students reported during the survey periods designated by the Commissioner of Education.
Revenues flow to districts from state sources and from county tax collectors on various distribution schedules.
